The water stained his hands yellow, and the weeds that grew near the water's edge were also stained the same color, from which it was as he was coming to Portland from Dawson on the 23d of August. PASSION PLAY A SUCCESS.

Taylor-Street Church Crowded and Several Hundred Turned Away.

"The Passion Play," in moving pletures, which was given in Taylor-Street Church last night by means of the Edison bio-graph, drew a large and appreciative house. By § o'clock every available seat in the main auditorium was filled and no more tickets were sold, so that several hundred people were turned away. Twenty-two scenes were thrown upon the screen, and those who had seen the play as produced at Oberammergau prono the reproduction last night as real and sublime as the original play given by the religious peasants of Bavaria, who are trained and educated all their lives for the characters they are to represent. The cenes particularly impressive were the baptism in the River Jordan, the raising of Lazarus, in the court of Herod, the trial before Pilate and the crucifixion. "The Passion Play" will be repeated to-night in the same place for the benefit of those who were unable to gain admission last night, and in addition there will be more than 40 pictures from "in His s" thrown on the screen, besides several pictures from the Spanish-American War.
