

FOUL IN TENTH ROUND

GAVE DENVER ED MARTIN HIS FIGHT WITH RUSSELL.

Seattle Contest Was a Slugging Match Pure and Simple—The White Man Outclassed.

SEATTLE, Aug. 12.—Denver Ed Martin was awarded the verdict in the 20-round contest with Fred Russell at the Grand Opera-House tonight in the 10th round on a foul. The fight had been scheduled for 20 rounds, but at the termination of the first round it was apparent that it would not go to the limit. The battle was anything but a scientific exhibition of the many art of self-defense. It was a slugging match, pure and simple, and the man displaying the most boxing skill won. While it cannot be said that Russell lost his head at any stage of the proceeding, Martin was as cool as a cucumber. Winter, and never wavered under occasional adverse circumstances. He is not only Russell's master at the art of boxing, but is away above the average ring fighter of today. The punishment he received during the 10 rounds of fighting was nothing as compared with what he administered in return. At the conclusion of the battle, Martin did not display a scratch, while Russell was bleeding copiously and was badly cut and bruised about the face and body. Considering the experience of Martin, who is a professional sparring partner, Russell made a good showing as a punishment taker, yet it might be added that his tactics are bad. His fouling of Martin was deliberate, and while the black man tried to fight fairly throughout, Russell indulged in exhibitions that will not enhance his fame as a ring fighter.

INVADER WON SECOND RACE

HONORS EVEN IN THE LAKE YACHTING CHAMPIONSHIP.

Columbia Beat Constitution in Yesterday's Race on Time Allowance—Other Sporting News.

CHICAGO, Aug. 12.—In a 12-knot breeze and a smooth sea, the Invader, the Royal Canadian Yacht Club's challenger, won the second race of the international series for the Canada's cup almost as easily as the defender, the Detroit Boat Club's Cadillac, won the first race last Saturday. The Invader gained four minutes and 37 seconds on what was intended to be a beat to windward of nine nautical miles, which by reason of the wind hauling before the yacht had made two miles to weather, became a close-hauled reach, and on the run home of the wind the challenger edged nearly

BASEBALL IN PORTO RICO

Becomes a Fad Among Americans on the Island.

SAN JUAN, Porto Rico, Aug. 5.—Baseball is becoming a great fad here. Most of the American colony are great "fans." Several clubs have been organized and nearly every Saturday afternoon a game is played between two picked nines. The interest became so great that a league was proposed. The plan took well with the people and six clubs have been formed from the clerical forces of the various government offices. A number of Americans employed by private concerns and several Porto Ricans are members of the different clubs. All the clubs have uniforms, and the players are drawn salaries in professional lists. Grounds have been secured at Puerta de Tierra, about 10 minutes' trolley ride from San Juan. A large subscription list was raised to defray expenses. The diamond will be leveled and filled. Two games will now be played each Saturday afternoon.

CORRUPTION IN NEW YORK

POLICE ACCEPTED MONEY FROM ILLEGAL RESORTS.

Governor Odell Takes Up the Accusations—Grand Jury to Make an Investigation.

NEW YORK, Aug. 12.—Edgar A. Whitney, who had made a statement to Justice Jerome Saturday in which he said the police had accepted money from gambling societies accept money for protection from poolroom keepers, was interviewed today in the Tombs. He said: "My relations with Chief Devery at police headquarters were merely those of a business man. I went to see him several times in connection with my legitimate business as a private detective. I will not say that Chief Devery ever came outside police headquarters. While I deny that I arranged with Chief Devery to place headquarters connections through the police telephone operators with the precincts, I do not say that Chief Devery did not make arrangements."

That Superb Mastery of Disease That Distinguishes the Copeland Practice From All Others—Proof That Even the Worst Cases Can Be Cured.

