MRS. JESTER AND MISS BINGHAM WIN IN SUPREME COURT.

Sequel of a Sensational Suit From This County-Three Other Opinions Given.

SALEM, Or., Dec. 30.—The Supreme Court today decided the damage suits of Ada Bingham and Amelia Jester against Lipman, Wolfe & Co., in favor of the plaintiffs. Miss Bingham and Mrs. Jester brought suits to recover damages against Lipman, Wolfe & Co., charging them with extorting money by intimidation. Each of the plaintiffs won in the Circuit Court of Multnomah County, Miss Bingham secur-ing a verdict for \$3000 and Mrs. Jester a verdict for 3500. The lower court is affirmed, in opinions written by the Chief Justice, the principal opinion being in the Bingham case. The decisions in the Supreme Court today are as follows:

Ada Bingham, respondent, vs. Lipman, Wille & Co. appellants, from Multinomah

Wolfe & Co., appellants, from Multnomah County, Alfred F. Sears, Judge, affirmed; opinion by Chief Justice Bean. The defendant, Lipman Wolfe & Co., is a corporation, engaged in conducting a department store in Portland. The defendants, Adolph Wolfe and Isaac N. Lipman, are, respectively, its vice-president and secretary. They are also its managing agents, and, together with Solomon Lipman and Will Lipman, own all the stock of the corporation. For some time prior to March 30, 1896, the plaintiff was employed by the firm as a cierk in one of its departments. About 5 o'clock in the afternoon of the day named, defendant called plaintiff into the office and acpriated to her own use a portion of the money received by her on the sale of some articles belonging to the firm, especially a corset sold the day before. Ac-cording to her testimony, she was com-pelled to remain in the store, without food or drink or an opportunity of seeing of consulting her friends, until 11:25 o'clock at night, when, in order to obtain her liberty, she was compelled to promise to pay to the firm \$250, the estimated value of the goods alleged to have been stolen by her. On the next day she called at the store and paid \$30 of her own money and \$5 which belonged to the firm, but thereafter refused to make any other payments, and a few days later brought this action. In her complaint the plaintiff set up all the facis regarding her detention in the office, the threats to have her arrested and publicly disgraced, her protestation of her innocence and her final yielding to the extertion in order to gain and constitutes a shift or device for the home he carried a small gold-filled watch. in the office, the threats to have her ar-rested and publicly disgraced, her protesher liberty. She asked for \$10,000 dam-

Defendants moved to strike out the com-plaint, and portions thereof, for the reason that two causes of action-false imprisonment and extortion—were improp-erly united. This motion and a demurrer upon the same ground were overruled, and the defendants answered, setting up that the plaintiff did embezzle \$92.75 from

we made her pay as 130 and she is going to puy as what little she is able to earn from now on."

An objection to this testimony was over-uled and the Supreme Court sustains the ruling, saying that it does not appear by the bill of exceptions how the question of the puy of the payed as a general or special agent. "If his agency was special, the defendant was included from the goods to purchased by her seems that the goods is to be regarded as a general or special agent. "If his agency was special, the defendant was included from the goods to purchased by her seems the goods to purchase the tion was answered, or whether it was answered at all, so the ruling could not be disturbed. But conceding the question to says that the testimony was proper, showing an admission by Wolfe against his interest. If this admission was incompetent as to the other defend-ants they should have asked an instruction to the jury to that effect.

The defendants requested the court to charge the jury that "in estimating the damages you cannot award any money by way of punishing defendants." The court, however, charged the jury that they might, if actual malice was shown in addition to compensatory damages, allow a further sum as punitive or exemplary damages. The Supreme Court up-holds this instruction and says the in-struction was proper in this case, even though the defendant is a corporation, for agents who performed the wrongful act were officers wielding the whole execu-tive power of the corporation. tive power of the corporation.

