FINE RECORD FOR WINTER

NINETY-THREE BUILDING PERMITS DURING JANUARY. Outlook for at least \$5,000,000 in Improvements During the Current Year.

If the present activity in real estate and building continues until the end of the year 1920, Portland will have passed through an epoch of substantial growth, equal of which the city has never known.

Never before in Portland's history has the month of January found the real-estate market in such a firm condition as this year, and the number of building permits issued during the month just closed breaks all records for Winter months.

The following figures show the present conditions, as compared with those of one year ago:

Table with 2 columns: Item, 1919, 1920. Real estate transfers: 276, 426. Building permits: 33, 93.

This certainly speaks well for the growth and development of the city.

DEPTH AT COLUMBIA BAR

RECENT SOUNDINGS SHOW 21 FEET MINIMUM IN NORTH CHANNEL. Shoaled a Little During Past Six Months—The South Channel is Widening.

The soundings recently made at the mouth of the Columbia by the Government engineers show less depth of water than six months ago.

The depth of water on the bar was tested two weeks ago and the soundings lasted from January 10 to 15. They were directed by E. B. Heardt, assistant engineer at Fort Stevens.

Six months ago the north channel had a minimum depth, at low tide, of 23 feet. This has diminished to 21 feet.

The south channel, however, has become more favorable to navigation than the south one, when currents and weather conditions are just right.

TACOMA COUPLE STOPPED

Ran Away to Marry, but Are in Portland Jail. Upon alighting from the incoming North-Pacific passenger train at 5:30 o'clock, last evening, Harry E. Rogers, a prominent young man of Tacoma, was taken to the police station and locked up.

McLaughlin having received word to arrest him from the Chief of Police at Tacoma, Jessie Keith, a handsome young woman of 21, who, so the story goes, ran away with Rogers against the strenuous wishes of her parents, was also detained by the police, but up to a late hour last night, no formal charge had been preferred against either prisoner.

Rogers was until recently Deputy County Auditor at Tacoma, and Miss Keith was his stenographer. Rogers became infatuated with the young woman, but his father did not look with favor upon their friendship, for the simple reason that Rogers had, or was supposed to have, a wife.

Rogers and Miss Keith decided that they wished to marry anyway, and came to Portland for that purpose, but the irate father swore out a warrant for his would-be son-in-law's arrest, and Governor Sisson met him with a writ of habeas corpus, as the train pulled in from Tacoma.

Rogers denies that he is a married man, but admits having lived with a woman in Tacoma. This woman and Miss Keith's father did not look with favor upon their friendship, for the simple reason that Rogers had, or was supposed to have, a wife.
