CITY NEWS IN BRIEF

Amusements.

BASEBALL—3:30 P. M. at 24th and Vaughn streets.

SECOND-STREET IMPROVEMENT.—The improvement of Second street, from Morrison to Madison, which has been under way for some time has been completed on the block between Morrison and Yamhill, and it can now be seen what the improvement looks like and what a composite thing it is. The right of way of the double-track railway has been improved by planking between the rails, the plank being laid diagonally. Between the tracks wood blocks have been laid, and a plank a foot wide runs parallel with the outside rails. The gutters are laid with stone blocks, and are about two feet wide. The space between the gutters and the railroad's right of way is paved with wooden blocks, four inches in height, laid with laths between the rows on the surface of the macadam which has been dressed smooth and on which a cushion of sand has been laid to receive the blocks. This is different from any pavement which has yet been laid in this city, and may perhaps prove to be the ideal pavement for which the authorities have been hunting for a long time.

BAILEY GATZERT DALLES EXCURSIONS.—Daily from foot Alder street, 7 A. M., except Monday, for Cascade Locks, fare one way $1; round trip, $1 50; St. Martin's Hot Springs, fare one way, $1; round trip, $1 50; White Salmon, fare one way, $1 25; round trip, $2; Hood River, fare one way, $1 25; round trip, $2; Lyle, fare one way, $1 50; round trip, $2 50; The Dalles, fare one way, $1 50; round trip, $2 50. Meals, the very best, only 25c. Arrive The Dalles 3 P. M., return 4 P. M., arrive Portland 10 P. M. This is the scenic trip of the world. Sunday trips a special feature. On next Sunday, August 25, the Seventh Regiment United States Infantry band, from Vancouver Barracks, will furnish its finest music for the passengers. This band, under the leadership of W. G. B. Erdmann, has a National reputation, and all who can take this trip next Sunday can consider themselves fortunate. Office, "Dalles" electric sign. •

BANKRUPT SALE.—Sealed bids for the millinery stock and fixtures of Sanford & Edwards, Portland, will be received by the undersigned at his office on or before noon of September 3, 1901. All bids must separately specify the lots and amount bid for each, namely, lot 1, wholesale stock; lot 2, retail stock; lot 3, fixtures, in wholesale department; lot 4, fixtures in retail department, and be accompanied by 10 per cent of the amount in cash or certified check. Right to reject any or all bids reserved. Further particulars, inspection of inventory and property on application. R. L. Sabin, trustee, Front & Vine streets, Portland, Or. Bauer & Greene, attorneys. •

BIG RUN OF SALMON IN ALASKA.—Frank C. Barnes has received advices from the superintendent of his salmon cannery on Lake Bay, 40 miles from Wrangel, Alaska, that the run of salmon there is as great as it was on the Columbia. The men went prepared to put up 15,000 cases, and they could just as well have packed 50,000 cases as 15,000, if they had been prepared. They had seven seines for fishing, but were obliged to take them all out of the water except one, which caught all the salmon they could handle. Packers are now beginning to wonder what is to be done with the salmon pack of this season, and are afraid prices will come down.

DAMAGE WAS SMALL.—S. Benson returned from California a day or two ago and was pleased to find that the damage caused by the fire in his logging camp was not nearly so great as was reported. The fire ran over some ground where timber had been cut, but did no harm there, and the costly log chute was not damaged to the extent of $100. When the chute was on fire the men began sending logs down it, which rubbed some of the fire out, and the jolting and dust put out what was left. There have been two fires in this camp before, but they were easily controlled, and did little damage.

TANNERY DESTROYED BY FIRE. — The tannery built by Buttemiller & Burckhardt a few months ago in the gulch a short distance from the old Macadam House, was burned to the ground at 1:30 yesterday morning. The flames communicated to the residence of A. Neidermeyer, near by, which was so badly damaged as to be of no further use. Engine company No. 5 went to the scene and prevented further spread of the fire. Mr. Neidermyer was partly insured, but loses about $750. It is not known how the fire originated.

A PLEASANT SPEAKER.—A series of delightful lectures on physical culture were recently delivered by Mrs. Charlotte d Gollere Davenport at the residences of Drs. Rockey and Jones. Those fortunate enough to be present were more than pleased at the able manner in which Mrs. Davenport handled her subject, and it is felt that the ground work has been laid for work along these lines that will prove of great benefit to the women of Portland. Other lecturers will be heard on the same subject during the Fall and Winter.

