

CITY NEWS IN BRIEF

Amusements Tonight. MARQUAM GRAND—Hanna, or The Bitter-Sweet. Matinee today at 2:15 o'clock. No evening performance.

PLENTY OF GOLD AT NOME.—E. M. C. Gerbergh, formerly connected with the Sherburne office, who spent last winter in Nome, writes to R. C. France that the country is without doubt tremendously rich in gold, but people have to stay with it to win. It is no use for people to go there for one summer with an idea of making anything. People who want to try their luck at Nome should take money enough to last them for two or three years, and get acquainted with the country and the people. He thinks Alaska will become the greatest gold-producing country in the world. He says: "It is young yet, but the production of gold will increase every year. From now on, Alaska, I believe, will be populated. Many people here now will never return to the States, and many are getting ready for life here by marrying Alaskans. Mr. Gerbergh intends to return with his wife next fall and spend the winter in Portland."

PROMISE OF A LARGE MEETING.—The meeting of the Hinered Club of Methodist Episcopal ministers, which will be held in connection with the Chautauqua Assembly at Gladstone Park, promises to be largely attended. Several prominent educators and others from the East en route to the Epworth League Convention at San Francisco, have signified their willingness to lecture. There will be an educational rally of the friends of Willamette University during the week, and prominent Eastern educators will make addresses. President J. W. Bassford, of the Ohio Wesleyan University, will make an address. He is one of the most successful educators in the Methodist Episcopal Church.

RECRUITS FOR THE TWENTY-EIGHTH.—Recruits are arriving daily for the Twenty-eighth Regiment of United States Infantry, which is being formed at Vancouver Barracks. Some of the boys are veterans of the Philippine war, who have tired of civil life, after a brief period of rest. An Army officer, speaking of the matter yesterday, said: "Fully 25 per cent of the men re-enlist. Their previous experience gives them a good show for new commissioned positions, the pay for which is better and the duties not so exacting." The Twenty-eighth will spend about two months at Vancouver before being sent to the tropics.

OLD FIRM NAME DISAPPEARS.—The well-known sign of Honeyman, De Hart & Co., which has been familiar to residents of Portland for many years, has disappeared, and in its place the sign of the "Honeyman Hardware Co.," a joint stock company, incorporated here a few days ago by Mrs. T. D. Honeyman and her sons, E. J. De Hart, who, with William Honeyman, so successfully conducted the hardware business now taken over by the new corporation, retired from the firm some time over a year ago, but the old firm name was retained until the new company was incorporated.

MAYOR ROWE AT THE COURT.—Mayor Rowe has not returned from the coast, where he went on a brief stay to get his summer cottage in order to be occupied by friends for the season. He and his family will take their outing at his place near the Cascades, where many will spend their summer vacation as an agreeable change from the seaside. City Auditor Devlin tried yesterday to reach the Mayor by telephoning his residence, but the death of Councilman Nichols, whose successor will be elected by the Council.

WHITWASHER WAS NOT HELD UP.—Detective Dan Weiler gives no credit to the story of the whitewasher who says he was held up near the Taylor-Street Methodist Church, a few evenings ago. According to Mr. Weiler, the man was the victim of a colored woman who, on Second street, who touched him for \$20. The man complained about the robbery, but when the police began to investigate, he disappeared. Mr. Weiler feels that this explanation is due the public, as the story of a hold-up that did not occur casts a reflection on the police.

PROSECUTION FOR BICYCLE PATHS.—Councilman C. E. Hummel, a taxpayer, who does not ride a wheel, favors the building of bicycle paths along the outer edge of the sidewalks. "If the city would take a six-foot strip off the street and care for it," he said, "it would solve the abutting property of just that much expense. Besides, the shade trees would be better protected from destruction by horses hitched to the wheels, and would keep bicycles off the streets and the sidewalks, and collision would be avoided."

STATE COURT OF CATHOLIC FORESTERS.—A State Court of the Catholic Order of Foresters has been organized with the following officers, who will serve two years: State spiritual director, Arch. Bishop Christie; chief ranger, Dan J. Malarkey; vice-president, J. J. Leary; Le Miller; secretary, H. J. Alstok; treasurer, Nell O'Hare. Mr. Malarkey was elected a representative to the international convention which meets at Detroit, Mich., August 13.

