THE OREGONIAN'S HANDBOOK.

The Oregonian's Handbook tells all about Portland, the entire Columbia River watershed and the 1905 World's Fair, commemorative of the Lewis and Clark expedition to Oregon. The book contains over 150 handsome illustrations, and it is printed on enameled book paper. It will be mailed to any address in the United States or Canada for 7 cents a copy.

CHAMBER OF COMMERCE BULLETIN.—The first issue of the Portland Chamber of Commerce Bulletin, the monthly publication of which was authorized by the trustees in December, has appeared, and it is packed with information about the progress of the city and the Chamber of Commerce for the year. Besides the regular monthly summary for December, the annual reports of the officers appear, and two of the five pages are devoted to a statistical resume of commercial and industrial affairs in Portland and the Northwest. The whole is in attractive form, and conveys to members of the Chamber of Commerce and the public generally a vast amount of information useful to all who take an interest in the material advancement of the community.

OLD CEMENT WALK GIVES PLACE TO NEW.—A portion of the cement sidewalk in front of the Green building at the corner of First and Alder streets, which had gone to pieces, has been torn up and a new and better walk is being put down. The fault with the old one was that there was not enough cement in it, the principal portion being in a thin layer on the top, which can be plainly seen on the fragments. There are some squares in the sidewalk on the opposite side of First street which appear to be of the same character, as they are all cracked to pieces. Cement was dearer in the days when these walks were put down than it is now.

BOYS' AND GIRLS' AID SOCIETY.—The regular monthly meeting of the board of trustees of the Boys' and Girls' Aid Society was held in the chambers of Judge Gilbert yesterday, when there was present Judge Gilbert, Judge Bellinger, Judge Williams, F. E. Beach, L. L. Hawkins, Dr. T. L. Eliot, Mrs. W. A. Buchanan, Mrs. C. R. Templeton, Mrs. J. A. Sladen, Mrs. A. B. Barker and Superintendent Gardner. Routine business was transacted. The coming convention of charities and correction was discussed, and the report of the superintendent read, showing 29 children received in December and 28 placed in homes.

TWO CASES OF SMALLPOX.—Two persons afflicted with smallpox were taken in charge by the Health Commissioner yesterday and sent to the smallpox hospital. They were brakemen on a freight train who had contracted the disease somewhere along the line. Two patients were discharged from the hospital a day or two ago, and these patients took their places, bringing the number in the hospital up to 19. This is about all that there are accommodations for, and Health Officer Menefee has ordered some more beds to be prepared for an emergency.

CURRENT EVENTS CLUB STUDIES ECONOMICS.—The programme at the Current Events Club last night was given by the committee on economics. "The Monroe Doctrine" was well handled by L. J. Goodrich. He showed a thorough knowledge of his subject, and left his audience with a much clearer view of this cardinal American principle. The paper on "Municipal Monopolies," by F. T. Woodward, was a fine, comprehensive survey of this much-talked-of form of economics. Music on the mandolin was furnished by Mr. Guy Lovelace.

RAILROAD FIREMAN INJURED.—Joseph Stafford, of Salem, a passenger fireman employed by the Southern Pacific Company at Grant's Pass, arrived yesterday at the Good Samaritan Hospital to get treatment for injuries he received Sunday night, when a carload of wood fell on him. He was in the tender when the trigger was touched that dumps out the wood from cars on elevated tracks, and the wood crashed on him. Many of his teeth were knocked out, and his face and arms were badly cut. He will recover shortly.

LET PEOPLE KNOW WHAT YOU HAVE.—Another carload of Shaw's Pure Malt Whisky, containing 600 cases, consigned to Blumauer & Hoch, has arrived. The sale of this whisky has steadily increased throughout Oregon, Washington and Idaho. Aside from the excellence of the beverage, Blumauer & Hoch attribute no small share of the credit for the excellent results achieved to the persistent admertising of Shaw's Pure Malt in the columns of The Oregonian.

SOUTH PORTLANDERS DO NOT SHOW UP.—The meeting of the revision committee of the Charter Commission was not attended last night, as was expected, by a delegation from South Portland, urging the claims of the Seventh Ward for recognition in the redistricting of the city. Colonel J. M. Underwood alone was present. J. E. Werlein, chairman of the delegation, was detained by business, and none of the other members was able to attend.

