seen there—and, consequently, it remains a virgin field for the introduction of United States agricultural implements. There are possibilities of introducing many of our products into this district. but none equal those for machinery. Our machines would meet with a cordial wel-come, for the United States is held in high respect by Austrian manufacturers." Consul Hossfeld says that is years ago whole cargoes of Bosnian prunes were shipped to New York. This export now not only has been reduced to almost nothing, but California prunes actually legation guard of one entrance to the Forbidden City, which the Germans consider a reflection upon their national honesty. Today's meeting of the Ministers of the powers was devoted to closing up details of business independent of the indemnity compete with the Bosnian product in Europe. The development of our leather goods in Southern Austria has been checked by high prices. It is a strange fact, he adds, that while the importation question, although the military author question, although the minitary author-ities of the various powers seem to con-sider a settlement in sight, as general prepayations are being made for the evac-uation of Pekin in the early future. Two German marine battalions have left for of American tanned kid skins is on the Increase, Importation of American sole leather is on the decrease. The Consul has been informed by a wholesale dealer in skins that he sells raw Austrian kid Tring Tau, and British troops have been ordered to leave. Count von Waldersee expects to leave about the middle of June. Emperor Kwang Hsu has instructed agents to prepare the palaces for occupaskins to United States tanners and at the same time buys from the same persons kid leather. In other words, Austrian skins are sent to America to be tanned and then returned to Austria. They pay freight, insurance and import duty, and

yet they compete successfully with the home-tanned article. A good market might be established in Austria, Consul Hozsfeld says, for American furniture, shoes, machinery, carriages, etc., if American manufactur-ers would open depots or send energetic

APPOINTMENTS ANNOUNCED.

one in the morning at Northmunster Church, and the other in the evening at Ollvet Church. Evangelical work and methods were discussed at a largely at-

tended meeting of the evangelist com-mittee in the afternoon in Witherspoon Hall. Rev. Hugh K. Walker, of Los An-According to the report, a number of the ship's crew went down into the passage-way leading to the saliroom, where the fire broke out, in the early morning, with the intention of getting a stream of water geles, was among the speakers. The debate on the revision of the Con-The dehate on the revision of the Con-fession of Faith, which took up the whole of three days last week, will be resumed tomorrow morning, and it is be-lieved some definite action will have been lieved some definite action will have been some definite action will have been invort learning that one of them had been taken, before the assembly adjourns for the day. Much comment has been made by the commissioners over the high charupon learning that one of them had been left behind unconscious, went below to his rescue; in spite of earnest entreaties from those on deck. union machinists. Since all union patternmakers and machinists are on striks and in a every new pattern from which a custing is to be made will be suspected of being the work of a non-union pattern-maker and will have to be finished by non-union machinists, the molders will refuse to bandle the castings. This is likely to lead to a strike of the molders, though the order for them to strike has not come from the international organization.

## Denver Labor Convention.

DENVER, May 2.-Nearly 300 delegates have arrived to take part in the annual convention of the Western Federation of Miners and the Western Labor Union, which opens here tomorrow morning. Rep which opens here tomorrow morning, Rep-resentatives from each state and terri-tory west of the Missouri River and from British Columbia are here. There are no matters of special importance to come before the meetings so far as announced.

## The Struggle at Cincinnati.

CINCINNATI, May 38 -- During the past week 17 small manufacturers out of the 70 shops in this city have signed the new scale demanded by the machinists, and 309 men have returned to work. There are still about 3000 machinists out and about the same number of laborers, apprentices, etc.

WHAT SHALL WE HAVE FOR DES-

SERT?

VANCOUVER, May 26.—The Fontelias defeated the Vancouver Athletic Club this afternoon in the series of the Pacific Amateur Beschall League. The scote was \$ to 6. Vancouver led up to the eighth, when the Fontelias made a batafter Miss Inc. and Fuller, a member of the company, went up stairs to the room of Miss Atkinson, and in passing Baucleigh's room she told him he had better go to bed, and is under the im-pression that he did so. A few minutes after Miss Incz Leonard had been seen ting rally netting three runs, which they followed up in the ninth with two runs more. The game was in doubt until the last man was called out. Vancouver ploking up a run in the ninth. Crawford t second for Vancouver, put up an ex-ellent game. Forsyth pitched an ef-cetive game, until found in the last two mings. Fleming, the Fontelia pitcher, to go up stairs, which was about 2:20 o'clock, Mr. D'Ormond, of the company, heard the report of a rifle and Miss at sec Leonard screamed out: was steady through the entire game, and scattered all the hits. The fielding of Rich Parrott was also a feature. The game was watched by a large crowd "Help, help, I am dying," and then another chot rang out. Mr. D'Ormond and Miss Fuller rushed up stairs and saw Miss Leonard in a stooping position in that was delighted at the heavy batting and close fielding by both sides. Joe Hutt umpired a good game and will play with Vancouver. a corner of the room. By this time the other members of the company rushed into the room and found Miss Leonard in a dying condition. She died without re-

the church against dismissal will ally themselves with the dismissalists against any radical amendments to the report. The sentiment for a declaratory statem as against a brief summary is growing, and it is believed that the final vote may come on these two issues.

It is not likely that the assembly will adjourn before Thursday. Rev. W. H. Roberts, the stated clerk, gave out the work before the assembly after the re-vision question is out of the way. After the present matter is disposed of, the proposition of the establishment of a the city are working nine hours a day; the machinists employed by 41 firms, numudicini commission will hold the attention of the assembly. Lines are sharply drawn on this matter, and it may delay some-what the final adjournment. A number of commissioners have returned to their

## SAVAGES OF MINDANAO.

## They Will Not Be Self-Governed Nor Held in Slavery.

DAPINTAN, Island of Mindanao, April 8.—For the past week, the United States Commission has been steaming around the

coasts of Mindanao, touching at its prin cipal ports to interview the leading in habitants gathered from the adjacent dis intricts. Two important points were settled, namely, that Mindanao shall not be ruled by local governments and that slav-ery shall be abolished. The commission-ers came to Mindanao with the intention of establishing several provincial gov-ernments, but they were not long in abandoning that intention. That much was soon decided at Zamboanga, and the further the commissioners penetrated in-to the country and the more familiar they become with the balancements of the became with the heterogeneous char-acter of its people, the more they were convinced of the unwisdom of attempting to apply any considerable meas.

workmen did not belong to the union, the compromise was accepted; 42 firms have not been affected by the strike because their machinists are thus far insufficiently organized to make a stand with any chance of success. Strikes will probably be ordered at some of the latter class of places should the union officials deem is practicable to take such action.
