SEVENTEEN MEN ARE KNOWN TO HAVE PERISHED.

Twelve of These Went into the Mine as Rescuers—Another Explosion Occurred Yesterday.

PORT ROYAL, Pa., June 11.—As a result of Monday night's explosion in the Port Royal mines, of the Pittsburgh Coal Company, 17 men are dead, nine are injured and thousands of dollars' worth of property has been destroyed.

The dead recovered—William McCune, superintendent of the company's mines along the Baltimore & Ohio Railroad. The body found in the passage was about 300 feet from the shaft.

SUCCESSOR OF AGUINALDO

ZURBANO PROCLAIMED HIMSELF GOVERNOR OF THE PHILIPPINES.

Officers of a Volunteer Regiment Accused of Bribery and Permitting Trade With Closed Ports.

WASHINGTON, June 11.—Emilio Zurbano, of Tabayas Province, has proclaimed himself the successor of Aguinaldo and "Governor of Tabayas and the Philippines," according to a copy of a Manila paper just received at the War Department.

Emilio is said to have been always a rather theatrical instructor and to have sworn to fight the American troops down to the last bolt. The publication does not take the Filipino's announcement seriously, and warns him that

claim that they are exempt from this sort of taxation under the treaty of 1898 between Spain and the United States, and Germany and France on the other, whereby Spain guarantees to other powers the freedom of the fisheries in those waters.

The question was referred to the War Department by Major Sweet, one of the senior officers in the southern islands, and is now awaiting a decision.

METAL TRADES ASSOCIATION Accuses Machinists of Violating Their Agreement.

NEW YORK, June 11.—About 200 representatives of the metal trades held a conference here today at the call of the National Metal Trades Association.

The statement circulated in America shows that the annual reports of the pontiff's illness, critical condition and fainting fits have already commenced, and as the Summer wears on, no doubt, as usual, will be reported at death's door.

The truth is, his holiness at present is in excellent health, is enjoying his daily drive and walk, and the heavy cares of state seem to bear lightly on his old age.

Mounting to a higher point of the garden than usual, the other day the Pope stood gazing at the yellow strip of sunlit Mediterranean and turning with a sigh to his nephew, the Pontiff used for the first time since his "imprisonment" a phrase which might have been construed as impatience at his "captivity."

"Ah," he said, "how I wish I could go to sea again! It would really renew my youth. The last time I really stayed at sea was about 55 years ago, when I was nuncio at Brussels. I then went near Antwerp on the advice of a physician and can vividly remember even now how cool the water was, how invigorating and what pleasure I took in swimming. I found the cure most beneficial."

No Envoy to the Vatican. LONDON, June 12.—Cardinal Gibbons explained to the pope, says the Rome correspondent of the Daily Chronicle, "how impossible it would be for the United States Government to accredit a representative to the Vatican, because the republic acknowledged no state religion and did not recognize the diversity of Christian confessions."

TRADE AT THE CAPE. War Has Furnished a Good Market for American Exporters.

WASHINGTON, June 11.—Although the war drags its slow length along, said Consul-General Stowe at Cape Town, in a report to the State Department, "business has been fairly good in the British colonies, and the imports from the United States have not fallen off in the least."

The products that serve to equip us to feed a non-working population, Mr. Stowe says, have swelled the volume of our exports to South Africa. The Consul-General predicts a decided boom in all lines of trade as soon as the fighting actually ceases.

The losses from the war, which will open Parliament as the regency terminates next year, Foreign relations are pronounced to be excellent. The Government would especially devote itself to cultivating good relations with the Spanish-American countries.

Steps had been taken toward concluding commercial treaties with Argentina and the South American states, and proposed to amend the concordat in the interests of economy, suppressing some of the dioceses. A bill dealing with the religious orders and the wearing of habits and which would not be tolerated, would be introduced. Army and Navy reorganization bills would also be introduced. A bill would be introduced for the relief of the war veterans, and the Philippine bonds into perpetual 4 per cent.

