## MARION VALUES RAISED

COUNTY ASSESSMENT \$120,000 MORE THAN LAST YEAR.

Umntilla County Rell Shows \$100,000 Increase, While That in Jackson Is \$800,000.

SALEM, Or., Oct. 10.-Marion County's assessed valuation for 1991 is \$8,314,632. Last year the total valuation of taxable erty was \$7,121,781. The increase is

tomorrow, and the latter official will com-pute the total valuations of the several ciasees of property. Mr. Lemboke and his chief deputy, A. A. Lee, have taken great pains in making this assessment, and their work was so satisfactory that only two or three taxpayers asked to have changes made when the assessment roll was submitted to the County Board

The advance in the assessed valuation brings the total taxable property, as shown by the roll, nearer to the actual value of the property in the county. An advance of 14 per cent in the valuation means a corresponding decrease in the rate of tax levy, and the statistical showing will be in that respect more attractive to prospective immigrants.

JACKSON COUNTY ASSESSMENT.

Increase of \$800,435 Over Figures of Last Year. JACKSONVILLE, Or., Oct. 10-The fol-

Will Be Held. TOLEDO, Or., Oct. 10.—The first annual air of Lincoln County was held in Toindo, beginning yesterday and closing to-day. The fair was held under the auspices of the Lincoln County Farmers' Associa-tion, and was a success in every way. agricultural exhibits were c in all lines. The exhibits of fruits and vegetables were also complete. People who attended the last State Fair state that the exhibits of fruits equaled those of any county on exhibit there.

Particularly interesting among the other exhibits was that of celery. The exhibits of grasses were also notable. The stock exhibit was not as complete as was oped for, but good stock was shown in all departments. Dr. Withycombe, of the Agricultural College, was present and judged the stock, and Professor Coote, also of the Agricultural College, judged the horticultural, agricultural and floricultural exhibits.

Last evening a public meeting was held at the Courthouse, which was addressed by Dr. Withycombe, Professor Coote, by Dr. Withycombe, Professor Coote, Hon, Wallis Nash and Judge J. F. Stewart. A large crowd was in attendance and great enthusiasm was shown. Today, at 4 o'clock, at a meeting held in the County Court room a preliminary organization was formed for a permanent county fair association, and stock books were opened for subscription of shares, which were placed at \$1 each. A large number of shes were subscribed for by progressive farmers present, and a good organization is assured. The Corvallis & Eastern Railroad, through the courtesy of Mr. E. Stone, manager, carried all exhibits to and from the fair free, and made a half-fare passenger rate on trains.

PRUNE MARKET CONTINUES QUIET. Salem Growers, However, Are Sell-

ing a Good Many Petites. SALEM Oct. 16.—The prune market here ontinues quiet, though numerous sales re being made of Italian prunes at the rate of from 3% to 4 cents net for 40s. The latter price is the exception, while 3% cents is more commonly offered.

Some of the growers in the lowlands have already finished drying their fruit, but those in the hills will be at work a week or 10 days longer. While considerable fruit was ruined by the rains, the growers have had all they could handle with the growers are considerable. die with the evaporator capacity. Fruit left on the ground will not be lost, for as soon as the sound fruit has been picked up, hope will be turned into the orchards and the refuse will be devoured. The hoga not only eat the cracked fruit, but they crush the pits and eat the kernels. Some growers leave the worthless fruit under the trees to serve as a fertilizer, ut this is not approved by horticultur. ists, for it tends to multiply fruit pests.

One grower said yesterday that by selling his crop at the rate of 3% cents per pound for the 40-50 size, which would be a 2-cent basis, his crop would clear him 1500 on 22 acres. The gross receipts would be nearly \$3000, and about half of it would be required for expenses.

Hop Shipments From Salem. About a dozen carloads of hops have al-ready been shipped away from Salem this in each district.

season. The cars average about 50 bales each. There are about 6000 bales of hops in the Southern Pacific hop warehouse at present, with more coming in every day. The early shipments are principally of hops that were grown by dealers, or hops that were contracted before picking.

GREAT FIND OF COPPER. Eastern Oregon May Have the Best

Mine in the State. BAKER CITY, Oct. 10.—The richest copper mine in the state has been discov-ered in the almost inaccessible moun-tains, near the head waters of the Imnaha River, above Cornucopia, if the story told by Andrew Neal is true, and there is no good reason for doubting it. Mr. Neal has spent the last seven months R. R. Ed. St. or 14 2-7 per cent.