CHAFING-DISH TEA.—In the third of the series of teas now being given by the ladies of the board of the School of Domestic Science the title role is to be taken by the chafing-dish. The hostesses of this chafing-dish tea, to be given at 2:30 Thursday afternoon, January 23, are: Mrs. A. H. Breyman, Mrs. Marcus Simson, Mrs. W. M. Cake, Mrs. A. Staiger, Mrs. James Failing, Mrs. Rose Hoyt, Mrs. G. H. Andrews.

PRESIDENT ELIOT, OF HARVARD, COMING.—Harvard men in Portland are already discussing plans for entertaining President Eliot, of Harvard University, and Mrs. Eliot, who will reach this city about March 13. President and Mrs. Eliot are making an extended tour of the West, and alumni of the university will make it a succession of pleasant social functions.

CHARGED WITH BIGAMY.—Harry A. Brown, colored, residing on Taylor street, near Fifth, was before Municipal Judge Cameron yesterday, charged with bigamy in having married one Susannah B. Williams, December 25, 1901, when a former wife, Susie Brown, was living. Brown waived examination and was held in $1000 bail for the grand jury.

COLORED VAGRANTS SENTENCED.—Three colored people—Jennie Edmunds, Grace Williams and David Tompkins—were arrested yesterday in a Third-street lodging-house by Policemen Bailey and Gibson, charged with being vagrants. The testimony before Municipal Judge Cameron was that the colored people were about to smoke opium when the arrests took place. Jennie Edmunds was fined $15 and Grace Williams $25. Tompkins was sentenced to 15 days in jail.

POTTERY AT THE WOMAN'S CLUB.—The programme of the Woman's Club for Friday will be in charge of Mrs. Rose Hoyt, Mrs. Deborah Johnson will give a talk on Indian pottery and exhibit a rare collection of specimens. Miss Agnes Watt will sing. A social hour will close the programme.

SMALL FIRE IN FOUNDRY.—A small fire took place last night shortly after 7 o'clock at Montag & Cleave's foundry, 636 Hood street. The alarm was struck from box No. 74.

WHY KAHN GAVE UP ACTING

James Neill Tells of the Congressman From California.

"Julius Kahn and I were members of a stock company in New York about 16 years ago," said James Neill, conversing yesterday with a friend. A fiction of California's Congressman, who introduced the Chinese exclusion act, published in The Oregonian, brought up the subject.

"One Sunday night we went to lodge," continued the Captain Trumbull of "Barbara Freitchie;" "Kahn had the blues. 'I'm going to quit acting,' said he. 'There's nothing in it for me. It's all right for you young, good-looking fellows, but I'm getting old and fat. I'm boing back to San Francisco.'

"'What will you do there?' I asked.

"'I'm going to go to Congress,' was his answer.

"The next time I saw Kahn he was keeping a hat store on Kearney street, which I think his brothers still conduct. The next time I saw him, he was in the Legislature, and the last time I saw him he was a member of Congress, and I said to him: 'Julius, I'm sorry when we parted in New York that you didn't say you were going to be President.'"

MRS. J. B. MONTGOMERY.

She Is Named a Member of Board of Managers for St. Louis Fair.

ST. LOUIS, Jan. 21.—At a meeting of the Federal World's Fair Commission today Mrs. J. B. Montgomery, of Portland, Or., was appointed a member of the board of lady managers. Mrs. Montgomery is a daughter of John S. Phelps, who was a member of Congress from Missouri and Governor of this state about 1876. She received the appointment on motion of Commissioner McBride, ex-United States Senator from Oregon.

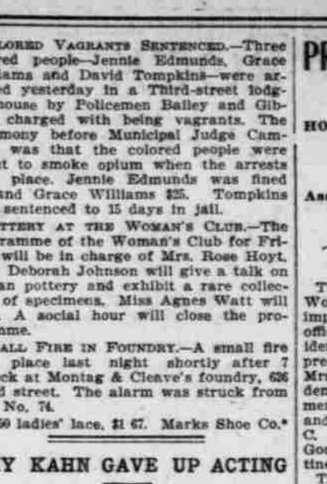
CHRONICLES OF THE KELLYS COMPLETED.



Mrs. Laura F. Turner, the Author.

