STREETS TO BE CLEANED

PORTLAND TO BE MADE TIDY FOR PRESIDENT'S VISIT.

Board of Public Works Adopts a New Plan for Sprinkling in the Summer.

The Board of Public Works decided, at the meeting yesterday afternoon, to make a vigorous effort to clean the streets before the arrival of the Presidential party, and to give the city during the summer season the best service it has ever had in the sprinkling of the streets. Eight extra men will be put on the force, and new equipment and an additional team of horses will be purchased to make the matter come before the board in the monthly report and estimates submitted by Superintendent Ferguson, of the street-cleaning department. This showed that the department has made a saving of \$1867.55 since January 1 in its regular monthly allowance of \$3000 for labor. This, added to the balance in the fund, makes \$4647.55 available for labor in cleaning the streets. In order to put the streets in as good condition as possible, Superintendent Ferguson recommended the employment of eight more men, at a cost of \$422. This the board allowed. To place the department in effective shape to do the sprinkling of the streets, the board authorized, as well as \$21 for the purchase of the purchase of a team of horses. The repair and purchase of harness and hose to the value of \$151 was authorized, as well as \$21 for the purchase of additional tools for the new men added to the department.

In the discussion that followed, President Mills outlined the plans of the board for sprinkling the streets, and handling the department. Mr. Mills said: "I have had a long talk with Mr. Ferguson, and he is very anxious, as we all are, to put the streets in the best condition for the visit of the President. We are agreed that the best thing to do is to keep the men at work during the month of June, and confine our efforts to watering the streets from June to October, and to taking care of the new streets. With more horses we can run 36 sprinklers and in 24 hours cover every street in the city with one sprinkling. Each sprinkler can cover six miles a day, and with the sprinkling done with the street cars the total number of miles of streets watered daily will reach 140 miles. We have about 200 miles of streets, so that will only leave about 60 that will not be given a daily watering. An opinion was received from City Attorney Long, which he furnished at the request of the board, on the question of the new ordinance relating to the franchise the telephone company for the erection of telephone poles. Mr. Long held that, under the city charter, all

BUTTER SHOULD BE FREE

TARIFF ON SHIPMENTS TO MANILA OPPOSED IN OREGON.

Secretary Wilson Will Be Asked to Urge the Removal of the Tariff Discrimination.

Secretary Wilson, of the Agricultural Department, who is coming West with the Presidential party, has announced his intention to make a study of Oregon. He will not be at a loss for tutors during his short stay in Portland. J. W. Bailey, State Food and Dairy Commissioner, will make a strong representation to the Secretary for modification of the proposed Philippine tariff so as to admit butter into the islands free of duty, and put a charge of 10 cents a pound on oleomargarine and all other imitations of butter. The schedule recommended by the Tariff Commission put a duty of 8 cents a kilo of two and one-half cents on butter, and 5 cents a kilo on oleomargarine. The differential is only 1 cent a kilo, or a little over half a cent a pound, in favor of butter. Dairy interests all over the country have protested to the War Department against the discrimination, which is clearly for the benefit of the packing houses of the Mississippi Valley. The Commissioner Bailey has the support of the butter manufacturers of Oregon in the effort he will make with Secretary Wilson in their behalf.

MANLY NEW HOMES.

Building Activity in the Northwest Part of Town.

Considerable building is going on in the northwestern part of the city, where a great many fine residences have been built during the past three years. That the building is intended for housing the high and slightly commanding a fine view of river and mountains to the east, while the fresh green foothills to the west make a lovely background. Each year finds the residence portion moving farther north and encroaching upon the farms recently transformed from pretty farms.

MONEY-BROKER'S NEMESIS.

Mrs. Hart Convicted for Assaulting R. A. Frame With an Umbrella.

Mrs. Mary E. Hart was charged in the Municipal Court yesterday with striking R. A. Frame with an umbrella in the Washington building on April 20. Mr. Frame testified that he is a money broker, that he has known Mrs. Hart since 1887, and that he had financial dealings with her which ended in a dispute before the courts. "She has hounded me for years," went on the witness. "She assaulted me over a month ago in the Marquam building and on April 20 she struck me with her umbrella, on the left shoulder. I have never threatened to shoot her, and have not carried a gun since that time." Mr. Hart testified that Frame has promised to marry her, when he knew that she was already married. She told of the judgment she had obtained against Frame for \$1000 which has belonged to her and in which she has various occasions when she has asked him to return the money he placed his hand behind him as if to draw a revolver. She said that she would follow Frame where she pleased and do what she liked to do with him. She paid the \$1000. After a scathing speech from George W. Joseph, defendant's counsel, Judge Cameron found Mrs. Hart guilty and suspended sentence.

SQUARE DEAL IN ONIONS.

Oregon Product Not Palmed Off for Australians.

The statement was made yesterday on Front street that a large quantity of Oregon onions listed in Portland at prices ranging from \$2.00 to \$2.50 had been passed off here as Australian onions and sold at \$4 and \$5 per sack. A Beaverton grower recently consigned Oregon onions to San Francisco, and the onions were on their way back to Portland as Australian onions and brought from \$4 to \$5 for their owner. This slight-of-hand business, the grower said, will decrease the sale of Oregon onions. A dealer who was questioned about the matter replied that the statement was false and ridiculous. Oregon onions are soft and sprouting and very inferior at present. They have been shipped to San Francisco, but to compare them with the Australian product is absurd. This is the Fall season in the Southern Hemisphere, and the onions from Australia are solid and green, and will keep in first-class condition for two months yet. The contrast between them and Oregon product is so marked that anybody could pick out the difference between the green and ripe onions and the superiority of the former over the Oregon. The Australian, in this condition, are being shipped to Alaska and to the East. Domestic onions, on the other hand, the dealer said, are manifestly unfit for such orders, because although lower in price than the Australia-

GOES TO SUPREME COURT

JUDGE MARQUAM APPEALS FROM FORECLOSURE DECISION.

