PORTLAND MARKETS.

Grain, Flour, Etc.

The local wheat market held stendy yester-day, not in sympathy with other markets, but in response to lower freight rates. Thirty-shilling ships are so close at hand that it is only a matter of short or long-lay days that prevents transactions at that figure. As high as bic was bid for Walla Walla wheat yes-terday, but excert in a small way, nothing as bec was not for wain wain way, nothing terday, but except in a small way, nothing could be moved, and it will require a period of depression and lower prices to start things moving again. Some dealers decline to quoto over 65c for Walla Walls, and statis that it is impossible to place 64c wheat in a 30s ship and come out even. Freights are holding up better is far Ferenders than they are in Portland tone out even. Freques are noting up better in San Francisco than they are in Portinnd, and one of the vessels now en route for this port was yesterday ordered to the Bay city.