County Assessor Lemboke completed the assessment roll today, and computed the total value of all taxable property. The left is generally acknowledged to be total value of all taxable property. The left is generally acknowledged to be total value of all taxable property. The left is so wild and rugged that mountain roll will be delivered to the County Clerk sheep are to be found there in great droves, because they have never been disturbed by prospectors or hunters. Mr. Neal says he has found a ledge of copper 100 feet wide, between well-defined walls. Samples of the ore which he brought down with him furnish strong evidence of the truth of his statement, the assay value being \$5 per cent copper and \$30 in gold to the ton.

The presence of rich ere bodies in this section have slong been suspected, and rumors of rich velns, discovered by hunters who have ventured into the outer

ers who have ventured into the outer edge of this wild district occasionally, have been in circulation among miners have been in circulation among miners and prospectors for years, but no one has been able to make a careful investigation of the country. Mr. Neal says the ledge that he has discovered is near the top of the range in the most difficult place imaginable. It was the heavy snowfall that forced Mr. Neal to come out so soon this Fall. Had he remained any longer he would have had to stay all Winter and until next July, something Winter and until next July, something which he was not prepared to do. Mr. Neal's account of the country has created considerable excitement here, and a few hardy ones are seriously considering the possibility of an attempt to go in this Fall and stay all Winter, but Mr. Neal says it is utterly impossible to go in this Fall.

GOOD SEEPAGE OF PETROLEUM.

Experts Say the Indications at Ashland Are of the Best. ASHLAND, Oct. 10.—There has been much excitement here during the past two days over reports that oil had been struck at the Alfred place, east of town, where the plant of the Southern Oregon Company is drilling. The reports grew out of still further strong seepages of petroleum encountered in the work of drilling. The well is now down to a depth of 835 feet, and indications of final success in tapping the oil sands increases as the work progresses. The drill is now pounding through cretaceous sandstone the sulphur, and sait water is met in free quantities. A number of California oil experts have been here during the week, and they say that few locations present so bountiful indications of petroleum as

Josephine County Mining News, GRANT'S PASS, Or., Oct. 10.-Morris & Hosier have sold their half interest in the Powell Creek placer mine to I. N. Haley, of Philadelphia. Sharpe Bros. retain their interest. The mine will be worked on an extensive scale this season.

The Oak Flat placer mine, which is being worked by Poole Bros., of Denver, Colo., has a force of men at work under Superintendent Gill, and will make the dirt fly when the water comes. These mines are among the most extensive in the state.

LARGE COLD-STORAGE PLANT. Astoria Concern Will Go Into the

Business on a Large Scale. ASTORIA, Oct. 10.—The Columbia River Packers' Association has decided to go into the cold storage business next year on a large scale. Hanthorn's old cannery is to be fitted up with a large plant having a capacity of 1000 tierces of pickled fish and room to handle an almost unlim-ited amount of frozen fish for shipment to the Eastern and foreign markets. John Fursey, who has been connected with this part of the salmon business for a number of years on the Columbia and Sacramento Rivers, has been engaged to superintend the plant.

Less Salmon Eggs Than Expected. Letters were received at the Fish War-ien's office today from J. A. Talbert, of the Umpqua station, stating that he had secured 199,000 eggs, and from Thomas Brown, of the Salmon River hatchery, that he had secured 168,000 eggs. These reports are both below what was ex-pected, but it appears that the fish are maturing very late this year.

BETTER PRICE FOR LOGS. Indications Are That It Will Soon

Prevail on the Columbia. ASTORIA, Oct. 10 -The indications are ASTORIA, Oct. 10.—The indications are that the price of logs in the Lower Columbia River district will be restored to \$6 per thousand in the near future. On account of the recent cut several of the larger camps, among them being Benson's Bunker Hill and Deep River camps and the Gray's Bay Company's camp, are making preparations to close down for the Winter. No logs are being sold by men who are able to hold them, and there is a determined effort being made to force the price back to the old figure.

to force the price back to the old figure Charge Against Officer Dismissed. The trial of the case against Consta-ble Relly, charged with using abusive language against Mayor Bergman, was concluded in the Police Court today and resulted in a dismissal of the charge. The City Attorney asked that the charge be dismissed, because the complaint had not been correctly drawn.

A Valuable Page.

