

CAT NEWS IN BRIEF

NEEDS STOLEN CHAMPAGNE—Walter Taylor, a negro boy of 14 years, was arrested yesterday afternoon by Detectives Snow and Kerrigan, for stealing bottles full of champagne from the rear of Richfield Bros' wholesale liquor store on First and Burnside streets. Taylor has been in the habit of lurking around this part of the store and slyly abstracting bottles of the sparkling fluid, concealing them on his person in an old sack that he habitually carried. He was seen on one occasion running away with a sack full of bottles, and in his anxiety to escape, threw away his booty, which led to the discovery of the contents. The bottles were broken and the valuable contents ran into the gutter. When the detectives came in sight of his abode at 27 North Washington street yesterday, Taylor was seated on top of a wagon reading a dime novel. His guilty conscience caused him to flee from their approach, and he gave the officers a merry footrace before they overtook him. Now he is lodged at the City Jail.

DISCHARGED SOLDIER ARRESTED—Richard Carroll, a soldier of Company E, of the recently mustered-out Twenty-sixth Infantry, is lodged in the City Jail on a charge of larceny brought by one of his comrades, Matthew Cummings. Carroll has confessed to the theft. The two men arrived in Portland yesterday and proceeded on a drinking lark together, during which Cummings was robbed of \$75. He reported the case to the police station, and Detectives Snow and Kerrigan, who were detailed on it, soon after arrested Carroll. The latter had given away Cummings' purse to a young man named L. H. McCoy to dispose of, and had offered him \$20 to take it to the city jail, but when confronted with the evidence against him Carroll confessed, saying, however, that he had only taken \$25.

STREACHER TAKES FIVE-DAY TRIP—Streator, the well-known horse trainer, is on a five-day trip, May 14; Portland to Cascade Locks, 4 hours 45 minutes; passed through locks in 15 minutes; locks to The Dalles, 15 minutes; from locks to Bonneville, six miles per hour, or at the rate of 35 miles per hour. Daily excursions from Portland to The Dalles and return. Leave foot Alder street daily at 7 A. M. except Monday, Sunday excursions every Sunday. The scenery is the grandest on earth. Meals unprepared. Fare one way, \$1.50; round trip, \$2.50. Meals, 25 cents. Call up both phones, Main 100.

LOST HIS DAUGHTER—John Nessar, a Washington farmer on his way to take up a Tillamook tract, reported at the police station last night that his daughter was missing. Nessar had come to Portland with his wife, daughter of 16, and his hired man, Carl Bennett, in search of his son, who was a longshoreman here a year ago, but had not been heard of for a year. Nessar and his wife started out one way to look for him, while the hired man and the daughter went in another. The latter pair have not been heard of since, and whether they sloped the police have not been able to ascertain, nor has the father found any trace of the long-lost son.

WOMAN'S GRANDSON TAKEN AWAY—The Knobel Quartet will be heard at the Marquam, under the auspices of the Musical Club, May 23. This is the third visit to Portland of this notable body of musicians. More enjoyable music has perhaps never been heard in this city. So perfect is their art that critics in all parts of the world have nothing but praise and admiration for the extraordinary grace and fervor of their interpretation, the refinement and finish of their technique. By general acknowledgment it is conceded to be the world's greatest string quartet.

HARD TACK IN A LAND OF ABUNDANCE—Forty-three members of the Thirty-fourth Heavy Artillery, who were assembled in the family-room of the Grand Central station yesterday, felt a good deal like prisoners and did considerable grumbling. They were en route from San Francisco to Fort Stevens and said they were compelled to lunch on bread and corn and beef all the way, as if they were passing through an enemy's country. Coffee was furnished them while they were in the city, but fresh bread and meat were omitted from the bill of fare.

DISCHARGED SOLDIERS EN ROUTE HOME—Among the soldiers sent on Portland streets yesterday were 50 members of the Twenty-sixth Infantry, which was recently mustered out. The boys saw about 10 months' service in the island of Pany and are glad to get back to the states. They think the natives of that island are likely to give Uncle Sam trouble for many years, as "they are natural born insurgents," though the Twenty-sixth put a good many of them out of business. The returning volunteers are on their way to the New England States.

REPAIRS TO MUNICIPAL COURTROOM—Workmen will begin calculating the walls of the Municipal Courtroom tomorrow, but the work will be carried on so that sessions will not be interrupted. The walls and ceiling will be tinted a pale green, and the old Manila covering on the floor will be supplanted with a stone-colored oilcloth. Arrangements have not yet been made to prevent the rain leaking through the wall in the northeast corner of the building, but this will be attended to later.

