from 1 to 1%; Brooklyn Transit continued weak under pressure of liquidation, which is attributed to a weak annual report expected soon. The stock fell an extreme 4% to below 60. the

lowest price of the year. Manhattan declined 2% partly in sympathy. The reduction of refined sugar explained the recent decline in the stock, which steadled toward the close of the day ending with a contract of the day of

PORTLAND MARKETS.

Grain, Flour, Etc. The wheat market was full of soft spots yesterday, Europe and the East both closing lower, and the local market trailing in symjusticy. Phout the best quotation obtainable on Walla Walla was 52% cents, and there was not much anxiety to do business even at that figure. Freights are dull and inactive, but have not declined fast enough to prevent wheat showing some effects of the steady declines abroad. Walla Walla cargoes were again offering at 27c 6d yesterfay, with no takers, and invitations for bids met with no response from the other side. The bulk of the sales of Vailey wheat were on milling acthe prices which mills have been paying.

NEW YORK STOCK MARKET. Reports of Profits in American Steel

Cause Temporary Advance. NEW YORK, Oct. 2.-The stock market arted out today with an upward rush. Apparently the professional traders were in-pressed with the idea that the statement of net earnings officially promulgated last even-ing as the market closed by the president of the United States Steel Corporation would the United States Steel Corporation would have a strengthening influence on the whole list. There was guite an active demand for a while for United States Steel, which lifted the price 1½ over over yesterday. Colorado Fuel and Tennessee Coal showed some strength on the assumption that the favorable conditions in the trade revealed by the statement of the steel corporation carnings would benefit those companies also.

The railroad list was affected by a demand from the shorts, but the force of the demand

from the shorts, but the force of the demand spent itself early and the market fell into duliness and heaviness, punctuated by a num-ber of weak spots among the industrials. The friends of United States Steel were inclined to attribute this weakness to the contrast afforded with the policy of that company in anorece with the policy of that company in the publication of its earnings, but the United States Steel escurities fell back with the rost of the market, and the professional speculative sentiment in the street failed apparently to be impressed with the new policy of the United States Steel Corporation as an epoch-making

departure.

The large profits reported by that company and some reasoning effect, nevertheless, owing

CHICAGO, Oct. 2.-Conditions favored the pears in the wheat pit, the cables were weak, the weather fine and receipts fine. December started 46%c lower, at 69% to 69c and at the outset there was more of the same sell-ing that depressed the market at yesterday's close. The impression gained ground that close. The impression gained ground that much of the early selling was to aid corn shorts. Occasional rallies on covering helped somewhat in bringing prices back, but later a drive by a small bear clique depressed December and December closed 140%c under

syesterday at 68%@69c. Corn had a dull market, with bearish conditions to fight against, but steadily advanced in the face of this and the break in wheat. Lack of offerings had a strengthening effect. December closed firm, %614c higher at 56%c. Oats had a fairly active though nervous market. December closed firm, %c higher, at
