SHAMROCK I AGAIN WON

OUTSAILED CHALLENGER BY FIVE MINUTES.

Most of Experts Think Shamrock II Could Have Come Out Ahead Had It Been Desired.

RYDE, May 21.—The trial of Shamrock II and Shamrock I today was, in many respects, the most puzzling that has yet taken place. Instead of throwing additional light upon the abilities of the Challenger, today's race makes it more difficult than ever to estimate her speed. On the stretch from Cowes to the Silkiker, they had an interesting struggle under full racing canvas, with the skippers at the helm. Officially, racing had not commenced, but the skippers were apparently having a trial between themselves and snatching every advantage. The Shamrock II was a good half-mile to the leeward when they started, but in the five miles between the anchorage and the Silkiker she closed up the whole of this big gap. After threatening to go through the weather, Shamrock II had to be thrown into the wind and held all aback, while Captain Wringe sailed the Shamrock I boldly across his bows in the wrong tack. The keenness of the contest was shown by the fact that Captain Wringe tried this bluff, for had Captain Sycamore held on there would probably have been a disastrous collision. For the first five miles of the course the new yacht did equally well, opening out on every tack, then suddenly falling off instead of gaining. The new yacht lost on every tack. The explanation given by those on board is that the bobstay weakened and spilled the headsails and forsailes, but it is strange, if an imperceptible difference in the trim of her sails made so much difference in her sailing. However as it was, the old boat turned the weather mark nearly three minutes ahead, and went off down the wind at a great pace. Then came another surprise for the Challenger and when they finished at Nab lightship the times were:

Shamrock I, two hours, six minutes and 12 seconds; Shamrock II, two hours, 11 minutes and 19 seconds.

The opinion of most of the experts who witnessed the race was that had it been desired that the Shamrock II should win, she could easily have done so.

The race was over a course as nearly as possible similar to the windward and leeward course of the contests for the America's cup. Starting from No Man Fort, the course was laid 15 miles to windward and return. A moderate varying breeze of seven to 12 knots was blowing, and the water was smooth.

The Erin was awaiting the boats at No Man Fort, and started after Shamrock II came around ahead of Fife's boat, and, immediately after the signal was given, led her out to a fine start, having an advantage of probably half a minute. They went off beating to windward on short tacks, with the challenger pointing rather the better, going fast and increasing her lead a little on every tack. The wind hauled around a little southerly, but held fair and steady, and the racers slipped along smoothly and fast. The weather conditions were such, however, as to raise doubts if they could finish the 30-mile course within the five and one-half hours allowed in cup matches. The conditions seemed to suit the Challenger admirably. She pointed higher and footed faster than the old boat, and gradually edged out to windward and went ahead. Once clear of the island point they had a few cross tacks in shore, and Shamrock I dropped into the wake of the leader as they fetched off.

As the boats beat out to the weather mark they found a fresher wind and more sea, but the Challenger seemed to have found her true form and kept pulling away in excellent fashion. There was a big gap between them, as they turned the weather mark. Booms were then run off to port and spinnakers were set to starboard as the yachts started, dead before the wind, on the long run back to No Man Fort. Going free, the Shamrock I proved again that she is the better boat on this point of sailing than the Challenger. Getting out first and last, a freshening wind, she ran upon the Watson boat and keeping wide of her wake, ran into first place, showing a remarkable turn of speed. The Challenger once more showed that down the wind is her weakest point. Spinnakers were lowered as they passed the Nab lightship, and the yachts reached free for home in an unchanged position.

The times at a mark off the end of the island were as follows:

	H.	M.	S.
Shamrock II	12	34	10
Shamrock I	12	36	2

This showed nearly two minutes gain for the challenger in an hour's sailing, and part of the time Shamrock II sailed with a jib topsail and looked as though she had the whole game in hand.

King Will Witness Today's Race.

RYDE, May 21.—King Edward will witness tomorrow's race between the two Shamrocks.

TRIAL OF CONSTITUTION.

Cup Defender Acquitted Herself Most Satisfactorily.