QUARRY FOR TAYLOR'S FERRY ROAD—At a meeting of the County Commissioners, Roadmaster Steele submitted a report upon the advisability of purchasing a quarry on the Taylor's Ferry road. He said that there is a sufficient quantity of rock to improve the road, but he would not touch for the quality of it, as it crumbles too fine. There is, however, no other quarry within three or four miles, except one which it is understood is not for sale. The board will examine the quarry.

CARED FOR SMALLPOX PATIENT—A bill for \$20 was presented to the County Commissioners yesterday in behalf of Felix Gilbert for the services of Mr. Welch in looking after Mr. Bear, a smallpox patient who was confined in Gilbert's house in December, 1900. It was explained that the County Physician ordered the house quarantined and a nurse employed. This was done, and now Mr. Gilbert wants his money back. The claim will doubtless be allowed.

THE BURNING SALE, conducted by the ladies of St. Matthew's Church, at 113 Third street, will be open every afternoon from 1 P. M. to 5 P. M., on Friday and Saturday evenings until 30 P. M. Donations will be received from 8 A. M. until 5 P. M. Men's clothing, collars and cuffs, hats and shoes are in demand, also odds and ends of crockery and glassware. Telephone number has been changed to North 201.

ACCIDENT TO W. C. GORDON—While riding his bicycle late yesterday afternoon, W. C. Gordon, on East Side street, fell off at Eleventh and East Clay streets, sustaining injuries to his head that made him unconscious. The police patrol wagon was summoned and the injured man taken to his home at East Seventeenth and Division streets.

THE PRESIDENT IS NOT COMING—On account of Mrs. McKinley's illness, the Presidential party will visit Portland. This, of course, will grieve us all deeply. There is one thing, however, which will appease your grief, and that is the taste of a Federal's dinner. Try one.

HECETA HEAD PHOTOGRAPH—The photograph reproduced in the Oregonian last Monday of Heceta Head, with the lighthouse tower appearing under the bridge of rock, was the work of A. H. Kieckhefer, a photographer now living in Drain.

FOR THE FALL CARNIVAL

PROGRAMME OF OUTDOOR AMUSEMENTS AGREED UPON. Horse Show and a Reproduction of the Battle of Manila to be Features—Date Not Fixed. The general committee for the 1901 carnival at its meeting last night adopted the amusement programme for the carnival, which is now far advanced, and is concerned. The programme was drawn up by the subcommittee on amusements, and presented by John F. Cordray.

Perhaps the most important feature in the horse show, which it was agreed should take up the first week of the carnival. This feature has never before been presented in Portland. The committee report stated that it would include riding and driving races, fancy driving and hurdle-jumping. The idea is to have horses brought here from all over the state and from neighboring states. The programme for the second week is a grand scenic reproduction of the battle of Manila. This will be a pyrotechnical and athletic sports and amusements. The committee was instructed to correspond with the manager of East that produces it, with a view to ascertaining the cost. Mr. Cordray stated that it could probably be contracted for at a flat rate. Athletic sports and amusements were agreed upon as the feature of the third week, and the programme for the fourth week was left open to be arranged at some future time. The committee stated that in addition to the various features there would be minor ones, consisting of sideshows, aerial events, balloon races and balloon weddings, as well as high diving and other sports.

It was also agreed to engage the services of two bands, one for outside and one for the carnival building proper. The committees on agriculture and horticulture, manufactures and amusements, space and exhibits, were instructed to hold a joint meeting next week and to report at the next meeting of the general committee. The question of the time of holding the carnival was discussed. It has already been practically agreed to hold it for four weeks. The desire is not to conflict with the State Fair at Salem, which will close September 1st. However, the date, however, will extend it far into the fall—too far in the opinion of the majority of the members of the committee. Several members advised holding it regardless of the Salem fair, but this was earnestly opposed by C. H. Markham and A. B. Steinbach. A motion was made to defer action on the matter one week, and to confer with the manager of the Salem fair, so as to arrange non-conflicting dates for the two events, if possible. D. S. Cohen opposed this plan, but it finally carried.

E. C. Maister was requested to prepare a statement of the expenses of the last two expositions for information by the next meeting of the committee, and agreed to do so.

RECEPTION TO NOTED SUNDAY SCHOOL WORKER—C. D. Meigs, of Indianapolis, one of the editors of the Sunday School Worker and the Eastern delegate to the Sunday school convention being held at Salem this week, will be tendered a reception this evening by the Sunday school officers and teachers of this city at the First Presbyterian Church. This will be the only opportunity afforded to meet Mr. Meigs and a general invitation is extended to all interested in Sunday school work to be present.

