JUDGE CAKE OUTFLANKED

MACK AND SHOWERS MASTERS OF COUNTY BUSINESS.

Ex-Commissioner Steele Given Full Charge of Roads-Contracts Awarded for Stationery.

County Judge Cake yesterday lost two points in the controversy with Commis-sioners Mack and Showers. W. B. Steele, ex-County Commissioner, was appointed Roadmaster by Commissioners Showers and Mack, at a salary of \$100 a month, the appointment to take effect May 1. The contract for books for the county was awarded to Glass & Prudhomme, whose bid, \$732, was the lowest. The contract for printing was let to Mann & Abbott, whose bid was \$329. Judge Cake

Abbott, whose hid was NOS. Judge Cake voted in the negative on both occasions. The Roadmaster act was passed at the recent session of the Legislature, and is an important measure. Under its provisions, the officer is placed in charge of the Road Supervisors, all road and bridge contraries to dework and tools, and is authorized to dework and tools, and is gutnorised to de-termine in what manner the Road Super-visors shall expend the road tax. The law also provides for road work by con-tract, or otherwise. Judge Cake objected to the appointment on the ground of economy and that a Roadmaster was not

The matter was sprung late in the forenoon session, when it was supposed a motion to adjourn would be in order. Com-missioner Mack suddenly remarked; "Wait just a minute. I think it is a good time to appoint a Roadmaster, as we are allowed to do under the law passed by the recent Legislature."

Judge Cake seemed taken by surprise but interrupted quickly, saying: "I ob-ject. A Roadmester would be an orna-ment in the fullest sense of the word. There is absolutely no need for one. We have Il Road Supervisors, and we can attend to the rest of it." Commissioner Mack was not taken

aback, but responded quietly: "Well, I want one. It is all right. He will have general supervision over the roads."
"If you can figure out where a Road-master is coming in, I wish you would do so," answered Judge Cake.
"The Legislature oxidently wanted one." The Legislature evidently wanted one,"

said Mr. Mack, smiling,
"It's up to you, Mr. Showers," re-marked Judge Cake, looking toward the

marked Judge Cake, looking toward the other Commissioner.

Commissioner Showers, who had previously remained still, on being appealed to simply said: "I second the motion." Commissioner Mack was asked to state his motion for the benefit of Deputy County Clerk Swelland, who was keeping the reorg of the meeting, Mr. Mack said it was for the appointment of a Roadmaster at a salary of \$100 per month, to muster at a salary of \$100 per month, to take effect May 1. Judge Cake then said: "I want it un-

derstood that the chairman refuses to sign any such order, and I protest against any such acrion being taken,"
"While you are about it," continued Commissioner Mack, "you might as well put in the name of W. B. Steele as the Roadmaster."

Commissioner Showers evidently had not been paying strict attention, as he remained ellent, causing Judge Cake to remark to Mr. Mack: "Are you running this yourself?" Mr. Showers spoke up, "I second it." Mr. Steele was declared elected. The matter being over, Judge Cake could not suppress a little laugh, and his colleagues also smiled broadly.

The new act was called to the attention of Judge Cake by the Commissioners sev-eral days ago and the appointment of a Roadmaster was then suggested. He asked time to read over and consider the asure, and action was deferred to permit him to do so. The law is a sweeping

at which time and annually thereatter it shall be the duty of the County Court to appoint a Roadmaster or masters, who shall serve one year, or until his successor is appointed and qualified, and unless said office becomes vacant by resulting double as removal for cause, and the said of the course are said of the course and the said of the course are said of the course are said of the course and the said of the course are said of the course a ignation, death or removal for cause, and the County Court, when they appoint a Roadmaster or masters, shall pay said officer or officers a salary sufficient to justify a competent person or persons to nected with the outfit for removing the devote his or their whole time to the matter of roads and bridges, from March a platform mounted on spuds for drill-1 to December 1 of each year.' A bond of \$3000 is required.

"The County Roadmaster shall have the power to determine when and in what manner the Road Supervisors . . . shall expend the tax . . . and the instructions of the Roadmaster in all matters relating to the construction, improvement or repair of public roads and bridges shall be implicitly obeyed by said Road Super-visors. It shall be the duty of the County Rondmaster to assist the County Court to prepare the specifications to govern work to be done under contracts, superin-tend all work done upon county roads and bridges, whether done under contracts or under the Road Supervisor; to make recom-mendations to the County Court as to the method to be adopted for the construc-tion, improvement or repair of roads or bridges; to report in writing to the Coun-Court as often as they shall require as to the progress of the work on the roads and bridges in the county; to investions to the County Court in writing; to have charge of all county road tools and report any shortage to the court, whose duty it shall be to charge up such shortwhich is short of any tools belonging to the county, and collect the value of such such shortage from the Road Supervisor. and when any contract shall be completed, he shall certify such fact to the County Court in writing, and the County Court all not pay for the work until the County Roadmaster shall have certified in writing that the contract has been com-pleted in conformity with the conditions, terms and specifications thereof."