TO STORE VALUABLE RECORDS.—A second vault in the City Hall, connected with the Auditor's office, is being fitted with pigeon holes and book-racks. These came in sections cased, and they looked as if they would furnish a large room, but when joined in one harmonious whole, they snugly lined the walls of the vault. Nearly enough papers to fill the pigeon holes have accumulated, and the book-racks will contain the various valuable books and rolls of the record-room, and keep them safe at night.

OLD CASE SET FOR TRIAL.—In the United States Court yesterday the final hearing in the case of the German Savings & Loan Society vs. John B. Pilkington was set for August 27. This is a suit to foreclose a mortgage on property on which there are other liens, causing complications. The case is one of the oldest on the books of the United States Court. It was filed in 1894.

STORES ENTERED BY THIEVES.—A number of stores have been entered at night of late and the tills robbed, the weather-wise thief taking advantage of the fact that more windows are left open in hot weather than at other times. Burns' grocery and Gordon's bakery, adjoining, are among the places that have been entered, but nothing was stolen except a few dollars in nickels.

NOTICE TO TAXPAYERS, MULTNOMAH COUNTY.—The delinquent tax rolls for the years 1888 to 1895, inclusive, will be opened for collection Thursday, August 22, and will remain open until Tuesday, September 3, on which day the Sheriff will proceed to sell all property bid in by Multnomah County for the said years, the taxes on which still remain unpaid. •

FRANCHISE FOR A STREET RAILWAY.—It is understood that at the meeting of the Common Council today an ordinance will be introduced granting a franchise to the West Side & Suburban Railroad over the route it has selected for entering the city. It is not known what streets the company wants.

WRESTLING! BENEFIT JOSEPH ACTON! TONIGHT! AT MULTNOMAH CLUB. CHAPMAN STREET, NEAR MORRISON. JOE. ACTON VS. DR. W. G. WOODRUFF. THREE OTHER HOT MATCHES. PUBLIC INVITED. ADMISSION, 50c. 8:15. •

DR. JOSEPH has returned •

PROSPECTIVE HAWK IN TROUBLE.—After being seven days married Kelly Wiley, colored, was taken before Acting Municipal Judge McDevitt yesterday, charged with the larceny of books, jewelry and money valued at about $130, the property of L. C. Ruhl, the proprietor of a Whitechapel lodging-house. It was in evidence that Wiley had asked for and obtained the keys to a room adjoining Ruhl's, and that the robbery of the articles took place shortly after Wiley's visit to the place. Witnesses, all colored, testified that the defendant was an applicant for admission to the Order of Hawks, a colored lodge, and Deputy District Attorney Spencer asked: "Then I presume Wiley will be whiteballed when he applies for membership." The case was continued.

HOPPICKING WILL SOON BEGIN.—Preparations are being made for the annual picnic which thousands enjoy in the hopfields. A countryman was seen yesterday with a large cask of broken soda crackers, which he had purchased at some factory at a low price. The lot, he said, would carry his family through the hop-picking, and save trouble in the way of making bread. Time is money in the hopyards, and when 40 cents a box is paid for picking hops it is no use to waste time making bread under difficulties. Probably soda biscuit will become monotonous after a week or two, and then some flapjacks will be mixed over night and flip-flapped early in the morning, furnishing an agreeable change.

OFF ON A CRICKET TOUR.—Portland cricketers will start this morning for Vancouver, B. C., to play a series of cricket matches with teams in Puget Sound cities. Tomorrow they will play the Vancouvers; Friday the Seattles, and Saturday the Tacomas.

DR. G. M. WELLS has returned from the East. Regular office hours, Abington building; residence, 221 Thirteenth st. •

FIFTY large carnations, $1. Floral pieces reasonable. Burkhardt's, 23d and Glisan.*

WILL CLOSE ON LABOR DAY

Employers Will Suspend Business to Allow Employes to Parade.

The committee in charge of the Labor Day programme has been active in getting signatures among the business men to an agreement to close their stores after noon in order to give their employes an opportunity to parade. The following signatures, besides those of the heads of the freight depots, have been obtained to the request, which follows: "We, the undersigned, hereby agree to close our store on Labor day, Monday, September 2, at 12 o'clock noon."

WANTS EXECUTORS REMOVED

Mrs. Blinn Says Her Daughter's Estate Has Been Mismanaged.