Minor questions are also considered, but error found, and the judgment of the lower court is affirmed,

Amella Jester, respondent, vs. Lipman Wolfe & Co., a corporation, and Adolphe Wolfe and Isaac N. Lipman, appellants, from Multnemah County, Akred F. Sears, Judge; affirmed. Opinion by Chief Justice

On March 31, 1899, the plaintiff, who for some time prior to the preceding January had been employed by the defendant corporation, but was not then in its service, was sent for by its managing officers, and, upon her arrival at the store, was and, upon her arrival at the store, was accused of the crime of embezzlement. She persisted in denying the charge. Two police officers were called in and she was taken to the police station. After being confined there several hours she was taken to the police station. taken back to the store by the police offi-cers, and, as she testified, compelled by the threats and intimidation of the defendants to deliver to them a gold watch and chain and to promise to pay them \$100 for goods alleged to have been stolen by her from the store, although she was innocent of the crime and so informed the defendants at the time. The opinion of the Supreme Court says:

"The pleadings are substantially the same as in the case of Bingham vs. Lipman, Wolfe & Co., just decided, except that the complaint alleges that after the plaintiff returned to the store from the noilee attains. police station she was compelled by threats and intimidation to admit the taking of certain articles of personal property from the store' of defendants, although such admission was untrue. Most of the questions arising here are the same as in the Bingham case, and we shall notice only those not common to the

When the case was called for trial the court allowed the plaintiff, over the ob-jection and exception of the defendants, to strike from her complaint the allegation that she admitted her gullt. This was a matter within the sound discretion of the trial court, and its rulings will not be disturbed on appeal, as no abuse of discretion is shown. The amendment tinuance, or otherwise, if a proper appli- work of a box.

It is held that the lower court properly admitted testimony regarding the con-versation that took place while she was at the police station, it being shown that the police officers acted for the defendants. Other questions of minor importance are examined, but no error found.

Pacific States Savings, Loan & Build-Ing Company, appellants, vs. J. L. Hill, respondent, from Linn County, R. P. Bolse, Judge: affirmed. Opinion by Justice

This is another of the numerous cases a which a building and loan company has failed to exact usury from persons bor-rowing from it. The plan of the company is stated at length in the opinion, but. briefly, it is the common scheme of having borrowers bld for loans and paying pre-miums and dues which bring the interest above legal rate. that the plaintiff did embezzle \$32.75 from the firm, which sum she volunteered to repay, and did pay thereof the sum of \$30. These allegations were denied in the reply and after a trial the jury brought in a verdict for plaintiff for \$200. In airiming the lower court, the Supreme Court says in brief:

"It is contended that two causes of action are improperly united in the complaint—one for false imprisonment and the other for conspiracy to extort money. But, in an action for trespass, the plaintiff may charge and prove all the circumstant of the sum of the state, and cannot receive the sanction of this court."

Within these definitions, the defendant's son must be regarded as a general agent. . . It follows from these views that the judgment of the lower court should be reversed."

N. B. Knight, respondent, vs. J. W.

Hamaker, appellant, from Klamath County, Henry L. Benson, Judge; affirmed. Opinion by Justice Moore.

N. B. Knight, an attorney, brought this proceeding to have J. W. Hamaker removed as administrator of the estate of W. H. Millis, He won in the County. W. H. Mills. He won in the County Court and again in the Circuit Court, after which an appeal was taken to the Su-preme Court, where he has won a third time. The points of law decided are, in brief, as follows: County Court, in determining the

of an administrator, should take judicial notice of its records and prior proceedings in the administration of the estate.

"While the claim of an attorney for services rendered to an administrator is originally against the representative of the estate, when examined, approved and allowed by the County Court it becomes a claim against the estate; but, having been made without notice to the credit-ors, and upon an ex parte application therefor, the order making the therefor, the order making the allowance is interlocutory, and upon objection thereto, may be subsequently modified or set aside by the court upon the final settlement of the estate, or, upon its re-fusal to do so, by the Circuit or Supreme

Court on appeal.