Section 4 provides for advertising for bids for road work, etc. Section 5 provides that the County Road-master shall see that moneys are expended in a judicious manner, and that a contract shall be let whenever, in the judgment of the County Court, it will result in the most good, otherwise men and teams may be employed. The County Court is also authorized to purchase one

r more rock-crushers.

A bill of this kind is said to have been framed by a committee of the Oregon Road Club, of which I. A. Macrum was chairman, and presented to the Legislature two years ago, but it failed to get through. It is said to be in the interes; of systematic improvement of roads, and that it will lessen expense, as the Road-master can see that road work is done properly and expeditiously. Mr. Steele has followed the contracting business, and is said to be well qualified for the posi-

The letting of the contract for books for the county, and the contract for printing, awarded to Glass & Prudhomme, and Mann & Abbott, respectively, also brought forth an unavailing protest from Judge Cake. His position, as previously stated, was that the lowest item or items committee, to arrange further. All submarks and bid should be picked out. Committees are to report at the next meeting. Wednesday evening, May 1, at

the lowest as the correct business princl. WANT ple, and as conforming to the general un-derstanding when bids were advertised for. A large delegation of printers and bookbinders were in attendance. Judge Cake asked if they had anything to say, but no speeches were made, Commissioner Mack put the motion, and

ommissioner Showers voted with him.

Judge Cake announced that he would not sign the contracte, and instructed the clerk that the order letting the contracts would be signed by the two Commission ers. This is sufficient under the law. The delay in awarding contracts for sup plies is causing some irritation among firms which have submitted bids, and frequent calls are made by representatives of business houses at the office of the County Clerk with inquiries concerning when the question of bids is to be dis-posed of. One person remarked that he put in a bid on hardware weeks ago, and that the figures were meant to cover the present time, and not several months hence. Objections are made to the purchase of supplies by the County Judge on requisitions. It is contended that the Dris-coll bill requiring bids has been declared valid and binding in an opinion rendered by District Attorney Chamberlain, and that nothing can be purchased for the county except by contract; that the law provides for bids and contracts, and ought

sued for supplies otherwise ordered should be enjoined. Attention is called to the fol-

HORSE-LOVERS DISCUSS RIVER-SIDE DRIVE.

Multnomah Association Will Push the Matter of a Broader Boulevard-Committees.

Enthusiasm over the new project to widen the Riverside drive and plans to water the road and make the driveway one of which the citizens of Portland may be proud was the characteristic of the meeting of the Multnomah Driving Asso-ciation last night. The members assembled at the Commercial Club for the annual election of officers, and took occa-sion to discuss the affairs of the association and the need of the city with respect to having one boulevard suitable for driving, that could be kept in condition worthy of a city of 100,000 inhabitants.

President H. C. Breeden presided over the meeting, and called for the reports of the association's officers. Secretary-Treasurer Rosenblatt reported that the total receipts for 1900 had been \$1085 95, and

shall be in fit condition. The smelter will be located convenient to this mine, so that the ore can be treated and so re-duced as to make it profitable to ship.

BELIEVE IT IS LEGAL.

Views of Kindergarten Association About School Moneys.

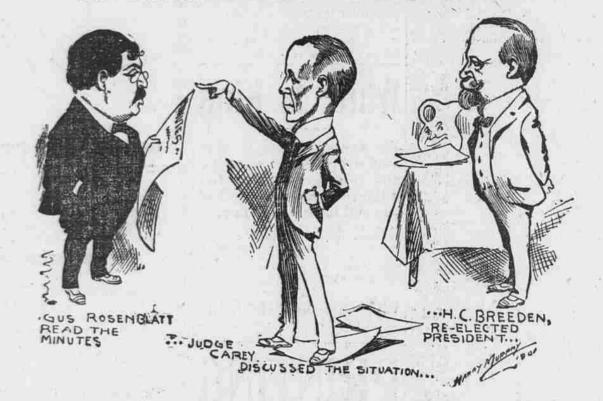

That the members of the Kindergarten Association have unshaken faith in the successful outcome of the controversy regarding school moneys for kindergarten purposes, is being plainly demonstrated this week by the opening of the two new schools and by other plans for extending the work. Yesterday afternoon the superintendent, Miss Valentine Prichard, voiced the feelings of the association to a representative of The Oregonian, giving a detailed account of the matter as it appears from their point of view.