DISEASE OF HEAD AND STOMACH, NOW SHE IS CURED

Mrs. Z. M. Knight, St. Johns, Portland: "I have been under treatment a few months with Drs. Copeland & Montgomery for a severe catarrh of the stomach, which was aggravated by an attack of pneumonia last year, the principal trouble being with my head and stomach. "My nose was stopped up so that I could hardly breathe through it, and at the same time there was a Discharge and Drooping in the throat. My throat was dry and voice husky. "The stomach seemed to have lost all power to digest food properly. Everything I ate seemed to turn to gas, causing Bloating, Heart Palpitation and Smothering spells. These attacks usually did not come on for some hours after eating, and became so bad that I never could get alone for any length of time, for they would prostrate me completely, and often I thought that I would certainly die before I got relief. There was always a sense of fullness and oppression and distress in the stomach. "I had no appetite or desire for food. I fell away until I was little more than a skeleton, and was so Weak and Nervous that I could hardly look after my family. I had not color or life, and was so miserable that I had thought of giving up. "It was in this condition that I was persuaded by friends to place myself under treatment with Drs. Copeland and Montgomery, and as the result of their treatment I am having better health now than in many years, and give the credit of it to Drs. Copeland and Montgomery."

CATARRH, HEAD NOISES AND RHEUMATISM CURED BY THE COPELAND TREATMENT

Mr. B. Pederson, residing at 731 Wilson street, Portland, and employed at the Northern Pacific mill: "When I began treatment at the Copeland Institute I was a complete wreck. I had not done a day's work in 10 weeks, and my condition was getting more serious every day. "I was tortured and crippled by rheumatism. The pain was intense, and I could not get about without suffering terribly. "I also suffered from a severe, catarrh of head and throat. My nose was stopped up, so much so that I breathed through my mouth. There was a continuous discharge and drooping into the throat, causing hawking and spitting. "My ears were filled with noises like the rushing of a river. This noise kept me from sleeping at night and during the day it was terribly annoying. It seemed to shut out all natural sound, making it difficult for me to understand conversation or the ordinary sounds of life. "Upon the advice of friends, who had been cured at the Copeland Institute of similar troubles, I began treatment. After the first week I could see an improvement. I got better every day, and in a couple of weeks was back at work. Now I am enjoying better health than in years. I have no pain, my hearing is as keen and perfect as at any time in my life, and the distracting noises have entirely disappeared. "I feel very grateful to the Copeland doctors, and this is why I make this statement."

WASHINGTON, Aug. 12.—The Secretary of the Treasury a few days ago received the response of the committee from the Board of Trade and Transportation of New York to the reply of Appraiser Wakeman, of New York to the charges which had been filed by them against him in connection with certain changes and appointments made in his office. The matter was referred to the Civil Service Commission, which has taken action by disapproving of the temporary appointments of Examining Groves, McDonald, Bretfelder, Jerome and Michaels. The commission held that the appointment of these five was illegal, because they were not qualified under section 240 of the revised statutes. Secretary Gage has approved the action of the Civil Service Commission, and tomorrow will direct the department to dismiss these men, and probably will direct him to return the

GRANT'S PASS RESTS ASHLAND.

Retains Championship of Southern Oregon After a Hot Game.

GRANT'S PASS, Aug. 12.—Grant's Pass and Ashland met in the ball field this afternoon, and when the score was counted after the ninth inning the victory rested with Grant's Pass by 5 to 2. The game was the best of the season, and is the third game played by these teams this year, Grant's Pass having won them all. The Ashland team was composed largely of outsiders, including Tom Igera, and the battery, Harper and Hansen, were California League players from Sacramento, but this strengthening had no effect on the result. The game was the best ever seen on the local diamond, good catches, fine stops and double plays being frequent. Errors were few, and for the most part excusable. The batteries on both sides did excellent work, but Martin was the steadier and more effective, keeping the hits well scattered. Jackson pitched 15 men, but one Ashland man failing to strike out. Harper struck out 10 men, but was hit oftener toward the close of the game. A large crowd was present, and every good play was cheered on both sides. A large amount of money changed hands, as Ashland felt sure of winning this time. Pat Dunnigan, of Jacksonville, inspired the game to the satisfaction of all. On Friday next the business men of Grant's Pass will play a game for a farewell benefit for Martin and Earle, of the Grant's Pass team. Business was suspended during the progress of the game.

