Carrying Out the Plans of the United States Steel Company.

YOUNGSTOWN, O., June 18 .- Information reached here tonight from a reliable source that at a meeting of the stockholders of the National Steel Company, to be held at East Orange, N. J., June 27, a prearranged plan to consolidate the Na-tional and the Carnegie Steel Companies will be effected. After this meeting the officers of the National Steel Company, which will then be known as the Carnegic Company, will be removed to Pittsburg and joined with the Carnegie Company, all being under one management. It is evidently the policy of the United States Steel Company to abolish all high-salaried officials and have the affairs directed from the Carnegie offices in Pittsburg. The manner in which the matters are shaping themselves goes still further in establishing the fact that Mr. Carnegie is still in control and is personally represented by Mr. Schwab.

CLEVELAND, June 18.-In addition t consolidation of the National Steel Company with the Carnegie Steel Company, it is also understood that the identity of the Steel Hoop Company is to be lost in that of the Carnegie Steel Com-

At £45,000 a deadlock was reached, and Mr. Lumley announced that he must buy in the property for Mme. Pattl the reserve price being £50,000.
