

EQUADOREANS TAKE HAND

FEDERAL TROOPS ARE READY TO INVADE COLOMBIA.

A Battle Is Imminent Near Pasto, About 150 Miles Northeast of Quito.

QUITO, Ecuador, Aug. 18.—A force of Equadorean troops is ready to invade Colombia and a battle is imminent near Pasto, just beyond the Colombian frontier, and about 150 miles northeast of Quito.

DELAY TO THE IOWA.

Battle-Ship May Be Able to Sail for Panama Today.

WASHINGTON, Aug. 18.—Captain Perry, of the battle-ship Iowa, now at San Francisco, has telegraphed to the Navy Department an acknowledgment of his instructions to proceed to the west coast of Panama, in connection with the revolutionary troubles, but reports that the boilers and some other parts of the vessel need immediate attention. It is hoped by the department, however, that she will be able to sail some time tomorrow.

There was very little news today bearing on the Colombian-Venezuelan trouble. Secretary Hay received no dispatches bearing on the subject. The Colombian and Venezuelan papers have reported nothing without advice. The most interesting development was the news contained in a press despatch from Quito that Equadorean troops were ready to invade Colombia and that a battle was imminent near Pasto. Mr. Silva, the Colombian Minister, while without advice from his government, expressed the belief that this new expedition was a part of the revolutionary movement and that it was in some sense organized by the Equadorean Government. He said that many years ago there had been friction between the two governments, but that in the last few years no important controversial issues had been raised between them.

Minister Silva is in receipt of a letter from Emilio Inza, the Colombian Minister at Quito, referring to the Colombian treatment he had received from the Equadorean Government, and the courtesies generally extended him in his journey through that country. Minister Silva consequently has been making a study of the movement in connection with the internal revolution in Colombia, unless something unforeseen has occurred of which he has not been advised. Many Colombian revolutionaries have acquired arms and other equipment from people in Ecuador and started expeditions, three of these having been organized last year, mostly composed of Colombians aided by the Equadorean Government.

All these expeditions have failed. Mr. Silva said to-day that the government of Ecuador always had been friendly to Colombia, and the utmost effort to observe the neutrality laws and sought to prevent these invasions.

Pasto, where a battle is reported imminent by the Department of Commerce, where the population is dense and credited with a warlike spirit. The region is very mountainous and there are some gorges across which only a well-trained expedition can pass. The Equadorean wide river, also offers an obstacle to invasion. It was here, during the war for independence, that General Bolivar and General Suarez, with all the resources at their command, defeated the Equadorean army for a long period by the people of the province.

Marching Against Castro. WILMESTAD, Island of Curacao, Aug. 18 (via Havana cable).—President Castro, of Venezuela, some days ago sent to Curacao, Colombia, ammunition, arms and men to assist in the Colombian revolution.

Emilio Fernandez, ex-Governor of Curacao under President Castro, and subsequently Administrator of Laws of La Guayana, who finally deserted to Castro, has left Curacao, accompanied by 60 partisans, with the announced intention of invading Venezuela. It is also reported that General Rivera has also effected a landing.

Internal Troubles in Venezuela. COLOMBIA, Aug. 18 (via Galveston).—Statement received by passengers who arrived here yesterday on the steamer Canada, from Venezuelan ports, clearly show that there is much political unrest throughout Venezuela. The passengers were not permitted to land indiscriminately. No authentic version of the recent border engagements could be obtained from any of them, but the evidence all pointed to Venezuelan waters.

It is reported here that the insurgent General Ruiz has landed near Panama from the south, probably from Guayaquil.

German Cruiser Ordered to Isthmus. BERLIN, Aug. 18.—The German Government has ordered the cruiser Virena, which is off the eastern coast of South Africa, to proceed to Venezuelan waters, to be in readiness to protect German interests if any emergency should arise.

PARADE OF TEMPLARS.

Grand Marshal's Order Provides for Twelve Divisions.

LOUISVILLE, Ky., Aug. 18.—Major John H. Leathers, who will be grand marshal of the parade which will begin the festivities of the triennial convocation of the Knights Templar in Louisville, announced tonight his final general order to every grand and subordinate commander in the United States, outlining the formation of the parade.

