MAX ORDER MEN OUT

Seattle Trades Council at War With Millowners.

WANT MORE PAY FOR SAME WORK

Demand Grew Out of Boycott Placed on Trades Council by Lumber Council—Probably 6000 Men Will Be Out of Work.

SEATTLE, June 20.—A demand has been made by the Seattle Building Trades Council upon the lumber manufacturers and woodworking shops of Seattle for reduction of the hours of labor to nine hours a day, without a decrease of pay.

Falling in its efforts to enforce its demands, the Trades' Council will probably order all of the local mill operatives out. This will result in a shut-down of all lumber mills, and as the lumber mills throughout the State of Washington will in all probability support the local mills in their fight, even to the extent of refusing to furnish lumber to Seattle contractors affiliated with the Building Trades' Council, this will cause building operations in the city practically to cease.

The mill men are strongly organized, and propose to fight the battle to the bitter end, even if it involves a shut-down of indefinite length. They say that a larger proportion of their product is for export, and comes directly into competition with the product of the other mills throughout this state and Oregon. This is the only course left to them. It is impossible for them to grant the demands of the men, they say, for such action would cut out the capacity of their mills at least 10 per cent, and take away all the profits of the industry, if not actually compelling the mills to run at a loss.

The State Metal Trades Association held a meeting in which the spirit behind all strikes and lock-outs was denounced, and today announced that work will begin in all shops Monday, June 25, if the strike is already running with non-union men and armed guards patrolling.

ULTIMATUM TO STRIKERS. Can Return to Work at Old Wages, Else Other Men Will Be Hired.

SEATTLE, June 20.—At a meeting tonight of the Metal Trades Association, comprising all the foundries and machine shops of the city and state, it was resolved to resume operations next Monday. A formal offer is to be made to the strikers to take their positions at the rate of wages and number of hours prevailing before the strike. The strikers are informed that if they do not accept this proposition others will be employed to take their places.

STRIKERS FIRED UPON.

Three Men Shot While Trying to Enter a West Virginia Mine. MATEWAN, W. Va., June 20.—Strained relations between the union and non-union miners here have resulted in bloodshed today. Several hundred union miners who are on strike marched in a body against the Marquette mines of this place, where non-union men were at work. They tried to effect an entrance, but the operators, with 20 guards armed with Winchester, blocked the entrance. The non-union miners were headed by Superintendent Lambert, and when the union men persisted in their attempt, he gave the command to fire. Fully 50 shots were fired, Boyd Martin and Billy Johnson were fatally shot and Sam Strick was dangerously wounded. The union men did not return the fire, but dispersed.

Detrimental to Competition.

CHICAGO, June 20.—State's Attorney Deen today signed a petition in quo warranto attacking the charter of the Chicago Masons' & Builders' Association on the ground that the association restricts its members to the purchase of brick and stone from certain companies which belong to the Chicago Pressed Brick Association. The state contends that this restriction is detrimental to competitive trade.

Pressmen's Convention.

WASHINGTON, June 20.—The printing pressmen today decided to hold their next convention in Baltimore, beginning the third Monday in June, 1902. Officers elected as follows: President, Martin P. Higgins, Boston; vice-presidents, Edward A. Baulster, Washington; William H. Burkitt, St. Louis; secretary-treasurer, W. J. Webb, New York.

GEN. ROBERT NUGENT DEAD

Result of a Bullet Wound Received in Battle of Fredericksburg.

NEW YORK, June 20.—General Robert Nugent died at his home in Brooklyn tonight, as a result of a bullet wound in the stomach received at the battle of Fredericksburg, December 13, 1862, while he was charging at the head of the Meagher Irish Brigade. This wound has troubled General Nugent ever since.

Frick in a New Role.

NEW YORK, June 20.—Henry S. Frick has become interested in scientific projects through his son, and when he sailed on the Oceanic, with his family, it was for a scientific project. In his new role he becomes a partner of the Carnegie Museum, in Pittsburgh. The plan which he is backing is to be carried out by his son, Childs Frick, 18 years of age, and Frederick S. Webster, head of the department

ISLANDS' NEW ERA

Change of Administration in Philippines July 4.

TAFT WILL BE GOVERNOR

Members of the Commission Will Probably Have Charge of the Different Departments—Plan for Government of Manila.

CONVENTION WAS HARMONIOUS

Senator Hanna's Speech to Cuyahoga County Republicans. CLEVELAND, O., June 20.—Contrary to general expectation, harmony prevailed at the Cuyahoga County Convention today. Senator Hanna occupied a seat on the platform, and made a strong speech in favor of peace between the two factions of the party.

PENNSYLVANIA LEGISLATURE.

The Guffey Ballot-Reform Bill Defeated in the Senate. HARRISBURG, Pa., June 20.—The Senate today defeated the ballot-reform bill, known as the Guffey bill. Although the measure bears the name of the Democratic National committeeman for this state, and was introduced by Senator Cochran, the Democratic leader, the Democrats voted solidly against the bill because of changes made in committee by the Republican majority, which they claim destroys the reform features of the proposed law.

Governor Stone this morning signed the two supplemental rapid-transit bills which passed the House yesterday afternoon. One of them substitutes the Governor, Secretary of State and Attorney General a board to pass on future application for rapid-transit charters, and the other removed ambiguity from the original bill by providing that the street car either an elevated or an underground road, or both, or one partly elevated and partly underground, may be constructed.