INCORPORATION OF THE PACIFIC MINES COMPANY were filed in the County Clerk's office yesterday by Gustav Anderson, L. O'Connor and E. Wunderl, capital, \$100,000. The objects are to publish a mining newspaper. The Sellwood Land and Improvement Company was incorporated by James R. N. Sellwood, Joseph A. Sellwood, Thomas Sellwood, John H. Sellwood and Elizabeth D. H. Sellwood; capital, \$5000.

HAND LACERATED BY A MACHINE—Alfred Walpole, a 12-year-old boy who lives at Sunnyside, lost two fingers from the right hand as the result of an accident at an East Side soap factory. He was feeding the soap press and the jaws of the machine caught his hand.

THE KNEELER QUARTET will be heard at the Marquam, under the auspices of the Musical Club, May 23. This is the third visit to Portland of this notable body of musicians. More enjoyable music has perhaps never been heard in this city. So perfect is their art that critics in all parts of the world have nothing but praise and admiration for the extraordinary grace and fervor of their interpretation, the refinement and finish of their technique. COMING ATTRACTIONS.

Gymnastic Exhibition. Final rehearsals were held yesterday for the grand gymnastic carnival and exhibition to be given at the Marquam Grand Theater Friday evening. All of the men, women and children who will take part in the various numbers have their work thoroughly in hand, and are prepared to give the best entertainment of the kind ever witnessed in Portland. Today all of them, including Physical Instructor Ringler, who has been tireless in his work, will rest and tomorrow evening they will be in the best possible condition to carry out their respective parts. Mr. Ringler announces that after having witnessed the work of the young women from Mrs. Gillespie's school of expression, he is confident that the numbers will be no less successful than the evening. It should not be forgotten that the proceeds of this exhibition will go to swell the Y. M. C. A. building fund. Seats are now on sale.

All holders of tickets sold by members must exchange them for reserve seats at the box office.

The Irish Comedian. The advent of Charles Erin Verner, the Irish comedian, and his supporting company, in a repertoire of Irish plays, will be a change in the theatrical scene and often questionable modern drama, with which the play-goers are surfeited. No Irish comedian can tell a story, sing a song, recite a play or do dramatics with more unctious than Mr. Verner, and the audience is swung from tears of sympathy to rounds of hearty laughter as only an artist of Mr. Verner's caliber and experience and ability can do. All the various difficult characterizations incident to the different plays presented are in capable hands.

Mr. Verner and his company will open their engagement at Cordray's Theater Sunday night, May 19, and the repertoire will be as follows: "Shamus O'Brien," Sunday and Monday nights; "The Shaughraun," Tuesday and Wednesday nights; "The Shaughraun," Thursday and Friday nights, and Saturday matinee, and the engagement will close on Saturday night with "Current Cash."

EAST BURNSIDE EXTENSION

Petition Has Not Been Filed in the County Court. The petition asking for the extension of East Burnside street beyond the city limits has not been filed in the County Clerk's office. Judge Calk, when asked about the matter yesterday, said: "People have been talking to me about that East Burnside-street business for three weeks past, but no petition has been filed. If one is submitted to the board, it will be considered in the regular course of business."

The County Clerk has been expecting the receipt of the petition, and his deputy remarked that the remonstrance against the extension of the street filed with the City Auditor by the Ladd heirs was doubtless the cause of the delay in bringing the case before the County Court.

WHERE TO DINE TODAY.

The place—Portland Restaurant, Location—36 Washington, near Fifth. Reason—Why—Best in the city.

For home-like cooking go to E. House's Cafe, 123 Third street; he only buys the best; fresh eggs, milk and cream from his own ranch daily.

The 25-cent lunch at the Perkins, 103 Fifth, is a fine dinner. White cooks.

CARD OF THANKS.

From our hearts, overflowing with gratitude, we desire to thank all the kind and good friends of our beloved son, Frank S. Lane, who passed away on Monday, May 14, 1901, at the residence of his mother, Mrs. E. W. Lane, at 123 Third street, for their kindness and sympathy during his illness. It was the prayer of Joseph and Josephine L. Buchtel.

THREATENED TO KILL WIFE

Sawmill Laborer Put Under Bonds to Keep the Peace. Martin Hawkins, a laborer, was held in \$100 bail to keep the peace by Municipal Judge Cameron yesterday. His wife, Laura, from whom he had been separated for over a year, charged him with threatening to kill her, and the evidence of her mother and sister was introduced to corroborate the complaint. Mrs. Hawkins testified that her husband attempted to enter her room on the East Side at midnight, with the evident purpose of putting his threats into execution.