CANNED A STABLE HAND.—Dr. Hubbeck, veterinary surgeon, lately from the Philippines, was charged in the Municipal Court yesterday with assaulting Thomas Wall, who works in a Fourth-street stall. Wall testified that Dr. Hubbeck struck him over the head with a cane, cutting his scalp so badly that a surgeon had to sew two stitches in the wound. Dr. Hubbeck testified that Wall called him names and kicked him. Hubbeck was fined \$5.

THREE ABUNDANT.—Three Portlanders, E. L. E. White, Dr. J. K. Locke and Dr. E. Bruer, returned last night from Meadow Lake, Yamhill County, with 150 fine trout as the result of one day's sport. Meadow Lake is in the foothills of the Coast Range, 15 miles west of North Yamhill. They say that the sport was never better than this season, nor trout more abundant.

DELINQUENT LIST NEARLY COMPLETED.—W. T. Branch, who was directed by the Common Council to prepare a list of delinquent city taxes from 1888 to 1893, inclusive, expects to finish the work early next week. He has been delayed by numerous interruptions from people who wish to ascertain the amount of taxes they owe. Many delinquents have paid up.

SOLD LIQUOR TO INDIANS.—George Baker, who was arrested at Hood River a few days ago by a Deputy United States Marshal for selling liquor to Indians, was arraigned in Judge Bellinger's court yesterday. He entered a plea of guilty. He was sentenced to pay a fine of \$100 and to be imprisoned in the county jail at the Dalles for 90 days.

THE UNITED STATES RIVER AND HARBOR committee has selected Hotel Flavel to dine and rest after inspecting the jetty on Monday. Five hundred will select the same place to celebrate the Fourth of July. Better make reservations early; house fast filling up. Phone Main 642.

FRONT FOR SCHOOL CHILDREN.—The picnic of the pupils of the religious school of Temple Beth Israel will take place on Monday, July 5. Each child is expected to be at the synagogue at 11:30 sharp, and to bring 30 cents for carfare. Refreshments will be provided for all.

FIRST PRESBYTERIAN CHURCH.—Preaching by the pastor, Rev. Edgar P. Hill, E. D., at 10:30 A. M., and 7:45 P. M. Dr. Hill will occupy his pulpit two more Sundays before his summer vacation.

A SIDEWALK BOMBARDIER FINED.—G. N. W. Wilson was fined \$1 in the Municipal Court yesterday for riding a bicycle on the sidewalk. Policeman Cole was the complainant.

STEAMER "NORON" sails July 5th for Cape Nome. Fare, \$3.00. Pacific Coast E. R. Co., 10 Washington street.

REMEMBER, Women of Woodcraft excursions to Seaside, Sunday, July 7.

Dr. V. W. Dent, dental, Pulling bldg.

AN EXAMPLE IN WHARF CLEANING.—The wharf at the foot of Alder street has been thoroughly cleaned since the water subsideed and has been whitewashed inside and out. The whitewash was put on with a spraying machine at no great cost, and has effected a vast improvement in the sanitary condition and the appearance of the wharf. This example might be followed by the owners or occupants of other wharves, some of which are filthy with all kinds of decaying rubbish, and are unwholesome enough to create a pestilence when hot weather comes. The Alder-street wharf is the place whence the Bailey Gatzert leaves daily for The Dalles, and the owners of the boat house had the whitewashing done to make the wharf a pleasant place for travelers. They have also put up a sign made of incandescent lamps, spelling the word "Dalles," which can be seen many blocks up Alder street in the evening, and they have just put up a handsome flagstaff, 60 feet in height. Perhaps, if the health

LOST A VALUABLE DOG.—Walt Monteth is deeply grieved over the loss of his valuable Gordon setter Don, which was known to all sportsmen of this region. Don was only four years old, and for the past two years had done the retrieving for the whole gang of shooters at Deer Island. Monteth has repeatedly been asked to name a price for Don, but would not have taken \$500 for him, as he considered him without an equal in the State. The dog was treated at a veterinary hospital for inflammation of the stomach, but no remedy could be found for his ailment. Don's honest face will be missed by the boys who shoot at Deer Island next winter.