BRISTOL, R. I., May 21.—Up and down Narragansett Bay today the cup defender Constitution was put through her first paces and acquitted herself, as Mr. Duncan, her manager, said, most satisfactorily.

Starting out this forenoon in a dying-out westerly breeze, she showed herself an excellent drifter, while in the afternoon a fine southwester sent her scudding about the bay in a lively fashion with little fuss and scarcely any feathery foam under her smooth bow or in her clean wake. Every point of sailing was tried. She was hauled flat on the wind, thrown about half a dozen times, given a good broad reach, and finally sent home before the wind with her boom off to port, and at no time did she act listless or show any lack of speed.

It was a builder's trial and confined to six or seven miles of deep water below Bristol harbor, no attempt being made to show her off to the Newport colony, but merely to give her designer a chance to see that she was all that he meant her to be, and in every respect she equaled his expectations. The yacht has not yet been turned over to her owners, as there is still some light work to be done on some of the rigging and inside. It is probable that she will formally be placed in commission at Newport late in the week.

A critical analysis of the boat is that she is well balanced and well rigged, but her sails need improvement. As to her speed, it is too early to draw any conclusion.

THE RUNNING RACES.

At St. Louis.

ST. LOUIS, May 21.—Fair Grounds summary:

Four and a half furlongs—Talpa won; Okla, second; Miss Endine, third. Time, 0:55.

Seven furlongs—Sue Johnson, won; Harry Pulliam, second; Col. Gay, third. Time, 1:28¾.

Five furlongs, purse—Father Wentker, won; Leekutter, second; Wyeth, third. Time, 1:03¼.

One mile, selling—Sarner won; Albert F. Dewey, second; Farmer Bennett, third. Time, 1:42.

One mile and 20 yards, purse—Petit Maitre, won; Ida Ledford, second; Irish Jewell, third. Time, 1:43½.

Six furlongs, selling—Jake Weber, won; Horseshoe Tobacco, second; Sam Lazarus, third. Time, 1:15.

At Oakland.

SAN FRANCISCO, May 21.—Ransch again carried off the honors at Oakland today by riding three winners. The track was still muddy, but the public picked the winners, four favorites getting to the wire in front. The victory of Montelland, in the last race, at 12 to 1, came as a surprise. Formero, the favorite, failed to show any speed. Tomorrow will be Butchers' day at the track, and the races will not be under the auspices of the California Jockey Club. There will be regular events in addition to the harness and novelty races. Results:

Futurity course, selling—Barney F., won; Dr. Nembula, second; Mike Rice, third. Time, 1:14.

One mile, selling—Reydare, won; The Gaffer, second; Follow Me, third. Time, 1:47¼.

Four furlongs—Rory Ough, won; Coal Oil Johnny, second; Glendenning, third. Time, 0:49¾.

Six furlongs, free handicap—Good Hope, won; Articulate, second; Flatterer, third. Time, 1:16½.

Six and a half furlongs—Ostler Joe, won; DeCoy, second; Wallenstein, third. Time, 1:24½.

One mile and 100 yards—Montallade, won; Pat Morrissey, second; Rio Chico, third. Time, 1:51.

At Latonia.

CINCINNATI, O., May 21.—Mud and rain spoiled the day at Latonia today, and the Oaks, always a great race at this track, was devoid of interest. It was worth $3420 to the winner, and was won easily by Lady Schorr, Fancywood being the only other contender. Summaries:

Six furlongs—Troubaline, won; Auchendrayne, second; Casava, third. Time, 1:19¼.

Five furlongs—Our Jessie, won; Golden Glitter, second; Carmaid, third. Time, 1:06¾.

One mile—Grandon, won; Janowood, second; Gawain, third. Time, 1:47½.

The Latonia Oaks, one and a quarter miles—Lady Schorr, won; Fancywood, second. Time, 2:19¼. Two starters.

Five furlongs—South Trimble, won; Owenton, second; Jaubert, third. Time, 1:05.

Six furlongs—Ethel Davis, won; Uldine, second; Opera Girl, third. Time, 1:20¾.

