### LEADERSHIP IN IDAHO

#### FIGHT FOR SUPREMACY IN REPUBLICAN RANKS.

State Committee Will Meet Today to Select a Successor to Shoup as the National Committee.

BOISE, Idaho, Nov. 24.—Tomorrow will see the opening of what may be a very pretty fight for political supremacy in the Republican ranks of this state. At that time, a meeting is to be held of the Republican State Central Committee, called for the purpose of electing a successor to the Republican National Committee to succeed George L. Shoup. It is estimated that the man who goes on that committee will be "the" political power of the state. Senator Shoup was the man of the party, though it was not by all means because of the position he held, but greatly on account of his ability.

There are many candidates for the position, including W. E. Dorr, W. B. Heyburn, Frank R. Gooding, L. L. Ormsby and others. The two first named are the most prominent, and it is the general opinion that one will be successful. If the country lawyer from the Cedar-Elaine (Judge Heyburn) tries very hard he is more than likely to be elected without trouble, as throughout the state he is well known and everywhere admired. On the other hand, should he not care so much, Mr. Dorr would not have a walk-over, because there is considerable feeling against him. He is known to be a first-class lawyer—one of the best in the West, and he has many very warm friends, but there is a faction that will try its best to knife him to defeat.

The chairman of the state committee, Frank R. Gooding, does not stand so good a chance as some of his friends think, though, of course, there are all kinds of possibilities in politics. If, however, the plum does not go to Heyburn or Dorr, the most astute politicians say that Gooding is the man. He is strong in many ways, a well-known, staunch Republican, a stockman of great prominence, and a man whose interest in public affairs is constant. He was a member of the last Republican National Convention, and is very well-known politically throughout the intermountain section.

Nearly every member of the state committee is expected to be present at tomorrow's meeting, and judging by the numbers already here there will be no disappointment. The committee is composed as follows: Chairman, Frank R. Gooding, Shoshone of Lincoln County; Secretary, E. M. McCullum, Shoshone of Lincoln County; Treasurer, Frank T. Wyman, of Boise; executive committee, R. V. Collier, of Moscow; R. H. Davis, of Caldwell; L. L. Ormsby, of Boise; Theodore Turner, of Prosser; M. J. Gray, of Bear Lake.

The full committee is as follows: Ada County, Frank T. Wyman; Benewick County, Theodore Turner; Bear Lake County, Walter Hoge; Bingham County, R. H. Davis; Blaine County, W. T. Riley; Boise County, F. V. Tinker; Canyon County, C. E. Hart; Cassia County, Thomas E. Harper; Custer County, G. Sawyer; Elmore County, W. C. Howell; Fremont County, M. J. Gray; Idaho County, F. F. Albright; Kootenai County, S. D. Taylor; Latah County, R. V. Collier; Latah County, Thomas Fyatt; Lincoln County, Frank R. Gooding; Nez Perce County, J. B. West; Owyhee County, Mrs. Maggie Wilka; Owyhee County, M. M. Mitchell; Shoshone County, R. D. Dunn; Washington County, James F. Lowe.

#### NON-PARTISAN TICKETS.

Will be nominated at Oregon City this evening.

OREGON CITY, Nov. 24.—The convention of non-partisan will meet in Williamsite Hall at 10 o'clock tomorrow

### night for the purpose of nominating candidates for the coming city election, to be held December 2. The slate is practically made up with the exception of a Councilman in the Third Ward, in opposition to E. D. Story, who was nominated by the Citizens' convention last night. J. Eugene Hedges will be the nominee for Mayor and John R. Humphreys for Treasurer. Bruce Zumwalt will probably be named for Councilman in the First Ward, and the opposing man on the other ticket is E. D. Kelly. Mr. Zumwalt holds the office at present. In the Second Ward William Sheehan will be renominated. The candidate on the opposition ticket is A. W. Cheney. It is expected that Mr. Hedges will outline a policy at the convention.

