NEW CHALLENGER BEAT THE OLD YACHT IN SEVEN-MILE RACE. Tried Beating to Windward, Reaching and Running Down the Wind - New Sail Was Satisfactory.

RYDE, Isle of Wight, May 20.—The two Shamrocks raced today over an open sea course, the first leg of which is a heat from Calshot Castle to a mark outside the Nab Lighthouse, and Shamrock II won. The wind was steady from the East and was blowing a club topsail breeze.

St. Thomas Lipton's steam yacht, Erin, towed the yacht clear of the Isle of Wight, and then both set their lower canvas. The challenger's new crescent

UNIVERSITY OF WASHINGTON WAS DEFEATED, 66 1-2 TO 55 1-2.

Heater Was Star Performer, While Wagner, Smith and Freshman Policy Also Did Things.

EUGENE, May 20.—The University of Oregon won the annual field day from the University of Washington this afternoon by a score of 66 1/2 to 55 1/2. As usual, Heater was the star performer. He took first honors in pole vault, broad jump and both hurdles, and won second in the 100-yard dash. Smith won the shot and hammer events for Oregon, breaking the state record, which he held. His best throw today measured 137 feet 3 inches. Fields, Washington, was slated to win the

ADVANTAGES

Of Spring and Summer Treatment in Catarrhal Affections—Its Supreme Importance to Those With Enfeebled Constitutions, Weak Lungs and a Tendency to Consumption.

The lesson to those with enfeebled constitutions, weak lungs or a tendency to bronchial trouble or consumption, of the vital importance that Spring and Summer offer them. The best teaching is the teaching that will save the most lives. And this lesson to those with the slightest predisposition to consumption will save more lives than any that can be taught. In the Spring and Summer catarrh may be more speedily cured; with Nature helping the work, the result is more certain; after the cure, the constitution resumes its normal condition more quickly; those so feeble, that they should not even expose themselves to the weather, may find the Winter may visit the office, and are helped in the progress of treatment, rather than injured by the exposure to outdoor air. It is then during the Spring and Summer that catarrh in its early stages, involving maybe the nasal passages and throat and vocal cords and windpipe, may be most speedily cured, and the danger of its extension into the deeper part of the bronchial tubes and lungs averted. It is then only during the Spring and Summer months that those more desperate cases involving the lungs themselves may be treated with any hope. One month of Summer treatment is worth two months of the most careful Winter treatment, and if all who suffer from catarrh were wise enough to devote a little of the Summer to treatment there would be few cases of catarrh to treat; cases of deafness would become rare; head noises a curiosity, and chronic coughs and consumption would be reduced to a minimum.

Treatment That Cures Stomach Disease, Catarrh and Deafness

Mr. E. M. Foudraz, residing at 322 East Davis street, Portland, and employed by the Grattan & Knight Manufacturing Company: My trouble came on about two years ago, and soon developed into a bad case of catarrh, affecting the head, throat, ears and stomach. In fact, the entire system seemed affected, and my general health failed rapidly. I had headache the entire time, and my nose was so stopped up I could scarcely breathe through it. The throat was dry and raw, and when I had a little cold the tonsils would swell and become inflamed. I had an aggravating morning cough and tickling in the throat. My sense of taste and smell were entirely lost. I soon began to have ringing and buzzing noises in the ears, and

and treatment to all who suffer as I did.

Mr. Robt. Allen, Cornelius, Oregon: I took treatment at the Copeland Institute for a bad case of nasal catarrh. My nose was continually stopped up, and I was always hacking and spitting. When I finished my course there was no sign of catarrh. I was thoroughly cured.

Mr. Peter Van der Zander, Thatcher, Washington County, Oregon: I suffered with catarrh of the head, throat and stomach for many years. I coughed constantly. Everything I ate caused me great distress. Until my treatment with Drs. Copeland and Montgomery I got no relief. They cured me.

Mrs. W. M. Moffit, Kentwood, Portland: I am glad to make known how much I have been benefited by Dr. Copeland & Montgomery's treatment. Formerly my head was stopped up so I could hardly breathe. There was a ringing and buzzing in the right ear, and the hearing was very dull. Now my health is perfect.

AVOID CURE-ALLS.

In Catarrh, as in other maladies, avoid blind doctoring by patent cure-alls. Get individual treatment for your individual ailment at the Copeland Institute.

HOME TREATMENT.

