

PORTLAND WINS AGAIN

TAKES FIRST GAME OF SERIES FROM SPOKANE.

Muller and Anderson Bunch Their Hits in the First Inning and Win the Game Right There.

Portland is "keeping up her lick." Fresh from taking three out of four games with Seattle last week, she defeated Spokane in a closely contested game on the home grounds yesterday afternoon. The score was 2 to 1, an eminently satisfactory one to the 1000 or more spectators who have been forced to the conclusion that their team is invincible.

Portland started out well. Muller was the first man up in the first inning, and he led off with a base hit. Vignoux struck out, but the next man up, Glendon, had stolen second. Anderson followed Vignoux at the bat, and forever endeared himself to the bleachers by knocking out a two-base hit, scoring Muller.

Both Glendon and Salisbury pitched a splendid game. One more was made off Glendon than off Salisbury, but Glendon struck out six men, and did not allow a single man to walk to first on balls. Salisbury allowed only two to walk. Portland had five errors charged up to her, and Spokane had but one. Had Muller and Anderson not been able to bunch their hits in the first inning, the game might have had a different ending, as the field work of the Portland team was not up to its usual standard.

Table with columns: Name, AB, R, H, PO, A, E. Rows include Muller, Vignoux, Anderson, Glendon, Salisbury, and totals.

THE GAME AT TACOMA. Seattle Outbatted the Local Talent, Winning 7 to 2.

TACOMA, June 19.—Seattle found Carter easy today and had no trouble in out-battling the local talent, carrying off the game by a score of 7 to 2. Both were on hand with his customary home run over the back fence, bringing in another run, in addition to which Frary and Murdock helped things along with two baggers at critical periods. The Tigers had comparatively little trouble reaching the bags, but had no luck getting home, 12 of them being left on base. Frary, however, McCloskey's hitlings populated all of the bags, with no men out, and then could not score. Features of the game included the fielding of Hurler, who secured five unassisted putouts, and Frary, who left Spokane to play second for Seattle, was in his element with three runs and two hits out of three times at bat, besides a faultless fielding record of five accepted catches. O'Connell's umpiring was highly satisfactory. Attendance, 600. Score:

Summer Time to Cure

Desperate Condition Resulting From Chronic Catarrh

Dr. G. Sellinger, Mosler, Or.—This well-known Wasco County farmer and fruit-grower says: I first noticed symptoms of catarrh 12 years ago, and after suffering that length of time, I tried me great.

Pleasure to Testify to the curative powers of the Copeland treatment, and to earnestly advise all sufferers from that disease to consult the Copeland doctor.

In my case the trouble originated in the nasal passages, extending to the throat and ears, and all but shattering a naturally robust constitution.

My speech and voice became greatly affected. I could not speak distinctly, and at times it was almost impossible for me to speak distinctly. My breathing was short and difficult, and the least exertion would cause me to pant and puff.

It is then only during the Summer months that those more desperate cases involving the lungs themselves may be treated with any hope.

HOME TREATMENT. If you cannot visit the office, mark the following symptoms, mail them to Dr. Copeland and he will give you a full and complete diagnosis of your case free of charge:

- "Is your nose stopped up?" "Do you sleep with mouth wide open?" "Is there pain in front of head?" "Have you a dry or taste in the morning?" "Do you cough?" "Do you cough worse at night?" "Is your tongue coated?" "Is your appetite falling?" "Are you light-headed?" "When you get up suddenly are you dizzy?" "Do you have hot flashes?" "Do you have liver troubles?" "Do you have pains in back or under shoulder-blades?" "Do you wake up tired and out of sorts?" "Is your strength falling?"

stand conversation, I could hear the voice, but the words all seemed jumbled together.

On account of colds and climatic conditions I was always worse in the Winter, and this Winter my condition could no longer bear up under the strain and my general health declined until I was unable to work or attend to my affairs.

Through Mr. Leester Snipes, of The Dalles, who had been cured of a severe throat trouble, my attention was called to the Copeland specialists, and I decided to consult these doctors. After a careful examination the doctor explained my condition and the treatment that was necessary to a cure. I then began treatment, and I am happy to say that I am now feeling better than I have in years before.

My breathing is as clear as though I had never had this terrible disease, and my nervous and general condition are improving every day.

I will gladly answer any inquiries regarding the treatment that I want others to reap the benefit of my experience with the Copeland treatment.
