So profuse is the discharge at times that large scales or crusts form, which are both painful and troublesome, and not easily removed. Red, disfiguring b and sores are symptoms of Eczema. The dry form usually attacks the head, and sores are symptoms of hereina. The dry found blands and feet; the skin, becoming hard and rough, often cracking open and bleeding, and attended with much itching. Eczema depends upon a poisoned con-dition of the blood, and local

Mr. L. Marno, Escondido, San Diego County, Cal., writes: "My body broke out with a rash or eruption which in spite of all afforts to cure continued to got worse. The itching, especially at night, was simply terrible; it would almost disappear at times, only to return worse than ever. I had tried many highly recommended preparations without benefit, and hearing of S. S. S. determined to give it a fair trial, and was inexpressibly delighted when a few bottles cured me entirely, removing every blomish and pimple from my body. I shall not fail to recom-mend S. S. Miss S. F. Trouman, Shead, Lina County, Or.: I suppose I should have written you sooner, but I felt so well that I did not think It necessary. When I wrote for your symptom blank I was miserable indeed. I was suffering from WASHINGTON, May 6-The Women's lome and Foreign Missionary Society of all the annoying symptoms of catarrhal trouble. I had no strength or energy and could not eat or sleep. My nervous sys-tem seemed completely shattered. Language can not express the gratitude the Evangelical Lutheran Church of the United States held its final session today and adjourned to meet at Pittsburg, Pa., in 1903. Resolutions were adopted providing for the co-operation of the sofeel that you have almost raised me from clety with other women's missionary
