## TEAM WORK AND LUCK WON

PORTLAND DEFEATED TACOMA 3-2 IN GREAT GAME.

Home Nine Pulled Out the Victory in the Ninth-Triple and Double Plays Were Features.

A game won in the ninth and almos lost in the same inning opened the Tacome series with the most exciting contest that has been played on the Portland diamond this season. Portland won by clever team work intermixed with a large amount of unadulterated luck. The game was full of critical situations, and there were plenty of spicy plays and close decisions. Portland won out in the ninth, when the game throughout had looked like Tacoma's. In that inning Portland tied the score and secured a lead of one Then the Tacomas in the last half filled the bases, and were prevented from scoring only by a neat double play that was executed by Deisel, Anderson and Mahaffey with the fraction of a second margin. The final score was 3 to 2. The crowd cheered and yelled when the steadiness of Engle and his players pulled the game out of the fire.

Tacoma scored the first runs of the ame. With two men out, Lynch was hit in the back with a pitched ball. Then McIntyre came up with a two-base hit, which scored Lynch. The ball went out in right field, near center, and Brown went after it. He reached it a second late, and fell to the ground in the effor to land it. McCloskey brought in McIntyre with another two-base hit, making two runs for the inning.

Fine Triple Play.

Portland sent the first man over the plate in the sixth. Delsel lined out a hit to center. Anderson followed with a hit, and Deisel went to third. On the next Tinker bunted the ball down the third-base line, and Delsel sprinted in, Tinker was also sufe on the play. Then came a triple play, the first that has been on the Portland grounds this season. Tinker on first and Anderson on third, Vigneux sent out a line drive that looked like a hit. Tinker and Anderson and Vigneux started to sprint around the bases. They reckoned without Murdock He ran in and picked up the ball for a phenomenal catch, then threw the sphere Third Baseman McIntyre, catching Anderson off the bag. McIntyre sent the ball quickly to McCloskey, catching Tinker

in the same plight. The side was out and only one run scored. The game went on up to the ninth, with clever plays following fine fast fielding work. In the ninth Portland won the With one man out, Tinker sent a two-bagger over Flannery's head. Flannery tried to get under it in vain, and also to scoop it in by holding up his hand as it went over, but the ball kept sailon. Tinker took a daring chance and third. On the next play, Vigneux sunted the ball down the first base line to McCloskey. The big Tacoma manager fielded the ball in fine style and made a neat throw to the plate. Tinker slid in, and was called safe by the umpire, as the ball had been seen bounding away from Catcher Zearfoss. Manager McCloskey registered a vigorous protest, saying that the ball had hit Vigneux in the chest, and that the Portland catcher should be called out for interference, and Tinker returned to third base. Umpire O'Con-nell, however, refused to reverse his decision, calling both men safe. Vigneux, meanwhile, stole second and scored on Mahaffey's hit. This made the score 3 to 2.

Tacoma Filled Bases in Ninth. Tacoma came to the plate in the ninth determined to win out. With one out, McIntyre was given his base. McCloskey, who had been hitting in fine style, came to his rescue with a two base hit. Engle deliberately gave Stultz his base on balls, filling the bases in order to give the infield a chance for a double to retire the side. The chance came. Zearfoss hit a ly to Anderson, putting out Stultz. An derson in turn shot the ball to first, ting out Zearfoss. The play was beauti-fully executed and brought cheers from the crowd. It was a great game with a great ending. The score: PORTLAND.

SHAMROCK WILL STAY.

May Be Seen in Ruces on Long Island Sound Next Summer.

NEW YORK, Oct. 8.-It is settled that hamrock II is to stay in American waters this Winter, and next Summer she will probably be seen to races on Long Island Sound and elsewhere. Sir Thomas Lipton said today that the yacht would be laid up at the Erie Basin.

Sir Thomas suffered much with his leg today, and kept very quiet on board his steam yacht Erin. Thursday he will give a dinner to Captain Sycamore and the crew of the Shamrock, and Saturday he will be entertained by the Lotus Club. Sunday night or early Monday morning he will leave for Chicago, there to be entertained by the Chicago Athletic Club for several days. He will sail for the other side soon after returning from Chi-cago. Sir Thomas was the guest of the New York Yacht Club at a reception and dinner given at the club tonight. The af-fair was entirely informal, and there were

no set speeches. The Six-Day Walk. PHILADELPHIA, Oct. 8.-The leaders in the six days' walking match at Indus trial Hall passed the 200-mile mark to night, and are setting a fast pace for the weary trailers. Thirty men remain in the

match. The score at midnight of the first 12 men was: Miles !

British Cruiser Icarus Leaves Panama, Probably for Tumaco to Investigate the Incident.

