MULTNOMAH AND CHEMAWA PRE-PARE FOR THE CONTEST.

Indian Football Players Have Good Chance of Victory-Reliance Comes on New Year's.

Just what the outcome of the Christ-mas game between the Chemawa Indians and Multnomah will be is arousing a great deal of interest in athletic circles just at present. Chemawa is anxious to get another chance at Multnomah, and the Indian boys are practicing diligently. That they can play good football has often been demonstrated in Portland, and the Indians can always be depended upon to play a clean, gentlemanly game.

The Multnomah men have not practiced as diligently as they should have done for the coming game, and Chemawa stands an equal chance of winning out. The game ought to be the best-played on Multnomah Field this season.

The rest enjoyed by the Multnoman players after the Thanksgiving game has given them new life, and they are now playing harder and faster ball than ever before. Dr. Wiley G. Woodruff and Van Voorhies have developed a new "guards back" play to almost perfection. This play will be used in the Indian game, to test its accuracy and to find which is the best point of attack on the opposing line. A new play has also been developed, wherein Downs, Dolph, Sanders and Montague are all sent at the same point in the opposing line. This play is either di-rected inside or outside of tackle, and it is almost impossible to stop, so closely is the formation made. For the last few nights the Multnomah coaches have been placing the line men so as best to stop Chemawa's victous plunges. The club boys will profit from the last game with Chemawa, when the Indian backs tore great holes in the local lines, and were not downed until brought to earth by the defensive halves or fullback. Bishop, formerly of the Salem Athletic Club, is coaching Chemawa, and will probably play with the team. He is perhaps the best end runner that Oregon has ever

The game between Multnomah and Re-liance, on New Year's day, ought to be a splendid exhibition of gridiron sport, as both elevens are composed of star players. Multnomah is fully capable of going up against Reliance, and experts say that the wearer of the winged M. have more than a fighting chance to win.

William I. Traeger, '60, has been chosen captain of the Stanford University foot-ball team for 1992. Traeger's election was unanimous, as he was justly entitled to the position. Traeger entered Stanford in 1896 and won a place on the 'varsity cleven in his freshman year, playing the position of left tackle. Last year he kicked a field goal during the last few moments of the big Thanksgiving game, thus winning a victory for Stanford. He was one of Stanford's best men this year, and football experts count him among the best tackles of the country.

Harold Weeks, Columbia's great halfback, has been elected captain of his team for the season of 1902. Weeks has been one of Columbia's star players for three years, and is justly entitled to the

#### Smith and Nelli Prepare for Their

Go on January 23. The Neill-Smith boxing match, which has been scheduled for January 23, is arousing interest among Portland fol-lowers of the sport. Nelli and Smith fought a 20-round draw on November 13, but both men will be capable of putting up a much better exhibition in the coming fight. Smith says that he was not in good condition for the last bout with Neill, but that on January 23 he will be in the pink of condition. He has already begun to train and puts in each morning out of doors, confining his energies to in-

door work in the afternoon. \*
Neill has gone to San Francisco, to spend the holiday season with his sisters. He will return to Portland January 3, and go into training immediately.

Jack Grant has received a letter from Billy Lavigne, manager of the Acme Club, of San Jose, requesting him to sign Tom Tracey for a fight with young Gibbs, the match to be pulled off in San Jose, on January 10. Owing to his recent severe encounter with Neill, Tracey will not be able to comply with the request. However, he is willing to meet Gibbs at some later date.

The management of the Pastime Club written to "New York" Jack O'brien, asking him if he is willing to meet Tracey at 140 pounds, early in February. A re-ply is expected today. The Pastime management is also endeavoring to schedule a match between Rube Ferns and the win-

#### TO START INDOOR ATHLETICS. Multnomah Club Will Give Medals to

Stimulate Interest. The backet-ball spirit at the Multnomah Club has not made itself very evident so far this season. The other teams in the city are well under way, and have played a number of games already. For some reason the members of the club have made no decided effort to organize a team this year. It is true that a number of the players have attempted to do something

oward that end, but did not continue their forts in a very strenuous manner. The latest scheme put forth is to have a set of five medals made and organize scrub teams in the club to play for them. In this manner it is expected to get the players interested, and then form a regu-lar club team for match games.

The ladies' team at the club, which was so popular last year, has not been heard from, either. None of the girls of last year's team seem to care to continue the sport, and, while there is an abundance of material outside of the five who played inst year, there has been nothing more than class teams formed so far.

Jeffries was immensely pleased and touched, too, and the incident occasioned the exchange of many recollections and reminis-cences of the Nonparell. Before that little gathering broke up, the Dempsey Memorial Association was practically formed.

No definite steps toward increasing the fund have been taken here, but doubtless if an attempt to raise any money was made it would be forthcoming. The Pas-time Club is willing to arrange a benefit and give the proceeds to the committee.

held under the auspices of the Multnomah Amateur Athletic Club in the club gym-nasium last Friday and Saturday evenings. For the first attempt in this line the tournament was a success. The ama-teur championships of the Northwest in five classes were decided, and with one exception all went to Multnomah club-men. Frank McKenzie, of Pacific University, at Forest Grove, captured the title in the feather-weight class.

