OREGON DEFEATED PENDLETON ACADEMY BY 12 TO 0.

Both Touchdowns Were Made in the First Half-"Locomotive" Smith Was in the Game.

PENDLETON, Or., Nov. 11.-The University of Oregon eleven defeated the Pendleton Academy here today by a score of 12-8. The Oregon eleven was strengthened by Coach Warren Smith, who played right halfback, while the local team played a number of good men who are not connected with the academy. Both touchdowns were made in the first half, and, in the second half, the Pendleton team railied and played good ball, preventing the 'varsity from scoring. The Oregon line held like a stonewall and Pendleton would have fared far better had her men attempted end runs instead of line bucks.

The Oregon team will leave for Eugene tomorrow morning. Its next game is on Thanksgiving day, when it will meet the Multnemah Athletic Club, in Port-

#### GEORGE M'MILLAN RETURNS. Talks on the Stanford Defeat and

Multnomah's Prospects. George McMillan, the well-known Mult-nomah football player, who has been coaching the Stanford University eleven,

coaching the Stanford Chiversity eleven, arrived home yesterday. McMillan was one of the three coaches who trained the Stanford team this season, which is the first year of the graduate coach system in California. Speaking of the California-Stanford game, McMillan said:
"Berkeley were fair and honest some "Berkeley won a fair and honest game,

and deserves great credit for so doing. The California men certainly have a great fighting spirit, and they won the gaine by hard, consistent playing. There was a good deal of talk about a man named Horan, who played with Stanford for a few weeks, giving Stanford signals to Berkeley, but I take no stock in such reports, as I do not believe Coach Simpson or Manager DeCoto would tolerate any such proceedings. There is a possibility that Berkeley will play Princepossibility that Herkeley will play Prince-tion in San Francisco some time during the next few weeks, but nothing definite has yet been arranged. Stanford will probably play in Los Angeles on Thanks. Multnomah would like to meet Berkeley and may do so on Christ-mas, either in San Francisco or in this city. I do not know whether I shall play with Multnomah on Thanksgiving day or not, but will do all I can to help the boys to victory."

When asked about the individual players of the Stanford team, he replied: "Slaker put up the best game for Stanford, and Captain Fisher also did excellent work, both on the offensive and

McMillan expressed himself as pleased with the graduate coach system, and thinks that it will tend to a healthy de-velopment of the game in California.

#### MULTNOMARS GO TO SEATTLE. Football Game Slated for Saturday

With University Team. The Multnomah football team will leave tomorrow evening for Besttle, where a game will be played with the University of Westington Baturday. Multnomah an-ticipates a very hard game, and the men have been undergoing severe practice this week. Reuben Sanders, the Chemawa player, is out for fullback, and will probably play in that position with the Mult-nomahs. In this event Dolph will be moved up to the halfback position formerly filled by McKenzie, who will be un-able to make the trip. Crosby, formerly of the Astoria team, is trying for a position in the Multnomah line-up, and will probably play one of the end positions. Coach George McMillan arrived home from Stanford yesterday, and may accom-

pany the club team to Seattle.

Multnomah will have a hard game with the University of Washington, for the latter team is much stronger than it was earlier in the season, and will be rein-forced by Coach Wright and Assistant Coach Jerry Rusk, who will play half-back and tackie, respectively. Wright is an old Columbia player, and was chosen for the All-America eleven last season. Jerry Rusk is well known throughout the Northwest as well as in California, where he once played on the Stanford team The University team has improved won-derfully during the past two weeks. Last Saturday the 'varsity beat the Port Town. send Athletic Club by a score of 12 to 6. The Multnomah players realize that they have a hard game ahead of them, and will go in with a strong determination to win. A number of M. A. A. C. football enthusiasts will accompany the team,

Receipts of Football Game.

STANFORD UNIVERSITY, Cal., Nov. 13.—Treasurer Edwards stated today that the gross receipts of the Stanford-California football game, last Saturday, approximated 19,000. This is about \$2000 less than last Thanksgiving. When the games are played on the university campus, and not in San Francisco, the receipts will not in San Francisco, the receipts will probably be considerably lower. Next year will be the last, according to the intercollegists agreement, in which the annual contests will take place in the city, but the students will attempt to have the agreement rescinded, and a return to the Thanksgiving day game in the

ODDS ON THE FIGHT.

They Are Still Ten to Four, and No

Ruhlin Money Is in Sight. SAN FRANCISCO, Nov. 11.-While in terest grows in Friday's big fight, the odds are still 10 to 4, and there is not even the color of Ruhlin money to be seen. Both men have practically let up in their preparation for the contest. A slight touch here and there was all that they gave themselves today in the way finishing off their work. Tomorrow morning a short ramble will be the last they will take, and Friday will see them in the hands of their trainers and rubbers, keying up the tension on every muscle of

their big bodies.

