BOUQUETS FOR PLAYERS

REGULAR FLOWER SHOW AT THE BASEBALL GAME.

Portland Defeats Tacoma Again, This Time by 4 to 2—Superior Hitting Does the Work.

Portland won again; same old story. The score was 4 to 2. It was ladies' day, the crowd was enthusiastic, and the result was eminently satisfactory. It was bouquet day, likewise. Muller and Salisbury got two each, and Tinker, Weed and Brown got one each. Some admirer of Shortstop McCarthy, of the Tacoma aggregation, presented him with one, too. "Spieler" Copeland, the "man on horseback," made the presentation, each time with a flowery speech. The bleachers finally wearied of Copeland's oratory and yelled: "Aw, cut it out!"

Tacoma made the first score. It was in the first inning. McCarthy went out and Flannery beat a short one to first. McIntyre lined out a single, and Zearfoss did likewise, scoring Flannery.

In the second Weed, after being given a bouquet, got his base on balls. Brown went out on a long fly to left. Weed stole second and third in succession. The bouquet seemed to increase his penchant for larceny. Mahaffey made a hit and Weed scored. Vigneaux failed to get action, but Salisbury, upon receiving two bouquets, knocked a two-bagger, and Mahaffey came home. Muller got first on an error of Pitcher Wilner, who was trying to cover that bag, and Salisbury came home on the play. Muller tried to continue the fireworks by stealing second, but was caught.

Tacoma scored again in the second. Menefee was presented with a base by Salisbury, and Stulz sacrificed him to second. Wilner hit safely, and McCarthy hit a short grounder to Anderson. He was caught, but Menefee got home. Flannery was hit by the ball, but McIntyre failed to reach first, and it was all off for the remainder of the game with Tacoma.

In the fourth Brown knocked a two-bagger, but nothing came of it. In the sixth Portland scored again. Weed made a hit and reached home on an error by Stulz and a passed ball by Zearfoss. In the eighth inning Vigneaux and Mahaffey were put out on a double play from McCarthy to Flannery.

The game was interesting throughout. The errors were not plentiful, and while all resulted in something, they were not too glaring. At least 3500 people witnessed the game. The grandstand was a brilliant sea of shirt waists. The score:

PORTLAND.

SCORE BY INNINGS.

Portland	0	3	0	0	0	1	0	0	0—4
Tacoma	1	1	0	0	0	0	0	0	0—2

SUMMARY.

Runs earned—Tacoma, 1.
Bases on balls—Off Salisbury, 1; off Wilner, 5.
Hit by pitcher—Salisbury, 1.
Struck out—By Salisbury, 3; Wilner, 3.
Two-base hits—Salisbury, Brown.
Stolen bases—Weed, 2; Deisel.
Sacrifice hits—Deisel, Stulz.
Double plays—McCarthy to Flannery.
Passed ball—Zearfoss.
Left on bases—Portland, 5; Tacoma, 4.
Time of game—1 hour and 40 minutes.
Umpire—O'Connell.

A TRIPLE PLAY.

So Says the Seattle Account of the Game—Spokane Lost.

SEATTLE, July 18.—Harmon won his own game today, when in the ninth inning, with two men out and Rockenfield on base, he drove a two-bagger down over third base, bringing the runner home. In the sixth, with Hodge on first and Hurlburt on second, Swindells' hit to Rockenfield forced Hurlburt out. Rockenfield threw wild to Hurley, but the latter recovered the ball and threw it home. Frary threw to Peeples, who retired Swindells at second. Hodge, supposing three men were out, started out in the field, but was touched out by Rockenfield, the whole making the only triple play of the season. Attendance 1000. Score:

AMERICAN LEAGUE.

Milwaukee Wins a Pitchers' Battle From Philadelphia.

MILWAUKEE, July 18.—Today's game was a pitchers' battle, in which Hawley excelled. He had the visitors shut out for seven innings, but in the eighth a triple and a single scored their only run. Attendance 1000. Score:

	R	H	E		R	H	E
Milwaukee	2	7	1	Philadelphia	1	8	2

Batteries—Hawley and Maloney; Bernhard and Powers.

Cleveland Beat Boston.

CLEVELAND, July 18.—Cleveland was more fortunate in bunching her hits with the visitors from Boston. Attendance 935. Score:

	R	H	E		R	H	E
Cleveland	6	10	2	Boston	5	5	3

Batteries—Hart and Wood; Winters and Schreck.

Washington Beat Detroit.