Sale of Barricos Collection. NEW YORK, June 11.—A dispatch to the Tribune from London says: "At Sotheby's the first day's sale of the late Earl of Ashburnham's Barricos collection of manuscripts attracted a number of foreign buyers. All the vellum manuscripts are illuminated, many of them with beauty of rare execution, and the illustrations impart a sense of the high level to which the art of miniature painting was carried on in the Middle Ages. It will take five days to sell the 25 lots, which cost the late Earl £800 half century ago. Bidding so far has been brisk and high prices have ruled. The total amount realized by the first day's sale was £275."

Corwall and York at Auckland. AUCKLAND, N. Z., June 11.—The Duke and Duchess of Cornwall and York, who arrived here yesterday from Sydney, N. S. W., on board the steamer Ophir, landed this morning. They were greeted with salutes by the warships in the harbor and other popular demonstration on land. The town was crowded, among those gathered to greet the Duke and Duchess being many Maoris in native costumes. In honor of the royal visitors the day was observed as a general holiday.

Debate on Law of Association. PARIS, June 11.—In the Senate today the Doyen, M. Wallen, opened the debate on the law of association, opposing a bill as a violation of the concordat. M. Combes, president of the committee on the bill, supported the Premier, M. Waldeck-Rousseau, and asked that urgency

WILL GUARD AMERICAN INTERESTS.

CRUISER NEW ORLEANS, ORDERED TO COREAN WATERS.

NEW YORK, June 11.—Owing to fear of fresh trouble in Corea for Americans, a Herald special from Washington says the protected cruiser New Orleans has been ordered to look after the interests of citizens of the United States in the Hermit Kingdom. This action was taken in consequence of information sent by Horace N. Allen, Minister resident at Seoul. A cable message has just been received at the Navy Department from Captain C. S. Sperry, commanding the New Orleans, announcing his departure from Chee Foo for Chemulpo. The visit of the New Orleans to Korean waters will be the first paid by an American warship in many months. Mr. Allen recently called the State Department, stating that American interests would be endangered if Delaney Brown, the financial expert of the Korean cabinet, should be removed, and be protested against his removal. Mr. Brown is still in office. There are large American gold mining interests in Corea, the mines being owned chiefly by J. S. Fassett, of New York.

PHILIPPINE CIVIL SERVICE.

Many Natives Make Applications for Positions.

NEW YORK, June 11.—According to a special to the Press from Washington, a letter received there from Manila by Chairman Proctor, of the United States civil service commission, indicates that the local civil service examinations which were conducted recently under the direction of the local civil service board appointed by the Taft commission, were entirely satisfactory. Mr. Proctor says the returns to the commission show that many of the applicants took the examinations in Spanish indicating that they are natives. Perhaps one-third of them had seen service in the insurgent army under Aguinaldo. This fact was brought out in the answers submitted to each of the applicants in the examination. "This fact in no way will prejudice the applicants, as they were required to take the oath of allegiance, and perhaps a majority of them already had complied with this requisite."

From the reports which the Philippine civil service commission have forwarded the number of those who took the examination in the islands, it is hardly probable that many of those who take the examinations are natives. The Philippine service there will get places. It is thought that only the higher salaried places will be filled by the applicants from the United States.

Chairman Proctor also reports that the class of teachers being hired for the Philippine service is far above the average in intelligence and attainment. In selecting from the different colleges of the United States were accepted. The Government has been surprised and gratified at the high character of those who are willing to accept service in the islands.

VOLUNTEER OFFICERS DISGRACED.

Look Helms to Allow Trade With Closed Ports in Leyte.

MANILA, June 11.—In the trials today of officers of the Forty-third Regiment on charges of bribery and permitting trade with the closed ports of the southern part of the island of Leyte, charges were made against Captain Michael Shellman and Lieutenant Adolph R. Jones. Welch refunded 1000 pesos, his share of the spoils. The President of the Republic has been arrested, charged with being implicated in the transactions. Agents of Manila firms also appear to have been connected with the acts on which the charges against the prisoners are based.

The act organizing the courts has been passed by the United States Philippine Commission. The judges' oath does not include support of the Constitution of the United States. Commissioner Ide, author of the act, opposed the inclusion of this feature and the other Commissioners did not insist that the natives who criticized the appointments ought to realize that the commission was the best friend of civil government and progress, and urged them to assist.

Bringing Home the Fifth Artillery.