"An attorney who is retained by an executor in any litigation necessary to the decedent's estate, or whose advice is requisite to enable such representative properly to discharge his duty, has a valid claim against the person by whom he is employed: but the executor, being an agent of the estate, the attorney has also a valid claim against it for his reasonable fees, if the representative was authorized to employ him, and the contract of employment was valid when made, and the services actually rendered and neces-Court on appeal. the services actually rendered and neces-sary to the estate; it, as the principal, is liable to him for the payment of such fees, regardlers of whether the executor as its agent performs his during as its agent performs his duty.

Various questions of pleading arose, but no error is found. The following minor order was made: William Hicinbothen, respondent, vs. In-terstate Savings & Loan Association, ap-

UNIVERSAL ALPHABET.

Teachers in State Association Resolve in Its Favor.

TACOMA, Wash, Dec. 29.—At the meet-ing of the Washington State Teachers' Association at Everett, the following resolutions introduced by Major Frank Terry, of this city, in support of Con-gressman Cushman's bill for a universal alphabet, were adopted with enthusiasm

Resolved. That we believe such legislation would tend toward accompanying the following results: 1. Facilitate interna-tional communication. 2. Aid foreign commerce. 2. Facilitate the learning of foreign languages, 4. Simplify the learning of the English language by foreign-born citizens. 5. Encourage the study of the English language in foreign countries. 6. Establish uniform pronuncia-tion of geographic names. 7. Provide a zimple, exact. co-ordinate, or parallel, orthography of the English language for the benefit of children. 8. Fix a high and perfect standard to which spelling reforms, the world over, may aspire. Resolved, That we respectfully request our United States Senators, Hon. Addison G. Foster and Hon. George L. Turner, also Congressman Wesley L. Jones, to aid Mr. Cushman by all honorable means to secure the passage of this bill.

MR. BAILEY AT WORK.

Food and Dairy Commissioner Begins Crusade at Baker City. BAKER CITY, Dec. 28.—A, N. Saunders, proprietor of the Sigma Creamery, of Baker City, was brought before Justice of the Peter J. B. Messick, at the instance of State Food and Dairy Commissioner J. Batley, on charges of having commita misdemeanor in transgreading upon food and dairy laws of the State of Oregon. The substance of the first information filed was that the defendant had placed upon the market rolls of butter containing less weight than provided by law, If ounces, It was alleged the butter was sold to the trade December I7, and purported to be full weight. The second complaint charged Mr. Saumiers with having sold tub butter of packed but-

ter remodeled into squares, without plain-ly marking the product "tub butter." It was alleged this was done December 24, and illegally offered for sale, After being made acquainted with the complaints, Mr. Saunders pleaded guilty to the first charge, and he was fined \$25 and costs. To the second allegation he stated that the butter had been placed on the market, but through ignoran the law covering the matter he was not aware that worked-over or process butter should be wrapped or stendied with the name of the manufacturer, weight and lo-cation of the factory. The explanation offered by the defendant was viewed with leniency by the court, and it was de-

cided to dismiss the charge.

This is the first instance of an apprehension by the commissioner under the law in this section. Mr. Bailey arrived here from his headquarters at Portland Friday night and inaugurated his crusade in the city this morning.

ANOMALY IN CITY POLITICS. Victorious Republicans Reappoint Democrats to Office.

OLYMPIA, Wash., Dec. 30.-At the re-cent municipal election the Republicans elected every man on their ticket, but evidently believe that particanship should not be carried to the extent where it operates against the city's interests. The newly chosen Council caucused Saturday night, and settled upon Clem Johnson for the office of Superintendent of Streets, a well-known Democrat. Peculiar as it may seem, the reappointment will meet with scarcely any protest from Republicans. Chief of Police Savidege will be re-appointed; also Electrician Brautigan and most of the present officers. The single excention will be Fred Schomber at present Polic Judge, who must give way to Milton Gifes, a well-known Republican, and at present a Justice of the Peace.