Two grand divisions, exclusive of the special escort of honor to the officers and members of the grand encampment, will form the parade. Pennsylvania, Illinois, Indiana and the District of Columbia will have enough "swords" in line to form grand divisions composed exclusively of Knights from these states.

The second grand division will be composed of California, Tennessee, Mississippi, New Jersey and Georgia. Right Eminent Sir George Butterfield McKee, grand commander of California, will be chief marshal and Eminent Sir Knight John Tonningsen chief of staff.

The tenth grand division will be composed of West Virginia, Colorado, North Carolina, South Dakota, Oregon, Washington, Montana, Wyoming, North Dakota, Arizona, Florida and Indian Territory. The chief marshal will be Right Eminent Sir K. F. Steele, grand commander of West Virginia, and Right Eminent Sir Z. Waldron, of Indian Territory, will be chief of staff.

The Louisville Knights Templar have assurance that the District of Columbia will come to Louisville long enough to participate in the parade, representatives from Washington to the contrary notwithstanding, and a special place of honor in the division has been reserved for the naval officers.

The 12th grand division will include all the mounted commanders. Right Eminent Sir E. P. Burdick, of California, acting as chief marshal, and Eminent Sir A. F. Gillilan as chief of staff. The men will march in double sections, 12 files front and the carriage will be three abreast.

Big Furnace Blown In. NEW YORK, Aug. 18.—The International Association of Textile Workers and the American Federation of Textile Workers met in this city today and endorsed the action of the Fall River operators in resisting a proposed reduction of wages. The action on the part of the Fall River employers has brought about

NAMES ON PENSION ROLL

HIGH-WATER MARK IN THE HISTORY OF THE BUREAU.

Statement Prepared by Commissioner Evans for the Use of the G. A. R. Annual Encampment.

WASHINGTON, Aug. 18.—Commissioner Evans has prepared a statement showing the operations, in its principal features, of the Pension Bureau during the last fiscal year as compared with former years. Most of the data will be embodied in his annual report and the statement is prepared for the use of the National encampment of the G. A. R., which will be held before the report will be ready. It shows that the pensioners on the rolls June 30 last, were 297,735, a net gain of 498 over last year. The total

YELLOW FEVER EXPERIMENTS

Dr. Caldas' Serum Proves Inefficient—Moaquito Tests.

HAVANA, Aug. 18.—Chief Surgeon Havard announced today that the experiments in the division of propagation of yellow fever, so far as they involved the moaquito test, will be discontinued. This decision was taken because one of the non-immunes, who was recently bitten by an infected mosquito, died of yellow fever the next day, and another man, who was bitten by a mosquito, died of yellow fever the next day. Both were bitten by insects which had been set apart for the experiments of Dr. Caldas, the Brazilian expert, arranged to demonstrate the alleged

BOERS AND THE IRISH

KRUGER URGES THE NATIONALISTS TO CONTINUE THEIR EFFORTS.

The Dutch Ex-President Says His People Are Not Frightened by Kitchener's Proclamation.

LONDON, Aug. 18.—The Freeman's Journal, of Dublin, publishes an interview with Mr. Kruger and William Redmond in Holland, in which the ex-President of the South African Republic, after expressing gratitude for Irish support, said he regarded the Irish as "brothers in oppression" and urged the Nationalist members of the British Parliament to continue their "efforts in the cause of justice and truth." When asked concerning the effect of Lord Kitchener's recent proclamation and Mr. Chamberlain's speeches, Mr. Kruger replied: "My people are not to be frightened by such proclamations or speeches, which will be encountered by them in the future. The British have used armed natives against the burghers from the beginning, but we have not used armed natives. It has always been against our principles to use the black man against the white."

Mr. Kruger emphatically denied the existence of a Dutch conspiracy against the British influence in South Africa. When asked regarding Great Britain's promises as to the treatment of the Boers after surrender, he said: "I know Great Britain's promises. You in Ireland ought also to know them. The British promised to lend us money to put things right. Then, if it were not repaid, our land would be taken. They ask us to allow a rope to be put around our necks, and they call that freedom. We should be slaves."