WASHINGTON, June 11.—The Quartermaster-General has been notified that the transport Paking arrived at Nagasaki today from Manila, and others were given for her to proceed to Seattle. This vessel carries the battery of the Fifth Artillery, which took part in the Chinese campaign, and whose commander, Captain O'Reilly, lost his life in China.

Protest Against Taxation.

WASHINGTON, June 11.—An issue has been presented to the War Department growing out of the extension by Sultan of Jolo of a tax upon pearl fishers in the waters of the Southern Archipelago. These taxes are compared with the value of the fisheries and have been paid to the Sultan for many years past. Up to this time they have never been questioned, but now certain foreign corporations, which have brought to the pearl fisheries improved apparatus and methods,

POPE SIGNS FOR FREEDOM

VIEW OF THE MEDITERRANEAN AWAKENS LONGING FOR SEA.

Recently Circulated Reports of His Illness Are Said to Be Unfounded—Other Foreign News.

ROME, June 11.—The report cabled to the United States that the Pope is again ill is without foundation. His holiness is well and yesterday granted audience to the Belgian Dominican Ministers. The statement circulated in America shows that the annual reports of the pontiff's illness, critical condition and fainting fits have already commenced, and as the Summer wears on, no doubt, as usual, will be reported at death's door.

The truth is, his holiness at present is in excellent health, is enjoying his daily drive and walk, and the heavy cares of state seem to bear lightly on his old age.

SICK WOMEN

Mrs. Valentine Tells How Lydia E. Pinkham's Vegetable Compound Cured Her.

Happiness will go out of your life forever, my sister, if you have any of the symptoms mentioned in Mrs. Valentine's letter, unless you act promptly. Proceed today by the reading of Lydia E. Pinkham's Vegetable Compound. It is absolutely sure to help you. Then write for advice if there is anything about your case you do not understand.

You need not be afraid to tell the things you could not explain to the doctor—your letter will be seen only by women. All the persons who see private letters at Mrs. Pinkham's Laboratory, at Lynn, Mass., are women. All letters are confidential and advice absolutely free.

Here is the letter:—"It is with pleasure that I add my testimony to your list, hoping it may induce others to avail themselves of the benefits of your valuable remedy. I had been suffering for some time with a very bad case of the Pinkham's Vegetable Compound. I felt very badly, was terribly nervous, had sick headaches, no appetite, gnawing pain in stomach, pain in my back and right side, and so weak I could scarcely stand. I was not able to do anything. Had sharp pains all through my body. Before I had taken half a bottle of your medicine, I found myself improving. I continued its use until I had taken four bottles, and felt so well that I did not need to take any more. I am like a new person, and my physicians shall all praise your medicine. Mrs. W. P. LITTLE, 506 Ferry Avenue, Camden, N. J.

Annexation of Congo. BRUSSELS, June 11.—Something of a sensation was caused here by the reading to the Congo parliamentary committee of a letter from King Leopold to the Ultramarine leader, M. Woeste, declining to accept the offer of a provisional ruler of the Congo Free State as provided by the bill for the annexation of the Congo Free State under King Leopold's provisional administration. The letter practically intimates that the King will only hand over the Congo State to Belgium on his death.

Bankruptcy of Ashmead-Hortlett. LONDON, June 11.—A meeting of the creditors of Sir Ellis Ashmead-Hortlett in the bankruptcy court today disclosed his liabilities to be £5,236 and his assets £2,900. The chairman of the meeting stated that the assets were of very doubtful value. Among the creditors is Sir Ellis's brother, William Lehman Ashmead-Hortlett-Coutts, who figured for £40,000. Sir Ellis attributes his insolvency to losses on various investments.

Honors for Indian Students. CAMBRIDGE, June 11.—The remarkable feature of the mathematical honors list issued today was that two brothers named Gama, sons of a native of Bombay, were sixth and seventh wranglers. The senior wrangler is D. S. Brown, of Calcutta College. There was one woman wrangler, Miss L. M. Reynolds, of Newham College.

An Anti-German Order. LONDON, June 12.—A Reuter dispatch from St. Petersburg says that De Witte, the Russian Minister of Finance, has issued an order directing that henceforth the securities of commercial and industrial companies, promoted or managed by German subjects, shall not be admitted to quotation on Russian boards except by special sanction.
