

COMMERCIAL AND FINANCIAL NEWS

Trade yesterday began with an early rush to make up for the week's loss, and held out lively until the close. Strawberries are increasing in receipts and are a little lower. Vegetables are getting to be plentiful, and together with strawberries and California fruits are lessening consumption of heavy food staples. Supplies of produce by steamer from San Francisco were on hand and found ready sale. Imports have fallen off as Oregon products have increased in quantity. Eggs were unchanged at 12 cents. The North is still largely subsisting on Eastern product, and sends in few orders. Butter had its usual good market. Oregon cheese was steady at the 1/2 decline which occurred this week. Chickens were very dull, owing to accumulation of large over-supply and slackened demand. Indications are that some of the present holdings will be carried over to next week. The market for other fowls was nearly level. Pork was slow and weak, with a little improvement. Local rolled oats are higher, following the rise of Eastern and California product. Potatoes were unchanged.

PORTLAND MARKETS.

Grain, Flour, Etc.

There was quite an improvement in the Eastern wheat market yesterday, and prices rallied nearly a cent in Chicago. The situation on the Coast is also a little better, but the money market, which can be secured at reasonable rates is preventing the market securing its full share of the improvement in prices. There is nothing doing in the market for wheat, but the money market is required to move it in any quantity of consequence. There is nothing doing for either export or milling, and the season's business, which is money in the market, is about over. Wheat-Walla Walla, export values, 35¢; bluestem, 36¢; Valley, none.