Judge McBride adjourned court yesterday and will open a session at Hillsboro tomorrow. An adjourned session of the Circuit Court will be held in this city December 17.

Horace R. Evans was arrested Friday afternoon in Portland on the charge of obtaining money under false pretenses and brought to this city and lodged in the county jail. Last week Evans passed a bogus check on John Cooke, a saloonkeeper of Chaney, and went to Portland. He was arrested by the police of that city upon information received from Canby, and Sheriff Cooke was notified. A warrant was sworn out in the Justice Court and Constable Moody went to Portland after the man. The preliminary examination will be held in a few days, and was postponed at the request of the accused's attorney, Dan J. Malarsky, of Portland.

The suit of Agnes J. Crookshanks against Fred Brakebush and Ida Brakebush for forcible entry and detainer was tried before a jury in the Justice Court yesterday, and resulted in a verdict for the plaintiff. Brakebush rented a farm of Mrs. Crookshanks and agreed to pay the rent in advance. The second year's rent was due three months ago, and the defendant not only refused to pay the rent but declined to get off the premises. By the verdict of the jury Brakebush must vacate the farm.

#### CHILD SEVERELY HURT.

Time of a Pitchfork Entered Far Into Its Head.

HILLSBORO, Nov. 24.—The little 3-year-old son of Frank Hillock, who resides two miles southeast of this city, yesterday evening met with an accident which may cost the child its life. The father was throwing manure out of the barn with a pitchfork, and the little fellow came into the barn door just as the parent was throwing out a forkful. One of the tines entered the nostril and penetrated far into the head. The attending physician could not determine whether or not the tine entered the brain, although the passage was traced back of the left eye.

#### WANT MAIL ROUTES CHANGED.

Reorganization of the Service Asked for in Baker County.

BAKER CITY, Nov. 23.—There is a movement on foot to rearrange the mail service on some of the star routes in this part of the state. The patrons of the post-office at Cornucopia and Eagle Valley have asked the Postoffice Department to abolish the mail route from Union to Cornucopia, and in its place put in a service from Union to Sparta, which would run by Medical Springs and Sanger. A petition is also in circulation asking that the mail route from Baker City to Sparta

### be extended to Cornucopia via Carson, thus giving the residents of Eagle Valley, Carson and Cornucopia a daily mail from Baker City and from Union. The new route from this city would serve at least 600 people from 16 different offices. Post Route Inspector F. W. Valle, who has been looking into the matter, is of the opinion that the service should be established, and will so recommend.

Deputy United States Marshal Roberts came in from Portland today with Lum Davis, the old man who was convicted before the United States Court last week on the charge of having made some apple and peach brandy at his ranch down on Snake River last summer and sold it to his neighbors. Davis was sentenced to the county jail for a period of five months and to pay a fine of \$200.

Sheriff Fred Huntington, of this county, has struck it rich in one of his mines out near Baldy-Elkhorn. He has a number of men at work in the mine, and they have done over 1500 feet of development work. The assays of ore show an average of \$12.50 per ton, and the showing is better as the mine is opened up.

#### ONE TICKET AT INDEPENDENCE.

Citizens Do Not Want Any Politics in the City Election.

INDEPENDENCE, Nov. 24.—At a special citizens' meeting in this city last evening, the following ticket was put in nomination to be voted on the first Monday in December.

For Mayor, Dr. O. D. Butler; Recorder, W. G. Sherman; Treasurer, C. W. Irvine; Marshal, A. J. Tupper; Councilmen, First Ward, F. A. Doucy; Second Ward, J. W. Brooks; Third Ward, E. B. Hilliard. The City Marshal and the Treasurer are the only two candidates that were renominated that are now officers. It is the general impression among the residents of the city that no other ticket will be put in the field, the general feeling being that there should be no politics in the city election.