Harry Corbett, who will act as referee, said tonight that the public could be assured of one thing, so far as he was concerned, and that was that the men their big bodies. would fight from the moment they went into the ring until one or the other was icclared the victor.

"There is to be no hugging in clinches," was the way he expressed himself. "The people who patronize boxing have grown people who patronize boxing have grown tired of these disgusting exhibitions of hanging on, and I think its about time an end was put to it. Of course, a referee cannot prevent fighters from coming together in a clinch, but I want it understood from the beginning that when I give the word I want Jeffries and Runlin to break. The man wno hangs on af-ter that will be watched, and if he tries to save his strength in this manner with a full understanding of the warning he receives before the gong sounds, let him and his backers abide by the decision." Jeffries was asked today for an esti-mate of the length of the fight. "Well," he sald, "I know this much, and that is, Ruhlin hasn't been standing still since it met him last. He has improved very much, and I have an idea that he will bore in from the jump. Maybe I'll stop him in the first round, maybe the aecond, but really I do not think that It will last longer than 15."

The same question was put to Ruhiln, "I feel strong," he answered, "as well as I ever did in my life. I feel as though I can fight and fight hard, but I think its the best man that wins, and how can one tell you but what Jeffries is the best. Of course, I don't think so; but I would not want to say that the fight would go five round, or 10 rounds, or that I could polish him in one, though I may prove

my ability to do so."
Two San Francisco physicians examined
Jeffries this morning just after he finished his road work, and they pronounced him to be in superb condition. His heart action was strong and regular, which, taken with the health of his other organs, indicated to their minds the possession of ability to go the limit of human endur-ance. Another physician said the same thing about Rublin. He found his pulse to be 46, which the medical man declared to be a marvel. The champion's pulse is regular at 50.

Billy Delaney, acting for Jeffries, has made arrangements with the San Fran-cisco Athletic Club to bring about a meet-ing between him and Saller Sharkey in this city December 20, in event of the champion beating Ruhlin. If the outcome of the big battle is favorable to the above proposition, he will go into training immediately.

BRODRICK ACCUSES BOERS OF MURDERING KAFFIRS.

The Wearing Down Process, He Says, Will Go On-Reinforcements Will Be Sent From India.

LONDON, Nov. 12.—Mr. Brodrick, the British War Secretary, speaking tonight at a banquet given in London in his honor by the City Cariton Ciub, declared that the Boers were hiding their tracks by murdering the Kaffirs behind them. Lord Kitchener wired today, he continued, that the cold-blooded murder of natives had become frequent of late, and that two dead natives, their hands tied behind their backs, were found November 10 at the bot-tom of a mine shaft. Later, in his speech, Mr. Brodrick said Great Britain now has 42,000 Boers in custody in the centraliza-tion camps and on various islands, and that 11,000 more had been killed or wounded, or had left the country on parele. He added that he believed the number of Boers now in the field is about 10,000.

MORE PEACE TALK.

Political Maneuver Directed by Pro-Boers.

NEW YORK, Nov. 13.-Peace negotiations are reported from every quarter ex-cept Botha's headquarters in the saddle, says the London representative of the Tri-bune. The National Liberal Federation is agitating for a full and explicit deciaration of terms from Downing street, but this is a political maneuver directed by the pro-Boers. The question arose during a discussion of the details of the decorations to be bestowed and the mode of entertainment for the heads of state attending the coronation. The King refused point blank to distinguish between the titles of President, King and Emperor, arguing that his object was to honor the state and not the man. GENERAL REYES MAY BECOME PRESIDENT OF COLOMBIA.

His Selection May Put an End to Industrial Disorders in That Country-Capture of the Darien.

NEW YORK, Nov. 12.-The Tribune will say tomorrow; "Information that General Reyes, who for 10 years represented the Colombian Government in Paris, is soon to return to Colombia was received in this city yester-day. This news was regarded by persons interested in Colombian affairs as of great importance. General Reyes, accordingto this information, has received a message from President Marroquin, urging him to return to Bogota. At present Reyes is representing the Colombian Government at the Pan-American Congress in the City of Mexico. It was also said that General Reyes had sent a message to General Pedro Nei Ospina, ex-Minister of War of Colombia, who has just arrived in this city, asking him to come to Mexico for consultation. General Ospina expressed belief that weariness of the civil war, which has for more than two years ravaged Colombia, was the cause of the call Reyes' return, and that as he is the one man satisfactory to both parties in the state he will be selected president of

the republic and put an end to the war.

