## COMMERCIAL AND FINANCIAL NEWS

The most noteworthy feature of the trade is the strength of the market in all leading grades. The advance in prices has been so general as to make it evident that the supply is quite limited. The statistics of the past few days show a considerable increase in the demand, and the prices have advanced accordingly. The market is now firm, and it is expected that it will remain so for some time to come.

### PORLAND MARKETS.

- **Potatoes** - Good crop, large, firm, with grade, 100c per bushel, small, 75c.