Mrs. Julia Blinn has petitioned the County Court for the appointment of a guardian for her grandchild, Blinn S. Bryant, and County Judge Cake has appointed A. E. Jackson as guardian ad litem. Mrs. Blinn asks the court to remove A. C. Emmons and A. G. Barker, as executors of the estate, upon the ground that they have been wasteful of the funds and have failed to carry out the provisions of the will. It is set forth that Ida M. Bryant died December 17, 1894, and the will was soon after admitted to probate, A. C. Emmons and A. G. Barker being appointed executors without bonds. The estate was appraised at $42,294 62.

It is alleged by Mrs. Blinn that the executors have not managed the affairs prudently or competently, nor have they carried out the terms of the will, but have wasted the money of the estate. By the terms of the will they were directed to pay to Mrs. Blinn $75 a month during her natural life time and the further sum of $5000, on a note held against W. J. Adams for $15,000. The claim is made that the executors have paid to her $2700, although they have collected $26,867 27.

Among other things are the following allegations: That the executors have pretended to borrow from G. S. Bryant $4500 and from Amenda Bryant $3000, on which they have paid $1327 60 interest, without the order of the court; that they have paid over to R. W. Emmons, the administrator in the State of Washington, $2779 10 and $2500 for taxes, but have furnished no receipts except those of R. W. Emmons for $710 and $850 85; that the firm of A. C. & R. W. Emmons received large sums of money, but will make no accounting, although it has been requested.

The petitioner concludes by saying that it is deemed necessary to bring suit for accounting and for the discharge of the executors, and that A. C. Emmons is not a proper person to longer continue as executor of the estate.

TEAM TRAFFIC INTERRUPTED

Morrison-Street Bridge Receiving a Thorough Overhauling.

Team traffic on Morrison-street bridge was stopped yesterday, and probably will not be resumed for a week. The County Commissioners have decided to repair the bridge before the beginning of the rainy season, and it is to be redecked throughout and the woodwork of the drawspan entirely renewed. The bridge has been in use 14 years, and the joints under the deck of the drawspan are badly decayed. In order to renew this span the railroad tracks have to be taken up, so the work can only be carried on at night. The work was begun Monday night and it is supposed will occupy a week. The new joists or floor beams are 5x16 inches, and 31 feet in length. Over them 2½ inch planks are laid diagonally, and a new floor laid on them. The deck is badly worn, especially where the horses travel and the wheels run, and the bridge is so narrow that there is no chance to drive except always in the same place. Car travel and foot travel will not be interrupted, but it will take some time to lay the new deck, even if the lumber can be obtained as fast as wanted, and there is some doubt about this, as the mills have so many orders on hand that it is almost impossible to fill them.

PROTEST FROM TEACHERS

ORDER COMPELLING ATTENDANCE UPON INSTITUTE OBNOXIOUS.

Fine of $5 for Non-Compliance, the Amount to Be Deducted from the First Month's Salary.

An order recently issued by the School Board, compelling all Portland teachers to attend the county institute to be held on September 10, 11, 12 and 13, has stirred up a big protest. Many friends of the teachers say that the order is an injustice, and there is a disposition to criticise the board severely. When the contracts for the coming school year were mailed to the teachers the following notice was inclosed in the same envelope:

To all the teachers employed to teach in School District No. 1, Multnomah County, Oregon, for the school year of 1901-1902:

The new school law of Oregon requires that each teacher shall attend the institute of the county in which he or she is employed. Failure on the part of any teacher to comply with this provision of the law entails upon the district employing him or her a loss of $5 of the public money due the district.

The School Board of School District No. 1, Multnomah County, Oregon, therefore, makes it a condition of your employment for the school year of 1901-1902, that you attend the county institute to be held in the High School assembly hall at Portland, Oregon, September 10, 11, 12 and 13, 1901.

The aforesaid board also makes it a part of your contract with School District No. 1, Multnomah County, Oregon, that in the event of your failure to attend said institute at least 16 hours, you shall forfeit to said district $5 of any salary which may become due you for the school month beginning September 16, 1901.

Respectfully,
FRANK RIGLER,
Sup't of City Schools.

It is the $5 penalty clause that has created most of the trouble. Without that the matter of attending the institute would be left optional with the teachers, even though the school law compels them to attend. Said one teacher yesterday:

"School opens this year on September 16. This order of the board means that every teacher must return here at least a week before that time, in order to attend this institute. Vacations must be cut short, the teachers will be forced to pay their board a week longer in this city than is necessary. Many of the teachers have been attending special schools this Summer at Berkeley, Cal., and other places, yet they must come back to Portland to attend institute, or the school board will fine them $5 and deduct it from their salaries, which are none to high as it is.