At Morris Park.

NEW YORK, May 21.—Morris Park summary:

Six furlongs, selling—Barbara Fritchie, won; Oliver Mac, second; Snark, third. Time, 1:13¼.

Four and a half furlongs, selling—O'Hagen, won; Red Damsel, second; Fonsoluca, third. Time, 0:54.

Seven furlongs—Petra II won; Katherine, second; Glen Nellie, third. Time, 1:29¾.

Pocahantic handicap, one and one-sixteenth miles—Blues won; The Rhymer, second; Gautama, third. Time, 1:47¼.

The Amateur Cup, one mile selling—Ten Candles, won; Seminole, second; Dolando, third. Time, 1:46.

At Worth.

CHICAGO, May 21.—Worth summary:

Six furlongs—Hampshire, won; Avator, second; Dick Furber, third. Time, 1:20 3-5.

Six furlongs—Braw Lad, won; You Dare, second; Myra Morella, third. Time, 1:18¾.

Five furlongs, selling—Minerva, won; Yank, second; Haydon, third. Time, 1:05 2-5.

One mile, purse—Caviar, won; Ohnet, second; Boney Boy, third. Time, 1:45½.

One mile and 70 yards—Knight Bannerett, won; Flaneur, second; Sunro, third. Time, 1:52 4-5.

At Newport.

CINCINNATI, May 21.—Newport summaries:

First race six furlongs—Nancy Till, won; Corialis, second; Chemisette, third. Time, 1:17.

Five furlongs—Wedding March, won; El Giva, second; Rose of Red, third. Time, 1:03½.

One mile—Eous, won; Allswell, second; Dr. Black, third. Time, 1:46½.

Six furlongs—Unsightly, won; K. J. T., second; Canrobert, third. Time, 1:17¾.

NATIONAL LEAGUE.

New York Wins Its Seventh Consecutive Game.

NEW YORK, May 21.—Matthewson succeeded in winning his seventh consecutive game today. The Pittsburgs were shut out until the ninth inning, when it looked dubious for the college man. He never lost his nerve, however. Attendance, 6800. The score:

	R	H	E		R	H	E
New York	2	7	2	Pittsburg	1	6	2

Batteries—Matthewson, Smith and Bowerman; Phillipi and O'Connor. Umpire—Zimmer and Warner.

Cincinnati Beat Boston.

BOSTON, May 21.—Cincinnati won easily today by superior stick work and Phillips' good pitching. Bergen played a star game. Attendance, 2500. The score:

	R	H	E		R	H	E
Boston	1	4	3	Cincinnati	4	9	2

Batteries—Dineen and Kittredge; Phillips and Bergen. Umpire—O'Day.

Philadelphia Beat Chicago.

PHILADELPHIA, May 21.—The home team defeated Chicago today in an interesting game. Both pitchers twirled good ball. Attendance, 2295. The score:

	R	H	E		R	H	E
Chicago	3	11	2	Philadelphia	5	9	1

Batteries—Hughes and Kiling; Orth and Douglass. Umpire—Dwyer.

St. Louis Beat Brooklyn.

BROOKLYN, May 21.—A muff by McCreery gave the visitors their start in the third inning of the game with Brooklyn. Harper was taken out in the fifth. Two games will be played tomorrow. Attendance, 1900. The score:

	R	H	E		R	H	E
St. Louis	11	14	2	Brooklyn	5	13	4

Batteries—Harper, Powell and Nichols; McCann, Kennedy and McGuire. Umpire—Emslie.

CHICAGO SELECTED.

Olympian Games, Three Years Hence, Will Be Held There.

PARIS, May 21.—The committee having in charge the quadrennial Olympian games at the Automobile Club today selected Chicago as the place for holding the contests in 1904. Chicago was chosen unanimously. Henry Breal presented Chicago's claim. Count Penaloza urged the claim of St. Louis. Baron Couberty presided. The meeting was brief, as the choice of Chicago was a foregone conclusion. Baron Couberty said to the correspondent of the Associated Press:

"Chicago well deserves to be the scene of the next Olympian games in view of the enterprise shown by her citizens, and the efforts put forth by her university. There is every promise that there will be a great gathering in 1904 in view of the enormous subscription being raised. St. Louis had excellent claims, especially in view of its exposition, but they were overshadowed by the advantages offered by Chicago."

