LETTER FROM MISS STONE

LONG CAPTIVITY HAS SOMEWHAT AFFECTED HER HEALTH.

Brigands Will Hold Out for a Ransom Much Above the Sum at Dickinson's Command.

been received from Miss Ellen M. Stone. Her health has been somewhat affected by her continuous confinement and hard fare, but she expresses herself as still onfident of ultimate release.

A letter to Mr. Dickinson, diplomatic

agent of the United States at Sofia, replying to his proposals concerning a ran-som, says the brigands will hold out for a figure very much above the sum at Mr. Dickinson's command. The brigands in-terpret Mr. Dickinson's note having fixed on the sum he is willing to pay, and on a time limit, as being indicative that he can get more money. They also demand nity from prosecution. But it is im-United States to have power to bind the governments of Bulgaria and Turkey. This point, however, is not likely to be a serious obstacle in the way of negotia-

Reason to Be Hopeful.

WASHINGTON, Nov. 18.—Another calegram received from United States Consul-General Dickinson at Sofia, today indicates that, while Miss Stone has not yet been ransomed, there is reason to feel assured as to her future. The dispatch furnished evidence that Mr. Dickinson remains in direct communication with the brigands or their agents.

TEN JAPANESE KILLED.

Twenty-eight Others Were Injured in a Montana Train Collision.

GREAT FALLS, Mont., Nov. 18.-Ten lision between a freight train and a work train on the Great Northern Railroad near Culbertson, a station close to the Eastern boundary line of this state Sun day morning. day morning. The freight train was running at a rate of speed estimated at 25 miles per hour; the work train was stationary. Round a curve, the freight crashed into the work train, and sad havor followed. One of the cars in the work train was a bunk or sleeping-car, In this there were 41 Japanese laborers, But three of them escaped death or in-

the most awful scene followed the crash. Wounded men tay about everywhere; all were horribly mangled. The ground was soaked with blood, and the shricks of the injured were agonizing. The car contained a stove, and the wreckage was soon ignited. The trainmen and the three uninjured Japanese worked swiftly to save the victims from the certain death in the flames. By dint of extraordinary effort on the part of the uninjured none was incinerated. The fire communicated to the other cars in the train, and altogether seven of them were burned, Such help as Culbertson offered was speedlly neep as Cubertson offered was speedily summoned, and as soon as possible a spe-cial train was sent from Glasgow, a di-vision point, with surgeons and other assistance. The wounded men were brought to Glasgow, where they remained until this morning, when the more seri-ously injured were brought to Great Falls on a special train. Those who were not so badly hurt were cared for at Glasgow. The special train from Glasgow with its ghastly burden of dead and dying was met at the station in Great Falls by willthe opinion of the surgeons that three of the mea in the hospitais will die, and perhaps others may also succumb.

Few of the Japanese are able to tell a unected story of the disaster, owing their inability to speak English. Their tales, however, simple and broken as they are, tell the horrible experience which they

Sunday's disaster is the second of the kind that has occurred on the Great Northern within recent months. The previous accident took place near Kallspell, in the extreme northwestern portion of Montana, when 26 laborers were killed. Superintendent Downs, of the Great Northern, with headquarters at Spokane, was also killed at

ENTOMBED MINER RELEASED.

Work of Removing Debris at the Baby Mine Continues.

POCAHONTAS, Va., Nov. 18.—The work of removing fallen slate and debris from the Baby mine continues. This morning Fritz Moulton was found entombed in a from on the west side. He was living, but few hours more would no doubt have brought death. For six hours physicians worked with him before he was restored to consciousness. He is yet feeble, but will likely recover. There was great re-joicing when the news spread that he had been recovered alive. Moulton says sil within the mine Thursday night com-mented on the heaviness of the atmos-phere, and that a number of the men left their work shead of him. He soon found that danger was imminent, and, along with several others, started run-ning from the drift. A heavy report that shook the mountain was heard, and an instant later a huge cloud of smake and lame was seen coming. He lost sight of his companions, but he turned into a side room as quickly as possible, and was shut off by falling siate. Probably two days passed before he succumbed to the foul

Injured by Explosion of Gas. WASHINGTON, Pa., Nov. 18.-A nat-ural-gas explosion occurred along the main pipe line of the Wheeling Gas Company at Buffalo, a village eight miles west of here, last evening, which re-suited in injuries to six men, two of whom, W. S. Bronsell and Leslie Maxwell, will probably die. John Waltace, Martin Hogan, George Dennison and Carl Martin were badly burned.

The big gas main of the Wheeling Gas Company sprang a leak near Buffalo, and the company sent out a repair party. The gas was turned off all day, and the men were at work in a deep ditch making the repairs. The repairs were almost completed when, through some mistake, the gas was turned on at the gates and came rushing along through the main with great pressure. Bronsell, ignorant that the gas had been turned on, was ding a torch near an opening, and the explosion resulted.

