COMMERCIAL AND FINANCIAL NEWS <text>

The week's business got under way in good shape yesterday, and there was an excellent irade in the wholesale part of the city in rearily all lines. Produce receipts were lib-eral, but there was some strength shown, er-tops in a few cases. The grain markets were hower, but ponitry, pointoes, onlone and eggs were all showing firmness. A carload of Ras-were all showing firmness. A carload of Ras-were not fresh, they were a good quality of a stream of the and and a side area of a side of a ern eggs arrived yesterday, and while they were not fresh, they were a good quality of storage stock, and sold fairly well as fresh aggs. Gregon eggs remain firm at Sic per damn, with the cold-storage articles selling flewn as low as 20c. Dressed pork is inclined to weakness, but there is decided strength in the live hogs, prices for both live and dressed being about the same. Veal is steady. Fruit iontinues plentiful, and fancy apples for ahip-ping are slightly higher. The dominand for bar-ley is excellent, but the weakness in wheat finds some reflection in barley, but as yet guotations are noninally unchanged. guotations are nominally unchanged.

NEW YORK STOCK MARKET.

Business Marked by Less Buying and

More fregularity.

NEW TORK. Nov. 12 -- There was less buy-ing and more iregularity in the stock market from the outset today. The hesitation in the advance grew, and turned to sharp reactions in the late dealings. Selling to take profits was joined to extensive short lines put out by the bear party on the argument that the rise in

One Good Use for Prunes.

Prune brandy is something new in Ore gon, but there are several parties ad

jacent to Portland turning prunes into that beverage. A man from Eastern Multhomah was in town yesterday. He

said his prune brandy was meeting a ready demand in Portland at \$2.50 a gal-lon. "I pay \$5 a ton for the prunes," he said, "and I clear about \$5 over expenses

lets the prunes ferment and then boils them, condensing the steam by keeping the copper "worm" cooled with running

water. Over-ripe prunes, rotten prunes and prunes that have been stamped in the mud-all go to make a good article of prune brandy, he said.