DETROIT, July 18.—Washington bunched seven hits in the third and fourth innings and won the game. Attendance 1600. Score:

	R	H	E		R	H	E
Washington	8	13	1	Detroit	6	15	6

Batteries—Lee and Clark; Yeager, High and Buelow.

Chicago Beat Baltimore.

CHICAGO, July 18.—The locals hit McGinnity at will, while Baltimore could do nothing with Patterson. Attendance 2700. Score:

	R	H	E		R	H	E
Chicago	9	13	0	Baltimore	1	8	6

Batteries—Patterson and Sullivan; McGinnity and Brenahan.

OUR TRADE WITH RUSSIA.

St. Petersburg Statistics Show a Falling Off.

ST. PETERSBURG, July 4.—The daily organ of the Ministry of Finance publishes statistics of the falling off in the American export trade to Russia, which it stated, began in October, 1900, and became more marked in April, 1901. No mention is made of the Russian discriminating duties which became effective in March, and it is not clear what the article is intended to prove. Attention is directed to the fact that the falling off was especially marked in April steel and iron exports. The article in full, referred to above, follows:

"The decrease of the exports from the United States, first noticed in October last, attained in April, 1901, a rather important figure of 5,000,000 rubles less than during the corresponding period of the year 1900. The total amount of exported articles from America was $34,416,279, or 29.15 per cent of the whole export of the United States, against $39,424,269, or 33.84 per cent of the total export in April, 1900. The total amount of the export for 10 months of the fiscal year 1900-1 shows a decrease of more than $13,000,000 against the items of 1899-1900 ($339,810,614 against $352,671,206). Building articles and steel exported April, 1901, amounted to only $244,411, against $343,889 of the same month in 1900; steel wires to $385,567, against $511,448 in the past year; small iron articles for building business to $780,801, against $898,049; machinery to work metals, $269,587, against $612,287 of the previous year; pumps $193,298, against $263,184; sewing machines, $300,097, against $394,322; other machines, $1,580,957, against $1,852,116.

The figures for 10 months, 1900-1, follow:

	1899-1900	1900-1901
Bicycles and parts	2,906,000	1,920,000
Copper in blocks	45,358,000	34,322,000
Raw cotton tissues	11,381,000	4,984,000
Gun powder, explosives	1,255,000	1,316,000
Steel wire	4,951,000	2,270,000
Sundry iron articles	7,888,000	7,619,000
Machines working metals	6,002,000	3,527,000
Pumps	2,614,000	1,874,000
Steam eng. (locomobiles)	4,805,000	2,283,000
Other machines	17,797,000	17,558,000
Iron tubes and parts	5,997,000	4,168,000
Petroleum	56,611,000	51,968,000
Tobacco articles	4,997,000	4,128,000
Furniture	3,312,000	3,181,000

An increase of exports is to be noted on the following articles:

	1899-1900	1900-1901
Agricultural implements	12,586,000	12,862,000
Carriages	5,281,000	7,181,000
Cotton tissues, dyed	3,865,000	5,079,000
India rubber wares	1,902,000	2,543,000
Electrical and scientific apparatus	5,317,000	6,034,000
Steel rails	6,652,000	8,907,000
Iron for building purposes and steel	2,077,000	2,721,000
Typewriters	2,258,000	2,335,000
Boots and shoes	3,458,000	4,300,000
Musical instruments	1,665,000	2,248,000
Paper and paper articles	4,983,000	6,248,000
Woolen tissues	1,099,000	1,294,000

The official Messenger reviews the sugar industry during the year 1899-1900. It says that by reason of the easy credit then prevailing the number of factories increased from 244 to 268, and the total production from 45,400,000 poods to 53,300,000 poods, while the domestic consumption advanced only 1,000,000 poods. The following remark is significant:

"That the reserve of over 16,000,000 poods did not occasion a crisis can only be attributed to the favorable effect of the law of November 20, 1895."

There were during the year available for disposition, otherwise than by sale, in Russia 12,821,572 poods, and 11,562,884 poods were exported. Three millions went to Persia and China. The translation of this article adds:

"The sugar that is exported to the Orient is not paid a premium, as Russia is almost the sole seller in these markets and the prices are satisfactory. The premium paid export to Europe, apart from Finland, was sold principally to Italy, Turkey, Servia, Roumania, Bulgaria and England."

The sugar law gives the Finance Minister the right to suspend the operation of the paragraph regarding the repayment of the excise on exported sugar whenever he may desire.