USED MACARTHUR'S NAME

CIVILIAN CLERK AT MANILA CHARGED WITH FORGERY.

Was Employed in Adjutant-General's Office—Insurgents Made Unsuccessful Attack.

MANILA, May 21.—E. C. Lawrence, formerly a private in the Thirty-third Volunteer Infantry, and afterward employed as a civilian clerk in the Adjutant-General's office at Manila, has been accused of forging the signature of Captain Slavens, the insular disbursing officer, to certain checks purporting to be payable to General MacArthur. On the backs of the checks were forged indorsements of General MacArthur to General Shafter and to E. C. Lawrence. Two of these checks of $200 each have been cashed at San Francisco, but another negotiated at St. Louis has been returned to Manila and pronounced spurious by Captain Slavens. Lawrence is suspected of other forgeries.

The insurgents today made an unsuccessful attack upon the village of Nacarlan, in Laguna Province. A private in the Eighth Infantry was killed in the engagement.

The official report of the recent engagement near Pasacoa, in South Camarines Province, says that three American soldiers were killed, and one native scout captured.

General MacArthur has ordered reports from all the civil departments preparatory to his own final report.

The commission has prepared a bill to create a new weather bureau. This bill practically continues and subsidizes the present eJsuit observatory in Manila. This bureau has always been competently administered and was supported by the Spanish Government and later financially assisted by the American military authorities. The professor in charge of this bureau will be appointed the new director thereof at a salary of $2500 a year. The director will make all appointments to the auxiliary weather bureaus throughout the archipelago, subject to the civil service regulations.

LIST OF CASUALTIES.

Report of General MacArthur to War Department.

WASHINGTON, May 21.—General MacArthur, at Manila, has cabled the following list of casualties to the War Department:

Dysentery, April 23, Company A, First Infantry, George Wilkinson; April 27, Company H, Sixth Infantry; John J. Whelan, May 1, Company H, Eighth Infantry, Robert H. McGaskey; May 15, Company I, Eighth Infantry, John Naughton.

Typhoid fever—May 3, Company H, Signal Corps, Sergeant James J. O'Donnell.

Drowned, bodies not recovered, May 15, Company F, Tenth Cavalry, Sergeant Walter W. Board, Shelley Moran.

All other causes, April 26, Company D, Twenty-seventh Infantry, Corporal W. E. Hall; May 4, Company H, Eighteenth Infantry, George Heeb; May 22, Company F, Forty-third Infantry, Charles E. Minard; May 8, Company L, Third Infantry, Edward W. Hockley; May 12, Company I, Fourth Cavalry, Corporal H. P. Sullivan; April 26, Company C, Twenty-seventh Infantry, Sergeant William G. Moreland; May 8, Company A, Twenty-eighth Infantry, Edward Roxbury; April 30, Company M, Fifth Cavalry, Jacob Bueschel.

General MacArthur also reports the transport Thomas' arrival at Manila.

Volunteers Start for Home.

WASHINGTON, May 21.—A cablegram from Manila announces that the Hancock, Buford and Aztec sailed Saturday with volunteers. The Logan, Kilpatrick and Ohio will sail not later than May 30, and the Grant and Thomas will return as soon as they arrive in Manila and can be loaded. The cable announcing the departure of the troops is as follows:

"Transport Hancock, 31 officers, 1042 enlisted men, Thirty-first Volunteer Infantry; transport Aztec, two officers, 62 enlisted men, Company H, Forty-second Volunteer Infantry; transport Buford, 21 officers, 910 enlisted men, Forty-first Volunteer Infantry, 225 remains sailed May 18, via Nagasaki."

EDISON'S NEW INVENTION.

