The following week Butte will play at Seattle, Helena at Tacoma and Portland at Spokane. BILLIARD TOURNEY OPENS.

Multnomah Players Compete in Annual Contest.

The Multnomah Amateur Athletic Club's handicap billiard tournament opened last night with six of the preliminary games. The winners were: O. F. Godfrey, Lansing Stout, E. W. Blackstone, H. G. Foster, J. C. Muehe and A. St. Clair Gay. The players did not play as well as they do in ordinary games. Playing in competition seemed to make them rather nervous, and because of that no very high averages were made. Most of the games were closely contested.

Considerable interest is displayed in the tournament, and a number of spectators were on hand to witness the matches. The tournament will continue for about a month.

O. F. Godfrey, of the first class, made the highest average, 1.98, when he defeated W. H. Wyman, 80 to 62. In the second class, Lansing Stout made a run of 22 points in his last inning and went out on A. W. Sydney. P. E. Brigham and E. E. Mallory were to meet in the third class, but Mallory failed to appear and the game will be played some other time. E. W. Blackstone defeated R. R. Wariner in the fourth class. Two games were played in the fifth class, J. E. Dukhart being defeated in each, first by H. G. Foster and then by J. C. Muehe. The match in the sixth class was a long-winded affair. J. R. Rogers and A. St. Clair Gay, two 45-point men, played 82 innings before Gay won out.

The scores:

MEDALS GO AT LAST.

Scratch Men Have Them Now for Permanent Property.

The medals in the weekly bowling contest at the Multnomah Club have become the permanent property of the scratch team, or, rather, two of the scratch team and Craft and Kerrigan. This week they won out by a score of 718, winning the medals for the third and last time.

Usually on nights when there are entertainments at the club, as the smoker Monday evening, the bowling is postponed. But Craft was afraid that he could not muster out his forces on any other evening, so he made arrangements for his team to be on hand and had the alleys put in condition. Craft didn't care if the other team showed up or not, and they know nothing of the unusual arrangement. When Craft had his men out he picked up a scrub team that he was sure he could beat, to bowl against, and then everything was ready. Sigler saved the team with his 201; Cullison made a good 189; Kerrigan, with a 36 allowance, 170, and Craft—well, he just bowled. They made 718, and the others 647.

It was expected that Ball's men would come to the rescue on Tuesday night, but they could only get 678. Rauert's team came nearest with 691. Phil Beck's team finished at the bottom, and allowed the alley-pounders to come in next to last. The score:

GOVERNMENT OWNERSHIP.

Michigan Commissioner Finds Reason for It in Recent Mergings.

LANSING, Mich., Jan. 28.—Commenting on the important mergings of railroad properties during the last year, Railroad Commissioner Osborn, in his annual report, just issued, asserts that legitimate reasons for the Government ownership of roads have been put forward and that the idea has grown.

The wreck on the Wabash near Adrian has prompted the Commissioner to make several recommendations for the prevention of disasters in the future. The German method of signaling, outlined by Chief Dispatcher Miller, of the Burlington, is commended. The Commissioner says that all railroads should, as soon as possible, operate only the strongest, heaviest and best possible cars.

The necessity for state supervision of electric railways and the need of more competent and responsible trainmen are urged by the Commissioner, and it is recommended that Michigan pass a law requiring the proper warming of livestock cars. The Legislature is requested to consider a law limiting the capitalization on new railroads.

PACKING-HOUSE RATES.

No More Secret Tariffs Will Be Maintained.

CHICAGO, Jan. 28.—Traffic officials of the Western lines, according to the Record-Herald, believe that the day for secret and cut rates on packing-house products and dressed meats has passed, not to come again. Acting upon the recent agreement of the roads to cease paying rebates and the assurance by the packers that they would not seek preferential rates, the presidents of the lines west of Chicago have designated certain representatives to constitute a standing committee, whose duty it shall be to meet at least every Tuesday, and, when necessary, oftener, with a view to considering the situation.

The committee, which will take the place of the recent four terminal-point committees, is composed of the following officials: J. M. Johnson, third vice-president of the Rock Island; A. C. Bird, third vice-president of the St. Paul; H. R. McCulloch, third vice-president of the Northwestern; Darius Miller, first vice-president of the Burlington; Paul Morton, second vice-president of the Santa Fe, and S. M. Felton, president of the Alton. In pursuance of the "individual announcement" of all the lines to make only open, published rates, the Western trunk line committee has issued a joint through freight tariff, embodying the cut rates which have pertained to the products mentioned ever since June 30, 1901.

The new tariff bears the signatures of the general freight agents of 23 lines west of Chicago, and is a cut of about 10 per cent of former published tariffs on packing-house products and dressed meats from Kansas City, St. Joseph, Atchison, Leavenworth, Nebraska City, Omaha, South Omaha, Council Bluffs and Sioux City for the Middle States and the seaboard territory.