To Examine Proposed Reserve.

BAKER CITY, July 18.—Captain S. B. Ormsby, Superintendent of the Cascade forest reserve, is in Baker City to examine the proposed reserve at the head of Elk Creek. This reserve is desired as a protection to the water supply of Baker City.

General Wood Improves.

WASHINGTON, July 18.—Adjutant-General Scott reports by cable from Havana to the War Department today as follows: "General Wood continues to improve. Temperature normal today."

Apply Satin-Skin Cream lightly, then use Satin-Skin Powder. Result a beautiful satin complexion. 25c.

BROKE 95 OUT OF 100

GRIFFITHS WON THE GREAT AMERICAN HANDICAP.

Other Good Scores Made at the Inter-State Park Shooting Tournament Yesterday.

NEW YORK, July 18.—Eugene C. Griffiths, of Pascoag, R. I., duplicated his victory in the grand American handicap at live birds last April, at Interstate Park, Long Island, by winning the grand American handicap at inanimate targets from a field of 78 contestants at the same place today. Griffiths took part in both contests last year, but was not in the money either time. Last year he stood at 20 yards in the target handicap, but did not get a place in the first 16. This year the handicapping committee placed him at 19 yards, and after a splendid exhibition with the shotgun he beat all the others, breaking 95 out of 100 targets. F. V. Carlough, of Rutherford, N. J., shooting from the 16-yard mark, broke 93 and secured second money, while Charles Wagner, of Schenectady, N. Y., broke 92 at a distance of 17 yards from the traps. On the whole, the conditions today were satisfactory, as the weather was clear and a good light wind prevailed. Five sweepstakes events, each at 16 yards, rise, were decided prior to the handicap, and in these Crosby carried off the honors as he did not miss a single target, making a continuous run of 85 straight targets.

	Handicap, yards.	Killed.
E. C. Griffiths, Pascoag, R. I.	19	95
F. V. Carlough, Rutherford, N. J.	16	93
C. Wagner, Schnectady, N. Y.	17	92
E. Banks, New York	19	91
W. Hood, Baltimore	18	91
R. C. Kirckner, Rochester	17	90
T. D. Kilsey, East Aurora	18	89
F. Stearns, Richmond, Va.	18	89
Colonel C. J. Anthony, Charlotte, N. C.	16	88
D. W. Sawin, Gardner, Mass.	19	88
E. C. Fort, Fostoria, O.	18	88
J. J. Hallowell, Philadelphia	18	87
W. R. Crosby, O'Fallon, Ill.	22	87
G. G. Stephenson, Brooklyn	16	87
J. R. Malone, Baltimore	18	86
I. C. Elder, Chambersburg, Pa.	18	86

The sweepstakes events resulted as follows:

First event, 15 blue rocks, 51 entries, W. R. Crosby, R. O. Heikes, B. LeRoy and J. S. Remsen, 15 each; second event, 20 targets, 92 entries—C. E. Mink, Fred Gilbert, W. R. Crosby, "Mingo" J. Cowan and D. Samford, 20 each; third event, 15 targets, 95 entries—G. H. Piercy, W. R. Crosby, W. Hoom, F. Stearns, B. LeRoy, A. H. Winchester, C. H. Wagner, N. W. Phillips, L. D. Squire, A. Sanford, S. D. Kelsey, E. D. Fulford, and J. Martin, 15 each; fourth event, 20 blue rocks, 95 entries, W. R. Crosby, C. E. Mink, J. M. Hawkins, E. K. Rahn, J. C. Hicks, Stearns C. Wagner, J. Cowan and W. C. Morris, 20 each; fifth event, 15 blue rocks, 93 entries, W. C. Crosby, F. D. Snow and C. W. Phillips.

CRACK SHOT MAKES NEW RECORD.

San Francisco Man's Score at Shooting Festival Never Equaled.

SAN FRANCISCO, July 18.—Adolph Streeker, a barber of this city, at today's shooting of the third national Bundesfest, completed a score which has never been equaled in the United States on the King target, and which will doubtless give Strecker the "King prize." Out of 200 shots, he has made the record score of 395 points, breaking the highest score of "King" Hayes, made three years ago, by 22 points. F. C. Ross, the first Bundes king, made 371 six years ago.

Strecker is among the most noted marksmen in the country. His record score is 452 on the 25-ring target. In 1874 he was crowned king of American rifle shots at Baltimore, and two years later he was one of the team of Californians that took first rank and honor in the Centennial contest at Philadelphia. The highest scores made today were:

On the King target—Jacob Gruehler, Sacramento, 341; D. B. Fakton, San Francisco, 321.

