TACOMA SHUT SEATTLE OUT. Neither Side Could Hit the Ball at

Critical Points.

SEATTLE, July 30 .- For the first time since the opening of the season Seattle was shut out in the game with Tacoma today. The score stood 3 to 0. The game was listless, characterized by slow fielding, and inability of batters on both sides
to hit the ball at critical points. Harmon pitched a good game. Carter, for
Tacoma, was freely hit. Had the Seattle
batters displayed good generalship in
sacrificing, the result of the game would
have been different. St. Johns, in the
right field for Seattle, after making several rank fumbles and slow returns, was eral rank fumbles and slow returns, was retired to the bench, and Rockenfield substituted. Flannery, the Tacoma third baseman only by vigorous kicking kept himself from being retired to the outfield. The features of the game were a clever double play by McIntyre, Stulz and Mc-Closkey in the last of the first, and Frary's neat trapping of Flannery at third base in the same inning. The score: SEATTLE.

## **CONSTITUTION AS A RACER**

BECAME A SLOWER BOAT IN TWO WEEKS.

This Is the General Opinion of Men Who Have Watched Her Right Along.

NEWPORT, R. I., July 30.-Yachtsmen generally are discussing yesterday's race, in which the Columbia defeated the Constitution, and nearly every one now has come to the conclusion that the Constitu-tion is not only in poor tune, but that she is actually slower than when she raced the Columbia and the Independence two weeks ago. It was pointed out to-day that in the last race of the Newport series, during which Independence broke down, the wind was almost the same strength as yesterday, yet the Constitu-tion sailed the 10-mile leg to windward several seconds faster than the Columbia, Yesterday, in the 18-mile beat to windward, the Columbia was about two minutes faster than the Constitution. It was this poor showing on the part of the new boat that prompted Mr. Duncan to decline to race further until the Constitution's rig has been changed.

Secretary Oddie, of the New York Yacht Club, announced today that during the latter part of last May, ex-Commodore August Belmont, one of the owners of the Constitution, and ex-Commodore E. D. Morgan, the managing owner of the Columbia, resigned their membership in the challenge committee. J. Malcolm Forbes, of Boston, was chosen to succeed Mr. Bel-mont, but as yet the vacancy caused by Mr. Morgan's resignation has not been filled. When asked if Mr. Forbes sup-ported the other members of the committee in their position in regard to the Bos-ton boat, the Independence, Secretary Oddie stated that he did.

The entries for the Newport Associa tion races on Thursday and Saturday in-clude the Columbia and the Independence,

The judges today declared that the Illinois was not entitled to further consi eration, and that the victory belongs either the Cadillac or the Milwaukee, This action caused a lively row. Commo

### EDIET OF THE EMPEROR.

Chinese Foreign Office Is to Be Re organized and Advanced in Rank.

PEKIN, July 30 .- The edict of the Em peror providing for the reorganization of the Chinese foreign office has been received here. Its tone and substance sat-isfy the Ministers of the powers. The edict coincides with their demands in the matter, formulated by the United States Special Commissioner, Mr. Rockhill, as a condition of peace. The edict declares that foreign affairs will hereafter be the most important business of the govern-ment, gives the foreign office precedence over the six old boards that previously outranked it, and provides for the recep-tion of the Ministers in the hall in which heretofore has been entered by only near relatives of the Emperor. It also pro-vides for the entertainment of the Minis. ters by the Emperor at occasional ban-

The German Minister, Dr. Mumm von Schwarzenstein, is engaged in drafting a protocol providing for the punishment of Chinamen guilty of participating in the Boxer movement. A feature of this is that the number of culprits has dwindled from 190 men originally named to 54. London Mail's Expose of War Office. NEW YORK, July 30 .- According to the ondon correspondent of the Tribune, the Daily Mail, while getting from Mr. Brod-rick the best advertisement it has ever secured from any source, is rendering great public service in condemning and exposing the arbitrary conduct of the martinets of the War Office. Mr. Brodrick in the House of Commons has repu-diated the suggestion that in ceasing to give official information to the Mail, he has been actuated by a desire to punish that journal for reporting the shooting of British wounded at Vlakfontein, explaining his action on the ground that the Mail on two occasions published information hased upon official documents of a confidential nature. Kipling's Poem Irritates England. NEW YORK, July 30.—The Tribune's London correspondent asserts that Rud-yard Kipling's poem, "The Lesson," has had been finally arranged. Kipling's poem, "The Lesson," has caused much irritation among English readers, and it will not increase either his popularity or his literary reputation. He is reported to have written another poem, in which he attempts to mete out roughand-ready justice to various British Gentard and ready j cisco as a fighting place.

