The steady downpour of rain pesterday did not have much effect in obsecking business, and there was a good trade all along the line. Produce receipts were heavy, and poultry continues to pour in at a rate that is demoralising for prices. The only kind of poultry that cleans up at all estisfactorily is drassed turkeys and live docks. These do not seem to be affected by the presence of as much wild game, and hest drassed turkeys soid freely at 152,0714; per pound, with ducks going as high as 50 per dozen for heat. The wild ducks are selling at lower prices, but pleasants still command 55 per dozen. The butter market is steady at the decline, the only sales made above quotations being for a very limited amount. Eggs are weaker, with some dealers selling are horegon at 174c per dozen, and oncern holding for 20 and 30c. Pork was a little steadier, and enions and potatoes firm. little steadier, and onloss and potatoes firm.

points lower than the best. The late selling was accentuated by a renewal of the acute weakness in People's Gas on the denial of a cestraining order against the assessment of inner an accentuation of illinois corporations. The stock tumbled 28 from the best, and Consolidated Gas slumped 44.

The aggressive strength of New York Central and Manhattan continued a widely diffusive influence on the whole market. No information was forthcoming to explain these movements. These were rumors of control of Mashattan by New York Central and of a coming distribution of the surplus in the treas-Grain, Flour. Etc.

The wheat market was steady again yesterday. In spite of a weaker tone to the English market. Local buyers continued to quote 57c and 57tg for Walla Walla, and there are plenty of rumors drifting in from competitive points in the interior to the effect that more is being paid when wheat is eagerly sought. These prices do not correspond very well with 37s ships, which was the rate paid for the last one reported, but may be all right for some of the cheaper vessels, which were secured before the last rise in freight. No new tonnake angages ments were reported vesterday, and there will probably be a slackening in the demand for ships, until past the turn of the year, at least. Wheat—Walls. Fast-Driving Nuisance. PORTLAND, Nov. 21 .- (To the Editor.) -As complaints from sufferers from nul-sances are coming in, I will add mine. Twice within the last week I have had narrow escapes from being run over by careiges drivers at crossings. I also witnessed the knocking down of a middle-aged laborer from the same cause, trot-ting a horse across a crossing while a car was passing at the same time, just at dusk. Other large cities have drivers who seem to know a horse must be checked up at a crossing, but Portland has very few of that kind. Between the careless drivers, the bicycle riders and the street-cars at crossings, nerves are

TRAVELERS' GUIDE.

An Old Story With the Burlington

Fast time is an old story with the Burlington.

For nearly 20 years, the Burlington has been the route of the Government mail trains between Chicago and the Missouri River. These are the fastest trains in the Westveritable racers, that sweep across the centinent at 60 miles an hour. They carry no passengers. They DO earry all the transcontinental

mails. By way of Billings, the Burlington is the short line to Omaha, Kansas City, St. Louis and everywhere beyond.

STRICTLY RELIEBLE

THE LARGEST PRACTICE ON THE PACIFIC COAST Correct Diagnosis. Followed by Correct Treatment Means Success.

NOT WEAKNESS—SYMPTOMS

By far the greater number of patients seeking relief for so-called weakness are strong, robust men in every other respect. Loss of vitality, prematureness, etc., are not weaknesses, but the symptoms of inflasomatory processes in the Prostate Gland (so-called neck of bladder), caused by contracted disorders and too often repeated and too 'ong-continued excitament. Under our local plan of treatment, directed toward reducing the enlarged and swollen Prostate, immediate results, as indicated by increased circulation and renewed strength, are observed. Our colored chart of the organs, which we send free on application, is interesting to any one wishing to study the anatomy of the male.