Mrs. Laura F. Turner, who was commissioned by the Kelly Clan, in June, 1901, to prepare a history of the family, has completed her work and returned to Stockton, Cal., where she has made her home for about 15 years. The booklet, which contains the chronicles of the well-known pioneer family, has just appeared. Dr. Richmond Kelly, a prominent Portland physician, and son of "Father" Clinton Kelly, pioneer of 1848, whose decsendants gather at these annual reunions, is the publisher.

Mrs. Turner was well fitted for the work. She is the wife of Enoch Turner, formerly a well-known Portland printer in early days. While the book is intended mainly for the members of the Kelly Clan, it contains much of general interest to the wide circle of friends of the Kellys. The book has 78 pages of records. The first page contains a picture of "The Old Kentucky Home." There are nine chapters, with an addenda. The chapters are as follows: "Tradition and Incidents," "Samuel Kelly," "A Kentucky Lass," "On Clifty Creek," "Clinton Kelly," "Life in Kentucky," "The Westward Journey," "Clinton Kelly's Descendants," "A Family of Preachers," "Other Kellys," "Uncle Thomas' Story."

"Father" Kelly, who died 25 years ago, is well known to all old Portland residents. The Kellys of the Pacific Coast have set apart the last Saturday in June as a day for the annual reunion of all the families of the clan. The officers are Plympton Kelly, chief; Sarah Kelly-Kern, priestess; Agnes Plummer, keeper of records; Nellie Fawcett, historian; Mattie Kelly-Plummer, Emily Kelly-Shaver and Mrs. Helen Kelly-Manley, committee of arrangements. At the last reunion 96 were present, but there are over 150 descendants of the family on the Pacific Coast. This book of family records of the Kelly Clan will go into the homes of the descendants.

Mrs. Turner has written the chronicles in excellent spirit, always speaking with a touch of reverence for "Father" Clinton Kelly. On page 76 she says:

"The Kellys have usually followed farming, and, being a plain, practical people, caring little for show, above pretense, and characterized by honesty, integrity and fair dealing, they have surrounded themselves with the comforts of life without caring to amass wealth. Feeling a benevolent interest in their fellow-beings, and a laudable desire to see others succeed as well as themselves, they have gained the respect of their kind, and made the world better for their having lived in it."

PRESIDENT OF Y.W.C.A.

HONOR IS GIVEN TO MRS. W. J. HONEYMAN.

Association Is Accomplishing Good Work, and Has Many Plans for the Future.

The board of directors of the Young Women's Christian Association held an important meeting yesterday, electing officers for the year 1902 as follows: President, Mrs. W. J. Honeyman; first vice-president and leader of the religious work, Mrs. L. E. Rockwell; second vice-president and head of the business department, Mrs. J. T. Gray; third vice-president and leader of the educational work, Mrs. C. W. Lawrence; secretary, Mrs. L. J. Goodrich; treasurer, Miss A. M. Hascltine.

The following committees were appointed by the president:

Devotional—Mrs. J. H. Gibson, Mrs. F. W. Berry, Mrs. James Mackenzie, Mrs. H. N. Scott, Miss Carrie Holbrook, Mrs. D. Dalgleish.

Finance—Mrs. H. C. Campbell, Mrs. F. C. Miller, Mrs. Jacob Kamm, Mrs. I. H. Amos and Mrs. A. H. Tanner.

Luncheon—Mrs. S. V. Hill, Mrs. William Macbeth, Mrs. W. Bradley, Mrs. L. L. McArthur, Mrs. L. J. Goodrich, Mrs. W. Chapin, Mrs. Abby Lamberson, Miss Celia Swigert, Miss Mabel Goss and Miss Anna Wilson.

The luncheon-room is steadily growing in popularity. A few days ago there were 221 women that enjoyed the noonday meal, the daily average being about 200. So rapid has been the increase that it is each day becoming more of a problem how to meet the needs of the hungry public that seek refreshment in this attractive, airy lunchroom.