#### Hard Rain Benefits Miners.

GRANT'S PASS, OR., Nov. 23.—The heaviest rain of the season began falling yesterday afternoon, continuing until well after midnight. Suffering miners are consequently happy as previous rains had given only a few minks sufficient water to operate. All the creeks were running full this morning and miners will have no trouble in keeping their full for some time. The indications point to a lively winter for the placer mines, as much preparatory work has been done on a large scale and many mines have changed, new owners in almost every instance seeking to increase the output. The Columbia and Lewis mines on Grave Creek have begun the use of powder in large quantities. The Lewis mine being now busy with large drift into the bank for which over a ton of powder will be used. The Gallego Creek mines will employ a large force of men with hour plants under pressure of 30 to 50 feet. The Illinois placers in and about Kerby and Waldo have been running for some time.

#### Northwest Pensions.

WASHINGTON, Nov. 23.—Pensions have been granted as follows: Oregon—Original—James W. Plymire, dead, Medford, 19; Jehiel L. Williams, Watkins, 8; Original widow, etc.—Mines of James Plymire, Medford, 19; Washington—Original—John Trainor, Seattle, 15; Horatio W. North, Hoquiam, 18; Increase, restoration, reissue, etc.—Albert H. Wright, New Whatcom, 19; Samuel T. H. in, Dayton, 19; Original widow, etc.—Spl. Acc., November 4, Margaret Stange, Tacoma, 18.

#### Idaho—Increase, restoration, reissue, etc.—Henry C. Tost, Bailey, 18. Original widow—Spl. Acc., November 4, Elizabeth Harrison, Anderson, 18.

### DIVISION OF UMATILLA

#### "EAST END" AGITATION NOT RELISHED AT PENDLETON.

Amount of Taxes Paid by the Towns of the County—Woman's Attempt to Destroy Domestic Happiness.

PENDLETON, Nov. 24.—The announcement that the "east end," the portion of Umatilla County at or near Milton, will ask the Legislature of Oregon to divide the county at the next assembly, has occasioned the giving out of some figures as to the amount of taxes paid by the county, and by towns therein, as follows: Umatilla County's total taxation annual is \$172,811.48; the town of Pendleton pays of this \$4,827.48; the town of Milton \$192.70. As to relative valuations of property here and at Milton, the County Assessor states that in so far as he has been able to do so, he has assessed the property upon exactly the same level, and that there has not been any discrimination against the east end.

Pendleton people continue to be surprised at the latest move on the part of Milton to ask for a division of the county, and if it be persisted in, a hot county division fight will be precipitated, with important effects upon the make-up of the coming campaign issues.

A Penitent's Mischief-Maker.

The police furnish a copy of one of the least objectionable of the letters written by the unknown woman to Pendleton wife, and it is as follows: "My Dear Deluded Mrs. —: You do think so much of the husband of your, don't you? Perhaps, if you knew how he carried on while you were at the springs last July you wouldn't be so proud, or him. I wasn't up at the springs, but much! I stayed down here to see what he and a lot of those other geezers did when they got out loose. They didn't do a thing, either! I watched 'em. That husband of yours was out after the women every blessed night, and I can tell you where he went, too. You wouldn't like it much, either. But I'll fix him. Wait a few days, and you will hear more of me. I merely write this to kind of prepare you for what is to follow. I will then name some of those places."

#### Teachers and Doctors.

Pendleton will entertain this week 20 teachers, who come to attend the Eastern Oregon State Teachers' Association, and 40 physicians who will assemble to hear a lecture by Dr. Woods Hutchinson, of Portland, who also speaks at the Teachers' Association. The town began to receive some of the visitors, who arrived on the trains Saturday night, and it has been necessary to organize a committee of entertainment to provide places where the guests may stop.

