

COZOLGOSZ WAS INDICTED

MURDER IN THE FIRST DEGREE THE CHARGE PREFERRED.

He Stubbornly Refused to Answer All Questions and Apparently Feigned Insanity.

BUFFALO, N. Y., Sept. 16.—Leon F. Cozolgosz, alias Fred Nieman, was indicted today by the County Court jury for murder in the first degree, for fatally shooting President McKinley in the Temple of Music in the Pan-American Exposition at 4:15 o'clock on the afternoon of September 6. When arraigned before Judge Edward K. Emery in the County Court the prisoner stubbornly refused to answer questions repeatedly asked of him by District Attorney Penny as to whether he had counsel or wanted any. The District Attorney then suggested that inasmuch as the defendant refused to answer, counsel should be assigned. Judge Emery assigned Lorain L. Lewis and Robert C. Titus, ex-Superior Court judges, Harry Hiney, a former justice of the peace, and the Erie County Bar Association. Cozolgosz will probably be arraigned again tomorrow morning to plead to the indictment. District Attorney Penny presented the evidence in the murder case to the Grand Jury. Aside from the surgeons and physicians in the case, no witnesses were sworn in the courtroom who were in the Temple of Music and witnessed the shooting. The witnesses in the order in which they appeared to testify follow:

The man who shot the President, Dr. H. G. Matzinger, Dr. M. D. Mann, Dr. E. C. Knapp, Mrs. Vandenberg Davis, John Branch, a colored porter; Captain Valley, Chief of the Exposition Detachment; Superintendent Bull; Assistant Superintendent P. V. Cusack, of the local police department; Fred Leichter, Charles J. Close, Exposition Guards; Western Union Telegraph Company Guards; and Joseph J. Cusack, of the Erie County Jail.

At 4:15 o'clock this afternoon, just exactly 19 days after the shooting, the Grand Jury was unanimously to indict Cozolgosz for murder in the first degree. At 4:41 the secret indictment was presented to Judge Emery in the County Court. Then ensued a wait of an hour. The rumor that the murderer was to be arraigned spread, and in a short time the courtroom was crowded. Great secrecy was maintained as to the place of imprisonment of the prisoner. It is believed that he was locked up in the temporary jail at the Erie County Penitentiary, where prisoners have been kept while the jail has been undergoing repairs. After the indictment was reported the prisoner was driven from the penitentiary, a mile from the City Hall, to the jail across the street from the hall. Cozolgosz was then taken under a strong guard from the jail through the tunnel under Delaware avenue to the basement of the City Hall and up the stairs to the courtroom on the second floor. The prisoner was shackled to a detective and another detective held his arm. Assistant Superintendent Cusack marching in front and a number of policemen behind. When the prisoner was taken before the bench the crowd in the courtroom surged about him on all sides. They were compelled to resume their seats.

He refused to talk. Cozolgosz is of medium height, of fairly good build and has light brown hair, but a 10 days' growth of beard on his face gave him an unkempt appearance. Apparently he feigned insanity, not stupidly, and his glance roamed about, but his eyes were always downward. No one did he look the County Prosecutor or the Judge in the face.

The game was called at the end of the eighth inning on account of darkness. Attendance, 4800. The scores:

Mayor Broke Up Anarchist Meeting.

NEW YORK, Sept. 16.—Rumors reached the Mayor and Chief of Police of North Bergen, Hudson County, N. J., last night that a number of anarchists were to hold a meeting there. The officials not being able to locate the meeting the Mayor went over the line into Bergen County and called on Mrs. Brocci, wife of the mayor of King Humbert. She was told by the Mayor that he suspected the meeting was to be held at her house and she was warned that if it was she and her visitors would land in jail. Mrs. Brocci was loud in protestations that she was suspected unjustly. While the officials were talking to Mrs. Brocci five Italians came to the house and later eight more. They severally declared they were not anarchists and invited the Mayor to remain. He did so and finally believes he broke up an anarchist meeting.

Cowardly Anarchists Arrested.

NEW YORK, Sept. 16.—Charged with making anarchistic harangues, the police of Newark, N. J., arrested last night Victor Gascoo and August Britton. Gascoo will also be charged with assault and battery. In his harangue to the crowd mentioned the name of the murdered President in a manner which caused Mrs. John Solosky to cry "shame." Gascoo struck her in the face. Later when he proposed the health of Cozolgosz, a woman reproached him and he struck her again. He defied the police; they seized him by the neck and dragged him to the station. A crowd tried to take Gascoo from his cell and would have succeeded had not the reserves been called out. The prisoners are held in separate cells.

Alleged Anarchists Arrested.