Last Monday's Oregonian contained a valuable page devoted to the interests of homeseekers. It included reports from all the land offices in Oregon, and showed the number of acres of Government lands the number of acres of Government lands. General John F. Weston, Chief of Comvaluable page devoted to the interests of homeseekers. It included reports from all the land offices in Oregon, and showed

W. Bibee, who has just received the much-coveted appointment of Receiver of the Land Office at Oregon City, has been Postmaster at Sheridan for a little over four years. He came to Oregon in 1886, and located at Sheridan, where he has since resided. Prior to becom ing Postmaster he was station agent and one of the proprietors of a mercantile establishment. He is well qualified for his new position. Mr. Bibee was born in Tennessee 38 years ago. He has ever been an ardent Republican and a hard campaign worker. It will be remembered that the

Receivership at the Oregon City Land Office was the last of the important Federal positions to be filled in Oregon. The term of Judge William Galloway expired in March, 1899, but, as the Oregon delegation could not agree on a man, he has served two years and a few months over the regular term of four years. Mr. Bibee was recommended by Senator Mitchell.

George W. Bibee.

DEPUTIES NEARLY DOWN TO THE MOST IMPORTANT SECTION.

Episcopalians Discussed Many Technicalities and Made Slow Progress -Huntington Amendment.

SAN FRANCISCO, Oct 10 .- The triennial convention of the Episcopal Church of America accomplished considerable or America accomplished considerable routine work today, but made little progress toward disposing of the canon on marriage and divorce, which came up in committee of the whole in the house of deputies. The popular interest in the subject was evidenced by the crowded galleries, a large majority of the spectators being women, nearly all of whom remained until the hour of adjournment. The discussion, however, was of a purely The discussion, however, was of a purely technical character. Quibbles over words and the punctuation of sections, to which there was little opposition, occupied most of the time. There seemed to be a de-termination to secure technical correctness in the text. It was also noticeable that many lawyers in the lay delegation were taking a keen interest in the sub-ject. The fourth and most important sec-tion of the canon, which, as adopted by the bishops, practically forbids the re-marriage of divorced persons, was not reached. The first two sections and all but the last paragraph of section 3 were adopted with but one slight change, the conjunction "nor" being stricken out, thus dividing the paragraph into two complete sentences. An attempt was made to have the matter discussed behind closed doors, but the proposition was

voted down. A Second Huntington Amendment. That the spirit of the Huntington amendment to the constitution, permitting modified forms of worship, still lives, despite defeat, was shown by the presentation in the house of deputies this morning of a constitutional amendment couched in almost its exact language. The principal change is the adoption of the proviso that no form of worship allowed shall be in conflict with the canons of the church. It was sent to a committee. Rev. E. Winchester Donald, of Massachusetts, who presented the proposed amendment, created quite a sensation by declaring in the course of his remarks that he did not consider ordination necessary for a celebrant of holy communion.

The house of bishops devoted most of the day to consideration of the qualificutions of various persons who are desirous of filling the vacant missionary bishoprics of the Philippines, Porto Rico and Viques, Hankow, North Dakota and Olympia No names were given out, and the only action taken was a decision to vote for the candidates tomorrow morn-

ng. There was a missionary conference tonight at Trinity Church, the session be-ing devoted especially to the work in China and Japan. Addresses were delivered by the bishops of Shanghai, Kyoto and Tokio, and the Rev. D. Turnbull

Huntington, of Hankow.

The church association for the advance. ment of the interests of labor held a largely attended meeting tonight at the Alhambra Theater. The principal speak-er was Bishop Potter, of New York, who spoke eloquently on the relations of capi-tal and labor, and of the citizen to the state. The Woman's Auxiliary to the Board of Missions listened to addresses today from Bishops Horner, of Asheville: Hare, of South Dakota, and General Secretary Lloyd, of the Missionary Board.

Brotherhood of St. Andrew. The Brotherhood of St. Andrew of the Pacific Coast met in convention tonight at the Cathedral Chapel of the Good Samaritan. Bishop Nichols, of California, officiated at the opening services. During the evening brief addresses on the welfars of the order, the object of which is to interest men in church-going, were made. Fred Rice Howell, of Seattle; Dates on Which Cases From Several

Counties Will Be Heard.

OLYMPIA, Wash, Oct. 10.—The Supreme Court bar docket for the October term has been arranged. The session will last from October II to November 19. There are III cases, divided up among the various counties as follows: Thurston, 6; Thurston, 6; Perce, 13: King 36: Pacific Lewis, 2: Pierce, 13: King 36: Pacifi Virginia. The nouse was called to order by President Lindsay. As usual, the house of bishops met in executive session.