His Storage Battery of Great Interest in Several Ways.

NEW YORK, May 21.—At the meeting of the American Institute of Electrical Engineers, held here tonight, Arthur E. Kennedy, ex-president of the institute, read a technical paper, on a new storage battery by Thomas A. Edison. From this report and from the discussion thereon by the members of the institute, it would seem that the new invention is of great interest scientifically, mechanically and chemically. It has as yet not been applied to commercial usages. Scientifically it promises to do much, and as Mr. Edison has tested his invention most thoroughly in his laboratory before the announcement this evening, there is the probability of its fulfilling the claims made in its behalf.

According to Dr. Kennedy's report, Edison claims that weight for weight, size and cost being equal, the new storage battery will do about two and one-half times as much as the present battery of commerce. As an illustration it is said that where an automobile will now run, say 50 miles, with the new Edison batteries the same vehicle will run about 125 miles. The cell and plates of this new battery are made of steel.

HAZARDOUS TRIP.

Boundary Commission Will Journey Down Rio Grande.

CHICAGO, May 21.—A special to the Chronicle from El Paso, Tex., says:

Representatives of the United States and Mexican Boundary Commission have just embarked on a voyage down the Rio Grande in three boats, to make observations and a more complete survey of the river. P. D. Cunningham, chief engineer of the United States Commission, is at the head of the expedition. The party proposes to follow the course of the river from El Paso to the Gulf of Mexico, a distance of nearly 1300 miles. It will require three months to make the trip, and for a distance of 600 miles all communication with the outside world will be cut off. The voyage is considered an extremely hazardous one, as in many places the river consists of dangerous rapids, and but little is known of its windings where it traverses the Grand Canyon.

Court Installs "Dry" Mayor.

TOPEKA, Kan., May 21.—The Supreme Court today reversed the decision of the District Court in the Topeka Mayoralty contest, and installed J. W. Hughes, the Republican and law-enforcement candidate, in the Mayor's chair. He has been holding the office since the election on a certificate issued by the old Council, and today's action by the Supreme Court makes the certificate legal. Tonight Mayor Hughes filled all the city appointive offices and the Council confirmed the nominations. Topeka is now entirely under the control of the "dry" element, and operations against the joints are expected at once.

Rear Admiral Schley Returns.

NEW YORK, May 21.—Rear Admiral Schley arrived here today on the Kaiser Wilhelm der Grosse, having hurried across the ocean on receipt of news that his son, Dr. Winfield Scott Schley, was ill. Dr. Schley, who has been suffering from blood-poisoning at St. Luke's Hospital, was reported today to be out of danger. In the afternoon Admiral Schley visited the hospital, where his son is being treated and remained with him two hours. When he came away he said he thought his visit had done Dr. Schley much good.

BOUGHT BY J. P. MORGAN.

Celebrated Collection of Art Curiosities of Paris Man.

NEW YORK, May 21.—According to a Herald dispatch from Paris, J. Pierpont Morgan has bought outright the celebrated collection of art curiosities gathered during the last 23 years by M. Mannheim, of Paris.

"It is perfectly correct," said Mr. Mannheim when told that the sale had been reported about Paris. He explained that Mr. Morgan asked to see the collection last year. At the time the owner was away from Paris and was unable to comply with his desire. This year he remembered the fact when he came back from Aix-les-Bains, and proposals were made through a mutual friend. The owner accepted the proposition. There has been no exchange of correspondence and no papers have been signed, but the purchase is considered by him as much a fact as though it had been concluded by a notary. The collection is composed of antiques, works of art, specimens of the middle ages and renaissance. There are 229 numbers, but Mr. Morgan's acquisition is somewhat larger, for he insisted on adding to his collection a magnificent service of Sevres porcelain and a white marble clock by Falconnel with an allegorical composition, three figures representing a youth leaning against the block that enclosed the works and also five white marble groups of figurines by the same sculptor. Owing to the custom duties levied by the United States, Mr. Morgan is not going to bring the new acquisition across the Atlantic. He will send them to South Kensington Museum, London, where they will remain until they can clear the United States customs without too heavy an imposition.

