coming, of course, but, according to a calendar, it is yet a long way off Any one hearing the flocks of meadow larks singing, as they have been singing for several mornings past, in the eastern suburbs of the city, would feel inclined to throw the calendar aside and say Spring is here. Of course the orchards are not yet in bloom. They haven't had time to develop blossoms yet, but the buds are swelling, and the singing of the birds is a signal to them to expand into blogm. If the weather does not become more seasonable soon, everything will be budding and blooming, A moderate cold anap is what is wanted, with anow in the country, if possible.

REPAIRS IN CITY HALL.-The corridors of the City Hall resound with the noise of the saw, hammer and plane, as several men are at work making necessary repairs to a large number of the window sashes. The plates of glass on these windows are large and heavy, and as the sashes are of Eastern pine, and not very strongly fastened together at the corners, they are giving way under the weight of glass, and many of them must be put in order at once. There appears to have been a miscalculation made in or dering these sashes, the wood not being adapted to the weight of the glass, and corners depending principally on glue the for holding them in place.

ANNUAL BANQUET OF COMMERCIAL CLUB annual banquet of the Commercia Club will be given tomorrow evening in the clubrooms, commencing at 7 o'clock. Elaborate preparations are being made for the banquet, which is one of the great events of the year in club circles. Covers will be laid for more than 160 of the club members, and an excellent programme is being prepared. H. M. Cake, president of the club, will act as toastmaster. The annual business meeting and election will be held next Saturday evening.

EXTENSION OF CAR LINE .- The sion of their line which the City & Suburban Rallway Company is building from the junction of Union avenue and East Harrison, out East Harrison, Elliott and others streets to East Twenty-first, on this street to the Southern Pacific Com pane's railroad shops, is being pushed rapidly toward completion, and will be finished in about two weeks.

THE ANNUAL meeting of members of the First Unitarian Church and society will held at the chapel at 7:30 o'clock P. M., Tuesday, January 14, to hear the re ports from various organizations, elect. officers and transact other business. Re-freshments will be served and a social evening enjoyed. All members of the soclety are especially urged to be present. Frank T. Woodward, clerk.

SCHOOL CHILDREN WILL GIVE OPERET TA .- On January 28, at the Marquam, the eretta, "The Four-Leaved Clover," will given by some of the children of the operetta. public school for the benefit of the free swimming bath fund. The cast is being trained by Miss Webb, of St. Helen's Hall, and the costuming, staging and music will be well cared for.

this home. In connection with this build-ing it is proposed to provide a market place, something that the farmers have been asking for for many years. The two naturally go together. Several prominent men have interested themselves in the project. An offer of a long lease of ground for the home building and flower garden and market place has practically been made. W. L. Bolse, vice-president of the association, gives the project his indorsement. Others have expressed themselves as favorable to the project.

An architect will prepare plans for the building, according to the suggestions of Mrs. Shafford, of the American Civic Improvement League. These will probably be ready for examination at the next next meeting of the association. At that time the conditions on which ground for the building and market place may be had will also be set forth. It is intimated the land may be had for a nominal rental.

#### OPENING OF TRACTS.

#### Adams and Tibbetts Tracts to Be Platted and Streets Extended.

The Title Guaranty & Trust Company has purchased the @-acre tract of D. K. Abrams, lying between Lincoln Park and Lincoln Park Annex, for \$35,000. It is a triangular piece with about 500 feet front-ing on Union avenue, and contains 19 blocks. The tract is covered with a considerable growth of brush and stumps, which will be cleared off: The tract will be platted. Failing street will be extended through the tract and graded. This farmer said that his experience with the disease is that it is highly contagious, and that this matter should be looked into at once, as the disease may spread all over the country. He takes no stock

In the theory that these hogs were pois-oned by some maliclous person. There was not the slightest motive for the crime, and he regards that explanation as highly improbable. It would certainly not be difficult to ascertain whether these hogs died of cholera or not, and it would seem very important that this should be ascertained for several good reasons, one of which is to prevent the spread of the
