STRIKE CRISIS NEAR

Important Change in Affairs Not Far Distant.

BURNS STILL WORKS FOR PEACE

A Committee from the Executive Board of the A.F.L. and the Knights of Labor, headed by Burns, made an attempt to call a meeting of the striking railway workers at a hotel recently. The committee was unsuccessful in securing the participation of any of the unions in the strike, excepting the Brotherhood of Sleeping Car Porters, which has announced that it will not work until there is a settlement of the railway strike. The committee, however, was not discouraged, and it is reported that it will attempt to call another meeting at a later date.
