SURE OF ADOPTION

Ohio Democrats to Stand on Conservative Platform.

ONE CONCESSION TO JOHNSON

Colonel James B. Kilbourne Will Probably Head the Ticket to Be Nominated at Columbus Wednesday.

COLUMBUS, O., July 8.—The outlook to-night is that the Democratic ticket in Onlo will be headed by Colonel James B. Kilbourne, for Governor, and Anthony Howells, for Lieutenant-Governor. The platform will be conservative. None of the predicted dramatic scenes in the con-vention will come off. John L. Zimmerman is being urged to-

vention will come off.

John L. Zimmerman is being urged tonight to withdraw as a candidate for Governor and to move that Colonel Kilbourne
be nominated by acciamation. Under no
circumstances will Zimmerman accept
second place. After he gave his ultimatum tonight to the many persistent
appeals of the Kilbourne men for him
to accept the nomination for LieutenantGovernor, it was uractically settled that Governor, it was practically settled that Anthony Howells, who was formerly State Treasurer and Consul to Cardin under President Cleveland, will be nom-inated for the second place.

There are two opposing conferences in ession on the platform—the conference of the conservatives, with ex-Attorney-General Judson Harmon, Harlan Cleve-land and others as leaders, and the conference conducted by Temporary Chair-man Salen, Judge Blandin and 15 other Johnson men, who came from Cleveland today to urge what is known as the Cuyahoga County Convention platform. In the intercourse that took place between these conferces tonight, the Cleveland delegates were insisting to the last one on their plank on taxation, but they were no long-

er pressing other "new departures."

Neither Temporary Chairman Salen nor
the permanent chairman will make any isual utterances, and the only differences over the platform are as to the verblage of the plank for a revision of the tax-ation laws. It is conceded that there will be no reference to the Kansas City plat-form. The platform as now drafted will say that the money question is settled and will demand reformation on new issues, notably local and state taxation, home rule in municipalities, including municipal ownership, and opposition to all trusts. There will be no definite action taken on the taxation plank till tomorrow night, but the platform of the conservatives on other issues is considered as being sure other issues is of final adoption.

Val Fitzpatrick, of Cieveland, vice-president of the Railway Trainmen, came here from his work in New York to urge the nomination of Frank S. Monnett for Attorney-General, Monnett was Attorney-General from 1986 to 1800 as a Republican. He supported Bryan last year on the anti-trust issue, and is now in full accord with "the proposed new departure" of Mayor Johnson, who has written letters indorsing Monnett. The McLean men are opposing Monnett openly and vigorously

REFRIGERATORS

The delegates and visitors who are here are greatly disappointed because John R. McLean and Tom L. Johnson, who are most prominently mentioned for the United States Senatorship, are not here. Johnson would have been here at the head of the Cuyahoga delegation but for the death of his brother last week in New York.

It is understood that Charles W. Baker, who was such a successful presiding of-ficer at the last Ohio Democratic Convention, will be permanent chairman, as he is a close friend of McLean, and chairman of the Hamilton County delegation,

DECLINED TO BE A CANDIDATE. Carnegie Has No Time to Be Mayor of New York.

NEW YORK, July 8.—Some weeks ago the Republicans of the 21st assembly district, of this county, indorsed a sugges-tion that Andrew Carnegie be a candidate for Mayor of Greater New York. A copy of the resolutions was sent to Mr. Car-negle in Scotland, and a reply has been eceived from him. His reply is made through his private secretary, and reads:
"Mr. Carnegle desires me to say, in reply to your highly complimentary letter of March 30, that he finds the task he has laid out for himself is one which will require more of his time than any he has yet undertaken. His time will be so fully occupied for a long time to come that t is impossible for him to accept your flattering suggestion, but in doing to he wishes to assure you that his interest in New York is not exceeded by any of its

Crowninshield Claims to Be the Author of the Dispatch to Dewey.