"At the January meeting of taxpayers and the School Board," she said, "it was voted to incorporate the kindergarten as part of our public school system, and Association have unshaken faith in the

part of our public school system, and increase the tax levy one-fifth of a mill, thereby raising \$5000 to be devoted to this purpose. This meeting was well advertised beforehand in the daily papers, about 500 printed circulars explaining the situation were also sent out by the associto be strictly adhered to, and warrants issued for supplies otherwise ordered should be enjoined. Attention is called to the following section of the act:

"All warrants drawn in pursuance of any contract for public work or the pursuance of this year of \$152 30. The election of officers any contract for public work or the pursuance of the disbursements \$255 55. leaving a favorable balance for beginning the work of this year of \$152 30. The election of officers was then held, resulting in the unanimous sponsibility of deciding the question

Men Prominent in Multnomah Driving Association.

chase of any supplies or material, unless upon public bidding therefor, as hereinbefore directed, shall be void and unenforcible, whether in the hands of inn third parties or otherwise."

READY TO REMOVE REEF.

Drill Scow Goes Down to Astoria Today to Begin Work.

Hale & Kern for carrying out their contract for removing the Sylvia de Grasse reef from the channel in front of Upper one.

Section 1 empowers the County Court in each county to levy a tax of not more than 16 mills for road purposes on all of ones in front, which can be hoisted and the taxable property of the county. Other paris of the act are as follows:

"That the County Commissioners or the an anchor put out from each corner, hold County Court of each county in this state may at the first regular session after the passage of this act, and its approval by the Governor, appoint one or more competent persons to superintend the construction, improvement and repairs of all county roads and bridges in their respect. county roads and bridges in their respective counties, who shall be designated the County Roadmasters, whose term of office shall expire at the first regular session of the County Court in the year 1892, at which time and annually thereafter it shall be the duty of the County Court to

> ing from, which answered very well in some respects, but much time was lost in moving it. A 25-horse power engine in the barge furnishes power for all purshall poses required.

ACTIONS WERE SUSPICIOUS. Two Loafers Ordered to Leave Town or Go to Jail.

Two young men, giving the names of J. E. Smith and George Evans, were ar-raigned for treepass in the Municipal Court yesterday, Mrs. Hughes, landlady of the Rosamond lodging-house, on North Third street, swore to having found them in one of her rooms, where they had no business, and that each said he was looking for the other. Both men ran away, however, before she could call the police, but were overhauled by Detectives Snow and Kerrigan a few hours later. Each denied that he had ever been in Mrs. tigate petitions for road improvements, Hughes' house, although both were post-and report his findings and recommenda-tively identified by the complaining wit-

> Both detectives took the stand and testified to finding a number of keys commonly used by burglars on Smith's person when they arrested him. The pris-oners were rooming at Seventh and Morrison streets, and were known to be out nights and to sleep in the day time. The officers think the young men are "crooks." Each defendant took the stand in his own behalf, and stated that he was a

> barkeeper by profession, but had not been employed during his three weeks' stay in Portland. Neither of them had any money when arested.
>
> Judge Cameron did not think they were in Mrs. Hughes' house for any good pur-pose, and considered it suspicious that neither had any money nor were looking

for work He therefore suspended senice and advised the accused to leave the city.

SITE FOR 1901 CARNIVAL. Committee and the M. A. A. C. Have Not Come to Terms.

The Portland carnival 1901 committee has not yet definitely selected the site for the fete, though the subcommittee on location reported favorably on the Ex-position building and the grounds of the Multnomah Athletic Club adjoining, last

The rate of \$1750 for the Expositio building for the month was considered reasonable, but objection was made to the price asked for the Multnomah grounds, \$750 for 30 days, a percentage of receipts on athletic rights, and a restoration of the grounds to their former condition at the close of the carnival. The subcommittee was instructed to offer the

selection of the following: President, H. Clearly devolved upon those who were C. Breeden; vice-president, Charles H. Present at the meeting.