International Brotherhood of Labor. NEW YORK, Nov. 18.—Ben Tillett, or-ganizer of the London Dockers' Union, and F. Chandler, of the Amalgamated So-clety of Carpenters, who have just ar-rived from England to attend the coming envention of the American Federation of Labor, addressed a recent session of the Central Federated Union. Both are delegates from the British Trades Union Congress to the coming convention of the American Federation of Labor. Mr. Til-

This is the country of inventions, and inventions help the people—help every one. I observe, however, that there are people in London who have property thousands of miles away, that they can only reach by cable. They look upon the world as Napoleon and Alexander the Great did, and call us dreamers. But Na-poleon and Alexander were dreamers, too, and realised their dreams. It is for us to do the same. It is in our power to create an international brotherhood of labor."

Labor Leader Chandler spoke of a closer alliance between the workers of this country and England for defensive purposes.

COMMENDED BY CHAFFEE.

Fine Record of a Detachment of the First Infantry in Samar.

WASHINGTON, Nov. 18 .- General Chaf-

fee hus issued a general order highly com-mending the conduct of a detachment of the First Infantry, which made a scout into the Island of Samar August 13-25 fast. Captain Harold L. Jackson was in command of the detachment, which consist ed of First Lieutenant Joseph W. Ben-ham, Jr., Contract Surgeon C. R. Ohlinger 45 enlisted men of Company I, 35 of Company L, and 30 natives. General Chaffer said the report shows that the enemy was twice encountered and defeated, valuable papers captured and chattels and supplies of the enemy destroyed. Valuable information was also gained. The energy and gallantry displayed are highly com-mended, and the instance is placed on record as one of the many feats of endurance and determination shown by the troops of the command.

COURT-MARTIALS OF FILIPINOS. Case of Insurgent General Who Has

Been Sentenced to Denth. WASHINGTON, Nov. 18.—The records of a score or more court-martials of Fillpinos charged with murder and other crimes have been received at the War Department from the Philippines. Probably the most interesting case is that of Francisco Braganza, Major in the in-surgent army, who ordered the massacre of 108 Spanish prisoners in February, 1900,

and who now has been sentenced to death for his crime. General Chaffee made an unusually long review of this case, characterising the wholesale destruction of life as "the most barbarous and revolting massacre of helpless prisoners known to the modern his-tory of war." He calls attention to the fact that the chiefs of the insurgents did their utmost to prevent the United States from fulfilling its obligation to employ its best efforts to return the Spanish prisoners in the hands of the Filipinos to Spain. It was upon the approach of a detachment of American troops that this

DENVER, Nov. 18.—The third battailon of the Twenty-third Infantry, now in the Department of the Colorado, has been ordered to Atlanta to relieve the Twentyseventh Infantry, which will probably go to the Philippines next month. Two com-panies of the Twenty-third are at Fort Logan, one at Fort Douglas, and one at Fort Russell. The troops of the Four-teenth Cavalry at Fort Logan will go to Arizona, It is understood that Fort Lo-gan will be garrisoned by January 1 with a regiment of infantry from the Philip-

Trial Train Run Over New Railroad. GUAYAQUIL, Ecuador, Nov. 18 .- Yesterday a trial train was run over the new railroad line from Bucay to Quibo, a distance of 2 miles. This is the most difficult portion of the line to Quito from an engineering point of view. When the work was begun the difficulties seemed insurmountable. All, however, have been successfully overcome, and the main problem of passing the Andes is now solved. Several railway officials from Gusyaquil and the officers of the British sloop of war Icarus accompanied the train as guests of the company,

Doyle-Burns Mining Suit. COUNCIL BLUFFS, Ia., Nov. 18.—The Doyle-Burns mining suit was devoid of interest today. John O'Haire was on the stand for a short time to give some ad-ditions to his testimony, and the remainder of the day was taken up with the reading of depositions and the introduction of documentary evidence relating to the records, stock books, etc., of the Port-land Company. This latter evidence is being offered to trace stock issued to the ceive full compensation for delivering his share of the Bobtail and other claims to the Portland Company.

a good deal of dissatisfaction exists among clubs in the Metrepolitan Association, and many protests will be heard from the disaffected members. It will be proposed to increase the membership of board of managers from 15, as it is at present, to a number which will be made up of one member from each club of the association. The question of selecting a handicapper will also come up for discussion. Heretofore a handicapper has been selected by the board of managers, and it is now proposed to have him elected by a vote at the annual meeting of the association. The following officers were elected for

New York Horse Show Opens. NEW YORK, Nov. 18 .- The New York orse show, the great American horse fair, began today at Madison-Square Gar-den. The formal entries outnumbered by hundreds those of any previous year, and represent the noblest type to which the thoroughbred has been developed, and the greatest advance in vehicle-building with the latest decrees of fashion as to livery, harness and handling. Perfect weather

favored the opening.

