### ONLY AT SHERIFF'S OFFICE

BICYCLE TAX CANNOT BE PAID TO COLLECTORS.

Time Will Be Given for All to Buy Tags. Then Delinquents' Wheels Will Be Seized.

The bicycle tax is payable at the Sheriff's office, and not to outside collectors, who are yet to be appointed. The Sheriff will collect the tax for a stated period, say two weeks, or perhaps a month, depending upon the number of tags disposed of daily. If the amount of business transacted the next two weeks denotes a general disposition on the part of bicyclists to pay the tax, the time to pay will be extended for a while. Thereafter the tax will be declared delinquent and payment will be enforced by outside deputies by the seizure of wheels. This County Court yesterday made the levy of the tax to apply only to those riding on bicycle paths. The following order was also made by Judge Calk and County Commissioners Mack and Shivers: "In the matter of the issuance of a warrant for the collection of license tax on certain bicycles for the year 1901; It appearing to the Court that persons riding bicycles on the paths of this County have not paid the license tax as required by law, It is hereby ordered that a warrant be issued by the Clerk of the County Court to the Sheriff of the County directing him to collect a license tax of \$1 on all delinquents as shall not have paid said license tax prior to this date, and directing him to seize and sell as upon execution any bicycle for the amount of said license tax, together with costs and expenses of such seizure and sale, and if none be found, such license tax to be collected out of any property of said delinquent in the same manner as other delinquent taxes are collected. The Sheriff, as previously stated, will not place this order into execution until he has given wheelmen an opportunity for several weeks to call and procure tags at the Sheriff's office. Subsequently this delinquent order will be enforced, and deputy Sheriffs will be stationed on bicycle paths to take possession of all untagged wheels to be sold, etc. The statute provides that it shall be unlawful for any person to ride on a bicycle path a bicycle on which the license has not been paid. The delinquent order will be sent out with tags to collect the tax, but to seize wheels. The tax must be paid at the Sheriff's office as other taxes are paid. Those who wish to use bicycle paths and to assist in the building of others will do well to secure tags immediately. Nearly 300 have been thus far disposed of.

## MEIER & FRANK COMPANY.

### NOT LEGALLY GRANTED.

Renewed Opposition to Liquor License for a Gresham Man.

The saloon conducted by Ford Metzger at Gresham is still meeting with opposition from some of the residents of that place. Yesterday David Cathy filed a petition in the State Circuit Court to review the act of the County Commissioners granting Metzger a license. Cathy avers that Metzger, on February 18, 1901, caused an advertisement to be inserted as required by law, stating that he would apply for a liquor license on March 18 to the County Court. The petition, it is stated, was published only twice, namely, February 16 and 23, and that in the meantime a remonstrance was circulated and read. On March 2 it is alleged that Metzger caused a second petition to be published that he would apply to the County Court on March 11 for a license and the petition was granted by the court on that day. This, it is asserted, was contrary to the statute, which provides that such a petition must be published once a week for four successive weeks. The remonstrance was presented for hearing on March 18, after the license had been issued and Cathy says that if the remonstrance had been heard, Metzger would not have obtained the license. Not long ago Metzger was fined \$300 for running a saloon without a license.