A WALKING JEWELRY STORE.—As George Brook, address unknown, was attempting to pawn a watch in Whitechapel last night, his actions were so suspicious that he was arrested by Detectives Day and Weiler, who happened to be passing. He had in his possession two gold watches, a bracelet and seven rings. He

DEATH OF COUNCILMAN A. F. NICHOLS.

Councilman A. F. Nichols, of the Tenth Ward, died in Chicago yesterday from the effects of a surgical operation. He left with his wife for the East June 11. They went to Manhattan, Kan., where a son, Professor E. R. Nichols, lives. Here Mrs. Nichols remained while Mr. Nichols and his daughter-in-law went to Chicago. The physicians assured Mrs. Nichols that the operation would not be dangerous. Mr. Nichols was born in Essex County, New York, 49 years ago. In early manhood he settled in Clayton, Iowa, where he engaged in farming. He was president of the Agricultural Association of Clayton County, and was elected supervisor for several times. He paid his son a visit in Portland in 1888, and came here to live eight years ago. He built a home on Northwick and Morris streets, Alhambra. Last June he was elected Councilman from the Tenth Ward, and was appointed chairman of the street committee. The funeral will probably be held at Mr. Nichols' old home, in Iowa. Two sons and a wife survive him. The sons are A. F. Nichols, of Portland, and Professor E. R. Nichols, president of the State Agricultural College, Manhattan, Kan.

Commissioner should take a look along the wharves on the city front, he might be able to have them cleaned up and whitewashed in the interests of the health of the city.

WORKING OF A LOGGING DONKEY.—A "logging donkey," that is, a donkey engine placed in a sort of sled with a reel or winch and long wire cable attached, to be used in hauling logs out of the woods to a logging railroad, was on the Alder-street wharf yesterday, and was inspected by a number of people. The sled on which the engine, boiler, etc., stand has two timbers two feet square for runners, the ends rounded up like sled runners. These huge timbers are connected by cross braces and bolts in the most substantial manner, and furnished with iron hinges and staples for fastening the donkey by means of stakes or to trees. If the donkey is not securely fastened when the cable is attached to a log and the engine started, it will be moved toward the log, instead of the log being moved to it. It hauled itself off the boat onto the wharf, and does its own moving generally, which is a good thing, as it is very heavy.

SALMON IN LOWER COLUMBIA.—There are some salmon in the lower Columbia, as about eight tons per day have been received at the Pillar Rock Cannery for several days past. Most of these were caught in seines, as the gillnets are not catching many. The Pillar Rock Cannery has the best setting ground on the river. It gets fish from several other setting grounds, and probably receives more fish at present than any other cannery on the river. The Middle Sands setting ground, near Pillar Rock, always turns out more fish than any other place about a ton a day. It cannot, however, be considered that there is a run of fish in the river, as eight tons is only about half what the Pillar Rock Cannery receives per day when fishing is good. However, there may be a "run of fish" in July or August, and for it canners are patiently waiting.

HOME FROM THE SUPREME LODGE.—J. E. Werlein, who has been East as a delegate to the Supreme Grand Lodge, A. O. U. W., which met in Buffalo, returned yesterday. He is looking wet and heavy, and will resume his duties at once. He had a very enjoyable time and is much pleased with the success of the delegation in securing the session of the Supreme Grand Lodge for Portland next year. It was at first the intention of the delegation to secure the session of the lodge for 1905 for Portland, but they concluded that it would be better to have the Easterners out here earlier, so that they could see the country and learn all about the Lewis and Clark Centennial Exposition, and then they would come again in 1905, and bring all their friends with them.

HOTEL FLAVEL BOMBING.—This report is catching the plume this year. On Monday next the celebrated river and harbor committee with invited friends will dine at Hotel Flavel as the guests of the Astorians. The hotel is in fine condition for the party, and it will be the scene of a great political and social gathering on this occasion. Several guests are already sojourning in Flavel, and many more are booked. Sunday will see the hotel thronged with guests. Colonel Harvey is especially prepared to care for all. Go down and spend a Sunday and stay over for the big time Monday. For rates and reservations, call up J. L. Mitchell, 613 Marquam Building, Portland, Or.; phone Main 642.