If you cannot visit the office, mark the following list of symptoms, mail them to Dr. Copeland and he will give you a full and complete diagnosis of your case free of charge:

- "Is your nose stopped up?" "Is your sleep with mouth wide open?" "Is there pain in front of head?" "Is your throat dry or sore?" "Have you a bad taste in the morning?" "Do you cough?" "Do you cough worse at night?" "Is your tongue coated?" "Is your appetite falling?" "Is there pain after eating?" "Are you light-headed?" "When you get up suddenly are you dizzy?" "Do you have hot flashes?" "Do you have liver troubles?" "Do your kidneys trouble you?" "Do you have pains in back or under shoulder-blades?" "Do you wake up tired and out of sorts?" "Is your strength falling?"

THE TROUBLE AT WEST POINT

Cadets Will Accept the Findings of the Court-Martial.

NEW YORK, May 20.—A prominent member of one of the upper classes at the United States Military Academy is quoted in a dispatch from West Point to the Herald as saying:

"No matter what may be the finding of the court-martial, even if the general imposed an unusually severe one, there will be no demonstration on the part of the cadets. The boys understand that their efforts can avail them nothing, and so they must merely stand aside and wait for results."

This utterance was regarding the attitude of the cadet corps toward the investigation instituted as a result of the recent demonstration against Colonel Mills on account of his disciplining a cadet officer. There is complete ignorance among the students as to the result of the investigation. No fewer than 25 of the corps were summoned before the commission of inquiry, and every man was pledged to secrecy. Nevertheless reports have been freely circulated that five men, among the most prominent in the academy, have been found guilty, and that the Secretary of War has passed upon the findings.

According to the World the trouble grew out of what the cadets term as a breach of faith on the part of Colonel Mills. They declare that in order to induce them to adopt resolutions abolishing the severe forms of hazing, such as branding, rat-funerals, etc. Almost immediately the cadets allege Colonel Mills began to punish them for doing the minor things which they had understood he would tolerate.

BALL CHAMPIONS HERE

PORTLAND NINE HAD THE BEST OF IT IN WASHINGTON.

Victory Won More Than Once in the Last Inning—First Game Tomorrow.

Table with columns: Team, Won, Lost, P. Ct. Portland 5, 2, .714; Tacoma 5, 6, .455; Spokane 4, 8, .333

The Portland professional baseball nine returned yesterday morning from their campaign in Washington, with the proud record of having invaded the territory of the enemy and having won victories in eight of the eleven games played. The only games of the three weeks' series lost were one to Spokane, and two to Seattle. The home team will open the season here tomorrow with Spokane, tackling Seattle the following week, and then meeting the Tacoma Tigers, whom they so successfully tamed in a series that was a "heart-breaker," according to the testimony of the Portland players.

"The results of the games were in doubt up to the very last minute," said Manager Thatcher and Captain Jack Grim, "and Portland in two of the games pulled out the victory in the ninth inning. In the first game with Tacoma, neither team scored up to the eighth inning, when Tacoma forced one run across the plate. In the ninth we pulled out the game, when two men were out. Anderson's two-bagger and Tinker's single sent two men across the plate, and we won, 2 to 1. This was the second errorless game that the team played, the other being with Spokane.

"In the second with Tacoma we again snatched out a victory in the ninth inning. Tacoma had tied the score, 5-5 in the eighth. Brown's two-bagger in the ninth, with two men on bases and two men out, saved us the game, 6-5. "The third game was also critical up to the time the last man went to the bat. We led Tacoma up to the eighth, when they tied the score, 5-5. We scored our winning run in the eighth. In the ninth Tacoma bled the bases, but was unable to score. I give this as an illustration of the character of baseball that the teams in the league are playing. Our team is in good shape for the home series, except Muller, who has a strained back, and all the boys are in good spirits. All they need is good support from the home people, which is what all the Washington nines are getting.

"Talk about enthusiasm, Tacoma is the best baseball town I ever saw. Sunday in the stadium was a wonderful sight. We were raining hard, and the grounds were a sea of mud and slush. We waited for it to clear up until 2:30, and then started out to the grounds. Not getting a car we walked. The people on the streets would call out: 'Is there going to be a game? Sure.' I would answer, and you would have seen the people form in line back of us. When we got out to the grounds, the home team was leaving, and the smiling Jack Hewitt, the president of the nine, had given up hope and gone home. There were no ticket-sellers, and we sold cards for admission tickets. We started the game in the slush, and it turned out to be one of the most exciting we played, and there were 1500 enthusiasts there to see it.