An example of the cuts made by the new tariff is: The present rate of dressed meats, salted meats and packing-house products from the points mentioned to New York are 63½, 53½ and 48½, as against 68½, 58½ and 53½ cents per 100 pounds in car lots.

Cut Rate to Elks' Convention.

SALT LAKE CITY, Jan. 28.—The Rio Grande lines, including the Denver & Rio Grande and Rio Grande Western, have prepared notices to be served on all lines interested that a rate of $35 for the round trip from Chicago would be made in connection with the Missouri Pacific for the Elks' National convention, to be held in Salt Lake next August. This is a reduction of $7 from the rate already agreed upon by the Western lines.

General Manager Nevin's Successor.

LOS ANGELES, Cal., Jan. 28.—General Superintendent Arthur G. Wells, of the Santa Fe, was today appointed general manager of the Santa Fe system, with headquarters at Albuquerque, vice W. G. Nevins, the appointment to take effect February 1.

Lawyer Patrick's Trial.

NEW YORK, Jan. 28.—A large part of today's session in the trial of Lawyer Albert T. Patrick, charged with the murder of Millionaire William Marsh Rice, was taken up in the examination of Captain James Baker, of Houston, Tex. He told of coming to New York and being surprised that Mr. Rice had engaged Patrick as his lawyer. He also related what occurred at his meeting with Patrick after Rice's death. Early in the session today Dr. Hamilton Williams, whose cross-examination was continued from yesterday, reiterated his opinion that the condition of Mr. Rice's lungs was due to the inhalation of a gaseous irritant.

Cashier Charged With Forgery.

BELLWOOD, Ia., Jan. 28.—The Platt Valley State Bank closed its doors today, and is now in the hands of a State Examiner. H. G. Gould, the cashier, is under arrest, charged with forgery. Attorney-General Prout said there was evidence of a discrepancy of $45,000 through the issuance of forged papers.

Something That Will Do You Good.

From the Camden (S. C.) Messenger.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup. MONEY FOR COUNTY FUNDS

ESTIMATED EXPENDITURES FOR 1902 REACH $269,900.

On the Basis of a 5-Mill Levy the County Commissioners Have Apportioned the Revenues.

The estimated expenditures for county and road purposes for 1902, as made by the County Judge and Commissioners, is $269,900, and it was on this sum that the tax levy of 5 mills and a fraction were based. The amounts, which, in the judgment of the county authorities, will be required for various uses, are as follows:

Current expense	$ 12,000
County Court, including salaries County Commissioners	8,000
Circuit Court	14,000
Justice Courts, above fees	8,000
Municipal Court	1,200
County jail expense, including board of prisoners	6,000
Armory	2,000
Sheriff's office, above fees	10,500
Assessor's office, above fees	11,000
Treasurer's office, above fees	2,200
County Court and Circuit Court, above fees	7,000
Auditor's office	4,000
School Superintendent	2,750
Coroner's office	4,000
County Surveyor	4,500
Poor Farm	17,000
Indigent soldiers	2,000
Hospital and outside charity	2,500
Insane	750
Stationery	1,250
Assessment and collection of revenues	17,250
Road district fund	60,000
Roads and bridges	12,000
City bridges and ferries	42,500
Eelection and registration expense (primary and general election)	175,000
Total	$269,900

Current expenses, put down at $12,000, includes all the expenses of the Courthouse, such as janitors, fuel, repairs, etc.

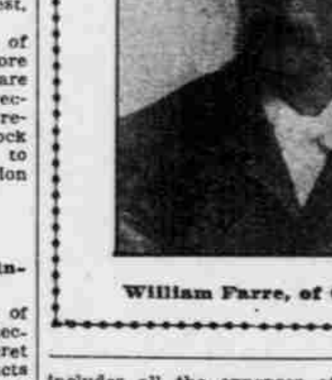
Circuit Court expenses includes the cost of jurors, witnesses, bailiffs, etc.

Justices' Courts, $8000, provides for the salaries of Justices, Constables and clerks, witness fees and incidentals.

The road fund is divided into two parts, because the salaries of Road Supervisors must be kept separate from the road district fund proper.

It is estimated that the primary election under the new law will cost nearly as much as the general election, as there will have to be just as many polling places within the city limits.

PROSPECTIVE REGISTER OF BURNS LAND OFFICE.



William Farre, of Canyon City.

Again President Roosevelt has settled a fight over an Oregon appointment. Dispatches from Washington state that, after inquiry, he has decided to appoint William Farre, of Canyon City, Register of the Land office at Burns. Farre was recommended by Representative Moody, who supposed he would be appointed without any opposition. At the recent conference of the President with the Oregon delegation, when he told its members they must get together on the Federal patronage, Moody brought up the Burns place, and asked that Farre be named. He said the delegation had agreed that he was a good man for the place. Senator Simon interposed an objection, and asked for delay. Moody affected much surprise, as he said he had been given to understand by Senator Simon that the appointment would be satisfactory to him. The President deferred action, and now comes the announcement that he has settled the fight. Farre will succeed George W. Hayes, who was removed several months ago.

