THE PRESIDENT DID NOT COME TO PORTLAND

But another one of those monster cars, containing 416 Ramsiers, did, and several hundred customers whose orders we had been unable to fill, owing to our inability to get wheels enough to take care of their orders, were made happy. We have received some cars, containing from $400 to $435 wheels each, so far this season, with more to come. Figure it up. We must be selling wheels. We are. And RAMBLER RIDERS ARE HAPPY AND SATISFIED RIDERS.

$40 THOSE ARE THE PRICES OF 1901 LIGHT ROADSTER, AND ROADSTER RAMBLERS $35

$25, 22, 20, REPRESENT THE 1901 RELIABLE IDEAL

Why experiment with unknown and untried wheels with experimental tires, and why pay more for any wheel?