Hawkins said he called at his mother-in-law's house to see her, and that he had no intention of harming his wife. Jealousy on his part, seemed to have been the cause of the separation. Judge Cameron advised Hawkins to stay away from his wife's dwelling, though as a father, he is entitled to visit the children. When he desired to see his offspring, he must take a friend along and have the children meet him without calling on the wife.

TEMPLE BETH-ISRAEL.

A meeting of the women of the congregation will be held at the temple vestry at 8:30 o'clock this afternoon, at which Dr. Stephen S. Wise will deliver a lecture on the "Prophecy." This meeting is preparatory to the work of the woman's class in "Biblical and Post-Biblical History and Literature of Israel," to be led by Dr. Wise beginning with the Fall of the year. The special theme to be studied during the first session will probably be "The Prophecy, With Special Reference to Their Place in Biblical History, Literature and Theology." This announcement is in lieu of an invitation to the women of the congregation.

EXCURSION RATES TO THE EAST.

If you are going to the Pan-American Exposition or any point East, inquire at the Northern Pacific ticket office, No. 255 Morrison street, corner of Third, for lowest excursion rates and full particulars. The "North Coast Limited" runs every day. You can take it. No extra charge.

THERE IS A CLASS OF PEOPLE

Who are injured by the use of coffee. Recently there has been found all the grocery stores a new preparation called GRAIN-O, made of pure grains, that takes the place of coffee. The most delicate stomach receives it without distress, and but few can tell it from the real thing. It does not cost over 4c a mug. Children may drink it with great benefit. 13c and 25c per package. Try it. Ask for GRAIN-O.

CARD OF THANKS.

S. Pymale and family wish to extend thanks to Clerks' Union, Redmen, K. of P. and friends for beautiful floral offering and kindness shown our late loved brother and uncle, James R. Little, yesterday.

EASTERN MULTNOMAH.

Many Permanent Improvements—To Sell Old Felows' Farm. GRESHAM, Ore., May 14.—Many permanent improvements are under way throughout the entire region east of Mount Tabor, extending even into Clackamas County and into the mountains. One can scarcely go a mile without seeing evidence of property in the way of a new building in course of construction or a new barn, or a new barn, or perhaps a hundred rods or more of new fence. The greatest improvements are being made in and around Gresham. Several new residences have been finished here lately, and more are in contemplation. As many more have just been completed within a radius of a mile or so, and new contracts are being let for another half dozen in the same territory. The cost of these improvements vary from \$500 to \$2000, and all are substantial. Contracts were let last week for houses—one for John Winters to cost \$1200, another for Patrick Lynch to cost \$800. Besides the new residences the country is being dotted with new barns, which are most necessary for the increase of stock and acreage of hay land to support it. This region is being cleared at the rate of 200 acres per year, and the dairy interests favor the increase of cows to keep pace with the clearings. They, in turn, require water and in a few years the number of windmills will be amazing. They are going up everywhere, at least a dozen new ones being in operation and more being ordered. Two contracts for windmills were let last week by H. Bell and W. C. Lam Stanley at a cost of several hundred dollars each. As the farmers become able to make permanent improvements they do so, first with new residences, then new barns, and finally other conveniences to lessen their labors. Eastern Multnomah is rapidly coming to the front as the richest farming section of Oregon, its industries being of the kind that will always find encouragement and its products a ready market.

TO SELL THE FARM.

A committee of Old Fellows was out to Fairview yesterday making arrangements to sell the Old Fellows' farm to the men who will probably start a composite grist mill there. A meeting of the citizens will be arranged to discuss the matter and lend assistance to the plan which will be presented. Just what the plan will be is not yet known, but it probably relates to security for the purchase price, which will be not less than \$2000; and, also, to arrange for remodeling the old building, which would be suitable for a mill if made stronger and partially rebuilt.

Big Dividend.

The annual meeting of the Rockwood Hill Company will take place June 11, at which time a new president, secretary, treasurer and two directors will be elected. The present secretary is authority for the statement that a dividend of 20 per cent will be declared, which is a big one for the first year. The new hall was a necessity, and will pay for itself in less than four years.

Big Dividend.

James Schram, of Rockwood, cut a deep gash the full length of the back of his left hand on a crosscut saw a few days ago. He will be laid up several weeks in consequence.