Twenty-five horses suitable to become hunters were the first animals brought before the judges. The blue ribbon went to Lord Minto, owned by George Pepper, of Toronto. The jumpers came next, and nearly 50 handsome horses went over the hurdles. Surepop, owned by Crow & Mur-ray, won the first place, with Lord Minto, winner in the first trial, a close second. Eben Jordan's Prime Minister was adjudged a better pony stallion than Thomas W. Lawson's Glorious Bonnie, and sports the blue now. In pony stal-llons under 12.1, Doncaster Model, owned by Robert Whitworth, of England, was awarded first honors. P. A. B. Widener's Vixen won the first place among the pony

ood mares, other than Shetlands. Alfred G. Vanderbilt drove his own en-try in the class for four-in-hand teams under 14 and not exceeding 15 hands Mr. Vanderbilt received only the white ribbon, however, the blue going to the four entered in the name of Mrs. R. SMITH HARD AT WORK.

Enters Into Active Training for His Bout With Neill.

'Mysterious" Billy Smith is hard at work preparing for the coming match with Al Neill. His headquarters are at the Mikado Hotel, where he puts in usiderable time each afternoon punchconsiderable time each atternoon, punching the bag and sparring with Jost, who is to go against Foley in the preliminary. Smith weighs 158 stripped, but says that he will have no trouble in making 152, which is the weight agreed upon for the bout. He has been training for a week and expects to be in shape for a fast contest on November 29. Jack Hill. Smith's manager, says that "Mysterious" Billy will be in the pink of condition when he steps into the ring.

Neill's headquarters are at the Mer-chant's Hotel, where he begins active work today. Neill is in good shape to begin with and expects to round into per-fect form during the next 10 days. He went out for a long run yesterday afternoon and came in fresh as a dalsy. Jack Day, one of the managers of the Pastime Club, says that visitors are

O'Brien Defeated Craig. LONDON, Nov. 18.—At the National Sporting Club tonight, Jack O'Brien, of

Philadelphia, defeated Frank Craig, the "Harlem Coffee-Cooler," after seven rounds of a 10-round bout. O'Brien was a strong favorite in the betting, in spite of his bad condition, and did almost all of the scoring in a farcical and disap-pointing contest. Kid McCoy and Mc-Keever have challenged the winner, and it is probable that a match will be arranged between McKeever and O'Brien.

Basket-Ball Schedule.

The following is the official schedule of games in which the girls' basket-ball teams of the city will contest for the Wright cup:

WHITE HOUSE VISITORS.

Irish Leaguers Given a Special Audience by the President.

WASHINGTON, Nov. 18.-The Irish Parliamentary Leaguers who are touring this country agitating the Irish cause were given a special audience by President Roosevelt today. The party consist-ed of Mr. and Mrs. John E. Redmond, P. McHugh, Thomas O'Donnell, Miss Dalton, of Australia, a sister of Mrs. Redmond; Mr. and Mrs. St. John Gaffney, of New York. The President received them with cordiality in the reception-room adjoin-ing the Cabinet-room. He astonished his visitors by the intimate knowledge of the Irish situation which he displayed. After greetings had been exchanged on both sides, and the President and Mr. Red-mond had held a brief private conversation aside from the others, the President requested the party to go into the red parlor down stairs in order that he might present Mrs. Roosevelt. This was done, and 10 minutes were spent in the red par-lor. The party was in high spirits when it left the White House.

Baron von Hengelmuller says Austro-Hungary is taking no active interest in the Stone abduction case. Malt Breakfast Food FROM A FOOD EXPERT.

Howard K. James of San Francisco, sec retary California Retail Grocers' and Merchanta' Association, writes as follows: SAN FRANCISCO, Cal., Dec. 20, 1900. THE MALTED CEREALS CO.,

Gentlemen: The truest thing in the advertisements of Malt Breakfast Food which you have published is that "the firm starts the goods, and quality does the rest."

Little children who tire of everything in the cereal line will take up this food and cling to it with no desire for a change much longer than they will any other food.

It is a fact that my own youngster, who has passed by everything I have been able to find in the market, after a few days has put the seal of his approval on Malt Breakfast Food to the extent of insisting upon having it three times per day, and this condition has existed now for ove six weeks, during which time I question if a day has gone by without his having For the old folks, I believe that this i the most satisfactory thing on the market today for weak or tired stomachs, an welcome at the training quarters of both for that jaded feeling that occasionally men.

MUCH GOLD FOR EUROPE.

New Record for Engagements From New York Established.