Last week the Y. W. C. A. Glee Club was organized, under Mr. Coursen, the membership being limited to 50. Forty-two of these are already enrolled. After two weeks no more will be received. The glee club will do three-part work—soprano, first and second altos. Already Mr. Coursen has examined and placed 36 voices. He says that the chorus is quite evenly balanced so far as numbers go. The class in stenography was organized last night, enough names being enrolled to insure its formation. The sewing class will begin work Friday night, with one of Miss Shogren's assistants in charge. Dressmaking will be taught, together with cutting by pattern, which is preferred to the chart system. Other helpful and delightful features for girls are constantly being planned. Among these pleasant dreams that have not yet matured into reality, but it is hoped will eventually do so, is a camera club.

The work of the association is growing at an astonishing rate. New rooms are to be added immediately, as the urgent need of them is already felt. And there is even a dream of a clubhouse that shall become a permanent home for the association. No doubt this is a dream that will materialize into substantial fact some day, but how far away that day is no one as yet can say.

Answer of Railway Company.

The City & Suburban Railway Company has filed an answer to the suit of Charles G. Adams for $1500 damages because his horse and butcher cart were run into by a car at Tenth and Morrison streets. The company, as a defense, alleges that Adams was driving along and turned from Tenth street into Morrison street, and then turned suddenly north, and crossed the track in front of the car. It is admitted that his wagon was demolished and that he was thrown out on to the pavement, but it is alleged that it was his own fault.

WORK ON NEW BOATS.

Inman's Launch Nearing Completion —Government Barges.

The engines of R. D. Inman's speedy little steamboat, that is building on the East Side, are in place. Connections with the boiler or propeller have not yet been made. A bracket is being attached to the stern of the boat, on which will carry the bearing for the propeller. The cabins of the steamer are nearly done. They are very handsomely finished in alternating strips of redwood and spruce. The craft will be launched in about three weeks.

It is expected that the two large barges building for Government work will be finished within the same time. The hulls have been divided into three compartments, running their entire length, and are for the purpose of stiffening the barges' heavy loads. Inasmuch as the barges will have a carrying capacity of 600 or 700 tons, on the decks, it is very necessary that they be built so that they will not sag or twist in the swells of the sea. Oak knees are now being added, and the planking will be put on when they are all in place. All the wooden materials of the barges are dressed with preservative solution.

IDENTITY OF SUICIDE.

She Was Miss Mamie Mosier, of Santa Rosa, Cal.

Miss Mamie Mosier, 18 years old, of Santa Rosa, Cal., was shown yesterday, at the Coroner's inquest, to be the name of the young woman who committed suicide Monday night by swallowing carbolic acid, in a First-street lodging-house. A lover's quarrel was responsible for her action. J. E. Wolff testified that he first knew the girl when she worked at the Wolff house, on the East Side, three years ago, and that last Sunday she 'phoned to him that she probably would not see him again. "I understood this to mean that she was either to leave town or commit suicide," said the witness. It was stated that the dead girl had been born at Silverton, and that when she was a baby she had been adopted by W. D. Cramb, now of Santa Rosa, Cal. The verdict was that the girl had committed suicide by taking carbolic acid. The police state that Miss Mosier threatened some time ago to start a breach of promise suit against an East Side young man who had failed to marry her, but the case was not tried in the courts.

Be humbugged to be happy, pick out some innocent little humbug that won't make you feel like bringing a damage suit afterward. Use April snow for a complexion wash, carry a horse chestnut to charm away rheumatism, or even consult a fortune-teller about your love affairs. But don't trust your sight to experimental eye fakers. Correcting vision simply means to supply what Nature has unkindly left out in certain cases; but every glib talker with effective surroundings and stage properties does not possess the secret. Good Things in a Bad Place
Pies, puddings, cake and goodies of all sorts (missionaries excepted) are intended for human use, but such good things should not be put in a bad stomach. They are nearly always made up of nourishing articles, such as milk, sugar, butter, flour, etc., etc., but the combinations are too hard for any but healthy stomachs to digest.
You must use carefully selected food if you are a little below par, and the sooner you do this the sooner your stomach will heal up and get strong again, so that you can eat whatever pleases the appetite.
Don't be a crank and think you can only drink hot water and eat white bread.
Use Grape-Nuts breakfast food with some rich cream, and you will discover the food will agree with the weakest stomach and supply the higest form of nourishment, pre-digested and ready for quick change into good, rich blood.
Strength (nerve force) comes from feeding on Grape-Nuts. There's a reason. Try it and prove for yourself.
It seems good to be perfectly well and feel well fed.