The Woman's Auxiliary this morning heid an informal conference on "The Mite Box System," the principal speaker being Mrs. Milspaugh, of Kansas, Bishop Hom-er, of Alabama, made a short address at noon on missionary work

The first work of the house of deputies was to receive the report of the com-mittee on expenses, which was adopted. It covers the salaries of the secretaries

General Skiddy, of Connecticut, was unanimously elected treasurer of the con-

The Rev. Dr. Huntington, of the mittee on constitution, reported in favor of giving to the delegates from missionary districts the right to vote at all times when a vote by orders is not de-manded, and against a reduction in the number of deputies to be elected by the diocese to the general convention.

The committee on new dioceses made two reports, the majority being in favor of setting apart the western portion of the diocese of the Kansas missionary district. The minority was unable to reach the same conclusion for various reasons, which were given by Robert Treat Paine, of Massachusetts. Both reports went on

Memorials From Europe. Rev. Dr. Nevih, rector of St. Paul's Church, in the City of Rome, Italy, pre-sented two memorials from the churches

the house of deputies of the general con-

vention. The second memorial stated that there are now nine organized parishes of the American church in Europe, with six the American church in Europe, with six consecrated church buildings, and asks that this convention consider seriously whether some better provision cannot be made for the Episcopal oversight of the parishes of the American churches in Europe. The memorials were referred to a committee.

committee. A motion to provide that in voting by orders and dioceses divided votes shall be counted as a half vote in the affirmative and a half vote in the negative was re-ferred to the committee on amendments

to the constitution. Dr. Donald, of Boston, offered an amend Dr. Donald, of Boston, offered an amendment to the constitution covering in another form and according to his ideas what the defeated Huntington amendment was intended to provide, the mest significant feature being the omission of the requirement that ministers of the congregations to be received under it should have Folseonal ordination of analysis. have Episcopal ordination, of which omis-sion Dr. Donald especially declared him-self in favor.

Rev. Dr. McKim, of Washington offere as an amendment a proposition identical with that for which the lately-defeated amendment was substituted near the clo of the last general convention. Bo propositions were referred to the commit

tee on the constitution.

Article 11 of the constitution was adopted. It provides for the manner of amending the constitution

Committee of Conference. The house of bishops asked for a com-The house of bishops asked for a committee of conference on the matter of marghai readings, having named on its part the bishops of Tennessee, Vermont and Washington. The deputies agreed and the following conferees were appointed: Rev. Dr. Cameron Mann, Rev. Dr. Gramman, Rev. Dr. Waterman, Edward D. Bassett and Henry L. Morris, of New York.

The consideration of the report on mar-

The consideration of the report on marriage and divorce was then taken up. The house voted that the consideration of the subject should be in committee of the whole. A motion that the committee of the whole should sit with closed doors was defeated by a large majority. President Lindsay appointed Judge Joseph Packard, of Maryland, chairman of the

committee,
After considerable debate, the committee of the whole adopted the first two sections and the first two paragraphs of sec-tion 3. Paragraph 2 of section 3, on mo-tion of Rev. Mr. Taylor, of Los Angeles, was annulled by striking out the word "no" after the words "two witnesses." As amended the paragraph reads:

No minister shall solemnize a marriage except in the presence of at least two witnesses; In case the parties are unknown to the minis-ter, without the presence of witnesses to whom the parties are personally known, unless in the judgment of the minister it shall be impracticable to obtain such witnesses Before proceeding with paragraph 3, providing for the recording of marriages, the committee of the whole gross and re-ported progress to the house, after which

the house adjourned until tomorrow. In the House of Bishops. In the house of bishops this morning.

the committee appointed three years ago to consider the reconciliation of affiliated bodies reported progress and asked to be continued, which request was granted. The proposed division of the district of Kansas was considered but no conclusion was reached. was reached.

The bishops of Tennessee, Vermont and West Virginia were appointed conferees on the marginal readings report.

