

FOR THE BIG ROAD RACE

BICYCLE ASSOCIATION MAKES A CHANGE IN THE COURSE.

Many Entries and the List is Not Complete—Officers Named for the Contest.

A full meeting of the officers and directors of the Multnomah County Bicycle Association was held last night at the office of the president, R. C. Wright, and arrangements for the Decoration day road race were completed.

As revised, the course will be approximately 20 miles in length. The start will be on Thirty-fourth street, just south of Hawthorne avenue; thence south to the Section line road; thence east along the Section line past the reservoir, the Multnomah Hall and the hay scales, to the seven-mile post; thence south along the county road to the Base Line road; thence east again along the Base Line road to the 20-mile crossroad at Rockwood post-office; thence south along the county road to the Section line road; thence east along the Section line road to the finish line, which will be about opposite Third-fourth street. This will avoid all hills.

The following rules have been adopted for the race: No rider shall use bicycle paths. The race must begin at 10 A. M. No paces by riders on the start. Within 300 yards of finish no rider shall look back, and a rider in the lead must keep his position in the road, without veering to the right or left.

Wright; judges at the finish, A. B. McAlpin, Lanning Stout, Himecock, Dr. A. E. McKay, W. B. Fehelmer, E. J. Monk; starter, Frank J. Raley; clerk of the course, M. J. Lee; assistant clerks, R. E. TEST FOR YOURSELF

The Wonderful Curative Properties of Swamp-Root, the Great Kidney and Bladder Remedy.

To Prove What Swamp-Root Will Do for YOU, Every Reader of The Oregonian May Have a Sample Bottle Sent Free by Mail.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood; that is their work.

Therefore when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fall to its duty.

If you are sick or "feel badly," begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

Among the many famous cures of Swamp-Root investigated by The Oregonian, the one which we publish this week for the benefit of our readers is that of a man who writes: "I had been suffering severely from kidney trouble. All symptoms were present, such as backache, weakness, and I could hardly drag myself around. Even my mental capacity was giving out, and often I would die. It was then I saw an advertisement of yours in a New York paper, but I would not have paid attention to it, had it not promised a sworn statement of every bottle of your medicine. I bought a bottle, and it cured me. I am now well, and with a good conscience I can recommend Swamp-Root to all sufferers from kidney trouble. Four members of my family have been using Swamp-Root for four different years, and with the best results. Truly yours, ROBERT BEINER."

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering with kidney trouble is sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day, and at night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, jointed muscles; makes your head ache and back ache, causes indigestion, stomach and liver trouble; you get a yellow, yellow complexion, makes you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect helper and gentle aid to the kidneys that is known to medical science.

Many women suffer untold misery because the nature of their disease is not correctly understood; in most cases they are led to believe that womb trouble or female weakness of some sort is responsible for their many ills, when in fact disordered kidneys are the chief cause of their distressing troubles.

If there is any doubt in your mind as to whether you are suffering from kidney trouble, or if you are in rising about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If, on examination, it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere.

EDITORIAL NOTE—Swamp-Root, the great Kidney, Liver and Bladder remedy, is so remarkably successful that a special arrangement has been made by which all readers of The Oregonian, who have not already tried it, may have a sample bottle sent free by mail. Also a book telling all about kidney and bladder troubles and containing many testimonials from men and women cured by Swamp-Root. In writing be sure and mention reading this generous offer in The Portland Daily Oregonian, when sending your address to Dr. Kilmer & Co., Binghamton, N. Y.