Jeff Hayes Sues the Postal Telegraph Company for Securities Withheld.

Judge P. A. Marquam has filed an appeal to the Supreme Court in the Marquam block mortgage foreclosure suit. The decrees and judgments appealed from were entered October 29, 1900; December 10, 1900, and January 10, 1901. The first decree recites that the United States Mortgage & Trust Company had recovered from P. A. and Emma Marquam \$49,875, and \$239 attorneys fees, costs and interest until paid; that the Title Guarantee & Trust Co. recover \$15,533 and \$367; Hanna Mason, executrix of the estate of W. S. Mason, decedent, \$18,822 and \$200 attorneys fees, and that the mortgage be foreclosed, etc. The second decree, rendered December 10, adjudged that the account and statement of the Title Guarantee & Trust Co. since October 27, was true and correct; that the company apply the sum of \$1285 pro tanto, in the satisfaction of the deficiency judgment held by it by reason of the insufficiency of the proceeds of the sale of the properties to satisfy in full the claim of the United States Mortgage & Trust Co.; that execution of the Title Guarantee & Trust Co.; that execution issued on the decree of October 27, 1900, and on the deficiency judgment then remaining thereon; and that upon making the assignment and satisfying the judgment referred to in said decree, the Title Guarantee & Trust Co. shall stand discharged as trustee and relieved from any and all liabilities growing out of the trust assumed by it on or about November 13, 1894, and from each and every part. The last judgment and decree was entered on January 16. It adjudged that the Title Guarantee & Trust Co. be discharged from its trust, and that the sale mentioned in the decree be in all respects confirmed. It is stated that a further separate appeal from the confirmation of sale of the properties will be filed.

POSTAL TELEGRAPH SUE.

Jeff Hayes wants \$9045 for 900 Shares of Stock. Jeff W. Hayes has sued the Postal Telegraph-Cable Company in the State Circuit Court to recover \$9045, alleged to be the value of 900 shares of stock in the Pacific Messenger Company, which Hayes says the defendant unlawfully converted to its own use on March 1, 1901. The complaint sets forth that the company held the stock as collateral security for the payment to it by Hayes of a note of the date December 15, 1894, payable six

Months from date, and on which payments had been made from profits and dividends arising from the stock. The amount unpaid on April 1, 1901, is said to have been \$1066 principal, and \$15 interest. It is stated that on April 18 Hayes tendered to the Postal Company at its office, 624 Market street, San Francisco, the amount of the note and interest, and demanded the return of his stock, and was refused, being told "the securities have been disposed of." Further, it is alleged that the Pacific Messenger Company paid a dividend on April 15, which on these shares aggregated \$45. The value of the stock is placed at \$10 per share, and adding the \$45 dividend makes up the sum demanded. H. K. Sargent appears as attorney for Mr. Hayes.

FIREMEN'S CASES ARGUED.

The firemen's claims cases against the City of Portland were argued yesterday afternoon before Judges Cleland, Frazer, George and Sears. The attorneys for the plaintiffs were James Gleason, John F. Logan, O. F. Paxton and J. V. Beach, and City Attorney Long for the defense.

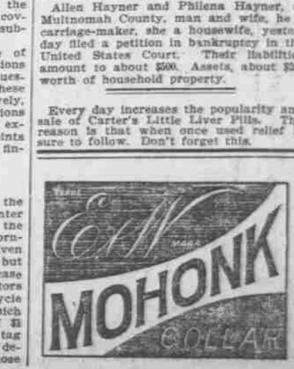

THE CASES HEARD BY THE COURT OVER A MONTH AGO, WHEN A LARGE AMOUNT OF TESTIMONY WAS TAKEN. AN ADJOURNMENT WAS TAKEN FOR THE ARGUMENTS UNTIL A CONVENIENT TIME, WHICH HAS JUST NOW ARRIVED. WHEN ARGUMENTS ARE CONCLUDED A DECISION WILL BE RENDERED AS SOON AS THE COURT REACHES AN AGREEMENT. BRIEFS COVERING THE ACCOUNTS AT ISSUE WERE SUBMITTED SOME TIME AGO.

THE ATTORNEYS, DURING THE COURSE OF THE ARGUMENTS, CITED NUMEROUS DECISIONS OF COURTS IN OTHER STATES BEARING ON QUESTIONS SIMILAR TO THOSE INVOLVED IN THESE SUITS. THE JUDGES LISTENED ATTENTIVELY, AND FREQUENTLY PROPOUNDED INTERROGATIONS TO THE LAWYERS, ASKING FOR FURTHER EXPLANATIONS CONCERNING SOME OF THE POINTS SUBMITTED. THE ARGUMENTS WILL BE FINISHED TODAY.

EVERY DAY INCREASES THE POPULARITY AND SALE OF CARTER'S LITTLE LIVER PILLS. THE REASON IS THAT WHEN ONE FEELS RELIEF IT IS TIME TO FOLLOW. DON'T FORGET THIS.

BIKE TAX DUE TODAY.

Bicycle tag No. 1 will be sold to the first person who appears at the counter in the tax-collection department of the Sheriff's office at 8 o'clock this morning. Not a few people asked to be given this tag, and to have it put aside, but Sheriff Frazer decided to make it a case of first come, first served. Collectors will be stationed today along bicycle paths, each with a supply of tags which will be disposed of at the rate of \$1 apiece. The law provides that the tag shall serve as a receipt. It has been decided to collect the tax only from those
