

AFTER RIVER SANDBARS

The Sellwood public school, dropped dead last night... The Sellwood Sub-Board of Trade wants them removed.

Congressional Delegation is Asked to Have Obstructions Dredged Out of the River.

The Sellwood Sub-Board of Trade started a movement some time ago by which it seeks to have the Government remove the sandbars in the Willamette River between Portland and Milwaukie.

We, the undersigned, respectfully represent that there exists one, perhaps two, sand bars in the Willamette River, between Portland and the town of Milwaukie, which are a material hindrance to the navigation of said river between said points during the seasons of low water.

We are informed that these obstructions can be removed at a nominal cost, and that this section of the river is admirably adapted for manufacturing enterprises. It will prove a great advantage to Portland and this section of the country to have these obstructions removed.

To this end we earnestly request that the proper steps be taken to include this section of the Willamette River in the surveys of the work to be ordered by the Government this coming session of Congress.

MORE LIGHTS WANTED. Effort is Being Made to Shift Three to East Burnside Street.

John P. Starkey, George W. Stapleton, Charles W. Wilson, D. H. Strowbridge and W. H. Markell, committee on public utilities of the Sellwood Improvement Association, undertook to get electric lights placed at the intersections of Hawthorne avenue with East Burnside and East Sixteenth, East Twentieth and East Twenty-fourth streets with East Burnside.

The committee soon found that the City Council had no money with which to install another set of lights. They are now making a petition to the City Council to have the lights shifted to East Burnside street, where many new residences have been erected, the people are anxious for electric lights.

The committee made a series of investigations and concluded that some lights might be moved from other localities where they are not greatly needed. It was found that on Linden avenue, from East Burnside south to East Oak streets there is a light at each intersecting street. One or two of these might be taken and moved elsewhere.

NEW \$5000 CHURCH. Mipah's Trustees Will Have Plans Prepared at Once for Building.

The new Mipah Presbyterian Church will be built on the site occupied by the present building, on Powell and East Thirteenth streets. By an arrangement with the owners of the Tibbets tract, which has just been platted, the trustees will secure a lot 60x50. On the west side of the present lot they lose 20 feet, which is required for a street, but gain 20 feet in the rear. This will enable the trustees to set the new structure back from Powell street.

Although well up in the 80s, Mr. Bishop is still young in spirit and he is always ready for a joke. Some time ago Mr. Bishop took up the study of the Greek language. He has made rapid progress in the grammar, and can translate readily.

She returned home feeling well, and no serious results will follow.

IS IT CHEAPER TO MARRY?

from the fact that the lone highwayman and his gun had no terrors, that "Astoria" is a better job, then he is going to live with his income and save money at it, too, if he is of the right sort and has a wife who can help him. I will add, however, for "Astoria" benefits that takes brains to do it and ambition enough to use them.

CASTLE ROCK, Wash., Dec. 15.—(To the Editor.)—I have been watching the columns of the Oregonian and almost hold my breath over what it costs two people to live on. In Portland \$30 seems to be the amount it takes a couple to live on. Now \$2 per day for 26 days is just \$52. There are many who get less than \$2 per day. How do they manage to live? What will a man do if he cannot get a job, or, during the winter season? What will he do if sickness comes? If it costs \$52 per month for a man and his wife to live on, just that much, which would be \$2 per day, where is he going to get shoes, stockings, and clothing? These they must have, and sundry other things. How can he get on with so little? I am contemplating getting married myself, provided, of course, I found one in the same notion, for I am sick and tired of boarding-houses and want to get out of them. I am not sure, but I think I can figure from my bill, where as follows: Rent, \$5; wood, \$1; groceries, \$12; meat, \$15; milk, \$1.50; others, \$1.50; total, \$34.50. Groceries include butter, eggs, vegetables and breakfast bacitors. As for things like theater and opera tickets, balls, etc., they are not necessities of life, so can hardly be included in the list of living expenses. I also take the Oregonian, and other papers and monthly magazines make about \$5 per month more; but then we don't eat them.