FACTIONS IN SOCIALISTIC CONVEN-TION GET TOGETHER.

Platform Declares for Public Ownership and National System to Give Work to Unemployed.

INDIANAPOLIS, July 30 .- The National ocialist Convention made an effort today to harmonize, and was partially successful. After a conference between Mr. Brooks, leader of the Chicago faction, a message was sent to Eugene V. Debs, declaring the convention to be harmoni-ous. Eugene V. Debs, when asked at his home in Terre Haute tonight for an ex-pression concerning the action of the con-

vention toward him, said:

"The term 'shelved' has little or no significance with me. They may shelve me if they like. I have no personal desire to be called a leader. The action of the Springfield faction does not disconcert me in the least. It is simply an effort on the in the least. It is simply an effort on the part of the Eastern faction to dictate to the Chicago faction, of which I am a member. The convention in Indianapolis is not a representative body of Socialists as the Springfield

Action was taken to contradict the report that the convention had at its session yesterday afternoon "shelved" Eugene V. Debs. It was directed that a telegram be sent to Debs denying the report, expressing confidence of the convention in him, and characterizing him as a "leader."

J. F. Carey, of Haverhill, Mass., was elected chairman of the day.

The platform committee reported at 3 o'clock this afternoon. The platform as

reported, declares that private ownership of the tools of production and distribution is responsible for the ever-increasing uncertainty of livelihood, and the poverty and misery of the working class, and it divides society into two hostile classes, the capitalists and wageworkers, It advocates as "immediate" demands public ownership of all means of transportation, communication and other public utilities, as well as all industries controlled by monopolies, trusts and combines; the reduction of the hours of labor; state or na-tional insurance of working people; the inauguration of a system of public works and improvements for the employment of the unemployed, the public credit to be utilized for the purpose; the education of all children up to the age of 18 years, and state and municipal aid in the purchase of books, clothing and food; equal civil and political rights for men and women; the initiative and referendum; and no more public land to be sold.

The platform was discussed at length this afternoon and at the session tonight held for that purpose. The session was occupied with the re-ports of the National secretaries of the Springfield and Chicago factions, and the reports of the committee on resolutions Secretary Butcher, of the Springfield fac-tion, reported receipts of \$4188, expenditures of \$4089, and a debt of \$67. Secretary Theodore Deggs, of the Chicago faction, reported expenditures of \$568 and a balance of \$56 for the present year. Mr. Deggs said at the end of his report that he would not be a candidate for re-election, when the factions were required. tion when the factions were reunited. Chairman Hoehen, of the committee on

resolutions, presented a resolution favor-ing trades unions as an economical force to carry on the class struggle, and a step toward independent political action. It was returned to the committee to be shortened. In the debate during which some animosity toward labor unions ap-peared, H. Gaylord Wilshire, of Los Angeles, the "millionaire socialist," ap-pealed from a decision of Chairman Carey. The chairman was overwhelmingly sustained.

A Porto Rican resolution created another debate. It spoke of Porto Rico as "the Siberia of America," and said the military tools of the United States were suppressing trades-unions and persecuting trades-unionists. It described this as un-American. A motion to strike out the American. A motion to strike out

sion, calling on the workingmen of the new possessions to organize, was adopted.

OHIO POPULISTS CONFER.

