CACE WOULD RESIGN

Secretary Anxious to Leave Roosevelt's Cabinet

EARLIEST POSSIBLE DAY

Appraiser Wakeman, of New York, Summarily Removed by the President and George Whitehead

WASHINGTON, Dec. 20.-It is Secretary Gage's intention to relinquish the Treasury portfolio as soon as President Roosevelt can find a suitable successor. and he has so informed the President. Mr. Gage would like to be relieved be-fore Spring. The President has done all he could to dissuade Secretary Gage from retiring, and will probably continue to use his efforts in that direction. Secretary Gage's determination to retire was made known to the President some little time ago. Just how long is not known. After the Cabinet meeting Secretary Gage declined to say anything about the rumors of his resignation, beyond the simple statement that he had not "for-

What I may or may not do eventually I am not prepared to say now," said the Secretary. "But I can say that the re-lations between the President and myself are perfectly cordial. He would do almost anything I would ask, and I would do almost anything he might ask."

Appraiser Wakeman Removed. The long conference between the President and the Secretary before the Cabident and the Secretary before the Cabinet meeting which followed the Secretary's return from New York, where he
attended the banquet of the Bankers'
Association last night, had nothing to
do with the question of the Secretary's
resignation. It related to the matter of
the removal of Appraiser Wakeman,
whose resignation Secretary Gage requested a few days ago. Appraiser Wakequested a few days ago. Appraiser Wake-man wrote a letter to the Secretary de-clining to resign, and in the course of which he took occasion to reflect upon Secretary Gage. The President dld not approve of the spirit of the letter, and at e conference it was decided summarily remove Mr. Wakeman. Later official announcement was made

at the White House that Mr. Wakeman had been removed and that George W. Whitehead, late Collector of Customs of Porto Rico, had been appointed to suc-ceed him. No further announcement was made. Secretary Gage declined to make public Mr. Wakeman's letter. Alfred W. Brown, the Appraiser of Merchandise at the port of Boston, has been order to New York to take charge of the Apprais-er's office there, pending the nomination of Mr. Whitehead, which will be sent to the Senate on its reconvening January 6. Mr. Wakeman will vacate his office to-

At the Cabinet meeting a number of other departmental matters were discussed, among them being the appointment of Professor F. H. King, of the University of Wisconsia, as Chief of the Division of Soils of the Department of Agriculture.

Hay Will Not Resign.

In view of the repeated publications of late of the general rumor that Secretary Hay is about to retire from the Cabinet, a statement is given with full authority touching this subject, substantially to the effect that Secretary Hay does not now contemplate retirement from the Cabinet. This statement applies not only to the present moment, but to that indefinite period fixed by the conclusion of the nego-tiations for the construction of an isth-mian canal. Also it is stated with equal positiveness and authority that President Roosevelt in the strongest terms expressed to Secretary Hay his earnest desire that he remain in the Cabinet, of which he forms one of the principal props. which he forms one of the principal props. Thus, according to the statement, the Secretary's inclinations and the President's desires run together, and there is no foundation for the reports to the effect that Secretary Hay is to leave his post,

APPRAISER WAKEMAN'S LETTER. The Communication That Caused His Dismissal.

NEW YORK, Dec. 20.-W. F. Wakeman, Appraiser of Merchandise of the port of New York, who has been removed from office by order of President Roosevelt, has made public tonight the contents of letter written by him to Secretary Gage, which was the immediate cause of his removal. Wakeman was requested to resign December 6. December 18 he wrote Secretary Gage, declining to tender his resignation and giving his reasons for this refusal. Mr. Wakeman says in the let-ter that his resignation would be an admission that his "official administration has not in every respect been honest and efficient." He points out that in 1889 his continuance in office was recommended and that he had received the high recommendation of the Secretary himself for results accomplished. Mr. Wakeman goes say that his resignation would be a "tacit indersement of the administration of C. L. Spaiding, assistant secretary since March, 1899," and he compares that administration unfavorably, as it affected his office, with that of W. B. Howell, assistant secretary from July, 1897, to March. Further on Mr. Wakeman takes up the recent Japanese slik fraud cases at this port. In this connection he says:
"My resignation would be an admission

that in connection with the recent Jap-anese silk frauds I was mistaken. No greater frauds upon the revenue have seen discovered than in these cases, which include undervaluations, wrong classification and false invoice weights. These cases first reached you through a report from a prominent importer in Chicago and were the subject of investigation by this office. Subsequently, upon confiden-tial information, I attempted to correct the abuses complained of. The cases were of such serious character that I felt it necessary to have some confidential officer representing you identified with me in the cases, I asked for this co-operation from the department, and it was denied

