PEACE

SHAFFER SAYS STEEL-WORKERS WILL STRIKE UNTIL THEY WIN.

In the Meantime Trust Officials Are Starting Up Idle Mills-More Trouble at McKeesport.

PITTSBURG, Sept. 11.-While positive stories of a peaceful settlement of the strike of the Amalgamated Association continued to be heard today, President Shaffer continued to deny them emphatically, and said that the battle of the steel workers would go on until they won. He denied that the executive board had instructed him to settle the strike on any terms, and said that he would not go to New York or make and further peace movement for the present.

While the president of the Amalga mated Association was standing in this position, the officials of the Steel Corporation were putting forth every effort to start their plants. During the day the ompany held striker pickets back, and got a lot of provisions and cots for them into the Monongahela mills. It was announced at the same time that there was an ample number of men ready to enter the plant and start the mills as soon as were in readiness.

officials of the same company showed even greater activity about the Star mills. About 11 o'clock in the morning a car containing about 60 skilled men for the Star plant arrived in the Union Station. These men were taken to the plant without any interference from the strikers. The recruits came from the East, and it is said many of them had broken away from the ranks of the strikers in other mills.

President Shaffer discussed the trouble vesterday on the South Side, and said he deplored it sincerely. He further said that any member of the Amalgamated Association who was guilty of such action would be dropped from the rolls, as such action only injured the cause and aided the combine in its purpose. The same rule would apply to violence in Mc Keesport. Other officials of the Amalga mated Association also expressed them selves strongly in this matter.

Secretary Williams said he was preparing to send out the second installment of strike benefits during the day, and would have them all out during the week. The number to receive benefits is not more than 10,000, and this will require about \$40,000 weekly. Fires in the Monongahela Steel Works,

which were scheduled to start today, have been drawn. Fires are still on in the National Tube mill, and the report of an indefinite shut-down cannot be con-Tonight, for the first time since the

WASHINGTON, Sept. 11.-The Navy Department has received a report by mail from Commander Sargent, of the Machias, dated September 2, which is in line with his cable report concerning conditions in South America. He says there is no danger to American interests, but that a bad condition of affairs exists in Colombia and Venezuela. He goes into details of the insurrection and the bitter feeling existing between Colombians and Venezuelans.

The department also has received a dis-

patch stating that the gunboat Ranger, which was ordered to San Francisco im-mediately upon the arrival of the batticship Iowa at Panama, left the latter port yesterday on her trip north. The Ranger was hurried to Panama to meet possible emergencies in that quarter, but now that the Iowa has arrived at that port the presence of the Ranger is considered unnecessary.

LONG COURT OF INQUIRY.

Serious Charges Against Colonel Meade, Marine Corps, Sustained.

WASHINGTON, Sept, 11.-The longest court of inquiry in the history of the Navy ever held at the Brooklyn Navy Yard to investigate trouble in the marine corps, has come to a sensational termination, bringing in a recommendation which may result in very serious consequences for an officer of high rank, Major C. H. Lauchheimer and Colonel F. L. Denny charged Colonel Robert L. Meade with drunkenness on duty while an inspection was in progress at the Brooklyn Navy Yard, Colonel Meade recharging Major Lauchheimer with making a false report, and Colonel Denny with reporting against him (Meade), in order to cover up irregularities with contractors on Denny's part. The court of inquiry acquitted Major auchhelmer and Colonel Denny, of Colonel Meade's charges. It sustained the charge against Colonel Meade, and in adiition charged him with violation of the naval regulations in replying with a countercharge when asked for a report

CURES ALL DISEASES OF MEN

"It is a crime to experiment with the health of the people," says Dr. J. "It is a crime to experiment with the health of the people," says Dr. J. Henri Kessier, manager of the Old St. Louis Dispensary at Portland. "If I did not know positively and abso lutely that my new home treatment will cure all diseases of men, even when all other methods of treatment fail, I would consider I was committing a crime to make such a statement to the public. Nothing is so precious to a man as his health-nothing so horrible as an Insane Asylum or the grave. Little lils, if not promptly cured, often result in obstinate chronic diseases. I know that my new discovery is the most marvelous treatment ever known, and I histaid to give its benefit to the world. I intend that every man woman and obtail who its benefit to the world. I intend that every man, woman and child who comes for treatment shall have it. I propose to tell the sick, absolutely free of charge, if they may be restored to perfect health. I would rather be a benefactor to the sick man than to have the wealth of Croseus

The above are remarkable words, but those who know Dr. Kessier, and have tried his treatment, can vouch for their absolute truthfulness.

He restores the wasted power of sexual manhood.

He also cures to stay cured VARICOCELE, STRICTURE, SYPHILTIC BLOOD POISON, NERVO-SEXUAL DESHLITY and all associate diseases and weaknesses of man.