On the Honorary target—J. H. Dean, Colorado, 63; L. Rogers, San Francisco, 65.

On the Ring target—Emil Berg, Hoboken, 75.

Adolph Rosenthal, the German Consul, together with the Consular Corps, were guests of the bund today.

Silver cups were won by H. M. Pope, Massachusetts; H. H. Uckotter, Cincinnati; F. S. Speth, Cincinnati; W. H. French, Colorado.

Gold medals were won by F. Mathie, Wisconsin; Emil Berg, Davenport, Ia.; R. Gutte, New York; T. J. Malan, Chicago; T. D. East, Colorado; L. P. Hansen, Jersey City.

The highest score of the man target was made by E. Berkman, New York, 77. On the standard target, L. E. Stell, Pittsburg, scored 47.

BROKE WORLD'S RACING RECORD.

Fast Mile Made by Cresceus on Grosse Point Track.

DETROIT, July 18.—Cresceus, the chestnut stallion owned and driven by George H. Ketcham, of Toledo, won the free-for-all trot on the Detroit Driving Club's track at Grosse Point this afternoon, and incidentally trotted the fastest heat and won the fastest race record ever made. Charlie Herr, the brown stallion owned by David Cahill, of Lexington, Ky., and driven by Kelly, was the only opponent in this race, and he was a slow second. Cresceus won the first heat by five lengths in 2:06¾, breaking the record for this year on any track, and in the second heat he led by anywhere from 5 to 10 lengths, and finished easily in 2:05 flat, breaking the world's racing record.

Cresceus drew the pole for the first heat of the free-for-all, and the word was given as they scored down for the second time. Both were going like clockwork. Cresceus drew ahead of Charley Herr until, as they flashed by the quarter, the brown horse was three lengths behind. With a skip, Cresceus increased his lead until it was five lengths to the wire. The Toledo horse was greeted with great applause as his grooms led him to the paddock after the heat. The pair were sent off to a splendid start for the second heat, and Ketcham immediately began putting daylight between his sulky and Charley Herr's nose. The breeze had practically died out, and all conditions were perfect for a record-breaking performance. The quarter and half were each a quarter of a second slower than in the previous heat, but at the three-quarters Cresceus was a half second under the preceding heat. Then came the fastest quarter of the afternoon. Turning up the stretch and trotting like a machine, the chestnut went the distance in 30 seconds flat. When Ketcham dismounted from his sulky he was congratulated on every hand by those in the judge's stand and about the track. As Cresceus was led back to his stable he was greeted with cheers from all parts of the crowded grandstand. Following is the time by quarters.

First heat	30½	1:02¼	1:35½	2:06¾
Second heat	30¾	1:02½	1:35	2:05

The other events were drawn out and tiresome, and the big bunch of starters in each event proved unruly ones to get off. In the 2:27 trot it took six heats to decide the winner of first money. He was Coxey, a bay gelding owned by Smathers & Shaffer, of New York, and driven by Spear. Meta Arthur, who finished third in the last heat and just escaped being distanced by a change of drivers from Rutherford, who the talent thought was doing some jockeying to Noble, took second money. Springdale won third, and Vic Shiller fourth. In the fifth heat all non-winners of heats were sent to the barn. Four heats for the field, and then two heats for the winners of heats, was the game in the second race—namely, the 2:09 class pace. After Sidney Pointer had one heat to his credit, Argetta one, George two and Syhpnx S. one, the non-winners were sent to the barn and the heat-winners paced two uninteresting heats before Sphynx S. was declared winner of first and fourth money. Summary:

2:27 class trot—Coxey won the fourth, fifth and sixth heats; best time, 2:16¼. Meta Arthur won the second and third heats; best time, 2:14¾. Springdale won the first heat in 2:16. Vic Shiller, Toledo Bee, Betsy Ross, Captain Bracken, Ladie Patchie, Jurash, Ruth Ardelia and The King also started.

2:09 class pace, purse $2500—Sphynx S. won the first, sixth and seventh heats; best time, 2:09¼. George won the third and fourth heats; best time, 2:08½. Argetta won the second heat in 2:08¾. Sidney Pointer won the first heat in 2:07¼. Carmine, Arbuteskan, White Hose, Goshen Jim, Rey Direct and Annie Thornton also started.

