The three sections are entitled: "Chapter I, revela-tion and the rule of faith; chapter II, God; chapter III, cternal purpose." The committee will not give out what was adopted, but it is understood that no im-

among them an increase of 50 in the number of pupils to be accommodated at Chemawa, making a total of 550, and an ncreased appropriation of \$8350 for the support and education of these additional echolars.