PHILADELPHIA, Sept. 16.—Five men were arrested in Fairmount Park last night charged with conspiring against the laws of the country by attempting to find an alleged anarchist meeting. At first the gathering was not to be a meeting, but when they were confronted by a postal card, signed by one of them, calling for a meeting in the park, they fled. The men arrested are: Arthur Shaw, Conrad Warner, John Ewing and Fred Miller.

In West when President Was There.

SAN FRANCISCO, Sept. 16.—The Call prints a story to the effect that Postmaster Chamberlain, of Pacific Grove, is certain that Leon Cozolgosz was in Pacific Grove during President McKinley's visit to the place on the occasion of his A. R. encampment, and that he called for letters, giving the name of Fred Newman, Postmaster Chamberlain remembering the name very well. It is believed that the man who called on him for letters and the assassin of President McKinley are one and the same.

Cozolgosz Arrested Six Years Ago.

NEW YORK, Sept. 16.—Leon Cozolgosz was arrested six years ago at Duryea, Pa., charged with an attempt to blow up the United States Capitol building, according to a special from Scranton, Pa., to the World. Many sticks of dynamite with caps and wires were found in his trunk. He was held for a few days and then released. When the news of President McKinley's death was reported the anarchists held a big ratification.

Dr. Isaac Saylor Released.

CHICAGO, Sept. 16.—Dr. Isaac Saylor, the Buffalo physician, arrested here to investigate his dealings with the anarchist, Emma Goldman, was released by Magistrate Fendley today. There was no evidence against him.

STRIKE NOT CALLED OFF

SHAFFER GAVE OUT NO ORDER OR PROMISE OF ONE.

He Refuses to Make Public the Terms of the Settlement—Steelworkers Are Displeased.

PITTSBURGH, Sept. 16.—It was a turbulent day for President Shaffer and the general officials of the Amalgamated Association. The headquarters of the organization were crowded today from morning until evening with delegates of strikers awaiting word from the leader regarding the settlement of the strike. President Shaffer had difficulty in seeing all who came, and finally arranged to see individual delegations from each lodge under promise that all they learned from him was to remain secret, except when the subject was brought before the lodge and in the lodgeroom. The callers at the general offices were all more or less excited and many were deeply incensed. Many of the strikers declared they would not respect the order calling the strike off before they were given full particulars of the settlement. Others were calling boldly for the resignation of President Shaffer, and another class demanded the

BITTERLY DENOUNCED CARTOONISTS

BISHOP EARL CRANSTON, OF PORTLAND

Bishop Earl Cranston, who is a prominent figure in the Methodist Episcopal Church, and whose home is in Portland, bitterly denounced cartoonists in an address as presiding bishop before the Methodists in conference at the Cummings M. E. Church, West Superior, Wis. He declared that cartoonists portrayed things in a wholly wrong and improper light, and asserted that they brought about much bitterness through this improper portrayal.

withdrawal of their lodges from the organization. The most worrying feature to President Shaffer during the day was the presence of newspaper men in the headquarters. He finally ordered them from the building. His order was not obeyed, but upon his promise that an official statement of the settlement would be given out later, some of the men withdrew. This statement was given out tonight. The strikers at 6 o'clock tonight President Shaffer left the office for his home. He seemed much depressed and wanted to avoid every one. Other officials of the organization bused a meeting of the strikers at the office, and making a plea for quietness and patience. They insisted that the settlement would not prove to be so bad as reported thus far. Those who were permitted to see President Shaffer departed from headquarters looking decidedly displeased and muttering much against what had been told them.

TO MEET THE CZAR.

President Loubet Will Go to Dunkirk to Welcome Him to Paris.

PARIS, Sept. 16.—The festivities in connection with the visit of Emperor Nicholas will open here tomorrow. President Loubet will leave Paris for Dunkirk, accompanied by M. Waldeck-Rousseau, the Premier, and M. Delcasse, the Minister of Foreign Affairs. Since the assassination of Mrs. McKinley the government has decided to carry out a project, first considered impracticable, namely, the guarding of the entire track from Dunkirk to Compiegne with the strikers, who will be brought from various points in 40 trains, and it is estimated that 50,000 men will be thus engaged. Two routes are open for the journey, as the one which the Czar will take is still kept a secret, in order to discourage any attempt at outrage.

WATERMELON BARGAINS.

One of the Attractions at the Hummage Sale.

Crowds continue to flock to the rummage sale of the women of the First Congregational Church at 205 Morrison street. The stock of goods is renewed daily, and new bargains await the visitor. Last Saturday evening was the busiest of the week. The clerks could have sold three times the amount of goods if the necessary stock had been on hand. A novelty that drew crowds to the store on Saturday was the supply of "second-hand" watermelons that had been donated to the rummage sale. The watermelons were ripe and sound, and the fact that they were sold at 10 cents apiece made them go as fast as the traditional hot cakes. The store will remain open until Thursday of this week, by which time the ladies hope to have cleared a goodly sum, if patronage continues at the present rate.