"Spokane has taken steps to strengthen its team in the weak spots, and will make any nine in the league play ball to win. They have signed Glendon, the Chicago National League pitcher; Swindella, the crack catcher of the Montana league, who is now in Portland, and they have a new manager in Billy Bottens, the star Buffalo first-baseman. Seattle also has a fine set of hustling baseball players that will hold their own in the league. McCloskey has a good lot of men, but has hard luck with his cripples. When his nine gets in shape, it will take hustling to keep them from winning."

All of the nine were out to the baseball park at the twenty-fourth and Vaughn streets, yesterday afternoon, being assigned to lockers in the clubhouse, and watching the men at work on the diamond. Today they will do some light practice for Wednesday's game.

AMERICAN LEAGUE.

Soldiers Played Ball.

FORT STEVENS, Wash., May 20.—A very interesting baseball game was played yesterday by Companies 34 and 35, stationed at the post. The final score was 12 to 8 in favor of Company 34. The game was very closely played, and the main features were running catches by Wright and Thomason. Company 35 was weak in batting, and its fielding was poor.

Centralia Won From Olympia.

CENTRALIA, Wash., May 20.—In the game of baseball played here yesterday afternoon between the Olympia and Centralia nines, Centralia won by a score of 13 to 1. Nine innings were played, and the victory was an easy one for Centralia. A large number of people watched the game.

J. Hamilton Lewis' Views.

NEW YORK, May 20.—The Herald quotes J. Hamilton Lewis, ex-member of Congress from the State of Washington, as saying at a hotel here: "Democrats of the Northwest favor David Bennett Hill, of New York, as the next candidate for President, and Tom L. Johnson, of Ohio, as the nominee for Vice-President, in my opinion. Mr. Bryan has told me that he is not a candidate for the Presidency, and does not desire to be considered as such. I believe that the main issue of the next campaign will be the tariff. Practical free trade is the only possible solution of the great industrial revolution which is now impending."

St. Joseph Linemen Strike.

ST. JOSEPH, Mo., May 20.—Every lineman in St. Joseph who is a member of the International Brotherhood of Electrical Workers is on strike for an increase of wages from \$25 to \$25 10 per day and a reduction of hours from 10 to 8.

discus throw, but Wagner, the Oregon football center, tossed it out 191 feet 5/8 inches, winning first place easily, and breaking the college record. Hurdles were easy for Heater, Caulkins, the much-talked-of Washington man, being badly distanced in both events. Caulkins redeemed himself in the high jump, however, by winning from Knox of Oregon, who was not in the best of form.

One of the prettiest races of the day was the mile run. The Washington men were confident of winning first place, and their runners led off at a merry clip, setting the pace for three-fourths of the distance. As the bunch turned down the long home stretch in the last lap, Poley, an Oregon freshman, began to pull away, and opened up a gap of more than 25 yards, which he kept all the way to the tape, finishing in the fast time of 4:50 1/4. The Webfoot rooters went wild, for it was generally thought that Washington would carry off the plum in that event.

For the Evergreen men, Joe Pearson was the hero of the day. He came home first in three sprints, and also ran the quarter in the relay race, which his team won in the fast time of 3 minutes 35 seconds. Payne pressed Pearson closely in both the 220 and 440-yard runs, winning third place in the former, and second in the latter. Payne's work in the half-mile run, which was pulled off on Saturday, was one of the grittiest exhibitions ever seen here. Pearson is but 16 years old, and this is his first year on the track. He has great possibilities as an athlete.

Owing to recent rains the track was heavy, so that the men on both teams did not come up to their best records, although fast time was made in some of the events. A fair-sized crowd witnessed the sports, and the best of feeling prevailed on both sides. The Oregon rooters were generous in their applause, and the visitors felt that they have been well treated. The athletic victory, following closely the hearts of the University of Oregon students, and the university town is wild with joy.

Summary of Events.