Middle-of-the-Roaders and Free Silven Men May Pull Together. COLUMBUS, O., July 30 .- Jo Parker, chairman of the National Committee of the Middle-of-the-Road Populists, and Otto Huber, of New Richmond, the Ohio member of the same committee, have been in conference today with the Populists, in response to a call issued by Chairman Parker, July 18. The small number of conferees were in executive session, and late tonight Chairman Parker gave out

an address to the people, which says: 'We congratulate true reformers o Ohio on the fact that the opportunity is now afforded by reason of the return to power in the Democratic party of the element which in 1896 deserted that party, repudiated and scorned its principles and betrayed it into the hands of the enemy Democratic principles into an effective, in-

dependent political movement.
"We denounce the contest going on be tween the Republicans and Democrats of Ohlo as a sham battle, a greedy scramble Onlo as a sham battle, a greedy scramble for place and power, regardless of the welfare of the people. We appeal to true citizens who believe in the true princi-ples of government, the elevation of the man above the dollar, to unite with us in the organization of these independent leagues, to the end that all true reform elements may be speedily united into one grand protest against legislative injustice and machine politics."

It is understood that if the free-silver men tomorrow nominate such a state tick et and adopt such a platform as is wanted by the middle-of-the-roaders, there will be a Populist ratification state convention here during the state fair, September 10. Tomorrow is the date for the conven tion of the free-silver men. F. J. Lindsay and I. F. Clark, of Delaware, O., are here representing the Prohibition and the Sam Jones elements, for the proposed fusion or federation of reforms. Clark and Lind-say want all those opposed to both Demo-crats and Republicans to unite on Mayor Jones, of Toledo, O., for Governor. The attendance for the free-sliver conention tomorrow, as well as the Popu-

amaigamated form, is not now regarded as a factor in the present Ohio campaign for state offices and United States Sen-Chicago Machinists' Strike Is Over. GLENN JURY DISCHARGED.

Last Vote Stood Seven for Conviction and Five for Acquittal.

PARKERSBURG, W. Va., July 30.—The Ellis Glenn case was brought to a close this afternoon by Judge Stapleton, who dismissed the jury by request, and upon the statement to the court that the members thereof could not reach a verdict. Their last ballot resulted in seven for conviction and five for acquittal, and shows that their deliberations since last Saturday, when they were given charge of the case, resulted only in the winning of

one juror to the side of acquittal.

The case was one of the most sens: tional in the criminal history of West Vicginia and cost the state thousands of dol-lars. The entire case hinged upon the identification of Ellis Glenn as being the is not a representative body of Socialists, as the Springfield faction is largely in the majority, and is in a position to diction to diction in a position to diction to diction in a position to diction in a position to diction in a position to diction in Indiana, and but little impression upon the prisoner, she merely smiling when the result was announced. Hazen, employed by the Fosburgh family to hunt down the murderer of May Fosburgh gives it as his opinion, after an investiga-tion, that William Lewis Gray, now detained here by the authorities, is not the man wanted. Mr. Hazen, who was for-merly chief of the United States Secret Service, has had a long talk with Gray, and has decided that the man was telling the truth when he said he knew nothing about the murder. Gray declared that the story he told the woman was false, and he had concocted it merely to make an Impression upon one of them. Gray is still held in custody.

"I am convinced that the crime was committed by burglars," said Mr. Hazen, in an interview, "One fact was impressed upon my mind at the outset, that the job was the work of beginners or amateurs.

A crowd went to Sig-ler's house Sunday night with the supposed intention of whipping him, and Sig-ler's sons opened fire, killing Lewis Hayne, a brother of State Senator Hayne, and Hop Holton. The three negroes were afterward arrested.

#### ZANARTU RESIGNS.

Vice-President of Chill Opposed to Military Operations.

LONDON, July 3L.—The resignation of Vice-President Zanartu, of Chili, is an-nounced from Sastlago, says a dispatch to the Dully Mail from Buenos Ayres, as a protest against further military preparations in Chili.

The Chilean Legation in London does not consider the situation in any degree menacing. The work of arbitrating the boundary dispute, which was undertaken by Great Britain, is going on steadily. The rumors of war preparations may be only political moves, and could not neces-surily be taken as indicating a change in the relations between the two governments. It is certain, however, that any increase in the fighting strength of Ar-gentina, would be followed by a similar step on the part of Chill.
