ing to the favorable conditions of climate, soil and labor, have made it next to impossible for the Central New York grower to compete with them in the general markets.

of fact, the Austrian brig referred to was not wrecked in 1839, but in 1852. In the wreck of 1839 the entire crew and the greater part of the cargo was saved.

man blood makes that particular tiger henceforth "a man-eater." This lurking devil of cruelty is everywhere, but is generally held in leash by public opinion, but it broke loose in New York City once, in July, 1883, set fire to a negro orphan asylum and began to burn the children.

GIRLS PREFER THEIR OWN SEX. Chicago Tribune. A writer in the National Review sets forth some curious and amusing results secured by asking several hundred school girls the following questions: "Who would you rather be, a man or a woman, and why?"

AMUSEMENTS. Funnier, more timely, and altogether more like a comic opera than "The Toy-Maker" "The Wedding Day," which was the hit at Cordey's last night...

NOTE AND COMMENT. The hours are said to be fleeting at the Astoria regatta. James Hamilton Lewis is winning fresh laurels as the man whose client has been hanged.

IS IT NECESSARY? May we not at last draw the veil of charity over the horrid spectacle of Reconstruction, graphically pictured by Mr. Page in the September Atlantic?

A HOODLUM'S HOLIDAY. The Mark Lane Express, of London, estimates the wheat requirements of the United Kingdom, France, Holland and Belgium at 664,000,000 bushels for the present crop year, of which those countries will produce about 396,000,000 bushels.

EASY GUESS AT CHINA'S POPULATION. Our esteemed contemporary the Tribune has been imposed on by its Frankfurt correspondent, who furnished it with a statement regarding the population of China from German papers based on a "Chinese journal."

RHYMING TRAGEDY TO "OREGON LAY." Kipling Kipling's latest rhyming-cant was designed to set forth the blunders of the management of the South African War, and as it is certainly even more lamentable doggerel than "The Absent-Minded Begonia" which is a sufficiently serious poem.

PLEASANTIES OF PARAGRAPHERS. Sue-Sue has designs on him. Belle-Sinoe when Sue-Sue, ever since he consulted her, has been actually a Philadelphia belle.

THE MISSING LINK. In the jungles of India and elsewhere are the islands near-by, which have long been known to science as the cradle of the human race, and which are still inhabited by the most primitive of human beings.

NEWELL AND THE LIFE-SAVING SERVICE. Further information seems to cast doubt upon the assertion that the late Governor Newell was the originator of the life-saving service. The Washington correspondent of the New York Evening Post has been at considerable pains to inquire critically into the foundation of Mr. Newell's claim, and finds from examination of the records that the most that can be claimed for Dr. Newell is a share in helping along what had been begun before his time and remained to be carried out by others.

CRUELTY TO NORDSTROM. The law of this republic has a more striking example than in the hanging Thursday of Charles Nordstrom, at Seattle, Wash., convicted of killing a man in 1897.

THE LAST OF THE MAIL STAGE-DRIVERS. By the death of Mr. Stephen Philpot, of Dover, in his 88th year, the last of the mail stage-drivers between London and the Kent coast has passed away.

THE SERRANO WOMEN BEAR. A woman old and bent. Entitled man and fair. And one imbued with sympathy. Drew near and asked her why. She slowly twined the jeweled hands. That gleamed upon her dusky hands.