Free-for-all trot, purse $2500—Cresceus, ch. s., by Robert McGregor (George H. Ketchum), won two straight heats; best time, 2:05. Charlie Herr, br. s. (Kelly), also started.

Sir Oliver Won Hyde Park Stakes.

CHICAGO, July 18.—The Hyde Park stakes today produced a stunning surprise in the defeat of Abe Frank, the supposedly invincible 2-year-old. He was beaten by both Sir Oliver and Memnon. Six youngsters started in the Hyde Park, which is the richest 2-year-old event in the West. Results:

Five and a half furlongs—Belles Commoner won, Hans Wagner second, Emathion third; time, 1:11.

Six furlongs—Money Muss won, Likeness second, Boney Boy third; time, 1:17.

The Hyde Park stakes, six furlongs, $5000 added—Sir Oliver won, Memnon second, Abe Frank third; time, 1:15 3-5. Pentecost, Charles W. Meyer and Runnells also ran.

Mile and a sixteenth—Alaska won, El Ghor second, Evelyn Bird third; time, 1:51.

Six furlongs and 55 yards—Scotch Plaid won, Winter second, Odnor third; time, 1:19 3-5.

Mile and an eighth—Joe Collins won, Knight Bannock second, Hosi third; time, 1:57.

Races at Butte.

BUTTE, Mont., July 18.—Results:

One mile—Tom Calvert won, Cousin Letty second, The Buffoon third; time, 1:44.

Six furlongs—Miss Remsen won, Alaria second, Devereaux third; time, 1:15½.

Five furlongs—Sir Dougall won, Midlove second, Espirando third; time, 1:01½.

Five and one-half furlongs—Hagerdon won, Valencienne second, Algaretta third; time, 1:07, breaking track record by ¼ second.

Four and one-half furlongs—Innocencia won, Water Scratch second, E. M. Brattain third; time, 0:55.

Mile and one-third—Gauntlet won, Ting-a-Ling second, Dominie third; time, 1:56¾.

GOOD TEMPLARS ELECTION.

State Organization Wants the Anti-Canteen Law to Stand.

TACOMA, July 18.—At today's session of the grand lodge of the Good Templars the following officers were elected:

Grand chief templar, C. A. Palmer, Enterprise; grand chief, N. O. Baldwin, unanimously re-elected; grand vice templar, Mrs. Ora Bull, Seattle; grand secretary, J. R. O'Farrell, Orting; grand treasurer, John W. Brewer, Seattle; grand vice counsel, Mrs. L. Campbell; grand sentinel, O. L. Fowler, Orting; deputy right worthy grand templar, Jonas Bushell, Seattle; delegates to the international supreme lodge, Cora Cotterill and Mamie A. Fisher; alternates, N. O. Baldwin and George R. Cotterill.

Resolutions were passed condemning the action of the liquor dealers in their efforts to have the Army canteen re-established, and calling on the Congressional members from the State of Washington to use their efforts against the passage of any law that would help the liquor interests. The alleged subsidized press was also denounced for work in behalf of the liquor men.

Will Be Sent to Fort Lawton.

SEATTLE, July 18.—The Thirty-second company of Coast Artillery is announced by the local Quartermaster's office here as having been detailed to duty at Fort Lawton on its arrival at Seattle. The company is now in the Philippines and is expected to arrive here within the next 30 days. There are 110 men in the detachment. The accommodations at Fort Lawton, however, are not sufficient for a two-company battery of artillery, and are now being enlarged under a contract recently let by the Government.

A CONSUL KILLED.

Ecuadorian Official Assassination in Valparaiso.

VALPARAISO, July 18.—The Eucadorian Consul-General in Valparaiso, A Arias Sanchez, was assassinated today in the center of the city. He was shot and stabbed and his ears were cut off. It is supposed that the assassins are enemies of the present Alfaro administration in Ecuador. Several Alfaroans have been arrested.

The Pauncefote Interview.

WASHINGTON, July 18.—The interview with Lord Pauncefote in London relative to the canal and other questions published this morning has attracted much attention officially, and generally the sentiments expressed meet with commendation. It is admitted that the interview very fairly sets out the present status of the relations between the United States and England. The reference to the reconvening of the high judicial commission this Fall is taken to indicate a willingness on the part of the British Government to yield to the Canadian demand for a resumption of the suspended meeting of this body. Our own Government has concluded that better results were promised by direct negotiations between Secretary Hay and Lord Pauncefote, but if the Canadian Government preferts to take up the threads of the negotiations where they were dropped by the Commissioners two years ago, there will be no objection on our part, as the Canadian Government has been fully advised on what terms negotiations might be profitably continued.