A number of outside entries were expected, but with few exceptions none were made. A one represented any of the cities of Washington, where it is known that there are several good men. Neither did British Columbia, Idaho nor Montana make any entries. There is surely something lacking in the sporting element of communities.

The innovation made by the club in allowing ladies to attend the matches did not meet with the rush that was expectnot meet with the rush that was expect-ed. The fair sex seemed to be rather timid in venturing out to see the men work with each other on the mat. Of course, as this was the first time that they have been permitted to attend, they were some-what shy, but it is expected that when another tournament is arranged their rep. resentation will be greatly increased.

Professor Krohn is doing good work with the "gym" classes, and on the three senior nights each week he has from 20 to 40 members. The men all enter into the work with hearty enthusiasm, and are doing some clever work, as was dem-onstrated by the senior competition held some weeks ago. The juniors could not be kept away from the club. All the classes are crowded, and Krohn has his hands full in managing them. The march. ing exercises displayed by these juniors are excellent, and would make a number of the companies in the local militia blush to think of their own movements while watching the juniors.

After class the swimming tank is the star attraction. The pool is fairly alive with the youngstem, under the eyes of the ever-waichful attendant, Instructor Balley, who is always on the look-out for any accident which might happen. Considering the numbers of swimmers he has him, it might be well for the club to hold a swimming tournament.

Of the indoor sports, the only one that is making any showing is the indoor beschall. A team was organized, and several games have been played already with outside teams. The most important was the one they lost to the Y. M. C. A. team last week. However, the boys were not discouraged by the defeat, and are ready to play again after the holidays.

#### TURN VEREIN INDOOR CONTEST. Junior Members Give a Creditable Exhibition.

A large crowd gathered at Turner Hall gymnasium yesterday afternoon to witness the annual indoor contest by the junior members of Portland Turn Verein. Professor Krohn, who for the past 10 years has directed the Turn Verein classes, has cause to be proud of the showing his little pupils made, and was highly compilemented at the class of the highly complimented at the close of the contest. The contest consisted in all-around work on the apparatus, races, marching, and fancy steps. The crowd showed its appreciation by cheering re-peatedly, and every one was sorry when the last event was finished.

The grapevine race by the little boys proved to be the most exciting event of the afternoon, while the fancy steps by the girls were the most admired. These little girls are very graceful, and performed some very pretty steps and dances in various combinations and grace

The name of the successful contestants will not be disclosed until December 26, when a Christmas party will be given by the Turn Verein ladies' class, in order to encourage the little gymnasts to further efforts.

Movement to Erect Monument Over

Grave of Nonparell Pugilist. A movement is on foot in San Francisco to raise a fund to erect a monument over the grave of Jack Dempsey, the Nonparell middle-weight. Such a move has been contemplated for some time, but it was not until several weeks ago that any definite action was taken in the matter. Billy Madden started some talk about it while in San Francisco. Among those who are reported to be looking after the fund are Alex Greggains, Harry Corbett, Jim Jef-fries, Gus Ruhlin, Billy Madden and a number of other well-known sporting men.

The career of the famous pugillet is well known on the Pacific Coast, and, in fact, all over the United States, and from the esteem in which he has always been held by the sporting fraternity, it should be no hard matter to raise a good fund to build such a monument. ## Constipated Old Age

Isn't it too bad that so many people, when they get old, get cranky and rickety and mean, and don't feel right towards themselves or anybody else; yet it need not be so.

"Cascarots make me feel so light hearted and lively, that though I have seen three score and three, a few more scores, but may see." James S. Millar, Villa Park, Cal. "For many years I have been troubled with constitution. I used one fix and two like bares of Cascarots, and they have effected a permanent cure. Since my discharge from the army in 185. I have never before found a lasting remedy."

— H. J. McGwern, MR Chapline Street, Wheeling, W. Va. "I was troubled with something that baffled the skill of physicians for E years; I used five boxes of Cascarets and am in better health than ever before," - C. C. Redick, Chase City, Va.

"Six mostle's ago I took Cascarets for constipation con-tracted during the War of the Rebellion. The result is wonderful and I advise all old soldiers to try them."

—Jas. Putman, late Capt. Sird Ill.. Haner, Wis.

"I was feeling had, losing flosh, had dull headache, cold feet, and couldn't sleep well. I took Cascarets, and in four weeks gained Is pounds. Am feeling the new."

—A. B. Story, veteran Mexican and Civil Wars, Egworth, Is.

"I have been using Cascarets for some time for constipation, and their greatest benefit has been to care mu of asthma. I am in my 8th year and had been suffering with asthma for years."

—I. M. White, Bob Lee, Georgia.

"Being now in my 12th year. I had suffered for

"Being now in my 19th year, I had suffered for five years from kidney trouble, disordered atomach, indigestion, no appetite, twinges of rheumatism. After five weeks taking Cacarets, all the above builty annoyances were driven from my system. I now feel able to dance a break-down."

—Frank O. Mahoney, West Side, Rannibal, Mo. All old people's muscles get weak and flabby, and it's the same with the muscular walls of their intestines as with the muscles of their