The One Man for the Place. WASHINGTON, Nov. 13 .- The Colombia Sovernment is making an earnest effort, and in an interesting way, to solve the troubles which have arisen in its executive branch. The first act of the new Colombian Congress is to appoint a "designado," an official who will succeed to the Presidency upon the retirement of both the President and Vice-President. General Rafael Reyes, Colombian Minister to France, now in attendance upon the Congress of American Republics at the City of Mexico, holds that position. Information has reached the Colombian Logation in this city that a committee com-posed of three Colombian officials is about to leave Bogota for Mexico, to endeavor to induce General Reyes to accompany 't back to the Colombian capital and take up the reins of government. Notwith-standing the fact that the ex-President, San Clemente, has been out of office for some time, it is true that he is still the constitutional President of Colombia, and he has yet to tender his resignation of that office, However, San Clemente, it is stated, has said he will tender his resignation, provided President Marroquin, who is constitutionally only the Vice-President, will do likewise. A great many of the present complications in Colombia have arisen out of this situation, and the strong factions back of the commission see in General Reyes an official with a clean title to the Presidency if, as they confidently believe, President Marroquin can be induced to relinquish his office.

CAPTURE OF THE DARIEN. How the Colombian Steamer Was

Taken by Rebels. COLON, Colombia, Thursday, Nov. 7.— Following are the details of the capture by the insurgents of the steamer Darlen,

which was recently purchased by the gov-ernment from the Darlen Gold Mining Company at Panama:

The Darien was dispatched by the colombian Government toward the end of October to convey a rapid-fire gun and a fair supply of rifles and ammunition to the forces now stationed at Agua Dulce. It is rumored that she had on board \$5000 to be delivered at Agua Dulce, The steamer had been ordered to keep well in sight of Chorrera, the headquarters of the insurgent forces, on her way to Agua Dulce. In compliance with this order, it appears, the Captain of the Darien steamed too close to land when in the vicinity of Chorrera and the steamer grounded on a sand bank in sight of the whall forces. at the beginning of the campaign against the Boers, is at last having his merits recognized. FINANCES IN JAPAN.

New Programme Mapped Out by the Authorities. VICTORIA, B. C., Nov. 12.-The Japan

Herald says the scheme of the Japanese Government for the acquisition of money com abroad by undertaking the sale of public bonds on the American market has finally ended in a flasco. As is well known, the Government has been attempting the introduction of foreign cap-Fe works as are necessary and it is a fact that for a time the negotiations with American capitalists made favorable progress, but subsequent to the death of McKinley the market condition for the sale of Japanese bonds became discouraging. Marquis Ito, who is now in America, did his best on behalf of the Japanese Government, but in consequence of exacting conditions alleged to have been demanded by foreign capitalists, he has become compeled to recognize the fail-ure of his exertion, and Mr. Takahira, Japanese Minister in Washington, has likewise dispatched a telegram to his home Government announcing the total failure of the expected acquisition of forign capital.
In view of the hopelessness on the part

of the Government to resume its atter on advantageous terms, the authorities have made up their minds to map out another financial programme, but as to the nature of the fresh scheme nothing has yet come to light. the new home treatment.

THE TREATMENT THAT CURES

Dr. Coveland's treatment, that has lifted the darkness and blight of the word "incurable" from hundreds of thousands of cases of Catarrh of the Head, Throat, Ear Tubes, Bronchial Tubes and Lungs, works as curative action for two reasons: (i) It reaches every diseased spot from the orifice of the nose to deepest part of the lungs and the innerment recesses of the middle

(2) Instead of irritating, inflaming and feeding the fires of the disease, it soothes, quiets, heals and cures.

CATARRH OF HEAD AND THROAT.

The head and throat become diseased from neglected colds, caus-ing Catarrh when the condition of the blood predisposes to this conditton.

"Is your sense of smell leaving?"
"Are you lesing your sense of taste?"
"Do you seep with your mouth open?"
"Does your nose stop up toward night?"

CATARRH OF BRONCHIAL TUBES.

This condition often results from caturrh extending from the head and throat, and if left unchecked, extends down the windplpe into the bronchial tubes, and in time attacks the lungs.

"Have you a cough?"

"Are you leaing flesh?"

BRECKINRIDGE'S VIEWS.

Caused Trouble in the Meeting of

the Kentucky State Federation. LEXINGTON, Ky., Nov. 13.-There is such excitement among the delegates to the convention of the State Federation of Labor, now in session here, over the address of welcome by W. C. P. Breckin-ridge, who stated that he favored a combination of labor and also a combination of capital, but that he did not believe a National federation of labor would be possible without complicating interests of various sections. Colonel Breckinridge said he was the friend of labor organizations; that he heartly favored the organization of labor, but that he thought lis battle should be fought with reason and not with force; that the day of strikes was over, citing and criticising the big steel strike. He said further that he did believe it conducive to the best interests have announced their intention of not postponing or suspending the undertaking of public works, but no positive informapersonal liberty, for unions to say to the employer "you must employ only whom we choose and pay them what we de quired for carrying out the color of the budget.