After expressing his firm conviction that the Boers would give the Boer deliverance, he remarked: "Even now we must have full independence." He expressed the wish that the Boers should farm-burning and the concentration camps, he exclaimed: "Why do they fight women and children? There are men to fight against. I do not declare that the people know what is being done in their name. If they did know they would stop it."

Mr. Kruger said nothing had been definitely settled upon the subject of a visit to the United States. According to Mr. Redmond, his appearance before the idea that he is breaking up either mentally or physically.

ANTI-AMERICAN COMBINE. German Agrarians May Influence the Rest of Europe.

LONDON, Aug. 18.—In a dispatch dealing with the industrial revolution in the rest of Europe, the Vienna correspondent of the Times says: "The most influential representatives of the interest of Austria, at a recent session in the government department entrusted with the preparation of commercial treaties, unanimously adopted a resolution declaring that the proposed German tariff rendered an increasing of duties as proposed by the Austrian agricultural interests."

"This seems to confirm the anticipation that the powerful influence of the German Agrarians will compel all the continental states to adopt a tariff. The jealousy of the United States is also noticeable in the acrid comments on the affair between Venezuela and Colombia."

German Colonial Army. BERLIN, Aug. 18.—The Lokal Anzeiger, reviewing the report that the German Government intends to establish a colonial army of volunteers, declares that Count von Waldersee has been consulting and that the project will be carried out soon. Should the Reichstag, as is expected, make the necessary appropriation, the colonial army will be formed of volunteers of the reserve and Landwehr, who may settle in the colonies on expiration of their terms of service. It is probable that Count von Waldersee will receive the chief command.

Letters From a French Pretender. PARIS, Aug. 18.—In the course of a speech in a prize distribution in Auxonne today, General Andreu, the Minister of War, Waldersee has been consulting and that the project will be carried out soon. Should the Reichstag, as is expected, make the necessary appropriation, the colonial army will be formed of volunteers of the reserve and Landwehr, who may settle in the colonies on expiration of their terms of service. It is probable that Count von Waldersee will receive the chief command.

For the Safety of the Ophir. ST. JOHNS, N. F., Aug. 18.—The British Admiralty intends to install the Marconi system of wireless telegraphy on Cape Race, in order to communicate with the Ophir, a steamer which is expected to be in the bay. The Duke and Duchess of Cornwall and York, when she approaches the Newfoundland coast in October. The idea is to prevent the possibility of an accident to the Ophir in waters where so many steamers have been wrecked during the present season.

The Pope's Reception. ROME, Aug. 18.—Today being St. Joachim's day, the pope held a reception, which was attended by 20 cardinals and some 100 archbishops and bishops. He seemed to be in excellent health. In the course of an address he referred to the constant progress of the Roman Catholic church, and especially in the United States and Great Britain. He conversed in an animated way with the cardinals.

Belgian Glass Works to Merge. BRUSSELS, Aug. 18.—La Reforme announces that the glass works in Roux Couelle, Flourette and Migonie are to be amalgamated in a single company with a capital of 10,000 francs. If the four firms, however, fall to come to terms, the Roux concern will be the only one to accept the assistance of American capital.

Demands Double Tariff System. BERLIN, Aug. 18.—The standing committee of the German Agricultural Council has adopted a resolution demanding the double tariff system for agricultural products. For instance, the resolution calls for a minimum tariff of 6 marks on grain products and higher rates for animals, dairy products and vegetables.

Dangerous Anarchist Arrested. BERLIN, Aug. 18.—Alexander Megret, a dangerous anarchist, has been arrested at Danzig. He is a good linguist and a number of anarchist pamphlets and forged passports in various names were found by the police when he was arrested.

Walderee Praised French Soldiers. PARIS, Aug. 18.—Echo de Paris publishes an alleged interview with Count von Walderee, in which he highly praised the French soldiers and expressed a belief that war between France and Germany was impossible.

Japanese Are Alarmed. LONDON, Aug. 18.—"Japanese public opinion," says a dispatch to the Times from Tokio, "is becoming excited over the Manchurian question. The newspapers contend that Russia contemplates a
