Wheat, potatoes and poultry were all weaker in the market yesterday, and hops were a little stronger, with some sales reported at 10% cents. Produce receipts were large, and the demand was only fair. In spite of the alleged shortage of potatoes in other parts of the country, offerings are so large in this market that prices are weak, and it requires fancy stock to command more than \$1 per sack. Poultry is dragging, with chickens accumulating, and but little demand for them. A carload of Earlern exes is due this morned. cumulating, and but little demand for them.

A carload of Eastern eggs is due this morning, and the egg market is weaker accordingly, although sales are still made around 20½ cents per dozen. Oats and barley are steady but inactive. The grocery market was unchanged, but the retailers are buying very sparingly of sugar, in anticipation of another

NEW YORK STOCK MARKET. Variation of Sentiment, With Specu-

lation Listless and Apathetic.

NEW YORK, Oct. 8.—The same doubt and hesitation regarding the future course of prices was reflected in today's stock market as in yectroday's. Speculation was listless and spathetic and the sentiment of the small trad-IN LIFE PROPERTY AND THE PROPERTY OF THE PROPE

sas alone, was an opportune offset to this

contention.

The election of an additional Standard Oil representative to the Union Pacific board of directors was a verification of another bull prediction. But the bull party hesitated to take up the speculation for an advance, owing to the danger that money flurries may still intervene before the interior movement of currocky terminates. Sterling exchange was notably strong today on an active demand debly strong today on an active demand, de-mand sterling fairly touching \$4 88. This is more than a cent in the pound sterling above the gold import point. Sugar and Amalga-mated Copper, which continued active, drifted rather uncertainly, but with a firm under-tone. Norfolk & Western was bid up nearly 2 tone. Norfolk & Western was bid up nearly 2 points at one time on the assumption that recent accumulation of the stock has been for account of Pennsylvania Railroad Interests. The market closed irregular. There was a sharp break in Wabash debenture B bonds. The market otherwise was rather dull and irregular. Total sales, par value, \$2,840,000.

United States bonds were all unchanged on the last call.