Sanrage Question in Virginia. RICHMOND, Va., June 20.—The first resolutions on the sanrage question with reference to the proposed new constitution was offered in the constitutional convention today by Delegate Harrison, of Fredericks County. It says: "This convention ought to inaugurate, through the proper channels, a protest against the repeal or amendment of the fifteenth amendment, so that each state may control its suffrage as its best interests demand."

DES MOINES, Ia., June 20.—The Marion County Republican Convention today instructed for Cummins for Governor by a vote of 12 to 6. It also elected a delegation to attend the state convention.

NAVIGATED HELL GATE. Big Battle-Ship Massachusetts Successfully Passed the Narrows. NEW YORK, June 20.—Without the assistance of a pilot and to demonstrate that a first-class battle-ship could be navigated through the Narrows, the battleship of the Massachusetts, a battle-ship of the navy, was today the first to pass through a war vessel of this class ever dared attempt the feat, and river craft and the shores were filled today to witness the performance of the Massachusetts. Captain Long has taken official notice of the performance of the Massachusetts, and issued orders that no naval vessel the size of the Massachusetts shall use the Hell Gate narrows except in cases of great emergency.

BOOMING 1905 FAIR. McCallen Takes Ingalls' Place. WASHINGTON, June 20.—Secretary Root has decided to send the transport McCallen to Manila, with the Congressional party and Army officers who were to sail on the Ingalls. She will sail from New York July 30. The Ingalls will go later, when she is refitted. The headquarters, officers and band of the Twenty-sixth Infantry, now at Fort McPherson, Ga., will depart for Manila via San Francisco, will sail on the McCallen.

Kempff at Nagasaki. WASHINGTON, June 20.—The Navy Department today received a cablegram from Admiral Kempff, announcing his arrival at Nagasaki yesterday aboard the Kentucky. He is on his way to Cavite.

Return of the Forty-second. SAN FRANCISCO, June 21.—The transport Ohio has arrived from Manila, with 29 officers and 750 men of the Forty-second Infantry.

Colombian Revolution Suppressed. WASHINGTON, June 20.—Dr. Martinez Silva, the Minister from Colombia, has

COMING FROM ITALY

Vast Colonization Plan of the Santa Fe Railway.

TO FILL UP THE SOUTHWEST

Thousands of Italian Immigrants to Be Settled in California, New Mexico, Oklahoma and Texas.

CHICAGO, June 20.—The Record-Herald tomorrow will say:

"The management of the Santa Fe Railway has begun to carry out a vast colonization plan which will result in bringing many thousands of Italians to this country and in locating them on lands in Southern California, New Mexico, Oklahoma and Texas. Agents of the road have been sent to Italy with literature for distribution in various parts of the peninsula. These books are in the Italian language and are plentifully illustrated with views taken from picturesque spots along the line of the Santa Fe in the states and territories mentioned. Special effort is to be made to colonize the San Joaquin Valley, which is one of the most fertile grazing regions in the West. It is said to be the intention of the company to extend its colonization plans to other countries in Europe where the Italian agency becomes flourishing. Regarding the plan an official of the company had this to say: "We intend to bring over only the better class of Italians and we hope to do a large business from Italy during the next year. By establishing agencies there and having our own men come to the ground we will be able to select our immigrants to a certain extent and bring over only those who we feel sure will make homes in the Western country."

CUBANS' EYES OPENED.

At Last They See That Americans Are Their Friends.

PHILADELPHIA, June 20.—General Emilio Nunez Civil Governor of the Province of Havana, passed through this city today on his way to Atlantic City. In speaking of the conditions, political and social, of the island, General Nunez said:

"Since the acceptance by our Cuban National Assembly of the Platt amendment, the political situation has improved a good deal. The business people there now think there will be no question raised or misunderstanding in the relation between the United States and Cuba. New companies, with American capital, have come to Havana, and more money is being invested in the country than ever before. The Administration of General Wood, all in all, has been very successful. He has had to contend with many difficulties, but has succeeded in keeping the confidence of the people.

"The Cubans are anxiously awaiting the time when they will have their own President, and we expect that one year from now the Cuban Government will be established. This Platt amendment will be a benefit to Cuba. Platt has explained its terms. It will keep Cuba in peace and protect her from foreign nations. The proposed establishment of a coaling station by the United States is satisfactory to the people, who are grateful to this country for its assistance.

"For myself, I never had any doubt of the good intentions of President McKinley. I have faith in the man, and believe it is honest and straightforward, and wants to do good for us. Many Cuban people, however, not knowing the American nation, supposed the United States is like Spain, which so often broke her promises to Cuba."

Adoption of the Platt Amendment.

WASHINGTON, June 20.—Secretary Root today received a letter from General Wood containing the official announcement of the adoption of the Platt amendment by the Cuban constitutional convention. Like the constitutions of most of the South American republics, the Cuban constitution has been framed with the Constitution of the United States as a model. The adoption of the Platt amendment is sufficient for all the purposes of the government in its relations with Cuba.

Kaiser Decorated an American.

BELLEVILLE, Ill., June 20.—The Reichs Anzeiger publishes a statement to the effect that Emperor William has decorated Emil Boas, the American general manager of the Hamburg-American line, with the Crown Order of the third class.