NEW YORK, Nov. 18 .- A new record for gold engagements to Europe from this port was established today, when gold to the amount of \$7,082,581 was taken from the assay office for shipment on steamer Kalser Wilhelm der Grosse, which will leave tomorrow. The gold was ordered in the regular course of business, and, according to report, all but \$1,000,006, which goes to Berlin, will be sent to Paris. the steamship dropping the greater part at Cherbourg. The shipments were made possible by the high rate of exchange, and it was flured today that, unless a rapid change of rates occurs, fully \$25,000,000 more will follow. The shippers, and the amounts follow:

 Lazard Freres
 \$2,568,109

 Heidelbach, Icklehelmer & Co.
 1,506,796

 National City Bank
 1,241,525

 Goldman, Sachs & Co.
 1,906,533

 Baring, Magoun & Co.
 58,650

The departure of this big amount of gold marks a change of attitude on the part of the marine underwriters in this country. For a long time, even with the modern and safe ocean-going vessels, it has been the custom of underwriting officials not to risk any more than about \$4,600,000 in any one "bottom." All the gold going out tomorrow will be in the form of bars. The packing of this vast amount of gold was done today at the assay office, and was not completed until a late hour. The \$1,000,000 gold to Germany was packed in oblong boxes. The remainder was put into new oak kegs, were unusually large tenders of Government bonds for redemption at the Sub-treasury. One house turned in \$1,685,000 of the 4s of 1925, for which \$2,348,521 was paid out, and other payments for bonds were made, the total being in excess of \$2,500,000. The Bank of Montreal has received \$1,000,000 from Australia. The Mail

and Express says: 'An explanation of the unusual engage ments of the day is found in the fact that tomorrow's gold steamer is a very fast boat, which means a saving of interest, a very important matter in gold exports."

The German shipment attracted attention because most bankers do not see a

profit in sending gold to Berlin at present. FIRE IN COTTON DISTRICT.

ONE WOMAN

With two faces; one face bright with health, the other face pinched and drawn by illness. Many a woman can take the portrait of herself made but a few years ago, and holding it by her face in the mirror realize a similar change.

Behind this change in form and fea-

Doctor Pierce's Favorite Prescription cures diseases of the womanly organs. It establishes regularity, dries enfeebling drains, heals inflammation and ulceration and cures female weakness. "Words cannot tell what I suffered for thirteen

"Words cannot tell what I suffered for thirteen years with womb trouble and dragging-down pains through my hips and back," writes Mrs. John Dickson, of Grenfell, Assimbola Dist., N. W. Ter. "I can't describe the misery it was to be on my feet long at a time. I could not eat nor sleep. Often I wished to die. Then I saw Dr. Pierce's medicines advertised and thought I would try them. Had not taken one bottle till I was feeling well. After I had taken five bottles of "Favorite Prescription" and one of "Golden Medical Discovery" I was like a new woman. Could eat and sleep and do all my own work. I would entreat of any lady suffering from female weakness to give Dr. Pierce's Favorite Prescription a fair trial, for I know the benefit she will receive."

DISEASE DESCRIBED BY SYMPTOMS

The Diagnosis Made Easy by the Famous Symptom Questions; the Cure Made Certain by the Wonderful Medication Which Reaches Every Part Subject to Catarrh.

THE TREATMENT THAT CURES

Dr. Copeland's treatment, that has lifted the darkness and blight of the word "incurable" from hundreds of thousands of cases of Catarrh of the Head, Throat, Ear Tubes, Bronchiat Tubes and Lungs, works as curative action for two reasons: (1) It reaches every diseased spot

from the orifice of the nose to the deepest part of the lungs and the innermont recesses of the middle (2) Instead of irritating, inflaming

and feeding the fires of the disease, it soothes, quiets, heals and cures.

CATARRH OF HEAD AND THROAT.

The head and throat become diseased from neglected colds, caus-ing Catarrh when the condition of the blood predisposes to this con-

SOLDIER RAN AMUCK.

He Shot and Killed Two Men and Then Made His Escape.

JUNCTION CITY, Kas., Nov. 18 .- An un ientified soldier from Fort Relliv shot and killed two men on the street here to-day. About 9:45 o'clock, the soldier, who is supposed to be a saddler at the fort, approached R. E. L. Cooper in the middle of the street, and with an oath fired a pistol at him. The ball entered the right pistor at him. The ball entered the right temple, and Cooper died an hour later. City Marshal James White, who was nearby, started for the scene, but was shot by the soldier before he got off the sidewalk. The ball entered the base of the neck, severing an artery. White died a few minutes after being shot. The soldier continues after being shot. The soldier continues after being shot. tinued shooting until his revolver was emp-ty. He then turned and walked down the street swinging his revolver above his head and wildly yelling: "I want to die,"
"I want to die." The murderer has not been captured, but is known to the authorities who are raising posses and commencing a search for him.