MANY CLAIMANTS FOR $2921.

Fight Over Last Assets of Portland Savings Bank.

The Circuit Court Judges, in joint session, heard arguments in behalf of claimants for the $2921 now in the hands of the Clerk of the Court, which is the balance of the funds of the Portland Savings Bank. A number of attorneys were present in the interest of clients.

William A. Munly appeared for the United States Mortgage & Trust Company, which had a mortgage on the bank building and which has a deficiency judgment for $2000.

W. A. Cleland was present as counsel for the W. A. Sawyer Lumber Company, which paid $500 deposit to bind a timber land purchase and afterwards called the deal off. The bank then readvertised, and sold the property to another.

Richard Nixon, the receiver, asked $240 as salary, earned from the time he filed his final report until his discharge.

V. K. Strode addressed the court, stating that he had claims to present. One was for a small amount due a depositor on the last dividend, and an order of the court was made to the clerk to pay the amount. Mr. Strode also appeared for Miss Prindle and Mrs. Graham. He said they signed an agreement and were to be paid in 10 installments, commencing six months after the agreement was signed. Owing to the crowd around the bank they were unable to have their new certificates issued until May 29. The bank closed November 20, and the attorney contended that these certificates should be paid because they should have been dated May 1 instead of May 29.

"The Supreme Court has decided that the holders of these back certificates have no recourse against the present receivers," remarked Mr. Nixon.

"These certificates might not have been presented for payment," said Judge Frazer.

"That is true," answered Mr. Strode, "but we presume they would have been."

"There are too many ifs," responded the court.

Mr. Strode answered that a wrong had been done his clients, to which the court replied that the bank had done a wrong to every depositor, having broken faith with them, and that the question was whether one depositor should take precedence over another.

Mr. Munly then spoke regarding the claim of the United States Mortgage & Trust Company, saying that the receiver had applied for an extension of the mortgage with the consent of the court, and that this claim should, therefore, take precedence.

The suggestion was made by the expert who examined the books, that the money should be divided among all of the creditors, after the salary of the receiver was paid. The court took the whole matter under advisement.

He has also been chosen manager of the track team for the coming season. Mr. Gibson's executive ability entitles him to this responsible position, which he will doubtless fill with credit. Pacific University expects to enter the football field with a winning team.

The Pacific States Savings, Loan & Building Society yesterday filed a motion to set aside the default and judgment rendered against the company in the suit of Hannah Hatfield et al., also in the case of John B. Frost, on the ground that they were prematurely given.

On the Trail of Highwaymen.

CHARLESTON, S. C., Jan. 28.—A telephone message from Branchville, S. C., says the posse is close on the trail of the highwaymen who held up the Charleston train on the Southern Railroad last night. Governor McSweeny today offered $400 reward for the arrest of the robbers. The local safe, which was robbed, contained a small amount, the officials say—probably less than $30. The through safe, which was carried off bodily by the robbers, was dumped in the Edison River, and has been discovered unopened.

Carnegie on Modern War.

NEW YORK, Jan. 28.—"The killing of men under the name of war," wrote Andrew Carnegie in a letter which was read at the P. F. Collier dinner at the Metropolitan Club last night, "is the foulest blot upon humanity today. We see much discussion as to what is or what is not permissible under civilized warfare. My view is that this is a contradiction of terms. There can be no such thing as civilized warfare. We have made little progress in the path of genuine civilization as long as we can find no better substitute for the settling of international disputes than the brutal murder of one another. As a general proposition, it may be stated that the nation which refuses peaceful arbitration is responsible for the war which ensues. Britain, having done this in its dispute with the Transvaal Republic, is responsible for the extermination of a brave and heroic Christian people.

"But let us also remember that we are today engaged in shooting down Christian Filipinos, whose only crime is that they believe in the Declaration of Independence. Sad that both branches of the so-called most highly civilized race should be guilty of the most uncivilized crimes. Let us all pray that this disgrace is soon to pass away."

IT IS A PARASITE.

That Causes Itching Scalp, Dandruff, and Finally, Falling Hair.

The itching scalp, the falling hair and the dandruff that annoys are the work of a parasite hidden in the scalp. That parasite must be killed to cure dandruff; and the only preparation that will do that is Newbro's Herpicide. "Destroy the cause, you remove the effect."

C. H. Reed, of Victor, Idaho, says: "Myself and wife had dandruff and falling hair several years. Two bottles of Newbro's Herpicide completely cured us, after several other hair preparations had failed to do good." Makes hair grow glossy and soft as silk. Hundreds of other testimonials just as strong.