The fact that the deputies had agreed to the division of the district of China was reported, and it was voted to elect a bishop for the new district of Hankow. The election will probably occur tomorrow. when bishops for North Dakota and Olym-pla will also be chosen. It was decided to choose two missionary bishops for the

newly-created districts of the Philipp and Porto Rico and adjacent islands. W. C. T. U. Convention Ended. ASTORIA, Oct. 10.-The state conven tion of the Woman's Christian Temper-ance Union continued today, with very interesting exercises and was attended by a large crowd. After the formal opening this morning there was a general discussion on various topics pertaining to the union, and Mrs. Wright, of Wood-

by Mrs. M. A. Aldrich and Mrs. Lillan J. Amos. This evening was devoted to the grand gold medal contest. The Demorest gold medal at the contest tonight was won by Miss Nellie McPherson, of Wasco County, Miss Bradford, of Roseburg, was the other competitor. Miss McPherson won by one point.

To Keep Healthy and Strong?

A healthy appetite and common sense are excellent guides to follow in matters of diet, and a mixed diet of grains, fruits and ments is undoubtedly the best, in

spite of the claims made by wegetarians and food cranks generally. As compared with grains and vegetables, meat furnishes the most nutriment in a highly concentrated form and is digested and assimilated more quickly than vege

tables or grains.
Dr. Julius Remusson on this subject says: Nervous persons, people run down in health and of low virality should est plenty of meat. If the digestion is too feeble at first it may be easily strengthened by the regular use of Stuart's Dyspepsia Tablets after each meat. Two of these excellent tablets mixen after dinner will digest several thousand grains of meat, eggs or other animal food in of meat, eggs or other animal food in three or four hours, while the mait diastase also contained in Stunrt's Tablets cause the perfect direction of starchy foods, like potatoes, bread, etc., and no matter how weak the stomach may be, no trouble will be experienced if a regular practice is made of using Stuart's Dyspepsia Tablets because they supply the pepsin and diastase so necessary to perfeet digestion, and any form of indigestion and stomach trouble except cancer of the stomach will be aversome by their dally use.

That large class of people who come under the head of nervous dyspeptics should eat plenty of meal and insure its complete digestion by the systematic use of a safe, barmless digestive medicine like Stuart's Dyspepsia Tablets, composed of the natural digestive principles, peptones and diastase, which actually perform the work of digestion and give the abused stomach a chance to rest and to furnish the body and brain with the necessary nutriment. Cheap cathartic medicines masquerading under the name of dyspepsia cures are uncless for ceited or cure of indigeation, because they have absolutely no effect upon the actual di-gestion of food.

Dyspepsia in all its forms is simply a failure of the stomach to digest food and the sensible way to solve the riddle and cure the indigestion is to make daily use at meal time of a safe preparation, which is indersed by the medical profession and known to contain active digestive principles, and all this can truly be said of Stuart's Dyspepsia Tablets. All druggists throughout the United

States Canada and Great Britain sell them at the uniform price of 50 cents for full treatment.

view seems to have become a common occurrence, says the Examiner. Every day men on horseback can be seen riding on the main thoroughfare, the horse shy-ing from one side of the road to the other, making it dangerous for children to be on the street. Wild horses hitched with gentle ones are also frequent.

It is estimated by the Heppner Gazette that about 2000 head of beef cattle are in the Butter Creek country for the Win-ter. O. E. Thompson is feeding 300 head, George Vinson 200 head, William Watten burg 70 head, Frank Sioan 200 head, Asa Thompson and Mr. McAbes 400 head, Grant Buchanon 85 head, Shirley Thompson 50 head, Mr. Saylor 200 head and Mr. Stanfield 200 head.

Will Revise Chinese Tariff.

NEW YORK, Oct. 19 .- Thaddens S. Sharretts, one of the general appraisers of this port, who has been employed by the Administration to aid in revising the Chinese tariff and to arrange a new com-mercial treaty between the Government of China and the United States, will leave for San Francisco next Tuesday, whence October 23 he will sail on the American Maru Line steamer for Shanghal. Before

leaving for Boston last night he said:
"The credentials handed me by the Government give me full power to treat with China and the allied nations interested in the indemnity revision of the Chinese tarthe indemnity revision of the Chinese tar-iff. I have been requested to obtain for the exporters of the United States all the rights and privileges that may be accorded to any other nation.
"In addition to revising the tariff and changing it from an ad valorem to a spe-

cific basis, I have been informed that I probably will be required to serve, in conjunction with Minister Conger, as a commissioner to arrange a new commercial treaty with China. It will be necessary for me to go to Pekin to present my credentials to the Chinese Government, The ommission, however, will meet in Shang-

An A. O. U. W. lodge has been or-ganized at New Pine Creek.