#### Holding Their Wheat.

Umatilla County wheat raisers are holding for 50 cents a bushel, and during the past week but little changed hands, although the local price ranged above 40 cents upon several days. Pendleton buyers seem to hold out some hope that the price will go to the 50-cent mark before long, although they do so in a very conservative manner. Farmers are inclined to believe that 50 cents will be the local quotation soon, and for that reason few sales are now being recorded.

#### LOGS CARRIED AWAY.

Effect of the Hard Rain and Flood at Centralia.

CENTRALIA, Wash., Nov. 23.—On account of the steady down-pour of rain recently, the water is higher than at any time during the year. There has been considerable damage done among the lumber mills. The H. H. Martin Lumber Company lost last night about 1,000,000 feet of logs, carried away by the high water. It is, however, believed that

### they can be recovered, as they are lodged further down the river. The Centralia Electric and Power Company was damaged to the amount of about \$200. The damage was done to the mill race and about the power house. The boom of the Centralia Shingle Mills Company was broken and a large number of shingle bolts carried away by the high water. The other mills on the river have suffered more or less from the rise in the water, and several have shut down temporarily in consequence. Rain has been falling steadily for two or three days, and from present prospects it is probable that the water will be higher than for some time past.

The registration books for the coming election show a good increase over past years. The number registered is 223.

Prospects are now good for another shingle mill at Centralia. Should this one be built, there would be five shingle mills tributary to Centralia.

Those in a position to know say that Centralia's prospects are good for having a first-class brick hotel in the not distant future. The idea is to purchase one of the large brick buildings now vacant in North Centralia, and convert it into a hotel. This would make a large and roomy hotel conveniently near the depot. This building could be used in connection with a hotel now in operation. The Atkinson Lumber Company has an order on hand for 115 car loads of lumber to be shipped East, to be used in manufacturing coal barges.

#### Indoor Baseball.

OREGON CITY, Nov. 24.—The game of indoor baseball at the Y. M. C. A. gymnasium last evening between the Company A and the Y. M. C. A. teams resulted in a victory for the latter by a score of 21 to 11. A football game between the Y. M. C. A. and the Portland High School was scheduled for Saturday on the professional baseball grounds in Portland, but was called off on account of the murder of James Morrow, whose brother is a member of the High School team.

#### Nominations at Grants Pass.

GRANTS PASS, OR., Nov. 24.—At the city convention held last night in the Courthouse for the nomination of candidates for city offices, Dr. W. F. Kremer and R. Thomas were nominated for Mayor, the former being the present incumbent. Colonel W. Johnson was nominated without opposition for City Treasurer. The election will occur on December 7, and is the first under the new charter, giving an entire new set of officers.

#### Congressman Moody's Movements.

THE DALLES, Nov. 24.—Representative Moody arrived home yesterday from Baker and Walla Walla counties, where he has spent the past week. He will leave here tomorrow for Portland, where he will remain a day or two, leaving there in season to reach Washington before the convening of Congress.

#### Robbed by Tramps.

CENTRALIA, Wash., Nov. 24.—Hobos entered the dwelling of Mrs. J. B. Hayette during her absence Saturday, and helped themselves to silverware, clothing, etc., to the value of about \$20. The thieves made good their escape. Centralia is being greatly annoyed by the tramps.

#### Joseph McRoberts.

ASTORIA, Nov. 23.—Joseph McRoberts, an old resident of this city, died this morning of old age. He was born in Scotland 31 years ago. He left several sons and daughters, who reside here. His funeral will be held tomorrow and the interment will be in Greenwood cemetery.

#### Portland Can Afford It.

Pendleton East Oregonian.

### WORK ON 1901 TAX ROLL

#### THIRTY CLERKS WILL BE EMPLOYED AT COURTHOUSE.

Under New Law Improvement Will Be Made in Entries So as to Show Unpaid Taxes.

