Land Near Junction City Is to Be Divided Into Small Tracts and Highly Cultivated-Transaction Represents \$50,000.

JUNCTION CITY, Jan. M .- A colony of Danish folks from Wisconsin will lo-cate here in the near future. The first step to this end was taken today when A. C. Nellson, of that state, closed a deal with G. C. Millett for his 1600-acre farm near here. The transaction represents thates. The land is nearly all in a high state of cultivation, and is one of the hast tracts in this section. The new-comers will engage largely in dairying. and it is probable that a creamery will be established. Mr. Nellson, their repre-sentative, states that the farm will be divided into small tracts and every acre will be made to yield all that is possi-ble. A small portion will be set aside

immigration from the Eastern states to this section is greater now than over before. A noticeable fact in connection therewith is that nearly all of those coming in are men of means who legire to levest in form lands, and not a lew are looking for business openings.

SALEM, Jan. 31.—Herewith is reproduced a picture of the oldest building in Salem, still occupying its original rite, and remaining practically as it was built. With the exception of new shingles on the roof, the lumber now in the building was used in its construction in 1830. This building stands on the east side of Liberty street, about midway between State and Court streets. It was built by James Davidson, father of Judge T. L. Davidson, and was orginally intended as a store, but, with the exception of a short space of time, it has been used as a res-It is now, and has been for several years, occupied by Chinese, who make of it both a residence and a store. COUNTY.

OREGON'S LAWS WILL COST STATE ABOUT \$250,000.

Only \$9000 Left to Pay Bounty for Next 12 Months-Deficiency Probable.

SALEM, Jan. 31.-The killing of 120,000 coyotes at a total cost of about \$250,000 will be the result of Oregon's scalp bounty laws. Secretary of State Dunbar to-day issued a statement showing that up to the present date 84,644 scalps have been paid for at the rate of \$2 each. Thirteen counties have not yet present-ed their claims for January bountles, covering scalps taken prior to December 31, and at a fair estimate these will num ber 2500 more, making the total number of coyotes killed prior to December 31, 1901, about 87,144. During the last 12 months the number of scalps presented for bounties was 34,600. The present law will remain in force another year, at least, and at the same rate of killing the total would amount to 121,813 scalps. It will probably be 12 months from Decem-ber 13, 1901, before the Legislature will take any action upon bounty questions, so the number would nominally be greater than Just stated, but the fact that the state bounty appropriation will be ex-

hausted soon may discourage coyote hunting to some extent. Amount Raised Under First Law. Under the first bounty law there was raised a bounty fund of \$117,000. This fell \$15,000 short of the requirements, making the total expense under the old law \$122,000. Under the new law, passed in 1901, the state pays two-thirds of the bountles, the several countles paying the other one-third. Up to the present date warrants have been drawn to the amount of \$25,263 %, and claims are out aggregating some \$5000 more, making the total to date about \$10,600. During the next 12 months the claims against the state scalp bounty fund will grow another \$40,000, making the total \$80,000 under the new law. This is only two-thirds of the total amount paid for scalps, and when the one-third paid by the several counties has been added, the total expenses to the peo-ple of Oregon will be \$120,000. This added to the cost under the old law will bring the total for scalps for four years up to \$252,000, as shown by the previous com-

state appropriation for scalp bountles for the years 1901 and 1902 is \$50,000, and this money is paid to the several countles upon certificates showing the total amount paid by the countles to holders of scalps. The countles pay the bountles in the first instance, and upon the proper showing the state reimburse the counties to the extent of two-third of this amount. As stated before, war rants have already been drawn upon this found to the amount of \$52.282.98, and claims are outstanding to the amount of \$50.00, leaving but \$9725.02 in the fund. And this is all that is left to pay the claims that will come in during the next 12 months. May Be a Deficiency.