Howard Says He Killed Baker.

FRANKFORT, Ky., July 18.—James Howard, in jail here awaiting trial on the charge of complicity in the murder of William Gobel, has issued a signed statement concerning his connection with the murder of George and Thomas Baker. He said he killed George Baker, but claims justification, on the ground that George not only killed Howard's father and brother, but attempted to assassinate him on the way to the funeral. As to the killing of Thomas Baker, he says he can establish an alibi.

Mint Pressmaker Dead.

PHILADELPHIA, Pa., July 18.—Arthur Orr, builder of the coining presses used for many years in the United States mints in Philadelphia, Carson City, San Francisco and New Orleans, is dead at his Summer home at Morristown, aged 84. For many years he made a specialty of mint work, building nearly all the coining presses for the Government, many of which are still in use. He also built coining and milling presses for the governments of Mexico, Peru and Chile.

Evidence of a Tragedy.

PITTSBURG, Pa., July 18.—The village of Six-Mile Ferry, near Homestead, is excited over the finding of a woman's arm in a ravine near the town, and later the discovery in some bushes of a torn silk dress. Blood stains were also found on the grass in the vicinity. It is believed the woman was lured into the ravine and murdered.

MANY SUBJECTS TOUCHED

RESOLUTIONS OF THE TRANS-MISSISSIPPI CONGRESS.

Cabinet Departments of Commerce and Mining Are Favored—Reclamation of Arid Lands.

CRIPPLE CREEK, Colo., July 18.—The Trans-Mississippi Commercial Congress today completed the most important of its work, adopting resolutions covering a multitude of subjects of interest to the great West and selecting St. Paul as the next place of meeting. The only debate of the session that at any time threatened to disturb the harmony of the occasion came up over the resolutions proposing the establishment of Government departments of mining and of commerce and industry. The friends of the former feared that adoption of the latter would be inimical to their hopes, the danger being that the mining industry might be relegated to a bureau of another department. The debate was led by H. R. Whitmore, of St. Louis, and F. L. Thurber, on the side of the department of commerce and industry, and Hon. B. F. Montgomery, speaker of the Colorado Legislature, and ex-Governor Adams, of Pueblo, Colo., for the mining department. Finally, on motion of ex-Governor Prince, of New Mexico, the industrial feature was stricken from the resolution advocated by the Eastern delegates, and both departments were then unanimously indorsed. Government aid in the reclamation of arid lands was strongly urged, and the restoration of the mercantile marine was advocated in general terms.

The resolutions affecting the great demand for rural homes, as shown by the rushes to recently opened public lands, and referring to the fact that there are still about 100,000,000 acres of arid public land which can be reclaimed by irrigation, declared in favor of the policy advocated by the International Irrigation Congress of Government action in the matter of the storage of the waste water of the mountain regions of the West and their distribution to the farmers of the arid plains. State and National legislation is urged to provide for the damming and the collection of water in ponds to facilitate evaporation and thus increase the rainfall. An arid-land fund of $100,000,000 is advocated to be raised by the sale of Government bonds, the money to be expended in reclaiming arid lands and to be returned to the Government from the sale of the lands reclaimed.

More adequate appropriations for the improvement of rivers and harbors in the Western States were recommended. Specific mention was made of the Pacific Coast harbors, the proposed Galveston-Houston ship canal, the deep waterway connecting the Great Lakes with the Mississippi River, the improvement of the Mississippi levees, the deepening of the southwest pass of the Mississippi delta, and the completion of the dam at Marysville, Cal. The report favors statehood for Arizona, New Mexico and Oklahoma, and a suitable government for Indian Territory; favors the immediate construction of a Pacific cable, and the Nicaragua Canal; asks that the interstate commerce law be amended; demands the abolition of the fee system in the Consular service; favors laws to encourage the beet-sugar industry; indorses an inter-continental railway, and advocates restoration of the merchant marine.

The Government was urged to deepen the harbor and adjacent waterways at Sabine Pass, Tex., in the interests of the Beaumont oil district, and to make the Brazos River navigable as far as Waco, Tex. The Secretary of the Interior was asked to permit grazing on the forest reserves.

