The long Mr. Weed shone yesterday on the baseball field as refulgently as the warm sun that beat down on the backs of the players. It was he that helped boost the score up until it stood, Portland Il, Seattle 2. Weed is the young man tha came home with the Portland baseball came home with the Portland basedan nine from its triumphal tour in Wash-ington with a list of base hits and two-baggers as long as his arm. He celebrated his arrival by breaking the hearts of the local fans last Sunday when the score was 1-0 in favor of Spokane, two men out, and three on bases by taking three out. and three on bases, by taking three futile swath at the nebulous atmosphere Yesterday Pitcher Brodie, of Seattle, forsook the usual policy of the opposing twiriers of planting a gentle inshoot in the small of the heavy hitter's back. Now he wishes that he had. Weed landed on the ball every time that he ame to but save once, when he larlly rotted to the first base bag with Umpire McDermott's kind permission. A lovely two-bagger and two well-planted singles and three runs scored, is the proud rec-ord of this hitting right fielder that strayed to Portland from California in ompany with Pitcher Ballsbury. In the fourth inning Seattle had a lead

of one run and the crowd that was over-flowing the bleachers and the field com-menced to be struck with the idea that something had to be done. Individual voices in resonant tones told the Port-and nine to do it, and they did it. Brown led off with a hit: Tinker sent him hustling to second on a sacrifice. Then the mighty Weed came up and did his duty. He scored the run that everyone was wanting by landing on Pitchet Brodie for a two-base hit to left. The crowd cheered. The fireworks were still smoking when Delsel, who had three times fanned the air industriously, took first on a parsed ball, and kept on run-ning to second. Catcher Prary com-menced throwing the ball all over the lot, and Weed scored. Mahaffey popped a foul to third. Salisbury reached first on Hodge's error. With Delsel he scored on Muller's long hit, which was clumsily fielded in left. Four runs! Four runs!

In the fifth, four runs, as near like them as peas in a pod were scored, only they were all earned. Brown started with his second two-bagger. He scored on Tin-ker's drive to center, the latter reaching second on the play, and stealing third.
Weed came up and scored Tinker. Detsel brought home Weed on a two-bagger,
Mahaffey flew out. Salisbury brought
in Deisel with a hit to center. When the smoke of the battle was over, a small boy climbed up the scoreboard and chelked up another large four. Scattle had started out in the opening

of the game with an attempt at gingery ball. Stultz, St. Johns and Hurley had contributed a neat double in the first linning. St. Johns and Stultz made an-other in the second. Il his decrees. Rand at the plate objected to his decisions on balls and strikes and when called out on strikes falled to conceal the ire which he felt at his unhappy de-mise as a budding base-runner. He threw down his bat angrily.

McDermott's lips could be seen to form the word, "Five," and he did the rest by pantomine, holding up five fingers to sig-nify that Dugdale should inflict a \$5

Hurley also got into trouble in the fourth for the same reason. He was promptly ordered to the bench, and on protesting was told, "You go back to the bench or I will put you out of the game." Hurley went to the bench.

### THE CHICAGO STRIKE.

But for the Holiday the Machinists Would Have Walked Out.

CHICAGO, May 30 .- "If today were not holiday, the machinists' strike would had eaten their morning meal," said Business Manager Roderick, of district No. 8, of the International Association of Ma-chinists. Roderick estimates that about 2000 machinists will be involved at the start in the walkout. This is only half the number of union machinists in Chicago and vicinity. It is claimed by Rod-erick and others of the union's executive board that the reason the other 2000 will not be affected is because their employers have either signed the union scale of wages already or expressed their willing-ness to sign. A general tie-up, it is said, would throw perhaps 25,000 or 30,000 men out of employment in Chicago.

Chicago district No. 8. International Association of Machinists, took steps today to avert the strike, President Mellican prepared a draft of an agreement.