"I submitted to the department reports from day to day upon this investigation, and on September 6, 1901, informed the department that I was making careful investigation of the invoices of a certain house with a view of showing that frauds existed. In this matter I was practically directed not to make further investiga-

BUENOS AYRES, Dec. 20, via Galves ton.—In order to commemorate the formation of the League of Patriots here, tens of thousands of young men paraded the streets last evening cheering for Argenstreets last evening cheering for Argentina, the Argentine army, President Roca and ex-President Mitre, now president of the committee to settle the frontier dispute with Chile. Thousands of manifestants, estimated to have numbered as many as \$6,000 persons, stopped and cheered before the offices of the various newspapers, where flery addresses were made. The crowds then marched in the The crowds then marched in the direction of President Roca's residence before which the national hymn was sung. The President responded with an energetic speech, which was enthusiastically applauded. Then for about an hour the crowds engaged in the patriotic demonstration, marched past the Presi-dent's residence shouting "No more diplomatic notes," "Let us have war soone than that." There were also some cries of "Death to the Chileans." than that."

The Nacion, referring to the interna-tional complications, says that the Re-public of Uruguay is much concerned, in view of the possibility of a conflict be-tween Argentina and Chile, about her neutrality. Brazil is also said to be considering the same subject. In this connection it is reported that Brazil contemplates appropriating £5,000,000 to £10,oon, oon, for the purchase of new warships, showing it is said, that Brazil, which up to the present has succeeded in confining herself to a state of armed peace, is finally getting mixed up in the diplomatic complications and is feeling compelled to guard herself against the threatened trouble between South American countries. Peru and Bolivia are also strengthening their armaments, and inci-dentally are ruining themselves by so

President Roca and Senor Trigoyen, the Governor of the Province of Beunos Ayres, have had a long conference relative to the Chilean situation. President Roca will start on a tour of inspection of the milltary districts of the republic in January and will review all the troops, which will, by that time, have been mobilized.

Argentina Is Determined.

YORK, Dec. 20.-Official circles are now optimistic and expect a friendly settlement. Rumors that the government is about to yield to Chilean pretensions has produced some irritation, says a Buenos Ayres correspondent of the Herald. The government publishes the fol-lowing statement: "The Argentine Re-public maintains and will maintain her rights. If Chile does not accept the pro-posal this government will insist upon its acceptance. The people should be prepared for every emergency, as the gov-ernment is prepared."

LONDON, Dec. 21.—The correspondent of the Times at Valparaiso sends a dispatch to the effect that Argentina delays the settlement of her trouble with Chile by demanding that the Chilean troops shall abandon their neighboring position in territory which has hitherto been re-garded as indisputably Chilean, as a condition for the withdrawal of the Argen tine police from the disputed territory.

SANTIAGA DE CHILE, Dec. 20. via Galveston.-Senor Portela, the Argentine Minister to Chile and Senor Yanez, the Chliean Minister of Foreign Affairs, are still discussing differences between their respective countries. News of the ex-citement in Argentina has not the slightest effect upon the Chilean people, who still take things with great coolness and

NEW YORK, Dec. 20 .- According to the Press, it is believed here that war is about to be declared between the United States of Colombia and the Republic of Venezuela, and final preparations and plans for the conflict are being made by the agents of the two countries at present in the United States. Warships and merchant vessels suitable for auxiliary cruisers or transports are being eagerly sought. General Diego A. de J. Castro, of Baranquilla Colombia, who came here in November, has selected the steamship Catania, which was a United States Army transport during the war with Spain, as suitable to be used against Venezuela. Senor Lamadrid, now in New Orleans, is reported to have brought with him from Colombia \$600,000, and General de Castro's funds are said to aggregate \$1,000,000.

WASHINGTON, Dec. 20 .- On behalf of the lumbering interests of the region around Gray's Harbor, Senator Foster has taken up with the Chief of Engineers the matter of controlling booms in the waters of the State of Washington. The control of streams is largely left to the engineer department, but in this instance a desire is evinced to let the lumbermen agree among themselves what booms shall be constructed and what channels shall be kept open in the smaller streams, The lumbermen assert that many streams entering Gray's Harbor are now practically closed by booms, and ask for some protection from the department.