Trouble at Spokane Settled.

SPOKANE, Aug. 12.—The Spokane baseball team left for Tacoma tonight, with a full team and the same players as have appeared on the local diamond during the present series, with the exception of Fleder McQuaid, who has been suspended. As soon as the suspension of McQuaid became known, Captain Risley, Shelton, Adams and Knox refused to leave with the team. They were suspended, but the trouble was settled by a satisfactory to both sides. Donahue is again in the game, and Steitz, the new pitcher, will pitch the first game at Tacoma.

RACES AT THE STADIUM.

Bicycle Records Lowered by Several Riders.

BUFFALO, Aug. 12.—At the international grand circuit meet of the National Cycle Association in the Stadium at the Pan-American grounds today, Henshaw and Hedstrom, of Springfield, Mass., went after the world's motor-paced tandem record for a mile, and succeeded in clipping 1 45 seconds off the best former mark, covering the distance in 1:13 2-3, the fastest mile ever ridden on a four-lap track. G. W. Butler, of Buffalo, went after the five-mile "auto-bicycle" record, held by Champion, but his machine gave out in the fifth mile. His time for four miles was 6:18. Joe Fulton, of Springfield, Mass., went after the five-mile amateur record, motor-paced. He succeeded in lowering the record for two and three miles established by Walter Smith, the four miles es-

Carlisle Football Team.

CARLISLE, Pa., Aug. 12.—While the Carlisle Indian football team has been considerably depleted by the loss of a number of star players, Lubo, who will take Smith's place at center, is the latest equal in weight and activity, and Wheelock, who has played left tackle for several seasons, is expected to show up this fall, as is also Dillon, the giant right guard. Hawley Pierce has been re-elected captain of the team, and will divide his time between right tackle and fullback. Left tackle will be taken care of by Williams, last year's substitute. "Warhawk" Johnson is booked for the position of quarterback, but Rutz is very swift, are Decora and Yarnett, each of whom weighs 150 pounds. Coach Warner will be at the Indian school shortly and begin heavy practice for the Carlisle-Cornell game, which will be played in the Stadium at Buffalo October 13.

Sale of Oklahoma Town Lots.

WASHINGTON, Aug. 12.—A telegram received at the Interior Department gives a summary of the sale of town lots in the newly ceded portion of Oklahoma to the first five days' sale as follows: At Andarko, 297 lots at \$100,000; at Lawton, 279 lots at \$100,000; at Hobart, 274 lots at \$41,300.

Acting Secretary Ryan said today that the Interior Department had received an application for the use of troops to evict the squatters on G. R. Woods' homestead adjoining the town of Lawton but that the department so far had taken no action upon the application.

won, Grace W. second, Hurtle third; time, 6:42 1/2. Tomorrow's race will be over the triangular course, as on Saturday.

WON BY THE COLUMBIA.

NEWPORT, R. I., Aug. 12.—The Constitution covered the triangular course of 30 miles today in 23 seconds less time than did the Columbia. The challenger, however, won the race on time allowance by about 30 seconds. No corrected time can be given, as the boats have not yet been measured, as required. In previous races the Constitution had allowed the Columbia 1 minute and 17 seconds. What change in measurement the new rig of the Constitution will necessitate is not known, but it is estimated that she now allows the old boat only a few seconds less time, if any.

Got the Race From the Constitution on Time Allowance.

The fight today was the noteworthy and only exciting feature of the contest. When within a mile of the line the Constitution made a short tack that undoubtedly lost her the race. Both boats were coming in close-hauled on the starboard tack, the Constitution fully two minutes in the lead. The light wind had headed here a bit, and was found that were could not fetch between the committee-boat and the lightship. The Constitution was pointing fairly well and making good speed with a No. 2 jib to her sail. The Columbia, with a smaller jib topsail, was also coming fast, directly astern, and for the last 40 minutes had been slowly creeping up. But the line was now near at hand, and, barring mistake, the Constitution looked a sure winner, well within the allowance.
