THE PLOWER QUEEN" TONIGHT.-This cantata, to be given tonight by members of the Unitarian Sunday School, assisted by some of Portland's favorite musicians. promises to be very fine. The stage, erected in the rear of the chapel, or Sunday school room, will resemble a diminutive forest, with its large green trees as a fitting background for the profusion of palms and the white bloom of the dogwood in front. Each character will personate a flower completely beforeher with wood in front. Each character will per-sonate a flower completely bedecked with her kind, and as the flowers meet in a secluded dell in this forcet to choose and crown their Queen, they are surprised by the appearance of some one, tired and wearied with the world, who seeks relire-ment in the same flowery nook. The re-cluse soon, however, forgets his disap-pointments after hearing the different after hearing the different talk of love and duty, and finally olves again to return to the world and come useful among its companions,

CONSTRUCTION OF WOOLEN MILL AT SELLWOOD.

All Real Estate and Water Rights Legally Transferred-Large Increase in Population

The Portland Woolen Mill has been lo. cated on Johnson Creek, at Seilwood. This is the official announcement of the company, made on the authority of E. L. Thompson, secretary, and settles the question of site permanently. Yesterday afternoon all the papers were signed up for water righte, and the work of construction of the buildings for the plant will begin as soon as the plans, which are now preparing, have been completed.
Mr. Thompson said yesterday that the
mill will be a six-set concern, planned, equipped and built along approved mod-ern lines, and will be prepared to turn out first-class goods from the start. Be-sides the main building there will be a dye house, wool storage warehouse, and

a picking building, separate and com-plete. The water rights secured will en-able the company to conduct by canal and flume water from Johnson Creek from some distance to a level above the site for the operation of the mill. Mr Thompson remarked that the people of Portland would be surprised at the power that had been secured. Water rights have also been secured on Crystal Springs, but only Johnson Creek will be tapped for the present.

It has not been easy to secure the

water rights and land concessions and it has taken the best part of two months to accomplish the work. This was brought about through the work of Secretary Thompson, assisted by D. M. Donaugh, president of the Sellwood Sub-Board of Trade, J. M. Nickum, the Wills Bros., and the Board of Trade. Mr. Donaugh has devoted nearly his entire time to locating the mill, and let his own business take care of itself. Mr. Thompson remarked that he never met a more vigorous lot of hustlers than the members of the Sellwood Sub-Board, and spoke in the highest terms of the entire

membership.

The company has secured a large tract of land for the site near the Southern or and for the site hear the southern Pacific Railway, ample for all present and future purposes. The buildings will be erected near the eastern boundary line of Willsburg. Those controlling the stock are Carter Bros., W. P. Olds, E. L. Thompson, Charles Coopey, R. D. Larra-bee, W. F. Burrell, William M. Ladd, David M. Dunne, F. A. Nichtey, Hogue & Wilbur, M. C. Banfield, and W. T. Woods. Within the next 30 days it is expected that construction can be commenced, and Portland will get the woolen mill it has been seeking to get for so

Bishop Rudolph Dubs' Movements. Bishop Rudolph Dubs, D. D., of the United Evangelical Church, arrived yes-terday morning from an extended tour of the churches in the Oregon jurisdiction. This evening they will be at Troutdale, where the bishop will preach in the United Evangelical Church, Bishop Dubs and Dr. Poling will spend Saturday in Portland looking after business connected with the erection of a new church edifice for the German congregation of the East Side. Sunday the bishop will preach at 11 A. M. in the First Church, East Tenth and East Sherman streets, At 3 P. M. he will speak in the German church, East Seventh and East Yamhill streets. Preparing for the Canning Season. The Portland Canning Company's building on Grand avenue and East Tayor efreets is being enlarged and put in endition for the coming fruit canningsea-on. A large store room has been built on finished goods. The plant now takes up the two-story building and all the space between it and the old Y. M. C. A. building. At the Oregon Canning Company's building, East Eighth and Belmont streets, already there is considerable building. tle, and improvements are under way. A roadway has been built from East Eighth street down into the basement. Here a well le being sunk. The cannery men are expecting a big yield of fruit all over the country, and are preparing to put up a big pack this year. They keep informed as to the fruit outlook in this immediate vicinity and at Milwaukie, Vancouver and in Washington County, and are pleased with the outlook.

Thirtieth Anniversary Celebration The pastor, Rev. B. S. Winchester, and members of the Hassalo-Street Congregational Church, Holaday's addition, are preparing to celebrate the thirtieth anniversary of the establishment of that church, Tuesday evening, May 14. An appropriate programme will be arranged, with historical sketches, reminiscences and music. A few of the first members and music. A few of the first members are still with the church. Some of the former pastors will be present, but others are still 3 Third street, from 8 A. M. until 5 P. M. Telephone Main 836. Store will be open Saturday, 1 P. M., until 10 P. Rominger is in Cheyenne. Rev. D. Staver, one of the earliest of the pastors named, is at Gales Creek, Washington County.

Has Started Real Estate Movement. The energetic measures of the Sellwood Sub-Board of Trade have already resulted in starting a lively movement in real estate in that part of the city. Lots are being sold at a lively rate, and much property is changing hands. There seems a general desire to get hold of property there. A resident said yesterday he hought two lots last week which he could now sell at an advance of \$50 on the price he paid. For many years there has not been such a movement at Sellwood. The residents are cleaning up their grounds and owners of large tracts are preparing to remove brush and debris. Some building has also started up.

Enst Side Notes. Peninsular Sub-Board of Trade holds its regular meeting this evening at Uni-versity Park for general business. At a meeting of Orient Lodge, I. O. O. F., a vote was taken as to the sentiment of the members on selling or retaining the farm at Cleone. There was a large majority in favor of retaining the farm There will be an important meeting of the Sellwood Sub-Board of Trade this evening. The board will arrange to have a banquet in the near future to celebrate the location of the Portland Woolen Mill on Johnson Creek.

Love Among Savages. Chambers' Journal. Among the Arabs of Upper Egypt the youth who proposes to a girl must submit to a whipping at the hands of all her male relatives; and, says a dry narrator, "If he wishes to be considered worth hav-ing, he must receive the chastisement, which is something exceedingly severe, with an expression of enjoyment." Not infrequently it is the maiden her-

tand a short distance from a spear-thrower and catch between the arm and side every weapon flung at them. If the youth "displays fear or fails to catch the spear, he is ignominously rejected; but if there be no flinching and the spears

are brought, he is at once proclaimed an

but if there be no flinching and the spears are brought, be is at once proclaimed an accepted lover.

Worse than this is the trial enforced upon their sultors by the Dongolowee girls. When in doubt as to the respective merits of two rivals, the young lady fastens a sharply-pointed knife to each elbow, then, seating herself between her lovers, she drives the blades slowly into their thighs, and the hero who takes the greatest length of steel without a murmur wins the bride.

Major Mitchell, in his "Expeditions Into the Interior of Eastern Australia," says of the natives on the River Darling, that all their ideas of fighting are associated with the possession of guns or wives, and that after a battle the wives "do not always follow their rugitive husbands from the field, but frequently go over as a matter of course to the victors." None but the brave deserve the fair" is a maxim well understood of most barbaric races.