WASHINGTON, July 8 .- Admiral Crown nshield, chief of the Bureau of Navigntion, today issued a formal statement to the effect that he is the author of the famous dispatch to Admiral Dewey ordering him to proceed from Hong Kong to Manila, and there capture or destroy the Spanish fleet. Admiral Crowninshield states that he wrote the dispatch in the White House and submitted it to both Attorney-General Griggs and the President, and that the only change made in the dispatch as he wrote it was the addition of either the word "capture" or the word "destroy." The dispatch, accord-ing to Admiral Crowninshield, then was led to Lieutenant Whittlesley, who it to Secretary Long, and after the latter had signed it, sent it to Admiral

In conclusion, Admiral Crowninshield says that whatever credit comes from having given the order belongs to the President and to Secretary Long. Secretary Long said upon this subject: "My recollection is entirely distinct, immediately upon the declaration of war I had conferred with the President about an order to Dewey to attack the Spanish fleet at Manila. Sunday morning, April 24, I went to the White House, sat with

the Presient on a sofa in the corridor and earnestly advised the sending of such order. But for Admiral Crownin-eld's statement I should have said un-

"It seems to be probable that the President, after his interview with me sent for some of the Cabinet and Admiral Crowninshield, and took up the dispatch and gave it final consideration. Probably also there had then come in Dewey's dispatch of the day before advising us that he had been ordered to get away from Hong Kong."

TROUBLE ON THE FRASER RIVER

Both Sides Are Armed, and Militia May Be Called Out-Price Paid for Fish Is Point In Dispute.

VANCOUVER, B. C., July 8,-The breatened trouble in connection with the almon canning industry reached a climax samon canning industry reached a chimac today. The fishermen and the canners have been unable to agree upon the re-muneration to be paid to the former for catching fish, and, as was the case last year, the fishermen, who are well organ-ized, have declared a strike. The fishermen's union comprises all the whites and Indians who, by reason of many years of service, have become experts in working for the 30 canneries on the Fraser River. The canners, unable to come to terms with the union fishermen, have arranged

to employ Japanese to catch salmon. .
When the Japanese started out to fish today the union men organized a system of patrol boats, and every Japanese found fishing was ordered to desist and to re-turn to shore. A number of Japanese resisted this command, and fights be-tween Japanese and union men followed, resulting in five broken heads for as many Japanese. None of the latter are battered up.

Following this incident, the Japanese held a mass meeting, at which it was de-cided that their entire strength should be paraded tonight. Consequently 1209 boats, each containing three Japanese, started simultaneously this evening from the fishing village of Steveston, 14 miles from Vancouver. Twenty-five special police-men were sworn in besides the regular force at Steveston, but these proved inadequate to restrain the union men. The union pairol of 300 bosts is arranging to follow the Japanese at midnight, and both sides significantly agree that the matter will be settled before morning. All the Japanese are armed, and so are the whites. There is talk of calling out the militia, but it is likely that the trouble will be settled, whether with or without bloodshed before a military force could bloodshed, before a military force could be got to the scene of the trouble. A strange feature about the strike is that there is little difference between the price offered by the canners and that demanded by the fishermen. Slight concessions on both sides would reconcile the opposing

forces in the controversy.

A telephone message from Steveston at midnight says no further conflict between the strikers has occurred.

The Senate and the House of Repre sentatives seem to be at loggerheads over the matter of appropriations. The House has cut down salaries and other expenses and the Senate is increasing expenses. The Senate laid the House bill for salaries on the table without ceremony. The House has now finished its bills and is waiting for action on the part of the Senate, in which there is much debate and delay. WASHINGTON, July 8.-The new Philppine tariff, upon which the insular livision of the War Department has been working for some time past, has been completed and approved, but will not be promulgated until copies can reach Mailla. Meanwhile it will be printed both in English and Spanish. The new tariff will be issued as an amendment or modi-

An important provision An important provision affecting goods in transit has been included, permitting consignees to declare all ports which shall arrive in the Philip pines within @ days after the tariff is put into operation either under the old schedules now in use or under the new duties.