If the coynte scalp supply keeps up the claims will amount to \$40,000 for the the claims will amount to seem to the cusuing year, leaving a deficiency of about \$30,263.98. This, of course, is upon the theory that County Courts will go right on paying scalp bounties. If all scalp-taking should cease today, the state fund would not be more than sufficient to meet the demands upon it, for many

to meet the domands upon it, for many persons have in their possession scalps which have not been presented to the County Courts, and these would come strangling in for two or three months. If County Courts continue to pay for scalps after they know that the state appropriation is exhausted, they will do so upon their own responsibility, relying up-on the next Legislature to make a defi-ciency appropriation to reimburse them. The first bounty law took effect on Feb. runry 18, 1889, and the new liw on Feb-ruary 26, 1801. The following statement shows the progress of the scalp bounty business, the total number of scalps pre-sented for bountles and in which countles

Favorite Prescription are not temporary, but permanent. They are perfect cures. It is not uncommon for women to say that they never knew the meaning of perfect health, even in their best days, until they had used "Favorite Prescription." And this is because the medicine is more than a mere cure for female troubles. It not only puts out the fire of disease, but it rebuilds what the fire has destroyed, and often on a finer scale, as in Mrs. Rollin's case, who, after her cure, weighed twenty-five pounds more

than she ever weighed before.

"Favorite Prescription" is a superior tonic and nervine. It feeds the nerves and cures nervousness. It restores the appetite and gives natural, refreshing sleep. It builds up the body, restores lost flesh and gives back the clearness of girlhood to the complexion sallowed by

A PHYSICIAN'S OFFER.

Reference is made by Mrs. Rollin and Miss Johnson to correspondence with Dr. Pierce. They took advantage of his offer of free consultation by letter, and acknowledge their gratitude for the ad-

vice received.

The same offer is open to all. Every sick woman is urged to write to Dr. Pierce, and so secure the opinion of a specialist in the treatment and cure of diseases peculiar to women. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N, Y.

This offer of free consultation by letter, made by Dr. R. V. Pierce, is not to be confused with the spurious offers of "free medical advice" made by men or women who having no medical knowledge or training. are not physicians, are

not permitted by law to practice medicine, and cannot therefore give genuine medical advice. Of course anyone competent or incompetent can give advice on any subject, but the advice of unskilled persons in medical matters is not

merely valueless, but dangerous.

Dr. R. V. Pierce, as chief consulting physician to the Invalids' Hotel and Surgical Justitute, Buffalo, N. Y., assisted his staff of nearly a score of skilled physicians, has in a little more than thirty years treated and cured hundreds of thousands of weak and sick women.

"I received your letter some time ago, with advice about your wonderful medicine," writes Miss Stella Johnson, of 28 Brady St., Dayton, Ohio. "I was troubled with severe pains every month when I wrote to you for advice. After receiving your letter and following its directions, I am now happy to say that after five years of untold suffering I have not had any pains since first using your 'Favorite Prescription.' I was induced through a friend to write to you and follow your kind advice. I thank God and Dr. R. V. Pierce for the health I now enjoy."

Doctor Pierce's Favorite Prescription

makes weak women strong, sick women well. It establishes regularity, dries weakening drains, heals inflammation end ulceration and cures female weak-ness. It cures backache, headache and the other ills that result from womanly disease.

Sometimes a dealer, tempted by the little more profit paid on the sale of less meritorious medicines, will offer the cus-tomer a substitute as being "just as good" as the "Prescription." It is better for him because it pays better, but it is not as good for you, if you want the medicine that has cured others, and which you believe will cure you.

WOMANLY HEALTH

307 Rutger Street, St. Louis, Mo., June 8, 1900. I have used your Wine of Cardui treatment and found it helped me ever so much.

I have spoken to a great many of my lady friends about Wine of Cardui and they see for themselves how much better I look. I was not able to do anything scarcely for two years until I used your Wine of Cardui and Thedford's Black-Draught.

Mrs. KATIE NETTEVILLE.

Mrs. Netteville's letter is printed in this paper today to show distressed women, discouraged in their repeated failures to free themselves from disordered menstruction, bearing-down pains and other attendant ills, that they may find relief in the intelligent use of

WINE OF CARDUI

Many readers of this paper would be shocked to know how few women are really healthy, how few are really equipped physically for the duties that come to them. But it has been shown beyond question that if every sick woman in this city would take Wine of Cardui there would be a great many happier homes here. To women suffering from female troubles Wine of Cardui offers a speedy and permanent cure. Nearly 1,000,000 women have received relief from Wine of Cardui and Mrs. Netteville's letter shows how they feel about this great medicine. Wine of Cardui is not a strong medicine, but it is a powerful tonic for the female organs. It makes menstruation regular and removes the cause of those terrible dragging pains which make life a torture. Wine of Cardui and its companion medicine, Thedford's Black-Draught, can be secured at any drug store. If you are an earnest seeker for womanly health, relief is within your grasp. Try Wine of Cardui.