The following members of the new executive committee were announced: Texas, J. W. Riggin; California, W. M. Bunker; Colorado, Mitchell Benedict; Kansas, Dr. F. T. C. Frazier; New Mexico, R. W. Tanshill; Louisiana, Sidney Lewis; Indian Territory, William Noble; Montana, W. M. Woodbridge; Nevada, J. A. Miller; Wyoming, Fred Bond; South Dakota, F. W. Marlin; Arizona, B. H. Fowler; Iowa, William H. Calhoun; Arkansas, George Senle; Missouri, H. R. Whitmore; Nebraska, L. J. Blower.

After the noon recess Mr. Coleman, of Texas, spoke on the importance to the West of deep harbors on the Gulf Coast. He touched upon the irrigation question and the Nicaragua Canal project, which he declared were intimately connected with the question of harbors on the Gulf. He thought that the Government could better afford to spend money for these improvements than to prosecute a war for sentiment. He did not wish to be understood as criticising the war, however.

R. W. Tansill, of Carthage, N. M., advocated Government aid to irrigation in the interest of the consumptives of America, who could then find health in the arid region.

The convention was entertained with songs by "Roney's Boys," of Chicago, after which the selection of the next place of meeting was taken up. Only the cities of New Orleans, St. Paul and Oklahoma City were placed in nomination. Sidney F. Storey spoke for New Orleans, R. C. Hoyt for St. Paul and E. C. Lewis for Oklahoma City. On the first ballot St. Paul won with 166 votes against 73 for New Orleans and 43 for Oklahoma City.

On the motion of F. B. Thurber, of New York, the president was instructed to appoint a committee of five to formulate plans by which the congress may aid in the erection of a monument to the late Major-General John C. Fremont.

Wesley A. Stuart, of Sturgis, S. D., spoke briefly in favor of Government aid to irrigation. Congressman E. J. Burkett, of Nebraska, gave an address on "A Greater West." He declared that the people of the East have sent their money and their sons and daughters to help the West, and are not antagonistic to this region. He feared the congress was inclined to ask too heavy appropriations from the Government. F. H. Frankenburg, of Pueblo, spoke on "Storage and Distribution of Water." L. G. O'Donnell, of Billings, Mont., gave some statistics to show the effect of irrigation in the West. C. E. Wantland, of Denver, spoke on the "Importance of the Public Lands Question to Western Development."

Re-Rating of Maccabees.

PORT HURON, Mich., July 18.—The supreme tent, Knights of the Maccabees, today decided that all old members must be re-rated on the same plan as new members at the age at which they joined the organization. This was done to have other members bear an equitable proportion of the expense of carrying them. It was also decided to allow the board of trustees to make investments in state and municipal bonds, instead of confining them to Government bonds.

Missouri Changing Its Course.

KANSAS CITY, July 18.—The Missouri River has cut its banks at a point eight miles south of Leavenworth, and is now pouring part of its waters into the Platte River. The bed of the Platte is gradually being widened, and there is danger that within the next few days the Missouri will be transferred completely to the bed of the Platte. An island five miles lond, and in some places nearly two miles wide, has been formed. If the Missouri adopts the new channel this land will be transferred from Missouri to Kansas.

Three on One Gallows.

NASHVILLE, Tenn., July 18.—The first triple execution ever held in this county took place here today, when three negro murderers were executed from the same scaffold in the jail yard. They were Babe Battis, Duser Thompson and Abe Petway. Thompson, to the last, affirmed his innocence.

Firemen's Wages Advanced.

POTTSVILLE, Pa., July 18.—The Philadelphia & Reading Coal & Iron Company has issued notices at its collieries increasing the wages of stationary firemen to $9 50 a week, which, with the 16 per cent general increase of last Fall makes the wages of this class of men equal to $11 per week. The new rate went into effect July 11.

INJUDICIOUS LOANS

Caused the Failure of a Bank in a Wisconsin Town.

OSHKOSH, Wis., July 18.—Attorney-General Hicks today made application for the appointment of a receiver for the German Bank of Chilton, Calumet County, Wis. The application was made upon the report and demand of State Bank Examiner Kidd, who has just concluded an examination of the affairs of the bank. The liabilities of the institution are placed by Mr. Kidd at $600,000. The net assets will not exceed $400. The bank is a private concern and is owned by Theodore and Henry Korsten. The capital stock of the bank is only $50,000, but it had deposits amounting to $620,000. The money belonged mostly to farmers and laboring people. The cause of the failure is given as injudicious loans.

Received at the Penitentiary.

SALEM, July 18.—John Tom McNamara was received at the penitentiary today on a conviction from Washington County. He will serve one year for larceny from a store.