"The proper way to go about the matter, if it was necessary to enforce attendance upon the institute at all, would be to give the teachers a choice of subjects—to permit them to decide what lectures to attend, and what ones not to attend. But the order of the board means that teachers must attend at least four hours a day for four days. It means a cutting off of their well-earned vacations without reason or excuse. As a matter of fact the persons who address institutes could earn their money talking to empty benches as well as to imposed-upon teachers, who, against their will, are compelled to listen to them. In nine cases out of 10 the teacher knows more about a given subject than the man who tries to instruct her."

IMPRESSED WITH PORTLAND

Alabama Legislator Enjoyed a Visit to the Northwest.

John Craft, a member of the Legislature of Alabama and of the Common Council of Mobile, and wife, who have been spending a few days in Portland, left last night for Salt Lake. They will visit a number of the principal cities of the East and attend the international yacht race before returning home.

Mr. Craft expressed himself as very favorably impressed with Portland. He greatly enjoyed his stay here. He speaks highly of the social aspect of the city and says Portland has as many handsome women as Mobile, and is only second to that city in hospitality. Of course, there is no other place like Mobile to Mr. Craft. He has lumber interests at home and visited some of the large sawmills here. He was obliged to confess that the trees are larger here than in "Alabama's sultry clime," but insisted that pitch pine makes the best lumber in the world, and that they have the cheapest iron and coal and the largest and best oysters in this country. He apologized for the occasional burning of a negro by his constituents on the ground of necessity, and asserted that the mulattos, quadroons and sixtoons, now becoming so numerous in this country, did not originate in Alabama.

REPAIRS AT STEEL BRIDGE.

Steamers Must Approach With Caution While Work Is in Progress.

Chief Engineer Kennedy, of the O. R. & N. Company, has sent a letter to each of the owners of steamers plying on the Willamette, notifying them that the work of renewing the northern or down-stream end of the draw protection at the steel bridge will begin tomorrow, and asking that captains be instructed to approach that drawbridge with great caution while the work shall continue. The first work will be to tear away the old structure, and the driving of piles for the renewal is expected to begin early next week. This time is chosen for the work because the river is now at the lowest stage of the year and freest from strong currents. The renewal must be completed before another high water season. It is expected to be done by October 1.

About 100 piles 125 feet in length will be used to renew that draw protection. Considerable timber will also be used for sway-braces and other purposes. The entire cost of the renewal will be about $6000. The present protection structure has been there since the bridge was built in 1889. Robert Wakefield has the contract for the renewal.

Lumbermen's Meeting Postponed.

ABERDEEN, Wash., Aug. 20.—There was to have been a meeting of state lumber manufacturers at Hoquiam today, but the attendance was so small that it was put over until a later date at Tacoma. On account of the strike situation the lumber outlook is dubious.

There has been talk of the longshoremen striking, but the president of the union here say that a strike is not probable, as the strike was not mentioned at a meeting held last night.

Bishop Scott Academy

Opens on Sept. 12, 1901. The plant is renovated throughout, lighted by electricity and thoroughly equipped.

Pianos! Organs!

The Very Best American Pianos and Organs Are Made in the Cities of Boston, New York and Chicago.

The old, time-honored "Chickering" is the finest and the most costly piano made in Boston. The world-renowned "Weber" is the finest and most costly piano made in New York. The now famous "Kimball" is the finest and most costly piano made in Chicago.

These three makes of pianos are our leaders. We have also a dozen other good makes, such as the "Decker," "Vose," "Wheelock," "Whitney," "Schumann," "Hinze," "Milton," "Singer," "Marshall," not to forget the "Weser Orchestral," and the many-toned "Crown Orchestral" pianos.

We sell all instruments on easy payments if desired, and we sell them at lower prices than can any other dealer.

Kimball organs lead the world. Prices, $65 to $25,000. Other makes for $38, $45, $52, etc.

For latest price lists and catalogue, address

OTHER MUSCLES REST

But the muscles of the eye work unceasingly, except when closed in slumber. Every glance to right, left, up or down is an unconscious effort. Sometimes these muscles lack sufficient strength to perform the task assigned them. They become strained and vision weakens. Unaided, your sight is in peril, but with the aid of properly adjusted spectacles or eye-glasses normal conditions are restored. Let me give your eyes the rest they crave.