"Soon after this a meeting of the School Board was held in which a com-Carey; secretary-treasurer, Gus Rosen-blatt,

President Breeden urged the members to keep up their loyalty to the organiza-tion, and to unite in securing at least one good road for driving in the city. "Enough money is spent in the county," said he, "to secure at least one good road in the county for driving purposes. The Multnomah Driving Association should center its influence on one road, and make a united effort to keep that in good condition. That road is the Riverside drive. We should exert our influence with the ditton. County Commissioners to accomplish that ond. Nature has done everything for us, and if we unite we can have a drive for at least six or eight miles that will be a credit to the city and its citizens."

Secretary Rosenblatt also made remarks along these lines. He said: "There is hardly a citizen in the city that does not partake of the benefits of the action of the Multnomah Driving Association in keeping the Riverside drive watered in the summer. It is used every day by funerals, and people hire vehicles and hacks to drive out there. If the Driving Association neglected for one year to keep the road watered, the people would be so inconvenienced by the dust that the efforts of the association would be more appreciated. There should be a greater amount of interest taken in the drive by the citizens, everyone of whom should take a pride in assisting to give Portland a drive that would be a credit to the city.

Regarding the project for widening the Riverside roadway, C. H. Carey said: "I Riverside roadway, C. H. Carey said: "I have considered the project for some time, and believe that the time is now !*pe to push it to a successful completion. I have discussed the matter with several of the County Commissioners and many of the property owners, and believe that they will be willing to give up the necessary 10 feet on each side of the road to make a beautiful boulevard. The time to make a beautiful boulevard. The time to bring this about is now, before the property grows in value, when the city will not be able to get hold of it. If the road is widened by these donations along the drive, the improvement can easily be made, the hills and hollows taken out, the road graded with macadam center. and there will then be room along each side for dirt roadways for the speeding and light teams. Then the New Park Commission can take charge of the road, beautify it and plant beds of flowers along it, and give the city a boulevard such as we ought to have. I am of the

Acting on Judge Carey's suggestion, the association decided to push through the widening of the roadway and the follow-

burning rubbish on the streets-R. Ever. ding, W. W. Baker and A. H. Tanner. Committee on the improvement of Kelly street-A. C. Lohmire, Marion Wilcox, L. Zimmerman, G. Rosenblatt and B. F.

valuable horses were often injured by separate buildings for the kindergarten are not necessary nor desirable, both because of the additional expense, and because of the additional expense, and because if occupying the same buildings with the other grades, a closer connection a petition was being circulated among the property owners, and that the matter the property owners, and that the matter would probably be referred to the City Council within a few weeks.

Smelter for Standard Mine.

BAKER CITY, April 24.—United States Marshal Zoeth Houser has returned to Portland after visiting the Standard mine, in which he is interested, in the Quartz-burg district. It was hinted that the Marshal's visit was more in the nature "The members of the Kindergarten Association feel that they are now conductable to the kindergartens of this city in trust

mittee from the Kindergarten Association offered to turn over to the board the three kindergartens, with all their furnishings and supplies. But the School Board requested the Kindergarten Association to retain control of the work for the remainder of the year, promising to support them. It is supposed that the School Board was led to make this request, knowing that the association had conducted the work during 15 years, and therefore might reasonably be expected to understand the needs of the schools better than the School Board could understand them at such short notice.

"At the regular meeting of the School Board early in March a committee of "At the regular meeting of the School Board early in March, a committee of the Kindergarten Association again went before the Board and that body agreed to furnish the association the use of the \$5000 as it should be collected from the taxes. Acting upon this assurance, and beleving then as now that the action adopt and partially support one at Third and Harrison, and also furnish much needed supplies and repairs for the three original kindergartens. All this has been done, and the two new schools were opened last Monday, April 22.

In Case Money Is Refused. "Unless notice is received from the School Board that they will not furnish money already promised, the work will be continued. But should such notice be given the six kindergartens will be closed, as the association is not in a condition to support them. In that case, doubtless, friends of the kindergarten movement would feel it necessary to bring it to the point of litigation, feeling confident of their legal right to receive support. "This matter of adjusting the kinder garten question to the public school system is not a unique question, but has been

met and decided by some 200 school boards in our larger cities, which now have the kindergarten as a regularly incorporated part of their school system. Portland is really quite tardy in taking up this subject. And it would be a great pity to drop it now, only to take it up again in a few years, as the city will naturally wish to do if it is to keep pace

and the School Board; and legalized by state law passed some three years ago, opinion that a committee would have very of chapter 4 of the Miscellaneous Laws of little trouble getting the right-of-way from the property-owners."