COLON, Colombia, Oct. 8.—(Previous cabling of this matter prevented.)—A force of Liberals numbering at least 250 attacked Morro Island, commanding the entrance to the Port of Tumaco, September 24. The island had all along beer garrisoned with fewer than 100 troops well supplied with arms and ammunition and commissary stores, including more than 150 head of cattle and other provis-lons in proportion. The landing was effected before daybreak by means of ca-noes. Simultaneously, the island was stormed from the other end by Liberals on the mainland. Morro Island is sur rounded by shallow sandbanks, and the only means of approaching Tumaco is by the narrow river which is within easy range of the island.

The British steamer Quito, bound from Guayaquil for Panama, and touching at ports between, anchored off Morro Island the night of September 25, and weighing anchor at daybreak, started up the stream toward Tumaco. The rebels fired a shot across her bows. Suspecting the situation she immediately turned but riffe tion, she immediately turned, but rifle shots and one cannon continued to be fired at her, the former striking her severa times and the latter once, the ball making a hole right through her above the water mark, though the damage in other respects was slight. The Quinto then steamed to the farthest point the tide would permit and again anchored. The firing was now resumed, but it ceased after a few minutes, the Liberals having discovered the imprudence of their action. It is significant that shortly after the cident became known, the British ship Icarus left Panama for a destination not made public, but presumably Tu maco. The steamship agents have been officially notified not to accept freight at the port The situation on the isthmus is un

Two Trains Collided.

NORTH YAKIMA, Wash., Oct. 8 .- A head-end collision between two Northern Pacific freight trains six miles north of here this morning, resulted in a bad wreck and the tying up of traffic all day. Both engines were demolished in the collision and a number of cars smashed. Nobody was hurt.

Edward H. Green's Condition. BELLOWS FALLS, Oct. 8.—The condi-tion of Edward H. Green remains unchanged. His son, Edward H. R. Green, had made arrangements to return to Texas, his hurried summons here making this imperative, in order to arrange busi-ness affairs, but he was taken suddenly ill, and is now confined to his room. His illness is not believed to be serious probably is caused by the strain of the trip North and the close confinement in the sick-room.

Berkeley Athletes Will Go East. BERKELEY, Cal., Oct. 7 .- The University of California's track team will go East next Spring to meet the teams of the big universities in Athletic contests and enter the intercollegiate games at Mott. haven. In every event, with the pos. sible exception of two, the pole vault and the two-mile run, California will have a man whose records have already proved old age

him able to compete with the best. Plaw will be ready to break the Eastern weight records again. The team will have a con-sistent 10-second sprinter in Cadogan, who thrice last season covered the 100 in even time, and distance man in Service, whose time of 1:56 3-5 in the half-mile is as good as any one can do in the East. Hamlin, Powell, Cheek and Thomas are four fast men to pick the hurdles from; Cooley Creek and Powell will furnish the high-jumpers. For the two-mile run there are several good long-distance men in col-lege. For the pole vault there is strong possibility that Roy Heater, the wonderpossibility that Roy Heater, the wonderful Oregon athlete, will enter. He has cleared 11 feet 7 inches over the bar, and is besides a fast hurdler.

A YEAR'S IMMIGRATION.

Higher Percentage of Illiteracy In Shown by the Returns.

WASHINGTON, Oct. 8 .- The annual report of Thomas Fitch, Commissioner of immigration at New York, has been received at the Treasury Department. The report shows that the number of aliens who arrived during the fiscal year ended June 30, 1901, was 453,496. There were also 113,056 citizens of the United States who arrived from abroad. From a comparison of the steerage immigration for he last two years it is shown that nearly 30,000 of the increase of last year over the year before was in the immigration from Southern Italy alone. The number of returning allens resident stands at 10.6 per cent of the total immigration. In the amount of money brought per capita there appears to be an appreciable increase over last year, but the report says: "The conclusion unfortunately is unavoidable that our immigration is constantly increasing in illiteracy. Not only are we drawing more and more from the countries where illiteracy is high, but also the immigrants themselves are show ing higher percentages of illiteracy. Nearly one-half of our steerage immigrants now present an illiteracy of from 40 to

over 50 per cent. Of the 388,921 steerage aliens who ar rived during the year, the following are given for the principal countries: Males. Females Southern Italian ......

Of the total of immigrants, 41,738 were alien residents returning to this country "As a means of protection against the coming of convicts, fugitives from justice or anarchists," says the report, "the presence of our inspectors aboard would be either futile or unnecessary. These inspectors would naturally be dependent on local authorities for information of this kind. If no efforts were made to obtain such information, their certificate as to the nonexistence of bad antecedents would be worthless. If they were to as sume the right to exact evidence of an unobjectionable police record from him, why not, it is asked, make it at once a requisite for admission to the country or make the absence of such a record upon arrival prima facle evidence of crimi

"But even the above proceedings would not offer a complete solution of the difficulty. It is perfectly proper to adopt any measures to prevent the coming of such people, provided the method is not likely to degenerate into a mere annoyance to legitimate travel. In our own case we need not establish any precedent to enable us to accomplish this object. The precedent is already estab-lished in the amendment to the alien contract labor law, which the courts have construed to apply to all the excluded classes. There is no reason why the same procedure should not be extended to cover all cases of undesirable aliens, whether of the excluded class or not, and without nitation of time, proper legal safeguards being provided against abuse of this

Case Expected to Consume Three Weeks of Day and Night Sessions -Other Crime News.