GIRLS HELD FIELD DAY.

Students of Vassar College Allowed No Men to Witness Contests.

POUGHKEEPSIE, N. Y., May 21.—A portion of the programme of the twice postponed field day at Vassar College was given this afternoon, when the weather for the first time was propitious. No men were admitted to witness the games, except the faculty. The girls wore blue blouses and bloomers and black stockings. Two college records were broken this afternoon. The former records were the standing broad jump, 7 feet 1 inch, by Margaret Calhoun, 1901, and throwing the baseball, 170 feet, 3 inches, made by Emma Bradley, 1901. In the standing broad jump today, Miss D. E. Merrill, 1902, broke the record by scoring 7 feet 4 inches, and Julia B. Lockwood, 1901, did the same thing with the baseball record, throwing the ball 173 feet 6 inches. The winners of the events today follow:

Fifty-yard dash, Miss A. S. Woods, '07; fence vault, Miss D. E. Merrill, Brooklyn, 4 feet 8¾ inches; standing broad jump, Miss D. E. Merrill, 7 feet 4 inches; throwing the baseball, Miss J. Lockwood, Norwalk, Conn., 173 feet 6 inches.

THE CUBAN CONVENTION.

Names Withdrawn From Report Against Platt Amendment.

HAVANA, May 21.—At today's session of the Cuban Constitutional convenors, Senors Gualberto Gomez and Silvela, withdrew the minority report of the committee on relation, and substituted for it the old majority report of the committee, which was drawn up before the committee went to Washington, and was signed by Senors Gualberto Gomez, Silvela and Villuendas, but which was never acted upon by the convention because it was a rejection of the Platt amendment, particularly in respect of the right of intervention and the coaling stations. Senor Villuendas asked that his name be stricken off the old report, thus making it the report of the minority, and declared that he now favored the majority report already before the convention. The convention adjourned without reaching a vote.

WAREHOUSE BURNED.

Northern Pacific Railroad Suffers Loss of $100,000.

GLENDIVE, Mont., May 21.—The Nothern Pacific Company's large warehouse in which was stored 50,000 pounds of wool, tools and supplies, caught fire tonight, presumably from a locomotive spark, and was destroyed, together with a two-story residence and a large number of cedar and oak piles. Loss, $100,000.

Railroad Freight-House Burned.

WICHITA, Kan., May 21.—The Santa Fe freight-house, through an electric wire, caught fire tonight and burned to the ground. It was stored to its utmost capacity with freight. The loss cannot be definitely estimated, but it is said it will reach $60,000. Division headquarters which adjoined the freight-house, were saved by the heroic work of the firemen.

Colonel L. L. Bullock.

NEW YORK, May 21.—Colonel L. L. Bullock, a California pioneer of the early 50s, and formerly well-known in shipping circles on the Pacific Coast, died of heart disease at his residence in this city today, after a long illness, the end being hastened by an intervening attack of pneumonia.

Colonel Bullock was born in Sturbridge, Mass., in 1828. When 20 years old, with a few companions, he crossed the continent in an old stage coach. He was appointed Sheriff of Placer County, California, and later title and land commissioner of the state. At the outbreak of the war, he organized a regiment and went to the front as its Colonel, serving for two years. Then he went into shipping, and became the owner of several vessels plying to China and Australia. About 15 years ago he went to Washington, where he represented several Western iron works of San Francisco.

Tobacco Workers Protest.

NEW YORK, May 21.—The tobacco workers in Pinar del Rio Province, says a Tribune dispatch from Havana, are deluging Quesada and other members of the Cuban constitutional convention with protests against the reported intention of the War Department to admit Porto Rican tobacco into Cuba. Protests will be forwarded to Washington and also laid before the Havana commission which is revising the tariff. Pinar del Rio is the most pro-American of all the provinces and its delegates support the Platt amendment.

Large Price for Filly.