This morning a force of about 30 clerks under direction of Harry Dyer and David Mackie, will commence making out the tax-roll for the year 1901. For this purpose the assessment roll is copied, after the tax levies have all been made, the amount of taxes against each piece of property are calculated and extended. The 1901 tax-roll will be arranged to conform with the law passed at the last session of the Legislature, and will contain many new features. When completed it will answer for all time, and will not have to be frequently recompiled in part in preparing the delinquent roll, as was the case under the old system. The new tax-roll, in order to fit the recent statute and accomplish the results desired, will contain many additional columns, with the following headings:

Previous years unpaid, total tax, No. of receipt, date of payment, amount paid on or before April 7, 3 per cent rebate, final payment, penalty, interest, errors and double assessments, delinquent October 7, number of receipt or certificate, date of payment or sale, amount paid before sale, penalty and costs, interest, errors and double assessments, amount sold for, rate of interest, names of purchaser, address of purchaser, assigned to, date of assignment, redeemed by, date of redemption, number of redemption certificate, certificate surrendered for cancellation, number of deed, date of deed, remarks.

In the column, "Previous years unpaid," the delinquent taxes for the years 1898 to 1900, inclusive, will be entered. The taxes for the years 1898 to 1899 have already been brought up to date. Under the new law a 3 per cent discount is given if the full amount of the taxes are paid prior to March 15. If the first half of the taxes are not liquidated prior to the first Monday in April, the taxes all become delinquent. Ten per cent penalty is then added, and interest is charged up to the rate of 12 per cent per annum. If the first 50 per cent of the taxes is paid on time, until the first Monday in October is allowed to pay the balance. If the second half of the taxes is not paid by the first Monday in October, the tax is delinquent, and interest is charged dating back to the first Monday in April, and 10 per cent penalty is also added.

#### A Trust Much Needed.

PORTLAND, Nov. 24.—(To the Editor.)—The most fearful waste of money, time and service in this country is found in the present methods of the several religious denominations, the strife and competition in scores of localities simply serving to make the churches ridiculous. In a village not more than 30 miles from Portland are six different denominations, each struggling for an existence, and dependent chiefly for its success upon the misfortunes of the others. This is not an isolated case. Communities throughout this Western country of 50 population between the river on the west and the City of Portland, on the East Side, between Morrison and Powell streets, where there is a narrow stretch of population between the river on the west and the Hawthorne and Ladd estates on the east, are no less than nine churches, with another in immediate contemplation, one

### denomination, now split in two, having in this very restricted territory three, and another on the way. This might not seem so bad if it were not true that these nine churches could all be comfortably housed in not more than two ordinary church buildings. What excuse can be made for such folly? In the place of nine or 10 struggling, feeble churches, with half-paid pastors, and that in some cases by hard-earned money from poor people in the East, why not one or two strong effective churches holding and teaching essential Christianity?

The business world simply laughs at such denominational lack of sense, for it cannot be denied that denominational propaganda is at the bottom of it, rather than love for Christ. Nor has the worst been said about this miserable business. The rivalry, jealousy and unbecoming struggle in the desperate efforts to build up the Kingdom of God, especially in the small towns, is all too well known to the people themselves. What candid pastor in these places cannot testify to the moral and spiritual desolation caused by this unnatural strife? How would it do to put the affairs of these several communities into a common trust, with some man of sound business sense at the head, his only aim being to promote good will and right living with all? Would he not make speedy work of it? Let us by all means have another trust.

C. E. CLINE.

#### Suicide of a Colorado Judge.

DENVER, Nov. 21.—News has just reached this city of the suicide of Judge M. J. Rogers, of the Supreme Court of Colorado and one of the ablest lawyers in the state, at Steamboat Springs, Colo., Wednesday last. The manner of the suicide was unique. Judge Rogers laid down on the ground with a stick of dynamite under him and, lighting a cigar, fired the fuse from it and calmly smoked until the stick of the explosive ended among some willows near Bear River, just inside the town limits. Judge Rogers had been at Steamboat Springs all summer with his wife. No cause is known for the suicide.

#### AMUSEMENTS.