Good Digestion and Health Secured in Hot Weather by Using

Malt Breakfast Food

Always Delicious and Appetizing

Good digestion and health in hot weather depend largely on what is eaten at breakfast. Starchy grain foods and rich meats seriously tax the digestive machinery. When you make Malt Breakfast Food your first dish at breakfast, digestive vigor and true comfort are yours for the day. No other grain food is so delicious, appetizing, and healthful as Malt Breakfast Food. Secure a package from your grocer.

ASIATICS IN AMERICA.

Fewer Chinese and More Japanese Than Ten Years Ago.

WASHINGTON, July 18.—A preliminary statement of the Chinese population, derived from the returns of the twelfth census, was issued by Director Merriam today. It shows that there are approximately 89,800 Chinese in the United States proper as against 107,475 in 1890. About 67,700, or 75 per cent, are contained in the western division of states and territories, as against 96,844, or 90 per cent, in 1890. There were 72,472 Chinese in California alone in 1890, but this number has been reduced in 1900 to 45,753. There has been a loss since 1890 of about 29,100 Chinese in the western division of states and territories and a net loss for the United States proper of over 17,500. The states and territories outside the western division show as a whole a gain since 1890 of about 11,500 Chinese. Besides the Chinese population in the United States proper, the twelfth census shows 3116 Chinese in Alaska in 1900 as against 2288 Mongolians (chiefly Chinese) at the census of 1890, and 25,767 Chinese in Hawaii in 1900, as against 16,242 in 1890. There has been a remarkable increase in the number of Japanese in the United States since 1890, the preliminary figures of the present census showing a total for the United States proper of about 24,300 as against 2039 in 1890. The Japanese element is concentrated in the western division of states and territories, this division containing 23,360 Japanese in 1900, as against 1559 in 1890. There is a very large Japanese population in the Hawaiian Islands, the number in 1900 being 61,111 as against 13,120 in 1890. There were 825 reported in Alaska in 1900, as against a score or more in 1890.

Alaskan Gold Imports.

NEW YORK, July 18.—The Journal of Commerce says:

While it is impossible to estimate accurately the extent of the Alaskan gold imports this year, it is believed they will exceed those of last year and that they will have a material influence on local bank reserves. William Gray, one of the agents here for the Canadian Bank of Commerce, which has a branch in Dawson, said yesterday that last year his bank received $6,000,000 from Alaska. A conservative estimate of last year's total receipts would be $12,000,000. This year the receipts ought to be $15,000,000 and perhaps more.

"The whole Alaska production will come to New York," said he. "Thus far we have received $1,200,000 in sub-treasury drafts against deposits of gold in Seattle and San Francisco. We have advices of $800,000 more in transit, and I personally know of about $1,000,000 more which will soon come to us. The other Canadian banks represented here will also bring in Alaskan gold."

Denial by Lamont.

NEW YORK, July 18.—Daniel S. Lamont, vice-president of the Northern Pacific, tonight said that he wished to deny unqualifiedly the report from Chicago that he would be selected as the president of the Northern Pacific Railroad to succeed President Mellen. "The report is without foundation," Mr. Lamont said. "I am not aware that Mr. Mellen, whose efficiency is conceded and whose success is a matter of record, has any idea of retiring, and I am positive that under no circumstances would I take the place."

Fine Salem Residence Sold.

SALEM, July 18.—The Williams residence property, on Court street, northeast from the Capitol, was today sold by W. T. Slater, receiver of the Williams & England Bank, to H. R. Thielsen, trustee, for $5700. The property cost many times that sum, and is in a good state of preservation.

Rock-a-Bye Baby

These are sweet words, but how much pain and suffering they used to mean. It's different now. Since Mother's Friend has become known expectant mothers have been spared much of the anguish of childbirth. **Mother's Friend** is a liniment to be applied externally. It is rubbed thoroughly into the muscles of the abdomen. It gives elasticity and strength, and when the final great strain comes they respond quickly and easily without pain. Mother's Friend is never taken internally. Internal remedies at this time do more harm than good. If a

woman is supplied with this splendid liniment she need never fear rising or swelling breasts, morning sickness, or any of the discomforts which usually accompany pregnancy.

The proprietor of a large hotel in Tampa, Fla., writes: "My wife had an awful time with her first child. During her second pregnancy, Mother's Friend was used and the baby was born easily before the doctor arrived. It's certainly great."

Get Mother's Friend at the drug store. $1 per bottle.