CLEVELAND, May 21.—Charles A. Winship, of Los Angeles, Cal., yesterday sold to J. C. McKinney, of Terrace farm, Titusville, Pa., the 3- and 5-year-old trotting mares ephyr and Velvet Rose for $10,600, Zephyr bringing the larger portion of this sum. This is the largest amount paid for a 3-year-old filly in years.

Acquitted by Jury.

EVANSVILLE, Ind., May 21.—The Coroner's jury in the case of John J. Jones, the merchant charged with the murder of Keane here Sunday morning, acquitted the defendant, agreeing that he acted in self-defense. Keane's wife was employed in Jones' store.

Thousands of Women Have Kidney Trouble and Never Suspect It

To Prove What the Great Kidney Remedy SWAMP-ROOT Will Do for YOU, Every Reader of "The Daily Oregonian" May Have a Sample Bottle FREE.

TO READERS OF THE DAILY OREGONIAN:

"About 18 months ago I had a very severe spell of sickness. I was extremely sick for three weeks, and when I finally was able to leave my bed I was left with excruciating pains in my back. My water at times looked very like coffee. I could pass but little at a time, and then only after suffering great pain. My physical condition was such that I had no strength and was all run down. The doctors said my kidneys were not affected, and while I

Did Not Know I Had Kidney Trouble,

I somehow felt certain that my kidneys were the cause of my trouble. My sister, Mrs. C. E. Littlefield, of Lynn, advised me to give Dr. Kilmer's Swamp-Root a trial. I procured a bottle, and inside of three days commenced to get relief. I followed up that bottle with another, and at the completion of this one found I was completely cured. My strength returned, and today I am as well as ever. My business is that of canvasser. I am on my feet a great deal of the time, and have to use much energy in getting around. My cure is therefore all the more remarkable, and is exceedingly gratifying to me."

Swamp-Root So Pleasant To Take.

"You have no idea how well I feel. I am satisfied that I do not need any more medicine, as I am in as good health as I ever was in my life." So says Mrs. Mary Engelhard, of 2835 Madison street, St. Louis, Mo., to a reporter of the St. Louis Globe-Democrat.

"For more than ten years I suffered with what the doctors termed female trouble; also heart trouble, with swelling of the feet and limbs. Last Summer I felt so badly that I thought I had not long to live. I consulted doctor after doctor and took their medicines, but felt no better. A friend recommended me to try Dr. Kilmer's Swamp-Root, and I must say I derived immense benefit almost from the first week. I continued the medicine, taking it regularly, and I am now in splendid health. The pains and aches have all gone. I have recommended Swamp-Root to all my friends, and told them what it has done for me. I will gladly answer any one who desires to write me regarding my case. I most heartily indorse Swamp-Root from every standpoint. There is such a pleasant taste to Swamp-Root, and it goes right to the weak spots and drives them out of the system."

Mrs Mary Engelhard

Made a New Woman of Me.

"During three years I was frequently attacked with severe spells of sickness; many of these sick spells kept me in bed, dangerously ill, from three weeks to three months under constant care of the best physicians of Kansas City. The doctors never told me I had anything the matter of my kidneys, but I did not know for sure.

"Some doctors pronounced my case gall-stones, and said I could not live without a surgical operation, to which I would never consent. A friend suggested I try Dr. Kilmer's Swamp-Root. I began to take Swamp-Root regularly, and when I had used only three fifty-cent bottles I felt fine and was able to do more work than I had done in four years. It has made a new woman of me. I have had only one slight attack since I began to take Swamp-Root, and that was caused by being drenched with rain and catching cold. Stomach trouble had bothered me for years, and had become chronic. I am now 44 years of age, and feel much younger than I did 10 years ago. I freely give this testimonial for the benefit of those who have suffered as I have."

Sample Bottle of Swamp-Root Sent Free.

If you have the slightest symptoms of kidney, liver or bladder trouble, or if there is a trace of it in your family history, send at once to Dr. Kilmer & Co., Binghamton, N. Y., who will gladly send you by mail, immediately, without cost to you, a sample bottle of the wonderful remedy, Swamp-Root, and a book containing many of the thousands upon thousands of testimonial letters received from men and women cured by Swamp-Root. In writing be sure to say that you read this generous offer in The Portland Daily Oregonian.