THREE LIVE ON \$30.55. Income is \$85 and They Save Every Month.

PORTLAND, Dec. 15.—(To the Editor.)—Since a correspondent from Astoria has taken occasion to criticize the statement made in the first article which appeared, on the cost of living, I feel constrained to give a little data from actual experience. It is quite evident that most of the writers who aired their views have had very little experience in providing for a household. It is an easy matter to write for ourselves, but not so easy to give useful information. Our married life is of only eight months' duration, but that is sufficient to demonstrate what is the actual cost of living, and I submit a statement, as follows: Rent, seven-room cottage, \$12.00; groceries, including meat, vegetables, butter, etc., \$12.00; wood, 2.50; milk, one quart per day, 2.00; others, including coal, \$1.00; Oregonian, average, .85; Laundry, .50. Total, \$30.55.

IN THE MATTER OF WOOD, GOOD DRY FIR, KNOWN AS "INSIDE WOOD," CAN BE HAD AT \$2 TO \$2.50 PER LOAD, AND IT REQUIRES VERY LITTLE SPENDING. A load will last two months in summer and one in winter, so that \$2.50 is ample allowance, and we would not exceed that amount were it ever so cheap. We have an abundance of fruit and vegetables, and most of our every meal, but buy everything in season. There are three in the family, and an abundance for all. It is not necessary to keep within these bounds, as the cost of living is not so high as we see nothing more expensive, nor do we want it. If it seemed necessary we would have it, but we are unable to see what that would be derived from a greater outlay. One may say a great deal for style, but to secure an abundance for one's actual needs requires only a moderate expenditure.

As to whether we get enough good, wholesome food to eat, I will say that I have gained over 10 pounds during the last two months, and have been doing hard work ever since.

As to that \$12 expenditure, no doubt if every man earned his \$2000 per year we would all use the best table butter to cook with, and eat Toka Point oysters three times a week.

As for "Astoria" in last Sunday's paper, let me ask him or her to take a count of all the workmen in Astoria, Portland, and every other city in the state, and what percent of men are earning \$52 per month. I am satisfied that "Astoria" will find that nearly 68 per cent do not earn that much, and consequently their wives have to live on \$52 per month, whether they can or not.

Let me ask any one who thinks I am joking to just take a trip to any of the sawmills in the vicinity, and see how much work there how much they earn, and their average monthly expenditure. I think they will find that it is just as I have said—namely, if they can live on \$2 per month, but a case of have to.

ONLY TROUBLE IS TO KNOW HOW. This Man Has a Good Appetite, and Live on Carp and Love.

YOUNG THUGS CONFESS. Two Youths Admit They Robbed Leo Beuthman.

Two youthful highwaymen are in limbo at the city police, and have confessed that they were the ones who held up and robbed Leo Beuthman, collector for the Enterprise Meat Market, First and Mead streets, Tuesday night. Young Beuthman was returning home from work at 10 o'clock, Tuesday night, and was walking along Mead street, where he went to feed the horse. A gunny sack was thrown over his head, his feet were bound with a rubber suit when splitting my wood. The robbery was planned and executed by two boys, Amacher and Jack Burke, both of whom reside in South Portland near the scene of the hold-up. At first the boys told a story that appeared at first, and accounted for every movement of their victim. But when the evidence accumulated by the detectives was told them the lads weakened and both confessed last night. The robbery took place about 3 o'clock, two hours preceding the hold-up, and mapped out the campaign. When Beuthman came in the two youngsters were in hiding. While the victim was pouring some feed into a box for the horse Amacher threw a gunny sack over Beuthman's head. Burke tied his feet, and then his pockets were rifled. In the robbery the boys visited the place about 3 o'clock, two hours preceding the hold-up, and mapped out the campaign. When Beuthman came in the two youngsters were in hiding.