The following is a summary of the events, including three that were pulled off Saturday: 100-yard dash—Won by Joe Pearson, Washington; second, Heater, Oregon; third, Lewis, Oregon; time 1:0 1/2 seconds. 220-yard dash—Won by J. Pearson, Washington; second, Chestnut, Washington; third, Payne, Oregon; time, 2:1 1/2 seconds. 440-yard dash—Won by Joe Pearson, Washington; second, Payne, Oregon; third, Chestnut, Washington; time, 51 3/4 seconds. 880-yard run—Won by Payne, Oregon; second, Boyce, Washington; third, Boetzkes, Washington; time, 2:08. Mile run—Won by Poley, Oregon; second, Twichel, Washington; third, Boetzkes, Washington; time, 4:50 1/4. 120-yard hurdle—Won by Heater, Oregon; second, Caulkins, Washington; third, Hill, Washington; time, 1:45 1/2 seconds. 220-yard hurdle—Won by Heater, Oregon; second, Hill, Washington; third, Caulkins, Washington; time, 2:1 1/2 seconds. Mile relay—Won by Washington; time, 3 minutes and 35 seconds. Chestnut, Pearson, E. Pearson and Boetzkes ran for the winning team, and Thayer, Tott, Russell and Payne for Oregon. High jump—Won by Caulkins, Washington. Tott and Knox, both of Oregon tied for second place. Best jump, 5 feet 6 inches. Broad jump—Won by Heater, Oregon; second, Caulkins, Washington; third, Hill, Washington; best jump, 2 feet 7 1/2 inches. Pole vault—Won by Heater, Oregon; second, Tott, Oregon; third, Thayer, and Lindig, Washington, tied for third place; distance, 10 feet 1 inch. Hammer-throw—Won by Smith, Oregon; second, Wagner, Oregon; third, Field, Washington; distance, 127 feet 9 inches. Shot put—Won by Smith, Oregon; second, Wagner, Oregon; third, Thayer, Washington; distance, 36 feet 10 1/2 inches. Discus throw—Won by Wagner, Oregon; second, Field, Washington; third, Thayer, Washington; distance, 101 feet 3/4 inches. Final score—Oregon, 66 1/2; Washington, 55 1/2.

Colored Preacher Suspended.

NEW YORK, May 20.—It has been announced in the Bridge-Street, M. E. Church, of Brooklyn, that Bishop Derrick has suspended the Rev. H. C. C. Astwood, of that church, pending trial by the Philadelphia conference, which will meet in Harrisburg on Wednesday. The charges are behavior in a manner unbecom-

mainfall, though hoisted for the first time, seemed to set to perfection, better even than the mainsail of Shamrock I. When the Erin gave the signal to start the challenger, as usual, was kept in hand. She followed the Shamrock I. about three lengths astern, but a length to the windward. In a fine fresh breeze the boats heeled well over to the press of their enormous sails, making great progress. The first tack was to starboard and they fetched along 10 or 15 minutes, both lying equally close to the wind and apparently footing at about the same speed. The Shamrock I tacked and the challenger also came round under her weather quarter. The challenger then pulled up and the yachts fetched along, beam to beam, in a long fast leg towards the island shore. When they next went about they were still close together, but as they hove about at different times there was considerable gap. As they stood off again, a northeasterly direction at this time, half an hour from the start, the boats appeared to be practically on the same footing as when they started. Neither had secured an appreciable advantage.

Turning at the weather mark the boats started sheets and reached along the wind for an island horn breeze. Soon after they jibed around the Erin, still in close company, but with the Shamrock II. leading. The boats went over with sheets well out for a broad and easy reach for the line when they started. The challenger held her lead on this point of sailing and was first to cross the line. The time at the finish of the triangular course of about seven miles was as follows: Shamrock II., 4 hours, 4 minutes, 40 seconds. Shamrock I., 4 hours, 5 minutes, 25 seconds.

The course gave them a fair test in beating to windward and reaching free. For the purpose of testing the yachts down the wind, boats were squared away and spinners were set for a finishing trial before the wind from the Nab Lightship to Southampton water. The Shamrock II. continued to hold the lead, which she had gained over the triangular course. The wind was fairly steady when they started the running trial and the challenger drew away in excellent fashion. On the start run from the Nab to the Warner Lightship she gained more than a couple of minutes and passed the Warner, leading by 3 minutes and 4 seconds. From there home the wind was soft and catchesy and the gap was repeatedly closed and opened as they ran for their moorings.

Pan-American Congress May Fail.

NEW YORK, May 20.—Peru has officially notified the United States, says a Herald dispatch from Washington, that she will decline to participate in the Pan-American Congress, to be held in the City of Mexico, if arbitration, one of the subjects to be discussed, be limited to "future questions." Argentina and Bolivia which are in sympathy with the Peruvian policy with respect to the Provinces of Tacna and Arica, in dispute with Chile, were approached by Peru, it is understood, before she communicated her decision to this Government. The withdrawal of these two countries, as well as that of Peru, is a strong probability, and the failure of the congress is growing more likely.