GEORGETOWN, Ky., Oct. 8.—The second trial of Secretary of State Caleb Powers, as accessory to the murder of Govern, ernor Goebel, began today. Judge Cantrill read an affidavit filed by the prisoner's attorney, setting forth "the alleged partisanship of the court; that the Judge is a candidate for Senator and deeply preju-diced against the defendant personally as well as politically," etc. Commonwealth's Attorney Franklin urged that the affidavit was a mere recitation of the prison er's conclusions and opinions over his alleged inability to get a fair trial. Campbell delivered a bitter speech against those who reflected on the court. Judge Cantrill refused to vacate the bench, say-ing the affidavit should have been filed before the Judge had taken action in the case. He refused to discuss the portion of the affidavit which related to himself, but denied that the jury in the former trial had been unfairly chosen. The defense and the commonwealth then proceeded

with the trial. When court convened this afterno panels of the petit jury were called, and then Mr. Hendricks, for the common-wealth, spoke in reply to the motion made by the defense for a continuation of the case. Judge Cantrill overruled the mo-tion for a continuance. Judge Sims, for Powers, then asked that the case be docksted for some future day of the term, but Judge Cantrill overruled this also, At 3:30 P. M. court adjourned until to-norrow to enable the officers to have all the witnesses present for the call ordered by the court. It now seems certain the case will be tried. It will consume all the three weeks' session and night sessions may have to be called.

Indian Vengeance

CARSON, Nev., Oct. 8.-Word was re-Joe Pete, the Indian who murdered Willam Dangberg about a year ago, has been killed by his brother. Only last week the Indian murdered his father-in-law and nearly killed another Indian in the camp. Pete was arrested for the murder of Dangberg and convicted. On the day set for his execution he made his escape from the County Jail. The tribesmen held a consultation and appointed Pete's broth-er as the party to kill the murderer. The result was his death early this morning in his hiding-place in Alpine County.

The Kentucky Feud. MIDDLESBORO, Ky., Oct. 8.-William Morgan and Ross Chadwell, wounded in Sunday's fighting at Union Baptist 'Church, near Big Springs, Va., died last night. This makes six dead from that feudal encounter. What Shall

To Keep Healthy and Strong?

A healthy appetite and common sense are excellent guides to follow in matters of diet, and a mixed diet of grains, fruits and meats is undoubtedly the best, in

spite of the claims made by vegetarians and food cranks generally As compared with grains and vegetables, meat furnishes the most nutriment in a highly concentrated form and is digested and assimilated more quickly than vege-

tables or grains.
Dr. Julius Remusson on this subject says: Nervous persons, people run down in health and of low vitality should eat plenty of meat. If the digestion is too feeble at first it may be easily strengthened by the regular use of Stuart's Dyspepsia Tablets after each meal. Two of these excellent tablets taken after dinner will digest several thousand grains of meat, eggs or other animal food in three or four hours, while the male dias-tase also contained in Stuart's Tablets cause the perfect digestion of starchy foods, like potatoes, bread, etc., and no matter how weak the stomach may be, no trouble will be experienced if a regular practice is made of using Stuart's Dyspepsia Tablets because they supply the pensin and diastase so necessary to perfect digestion, and any form of indiges-tion and stomach trouble except cancer of the stomach will be overcome by their dally use.

That large class of people who come under the head of nervous dyspeptics should eat plenty of meat and insure its complete digestion by the systematic use of a safe, harmless digestive medicine like Stuart's Dyspensia Tablets, composed of the natural digestive principles, peptones and diastane, which actually perform the work of digestion and give the abused stomach a chance to rest and furnish the body and brain with the necessary nutriment. Cheap cathartic medicines masquerading under the name of dyspepsia cures are useless for relief or cure of indigestion, because they have

absolutely no effect upon the actual di-gestion of food.

Dyspepsia in all its forms is simply a failure of the stomach to digest food and the sensible way to solve the riddle and cure the indigestion is to make daily use at meal time of a safe preparation, which at hear time of a sac play in the medical profession and known to contain active digestive principles, and all this can truly be said of Stuart's Dyspepsia Tablets.
All druggists throughout the United States, Canada and Great Britain them at the uniform price of 50 cents for full treatment.