Women as Well as Men are Made Miserable by Kidney and Bladder Troubles.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. So when your kidneys are weak or out of order you can understand how quickly your entire body is affected, and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

Many women suffer untold misery because the nature of their disease is not correctly understood; in most cases they are led to believe that womb trouble or female weakness of some sort is responsible for their many ills, when in fact disordered kidneys are the chief cause of their distressing troubles.

Neuralgia, nervousness, headache, puffy or dark circles under the eyes, rheumatism, a dragging pain or dull ache in the back, weakness or bearing-down sensation, profuse or scanty supply of urine, with strong odor, frequent desire to pass it night or day, with scalding or burning sensation — these are all unmistakable signs of kidney and bladder trouble.

If there is any doubt in your mind as to your condition take from your urine on rising about four ounces, place it in a glass or bottle and let it stand 24 hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention.

Other symptoms showing that you need Swamp-Root are sleeplessness, dizziness, irregular heart, breathlessness, sallow, unhealthy complexion, plenty of ambition, but no strength.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves, because they recognize in it the greatest and most successful remedy that science has ever been able to compound.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular 50-cent and $1 bottles at the drug stores everywhere.

VERDICT IN AYERS' CASE

CORONER'S JURY HOLDS MRS. BONINE TO GRAND JURY.

Accused Refuses to Swear to Her Confession Regarding the Murder.

WASHINGTON, May 21.—The Coroner's jury, which has been investigating the murder of James Seymour Ayers, the young Census Office clerk, at the Hotel Kenmore, last Wednesday morning, today brought in the following verdict:

"James Seymour Ayres came to his death Wednesday, May 15, 1901, about the hour of 2 o'clock A. M., at the Hotel Kenmore, from a pistol shot wound in the chest. Further, that said shot was fired during a fatal conflict between said James Seymour Ayers and Lola Ida Henri Bonine. We, the Coroner's jury, hold Lola Ida Henri Bonine to the grand jury."

Before the jury rendered its verdict a number of witnesses were heard. An effort was made to show that Miss Minas could easily have heard voices through the door, which connected her room with that of Ayers, and that lights could have been seen through the cracks. Detectives Horne and Gordon testified to this effect, but Miss Minas declared that she saw no lights on the night of the shooting. She also testified that the cries she heard coming from Ayers' room were made by a man's and not by a woman's voice. She was positive that the voice was not that of Mrs. Bonine. This contradicts Mrs. Bonine, who, in her confession yesterday, said that she had uttered the only vocal sounds. Detective Horne's testimony concerning yesterday's confession was not materially different from the statement as given out. District Attorney Gould said that Mrs. Bonine had decided not to appear before the Coroner's jury.

The typewritten confession was taken to Mrs. Bonine today for the purpose of having her swear to it, as she was not under oath when she made the statement yesterday. Mrs. Bonine, after making the confession, had consulted a lawyer, and he advised her to avoid anything in the nature of assisting the prosecution. When the confession was presented to her, she positively refused to make the desired affidavit.

After the Coroner's jury had rendered the verdict, Mrs. Bonine was removed to the city jail.

EXPLOSION IN BANK.

Police Think It Was a Daring Attempt at Robbery.

CAMBRIDGE, Mass., May 21.—What the police believe was a daring attempt to rob the Cambridgeport National Bank of this city by the use of dynamite in broad daylight was revealed at 10:45 A. M. today by an explosion in the bank which blew out the side of the office, damaged other parts of the building, and in which Cashier William A. Roaf sustained a bad wound on the head.

If the explosion was a part of a plot to rob the bank, the plan failed, for nothing of value was taken from the place. It is thought from the force of the concussion and other evidences that dynamite was used, and that it may have been set off by a time fuse. The bank is in a four-story brick structure, in the business center of Cambridge. The shock of the explosion was felt for several blocks, but no damage was done outside of the bank building.