IN HONOR OF THE DEAD

McKINLEY MEMORIAL SERVICES WILL BE HELD IN LONDON.

Presence of the Duke of York at the Funeral Is Extremely Doubtful.

ODD FELLOWS CONVENE.

Sovereign Grand Lodge Called to Order in Buffalo.

LONDON, Sept. 16.—The United States Embassy, although not yet officially informed of the fact, learns that a memorial service in honor of the late President McKinley will be held in Westminster Abbey Thursday afternoon, at which seats will be reserved for members of the Government and the diplomatic corps. A memorial service also will be held simultaneously at St. Paul's Cathedral, the Lord Mayor and the Sheriffs of the City of London attending in state. Many well-known persons called at the United States Embassy today and entered their names in the visitors' book, while others telegraphed condolences. The newspapers here continue to express the hope that the Duke of Cornwall and York will be able to attend the funeral of President McKinley, but it seems now extremely doubtful if it can be arranged, especially since the ceremonies at the Capitol have been fixed for Tuesday. Government circles seem to think that direct, immediate action on the part of King Edward is the only way to bring about the attendance of the Duke at the funeral.

MADRID, Sept. 16.—Commenting on the death of President McKinley the Epoca says: "God, pardoning his errors, has taken him to his breast. ALL DISEASES

\$5 A MONTH

Hundreds of Your Friends Are Taking Advantage of the \$5.00 Rate and Are Being Cured of Long-Standing Troubles.

The Best and Purest of Medicines, and the Most Scientific Treatment of Diseases Furnished Under This One Charge of \$5.00 a Month.

Until the innovation made by the Copeland Physicians, in placing medical skill and thorough scientific treatment for all diseases within the reach of the masses of the people, by making their total charges for medicines and treatment \$5 per month, it was almost impossible for those in moderate circumstances to obtain the services of skilled and conscientious specialists.

It was, and still is, for that matter, a frequent occurrence to hear complaints made over the excessive fees charged by those claiming to be specialists. The charge of the Copeland Specialists is but \$5 per month, including all medicines and appliances, and the time required for a cure under their system is shorter than that occupied by any other method. Moreover, their cures are genuine and permanent, this fact being freely attested to by well-known and reliable residents of this city, county and state. Read the testimony published today, and judge for yourself.

Feared He Was Beyond the Reach of Medical Skill.

Mr. Peter Peterson, of Columbia, Wash., was a sufferer for over a year from a grave form of bronchial disease which was rapidly developing into incurable consumption, when he decided to take the Copeland treatment. Today he is rejoicing in his complete restoration to health, and expressing his gratitude and his appreciation of the skill that has been the means of effecting so remarkable a cure. He said:

"My Cough Was Terrible. I racking my system day and night, and giving me not a moment's peace. I had a sharp pain through my chest and under my shoulder blades, with fevers and night sweats, and raised great quantities of frothy phlegm and mucus. My flesh wasted away and my strength failed so that I was unable to continue in my occupation of carpet fitting, and I was forced to believe that I was dying of Consumption."

"I was confirmed in this belief by the fact that I had taken all the 'Cure-Alls' advertised for the cure of bronchial and lung disease, without obtaining the slightest benefit."

"A Friend in Need. A friend had repeatedly urged me to consult the Copeland Physicians, and at last I did so, although I feared that my disease was beyond the reach of medical skill. In this I was most happily mistaken, for I am now perfectly well once more."

General Mourning at Boston. BOSTON, Sept. 16.—Sorrow and mourning for the Nation's illustrious dead were everywhere apparent in Boston Sunday. The weather, dark and gloomy, the somber drappings on public buildings and mercantile establishments and the drooping of the National colors at every hand, were thoroughly in keeping with the spirits of the people. The calamity brought out appropriate references and prayers from pulpits and altars.

The church authorities of the Roman Catholic and Episcopal communions had requested that churches in their jurisdictions offer up prayers for the Nation in its great grief. The instructions were faithfully carried out. At the Catholic churches a prayer for President, Government and country, written by Archbishop Carroll, of Baltimore, 100 years ago, was said. At Trinity Church (Episcopal) an announcement was made that a memorial service will be held there simultaneously with the burial service at Canton. The sermon will be preached by Bishop Lawrence.

The general mourning was shared in every New England city and town, and the announcements made both from pulpits and at mass meetings of citizens showed that Thursday will be generally observed in conformance with President Roosevelt's proclamation.
